Letter to CM Bonin - Venice Blvd Great Street One-Year Evaluation Report (2018-12-18).pdf
86K

PEOPLE LOVE DOWNTOWN MAR VISTA

The primary goal of the Great Streets project was to create a neighborhood "downtown" for Mar Vista. We asked people on the Venice Boulevard Great Street how they felt about the neighborhood before and after the project was built. People now feel more positive overall about Mar Vista as a neighborhood, and the intensity of those positive feelings has increased significantly. People report coming to destinations on Venice Boulevard more often than before the project.

FREQUENCY OF VISITS TO THE GREAT STREET

NEIGHBORHOOD PERCEPTIONS

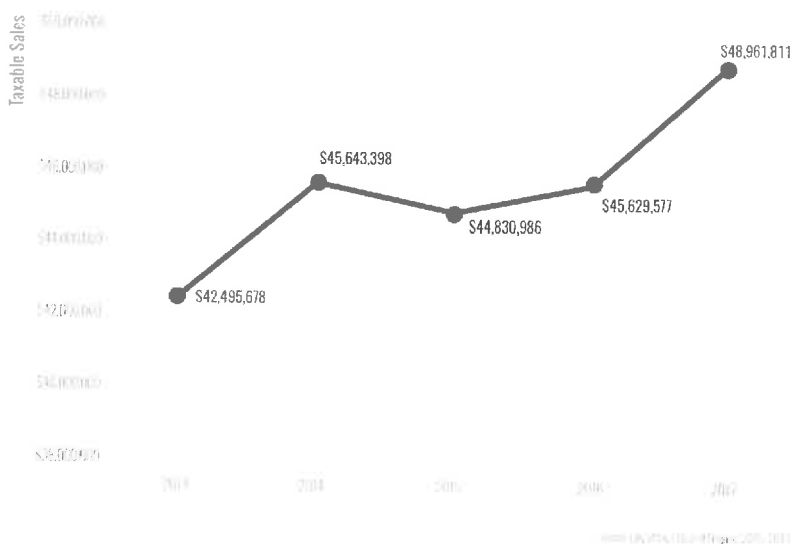

Source: Research Group, 2015, 2016

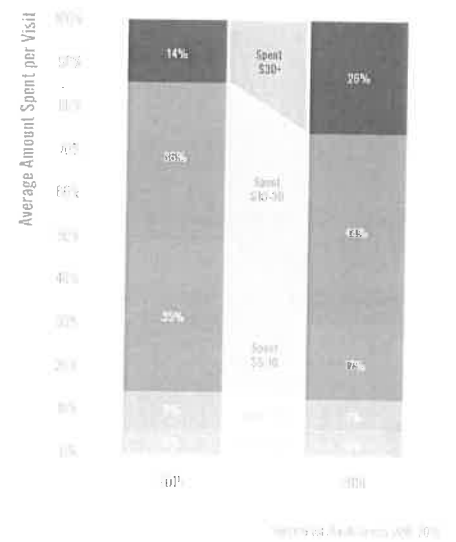

GOOD FOR BUSINESS

Businesses are thriving along the Venice Boulevard Great Street. From 2013 to 2017, revenue at businesses on the Great Street increased by 13%, with a steady increase over time. People surveyed report spending more money when visiting the corridor, too - before the project was installed. 50% of people said they spent more than ten dollars on their visit, while after the project that number jumped to 70%.

BUSINESS TAX REVENUE

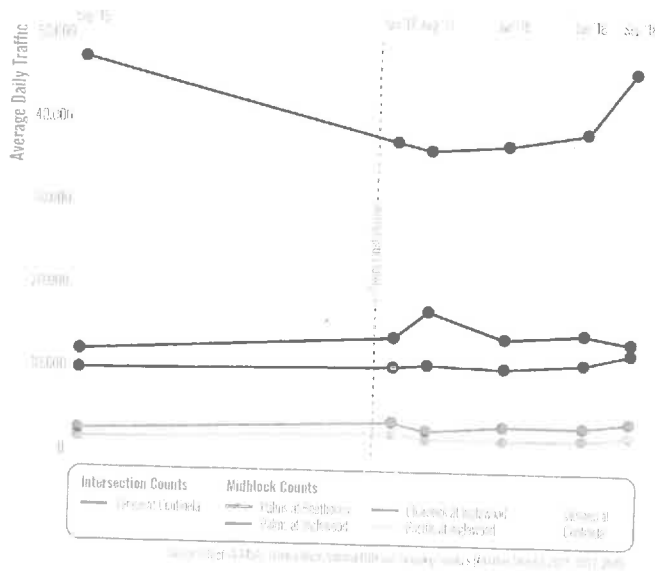

PATRON SPENDING

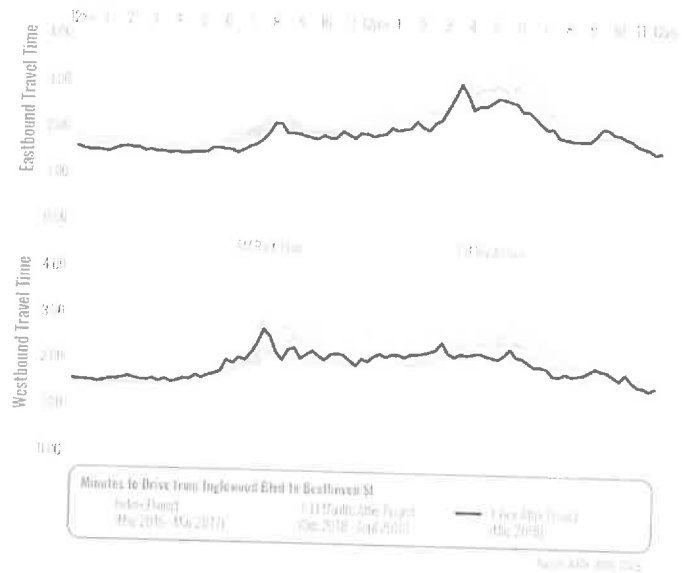

AN EFFICIENT STREET

Travel patterns on the Venice Boulevard Great Street have changed over time, with more people (and traffic) coming to the Mar Vista area than before the project was built. While there appears to have been an adjustment period for drivers immediately following implementation of the Great Street project, the flow of traffic on Venice Boulevard, as measured by volume and by travel time, is trending back toward pre-project conditions. The boulevard now carries as many cars as before, while also supporting more people traveling by walking, bicycling, skating, and scooting.

TRAFFIC COUNTS

TRAVEL TIME

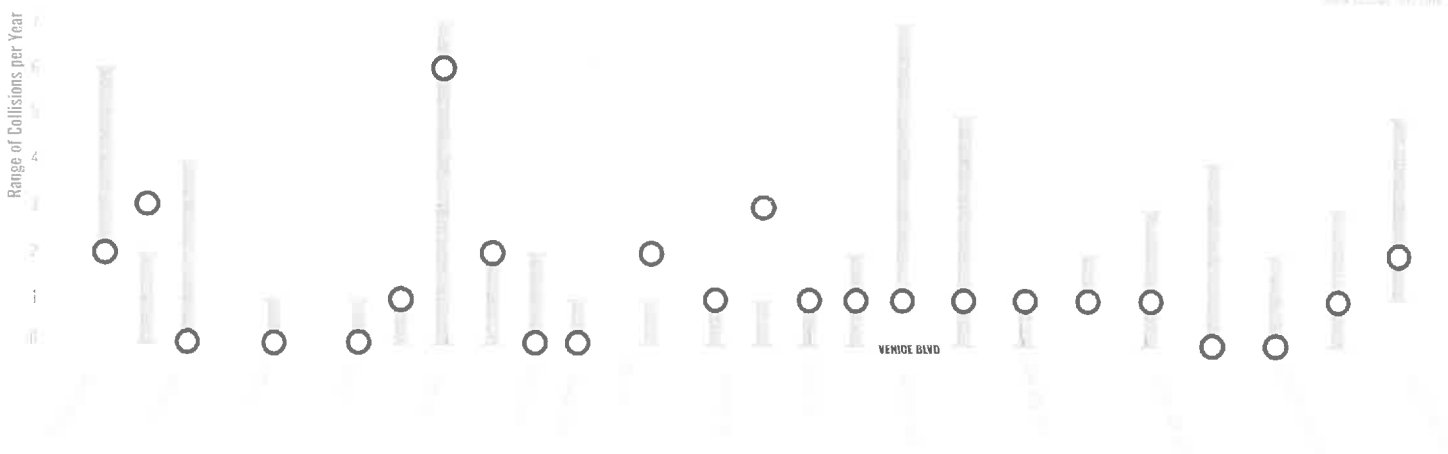

A SAFE STREET

We collected crash data at intersections and midblock locations on the Venice Boulevard Great Street for a five-year period before the project was completed, and for one year after. We found that crashes are below average at 10 of the 15 intersections in the corridor and have been reduced. Intersections such as Centinela Avenue and Grand View Avenue, which received left-turn upgrades, also experienced significant reductions in collisions. We will apply these same upgrades to Wade St to address an increasing number of left-turn collisions. There have been no serious injury or fatal collisions across all modes of travel since the project was installed.

 Range of Annual Collisions for 5-year period before Project (May 20, 2012 - May 19, 2017)

 Collisions for 1-year Period After Project (May 20, 2017 - May 19, 2018)

COLLISIONS ON THE GREAT STREET

Mar Vista Community Council

MAR VISTA COMMUNITY COUNCIL
GREAT STREETS AD HOC SUBCOMMITTEE
<http://www.marvista.org/great-streets.php>

Wednesday December 12 2018 6:30 pm
Mar Vista Library
12006 Venice Blvd., Mar Vista, CA 90066
(SW corner of Venice and Inglewood Blvds.)

AGENDA

1. Call To Order and Welcome – Chair (1 min.) acting chair: Michelle Krupkin
2. Introductions and Public Comments (for items not on the agenda) (2 minutes)
3. Motion to approve recent Great Streets minutes (2 minutes)
4. Reports (15 -20 Minutes)
 - a. Great Streets Program brief definition-Michelle Krupkin, MV Community Council.
 - b. CD11 Mobility Deputy Alek Bartosouf, shares Mar Vista related mobility issues.
 - c. Lenore French, will give an overview of the recent November 24 Small Business Saturday/Mar Vista Art Walk.
5. Old Business (10 minutes)
 - a. Policy Motion: Establishment of Street-Sweeping Route and Services for Centinela Blvd. Between Palms Blvd. and National Blvd. **STATUS:** PASSED at 8/14/18 BoD meeting. Needs possible follow-up letter to CD11, CD5 BoSS and LADOT.
 - b. Policy Motion Policy Motion: MVCC Support for the restoration of the “Opt-out” clause in the City of Los Angeles Sidewalk Vending Program. **STATUS:** On the 12.11.18 BoD Meeting Agenda.
 - c. Mission Statement discussion for Great Streets Ad Hoc Subcommittee page. **STATUS:** to finalized for posting on MVCC website.
 - d. Independent Traffic Study Motion.
WHEREAS, the Great Streets - Venice Boulevard pilot project has caused conflict and controversy in Mar Vista and the surrounding communities; and

WHEREAS, numerous requests for pre- and post-project data to the Great Streets Initiative in Mayor Garcetti's office, the Active Transportation and Vision Zero offices in the Los Angeles Department of Transportation (LADOT), and Councilmember Mike Bonin's office have been non-responsive; and

WHEREAS, the limited data and analysis that has been released from LADOT and Councilmember Bonin's office is contradictory to the experiences of the community members living near, conducting business on and otherwise using Venice Blvd.; and

WHEREAS, numerous requests for Town Hall meetings with question and answer sessions have been denied by LADOT and Councilmember Bonin's office; and

WHEREAS, the Silver Lake community, when faced with a similar situation, asked for and were granted funds to hire a transportation contractor to conduct an independent traffic study regarding the Rowena Avenue road diet by their Councilmember David Ryu; and

WHEREAS, Mar Vista stakeholders, on behalf of the businesses and residents, commuters, emergency responders and others impacted by the Great Streets - Venice Blvd pilot project, would

like to seek the same remedy in order to receive answers to their questions and concerns that have heretofore been unaddressed by the Great Streets Initiative, LADOT and Councilmember Bonin.

THEREFORE, in the spirit of community engagement, transparency and accountability, the Mar Vista Community Council (MVCC) will assemble a community panel under the auspices of the Great Streets Ad Hoc Subcommittee, and

THEREFORE, the MVCC requests that Councilmember Bonin provide the funding for an independent traffic study of the Great Streets - Venice Blvd pilot project, to be done within 2 months by an independent firm of the community panel's choosing, excluding current Great Streets contractor Fehr & Peers Transportation Consultants.

STATUS: Passed 10.10.2018 at Great Streets Ad Hoc Subcommittee meeting. Motion amended and passed at BoD 11.13.18 meeting. *Sent back to Great Streets Ad Hoc Subcommittee to compose specific data request questions.*

Amended as follows:

THEREFORE, in the spirit of community engagement, transparency and accountability, the Mar Vista Community Council (MVCC) will assemble a community panel under the auspices of the Great Streets Ad Hoc Subcommittee, and

THEREFORE, the MVCC requests that Councilmember Bonin provide the funding for an independent traffic study of the Great Streets - Venice Blvd pilot project **with a list of data requested to be provided by the Great Streets Ad Hoc Subcommittee**, to be done completed within **2 four (4)** months by an independent firm of the community panel's choosing, excluding current Great Streets contractor Fehr & Peers Transportation Consultants.

6. New Business (45 - 50 minutes)
 - a. Tracey Corinne, Mosaic Artist. Discussion of current status of payment for the three (3) mosaic tile project at 12515 Venice Blvd. installed June 14 2018, and discussion of the future mosaic hopscotch project planned for placement near the Mar Vista Library.
 - b. Hannah Levien, CD 11 West LA/Mar Vista Field Deputy. Discussion about possible new designs for streetlight banners for Mar Vista on Great Street Venice Blvd. and update on the Venice Blvd. Downtown Mar Vista Gateway Signage project.
7. Public Comment
8. Future Agenda Items
9. Adjournment (by 7:50 pm)

PUBLIC INPUT AT NEIGHBORHOOD COUNCIL MEETINGS – The public is requested to fill out a "Speaker Card" to address the Board on any agenda item before the Board takes an action on an item. Comments from the public on agenda items will be heard only when the respective item is being considered. Comments from the public on other matters not appearing on the agenda that are within the Board's jurisdiction will be heard during the General Public Comment period. Please note that under the Brown Act, the Board is prevented from acting on a matter that you bring to its attention during the General Public Comment period; however, the issue raised by a member of the public may become the subject of a future Board meeting. Public comment is limited to 3 minutes per speaker, unless adjusted by the presiding officer of the Board.

PUBLIC POSTING OF AGENDAS - MVCC agendas are posted for public review at Mar Vista Recreation Center, 11430 Woodbine Street, Mar Vista, CA 90066. Subscribe to our agendas via email through L.A. City's Early Notification System at <http://www.lacity.org/subscriptions>.

THE AMERICAN WITH DISABILITIES ACT - As a covered entity under Title II of the Americans with Disabilities Act, the City of Los Angeles does not discriminate on the basis of disability and, upon request, will provide reasonable accommodation to ensure equal access to its programs, services and activities. Sign language interpreters, assistive listening devices and other auxiliary aids and/or services, may be provided upon request. To ensure availability of services, please make your request at least 3 business days (72 hours) prior to the meeting you wish to attend by contacting chair@marvista.org.

PUBLIC ACCESS OF RECORDS – In compliance with Government Code section 54957.5, non-exempt writings that are distributed to a majority or all of the board in advance of a meeting may be viewed at our website, <http://www.marvista.org>, or at the scheduled meeting. In addition, if you would like a copy of any record related to an item on the agenda, contact secretary@marvista.org

RECONSIDERATION AND GRIEVANCE PROCESS - For information on MVCC's process for board action reconsideration, stakeholder grievance policy, or any other procedural matters related to this Council, please consult the MVCC Bylaws. The Bylaws are available at our Board meetings and our website, <http://www.marvista.org> **SERVICIOS DE TRADUCCION** - Si requiere servicios de traducción, favor de avisar al Concejo Vecinal 3 días de trabajo (72 horas) antes del evento. Por favor contacte a chair@marvista.org para avisar al Concejo Vecinal.

Hello All,

Sorry for the late notice.

I am putting together the 12/12/18 Great Streets Ad Hoc Subcommittee Agenda.

I was planning on including Lenore with an overview of the 11/24/18 Small Business Saturday/MV Art Walk as well as Alek and/or Hannah with any CD11 updates.

Please let me know your availability and items for inclusion.

Thanks!

Best,
Michelle

Alek Bartrosouf <alek.bartrosouf@lacity.org>

scheduling review for parking study

sealnbear@aol.com [REDACTED]

Sun, Dec 2, 2018 at 11:01 AM

To: mkrupkin@mindspring.com, alek.bartrosouf@lacity.org, [REDACTED]

Cc: [REDACTED] Hannah.Levien@lacity.org, [REDACTED]

Hi, All:

After working all day Saturday on case reviews and being a parent (I think they're trying to kill me!), I am coming up for air.

At the risk of sounding like a troublemaker, all of these are pretty lousy times for me, working as I do in Orange County. The closest option I have is Monday, December 10th--but that is the evening when my son gets his final Boy Scout awards of two palms (10 merit badges after achieving Eagle Scout), and there is no way I am missing that.

Arguably, 7-9 pm works better for me. Yet that involves overtime pay, and might not be good for anyone else. I am but one person.

However, I would in a heartbeat "volunteer" Stacy Shure, who I've cc'ed, to sign up for the Doodle below. Stacy is as vital a force as any to ensure that CD5 pays attention to this process as much as CD11. Stacy is a vital Planning/Transportation MVCC Boardmember.

I am only one person, so my scheduling needs should not override the needs and availability of others, but I have but three requests should I not attend:

1) I recommend Stacy Shure be there to ensure that the process moves forward correctly.

2) I recommend that it be remembered that anyone from Planning or LADOT who wants to promote "the City is no longer in the parking business" is part of the problem, and not the solution. Like it or not, the need for parking is as fundamental and desired by all ages and socioeconomic groups is becoming unavoidable, and to ignore that is to promote childlike dogma over rational science.

3) I recommend that any developer wanting a variance should be allowed such a variance ONLY if they offer more parking, and/or more affordable housing, to serve the needs of the greater community.

We all want transit, we all want safe bicycle and dockless scooter laws, and we all want parking--they are not mutually exclusive!

Ken Alpern

Los Angeles Metro Bike Share Station Siting Meeting

December 10, 2018

- Attendees
 - Metro: Carolyn Mamaradlo, Brett Atencio Thomas, Andrew Kao
 - Bicycle Transit Systems: Daniel Stoiloff
 - Toole Design: Gwen Shaw
 - LA City Staff: Jose Elias
 - Council District 11: Alek Bartrosouf
 - Council District 5: Jay Greenstein
- Westside LA
 - Field work update
 - CD 5 update
 - Database is up-to-date.
 - Bagley/Venice will be considered.
 - Toole Design will plan to visit National/Bagley during peak hours and measure red curbs.
 - Will narrow down the 4 remaining sites and explore Bagley/Venice during Toole's field visit.
 - CD 11 update
 - Gwen and Alek will go over the remaining 9 stations and circle back to Metro by next meeting.
 - Alek will run the idea of geofencing around Pacific/Washington by the councilmember.
 - Dockweiler update
 - The City maintains the beach at Playa del Rey and the County at Dockweiler, with the Marvin Braude Trail maintained by the County through both jurisdictions.
 - The group reviewed a location adjacent to the restrooms that may prove to be a good spot.
 - CD11 plans to respond to Matt Suska who is responsible for maintenance of the site to determine next steps
 - Culver Blvd update
 - Jose spoke to Abass and confirmed that it's on Metro property.
 - Metro to seek clarification from Real Estate Dept.
 - Expo Line Stations update
 - Brett to email for Jose to follow up

- Playa vista update
 - Most station are on City ROW
 - Brett to include Jose in next meeting next Thursday
- Neighborhood Council Meetings
 - 12/5 Palms NC recap
 - The group agreed that the meeting went well.
 - 12/11 Mar Vista NC
 - Carolyn will send presentation to Alek
 - Metro will plan to be there on-time not knowing when item will go on and bring 50 copies of the presentation as well as the presentation on a thumb drive in case there is opportunity to present.
 - 12/13 Del Rey NC
 - Thursday night
 - 7:00 PM
 - 2/5 Playa/Westchester NC
 - CD 11 mentioned that some bike share questions had been raised by a Board member
 - Alek will follow up with chair to understand her concern on bike share in the area, whether has to do with dockless vs. station-based.
- Environmental clearance
 - Gwen will transition from simplified list of stations for voting exercise tab back to full database spreadsheet.
 - Columns will be added to check off on the various checklist items for environments
 - Metro will take lead on checking for environmental clearance
 - Any sites that have any concerns will most likely be those with concrete being poured.
- California Coastal Commission
 - Main concern: loss of parking leading to less access to beaches
 - Original approval was for the station envelope but 2 questions:
 - Any concerns for smart bike equipment needing to be bolt into the ground?
 - Which stations need new packets as determined by Coastal Commission boundaries?
 - Is Lincoln the boundary along the entire coast or does this change by Ballona?

- Alek will look through Jesse's old files to determine what the packages looked like and if there is a good contact in their office.
- SMC update
 - This bus stop experiences huge load during beginning of academic year
 - Big Blue Bus is supportive of putting concrete on grass and as confirmed this desire with Ferris and SMC
 - Metro to update Streetview link for this station (402B).
- Los Angeles General
 - City of LA Permitting
 - Jose will coordinate a meeting this week with engineer to see what we could do help expedite the process.
 - Toole Design can improve the template for city engineer if needed in order to expedite the process
 - Carolyn will share schedule with Jose and engineer
 - Gwen to possibly prepare drawing with existing conditions for Union/Hoover to be used in addition to previously approved 25th/Vermont drawings for discussion with engineer
- USC/Expo Park
 - Union/Hoover
 - Daniel will get measurements for Gwen
 - Jose is prepared to move forward with this station
 - LAFC update
 - To be installed on 12/18
 - 25th/Vermont update
 - Hold: Jose to follow up with field deputy to ensure that there are no lingering concerns
 - Station has been previously approved by the engineer
 - 28th/University update
 - 30th/University
 - Jose has not heard anything
 - Jose will follow up with USC government relations on status
 - Expo Park/Watt Way
 - No action for now
 - Jefferson/Flower
 - Holding back for now
 - Waiting to determine what happens with concrete here
 - This is best possible option to connect USC/Expo Park stations with Metro Rail

- Downtown
 - Expansion of Union Station docks
 - Pending on completion of Vignes/East Caesar Chavez bus stop improvements.
 - Anticipated in August 2019
 - Engineer does not want to approve until existing conditions are available for review
 - Gwen found few reference regarding El Pueblo siting
 - Trying to determine what stopped the station from installation previously
 - May have been dropped due to proximity to Union Station West
 - Daniel will do a quick site visit to see if there is any low hanging fruit
 - CD 14 Update
 - Jose confirmed that Katie is still with CD14 but nonresponsive
 - Will continue to reach out to Katie
 - Because of inventory from Pasadena this is no longer urgent,
 - But the group would still like these low performing stations moved as soon as possible due to pest infestations and cleanliness
- Phase 3 Expansion
 - DTLA Crowdsourcing Map & Stakeholder Outreach Update
 - MacArthur Park NC
 - Attendees were positively supportive
 - Community wish list: Alvarado/Olympic – may be challenging due to traffic volume
 - Adjacent station at James Wood and Alvarado may serve need
 - 4507 Finley
 - Lots of comments both positive and negative
 - Schedule (December 11 close date)
 - Gwen reports 1,850 interactions on the crowdsourcing map so far.

Mar Vista Community Council

AGENDA

Regular Meeting of the Board of Directors

<http://www.marvista.org/minutes-and-agendas.php>

Tuesday, December 11th, 2018, at 7:00pm

Mar Vista Recreation Center Auditorium
11430 Woodbine Street, Mar Vista, CA 90066

1. **Call to order**
2. **Presentation of Flag and Pledge of Allegiance**
3. **Roll Call** – Call of the roll and certification of a quorum
4. **Community Memorial Observations**
5. **Announcements**
6. **Public Comment for Items NOT on This Agenda**
7. **Ex-Parte Communications and Conflicts-of-Interest** – Each board member shall declare any ex-parte communications or conflicts-of-interest pertaining to items on or related to this agenda.
8. **Adoption of the Agenda**
9. **Reading and Approval of Minutes** – Reading and approval of the minutes from the most recent regular meeting of the Board of Directors.
10. **Reports**
 - 10.1. **Elected Official and City Department Reports**
 - 10.2. **Officer Reports**
 - 10.2.1. **Chair** – Elliot Hanna
 - 10.2.2. **1st Vice-Chair** – Rob Kadota
 - 10.2.3. **2nd Vice-Chair** – Mary Hruska
 - 10.2.4. **Secretary** – Sara Roos
 - 10.2.5. **Treasurer** – Holly Tilson
 - 10.3. **Zone Director Reports**
 - 10.3.1. **Zone 1** – Ken Alpern
 - 10.3.2. **Zone 2** – Vacant
 - 10.3.3. **Zone 3** – Mary Hruska
 - 10.3.4. **Zone 4** – Aaron Elster
 - 10.3.5. **Zone 5** – Michelle Krupkin
 - 10.3.6. **Zone 6** – Holly Tilson
 - 10.4. **Committee Reports**
 - 10.4.1. Elections and Bylaws
 - 10.4.2. Community Outreach
 - 10.4.3. Transportation and Infrastructure
 - 10.4.4. Planning and Land Use Management (PLUM)
 - 10.4.5. Public Health and Safety
 - 10.4.6. Education, Arts, and Culture
11. **Special Orders** –
 - 11.1. **Appointment of Zone 2 Director** – Appointment of a Zone 2 Director in accordance with Article V, Section 6, Subsection C of the Bylaws of the Mar Vista Community Council. The candidates are:
 - Martin Rubin
 - Heather Kamins
 - 11.2. **Appointment of Education, Arts, and Culture Committee (EACC) Co-Chair** – Discussion and possible action regarding the appointment of an EACC Co-Chair to fill the vacancy left by the earlier resignation of Paola Cervantes.

- 11.3. Approval of Monthly Expense Report (MER)** – Discussion and possible action regarding the MER for October, 2018 and November, 2018.
- 11.4. Presentation regarding the Metro Bike Share Program** – Presentation from L.A. Metro regarding its bike share program.
- 12. Consent Calendar** – The Consent Calendar is reserved for items deemed to be routine and non-controversial. Any board member may pull an item or items for further discussion.
- 12.1. P.O. Box Rental** - The Mar Vista Community Council approves an expenditure not to exceed \$140.00 for P.O. Box rental at the Mar Vista Post Office.
- 12.2. First Aid Supplies** - The Mar Vista Community Council approves a reimbursement of \$447.07 to Rob Kadota, for first aid supplies for a scavenger hunt at the Bike Rodeo/Safety Fair held at Richland Elementary School.
- 12.3. Farmers' Market Tent Replacement** - The Mar Vista Community Council approves an expenditure not to exceed \$400.00 for Farmers' Market Tent replacement.
- 13. Excluded Consent Items** – Discussion and further action on items excluded from the Consent Calendar.
- 14. Unfinished Business and General Orders** –
- 14.1. City of Los Angeles' Sidewalk Vending Program** – Discussion and possible action regarding the restoration of the "opt-out" clause in the City of Los Angeles' sidewalk vending program (*postponed from 11/13/2018 BoD meeting*).
- 14.2. Great Streets Town Hall** – Discussion and possible action regarding a stakeholder petition requesting a town-hall meeting to present the one-year pilot project data for the Venice Blvd. Great Streets Pilot Project and for other related purposes.
- 15. New Business** –
- 15.1. Coyote Catch-and-Release Proposal** – Discussion and possible action regarding a proposed Coyote Catch-and-Release proposal (CF 16-0585-S2).
- 15.2. Zone Director Input for Community Plan** – Discussion and possible action regarding engaging Zone Directors in the process of growing stakeholder participation in updating the City of L.A.'s Community Plan for Palms-Mar Vista-Del Rey.
- 15.3. Starbuck's at Palms and Sepulveda Blvds.** - Discussion and possible action regarding a motion passed by Plum in support of the Starbuck's development at Palms and Sepulveda Blvds.
- 15.4. Community Impact Statement regarding Recode L.A.** - Discussion and possible action regarding adopting a position regarding the City Planning Department's Policies and Procedures Ordinance being considered as part of the Recode L.A. Plan.
- 16. Adjournment**

Bold, underlined text indicates further details available in supplemental materials at meeting.

-
- * **PUBLIC INPUT AT NEIGHBORHOOD COUNCIL MEETINGS** – The public is requested to fill out a "Speaker Card" to address the Board on any agenda item before the Board takes an action on an item. Comments from the public on agenda items will be heard only when the respective item is being considered. Comments from the public on other matters not appearing on the agenda that are within the Board's jurisdiction will be heard during the General Public Comment period. Please note that under the Brown Act, the Board is prevented from acting on a matter that you bring to its attention during the General Public Comment period; however, the issue raised by a member of the public may become the subject of a future Board meeting. *Public comment is limited to 3 minutes per speaker, unless adjusted by the presiding officer of the Board.*
- * **PUBLIC POSTING OF AGENDAS** - MVCC agendas are posted for public review at Mar Vista Recreation Center, 11430 Woodbine Street, Mar Vista, CA 90066. Subscribe to our agendas via email through L.A. City's Early Notification System at <http://www.lacity.org/subscriptions> or via at our website, <http://www.marvista.org>.
- * **THE AMERICAN WITH DISABILITIES ACT** - As a covered entity under Title II of the Americans with Disabilities Act, the City of Los Angeles does not discriminate on the basis of disability and, upon request, will provide reasonable accommodation to ensure equal access to its programs, services and activities, including sign language interpreters, assistive listening devices and other auxiliary aids and/or services. To ensure availability of services, please make your request at least 3 business days (72 hours) prior to the meeting you wish to attend by contacting chair@marvista.org.
- * **SERVICIOS DE TRADUCCION** - Si requiere servicios de traducción, favor de avisar al Concejo Vecinal 3 días de trabajo (72 horas) antes del evento. Por favor contacte a chair@marvista.org para avisar al Concejo Vecinal.
- * **PUBLIC ACCESS OF RECORDS** – In compliance with Government Code section 54957.5, non-exempt writings that are distributed to a majority or all of the board in advance of a meeting may be viewed at our website, <http://www.marvista.org>, or at the scheduled meeting. In addition, if you would like a copy of any record related to an item on the agenda, please contact secretary@marvista.org.
- * **RECONSIDERATION AND GRIEVANCE PROCESS** - For information on MVCC's process for board action reconsideration, stakeholder grievance policy, or any other procedural matters related to this Council, please consult the MVCC Bylaws. The Bylaws are available at our Board meetings and our website, <http://www.marvista.org>.

Los Angeles Station Siting Agenda _11262018.docx
114K

Los Angeles Metro Bike Share Station Siting Meeting

November 5, 2018

- Attendees
 - Metro: Lia Yim, Carolyn Mamaradlo, Brett Atencio Thomas, Andrew Kao, Rabi Abonour
 - Bicycle Transit Systems: Sophie Nenner, Shane Quentin, Daniel Stoiloff
 - Toole Design: Gwen Shaw
 - LA City Staff: Jose Elias
 - Council District 5: Jay Greenstein
 - Council District 11: Alek Bartrosouf
- Westside
 - Meeting with Councilmember Koretz
 - After learning about the technology, the Councilmember is comfortable
 - Playa del Rey Outreach
 - Metro followed up with Aaron to find out about events
 - Neighborhood Council Meetings and Committees
 - All meetings confirmed:
 - Playa del Rey, 12/4, full council
 - Palms, 12/5, 7pm
 - Mar Vista, 12/11, 7pm, Mar Vista Recreation Center
 - Del Rey, 12/13
 - Plan for meetings
 - Powerpoint : Reassure residents that we listened to their feedback and that we care about parking; Keep it short.
 - Handout map with proposed locations
 - For Mar Vista: include locations as far east as Overland
 - Alek and Jay will figure out how we should bring the presentation (flash drive?)
 - Notification flyer
 - BTS provided sample flyers
 - Try to get them up before neighborhood council meetings
 - Toole to draft flyers with public feedback mechanism (either URL or QR code)
 - LADOT to look into regulations for posting signs
 - BTS & Toole to initiate Venice and Culver corridor studies prior to scheduled field visits on 11/20 & 11/21
- Downtown/USC

- Union & Hoover
 - LADOT to outreach to Pete's Burgers
 - BTS to inventory where Pasadena stations are going so we can provide a timeline for installation
- LAFC
 - 7th/Main station will be moved here
 - BTS waiting on certificate of insurance, will deliver to Benny once received (hopefully this week)
 - BTS has capacity to install in next 7-10 days
- 28th & University
 - 28th/Figueroa is ready to go
 - BTS visited 30th/University, thinks the site will work
 - Toole to start drawing
 - USC reached out to LADOT today to ask about status of de-install
- Vermont & Expo
 - Board rejected the station due to concerns about safety
 - LADOT to ask USC about using their property back at Expo/USC
 - There is a spot outside their gate that is big enough and isn't used
- CD14
 - Metro to follow up with Katie on Fashion BID contact, Mateo resurfacing project, and 2nd/Hill move
- Jefferson/Flower
 - There is a new concrete pad where there was a sidewalk, could be a good location
 - Toole to review construction plans to determine spacing is adequate.
- Phase 3
 - Crowdsourcing map sent to CD13
 - Metro to provide LADOT with text to reach out to other CDs (1,4,10)
 - Emphasize multilingual outreach
 - GGRF – waiting to hear from Caltrans on status of change
 - Outreach
 - Coordinate with CD offices to leverage communication platforms
 - Use future station flyers to promote crowdsourcing map participation
 - Metro to work with internal Community Relations team to determine events for outreach
 - North Hollywood
 - Waiting for CD2 feedback

Hello All,

In lieu of our meeting this week, I'm sending updates to the group. If you have additional updates to share, please do. I'm re-attaching the notes as a reminder for follow-up items.

Updates

1. Westside
 - a. CD5 field visits complete – findings will be shared at our next meeting.
2. Downtown/USC
 - a. DTLA Expansion Area Crowdsourcing Map
 - Online map is now live
 - Ongoing coordination with council districts
 - Outreach and social media marketing forthcoming

Also, we are scheduled for field visits in CD 11 next Tuesday and Wednesday. However, due to the holiday on Thursday I wanted to double check that these dates still work and pose to the group rescheduling for the following week. If so, please let me know your availability.

Los Angeles Station Siting Agenda _ 11192018.docx
114K

Mar Vista Community Council

MAR VISTA COMMUNITY COUNCIL
GREAT STREETS AD HOC SUBCOMMITTEE
Wednesday November 14 2018 6:30 to 8:00 pm
Mar Vista Library
12006 Venice Blvd., Mar Vista, CA 90066
(SW corner of Venice and Inglewood Blvds.)

Co-Chairs: Michelle Krupkin and Gabriel Hill

AGENDA

1. Call To Order and Welcome – Chair (1 min.) acting chair: Michelle Krupkin
2. Introductions and Public Comments (for items not on the agenda) (2 minutes)
3. Motion to approve recent Great Streets minutes (2 minutes)
4. Reports (15 -20 Minutes)
 - a. Great Streets Program brief definition-Michelle Krupkin, MV Community Council.
 - b. CD11 Mobility Deputy Alek Bartosouf, shares Mar Vista related mobility issues.
 - c. Lenore French, will give a preview of the upcoming November 24 Small Business Saturday/Mar Vista Art Walk.
5. Old Business (10 minutes)
 - a. Policy Motion: Establishment of Street-Sweeping Route and Services for Centinela Blvd. Between Palms Blvd. and National Blvd. STATUS: PASSED at 8/14/18 BoD meeting. Needs possible follow-up letter to CD11, CD5 BoSS and LADOT.
 - b. Policy Motion Policy Motion: MVCC Support for the restoration of the "Opt-out" clause in the City of Los Angeles Sidewalk Vending Program. STATUS: Postponed for discussion no later than January 2019 at 8.31.18 Special Meeting of the BoD.
 - c. Mission Statement discussion for Great Streets Ad Hoc Subcommittee page. STATUS: to finalized for posting on MVCC website.
 - d. Independent Traffic Study Motion. STATUS: Passed 10.10 2018 at Great Streets Ad Hoc Subcommittee meeting. Motion sent to BoD 10.13.18 meeting.
WHEREAS, the Great Streets - Venice Boulevard pilot project has caused conflict and controversy in Mar Vista and the surrounding communities; and

WHEREAS, numerous requests for pre- and post-project data to the Great Streets Initiative in Mayor Garcetti's office, the Active Transportation and Vision Zero offices in the Los Angeles Department of Transportation (LADOT), and Councilmember Mike Bonin's office have been non-responsive; and

WHEREAS, the limited data and analysis that has been released from LADOT and Councilmember Bonin's office is contradictory to the experiences of the community members living near, conducting business on and otherwise using Venice Blvd.; and

WHEREAS, numerous requests for Town Hall meetings with question and answer sessions have been denied by LADOT and Councilmember Bonin's office; and

WHEREAS, the Silver Lake community, when faced with a similar situation, asked for and were granted funds to hire a transportation contractor to conduct an independent traffic study regarding the Rowena Avenue road diet by their Councilmember David Ryu; and

WHEREAS, Mar Vista stakeholders, on behalf of the businesses and residents, commuters, emergency responders and others impacted by the Great Streets - Venice Blvd pilot project, would like to seek the same remedy in order to receive answers to their questions and concerns that have heretofore been unaddressed by the Great Streets Initiative, LADOT and Councilmember Bonin.

THEREFORE, in the spirit of community engagement, transparency and accountability, the Mar Vista Community Council (MVCC) will assemble a community panel under the auspices of the Great Streets Ad Hoc Subcommittee, and

THEREFORE, the MVCC requests that Councilmember Bonin provide the funding for an independent traffic study of the Great Streets - Venice Blvd pilot project, to be done within 2 months by an independent firm of the community panel's choosing, excluding current Great Streets contractor Fehr & Peers Transportation Consultants.

6. New Business (45 - 50 minutes)
 - a. Tracey Corinne, Mosaic Artist. Discussion of current status of payment for the three (3) mosaic tile project at 12515 Venice Blvd. installed June 14 2018, and discussion of the future mosaic hopscotch project planned for placement near the Mar Vista Library.
 - b. Hannah Levien, CD 11 West LA/Mar Vista Field Deputy. Discussion about possible new designs for streetlight banners for Mar Vista on Great Street Venice Blvd. and update on the Venice Blvd. Downtown Mar Vista Gateway Signage project,
7. Public Comment
8. Future Agenda Items
9. Adjournment

PUBLIC INPUT AT NEIGHBORHOOD COUNCIL MEETINGS – The public is requested to fill out a "Speaker Card" to address the Board on any agenda item before the Board takes an action on an item. Comments from the public on agenda items will be heard only when the respective item is being considered. Comments from the public on other matters not appearing on the agenda that are within the Board's jurisdiction will be heard during the General Public Comment period. Please note that under the Brown Act, the Board is prevented from acting on a matter that you bring to its attention during the General Public Comment period; however, the issue raised by a member of the public may become the subject of a future Board meeting. Public comment is limited to 3 minutes per speaker, unless adjusted by the presiding officer of the Board.

PUBLIC POSTING OF AGENDAS - MVCC agendas are posted for public review at Mar Vista Recreation Center, 11430 Woodbine Street, Mar Vista, CA 90066. Subscribe to our agendas via email through L.A. City's Early Notification System at <http://www.lacity.org/subscriptions>.

THE AMERICAN WITH DISABILITIES ACT - As a covered entity under Title II of the Americans with Disabilities Act, the City of Los Angeles does not discriminate on the basis of disability and, upon request, will provide reasonable accommodation to ensure equal access to its programs, services and activities. Sign language interpreters, assistive listening devices and other auxiliary aids and/or services, may be provided upon request. To ensure availability of services, please make your request at least 3 business days (72 hours) prior to the meeting you wish to attend by contacting chair@marvista.org.

PUBLIC ACCESS OF RECORDS – In compliance with Government Code section 54957.5, non-exempt writings that are distributed to a majority or all of the board in advance of a meeting may be viewed at our website, <http://www.marvista.org>, or at the scheduled meeting. In addition, if you would like a copy of any record related to an item on the agenda, contact secretary@marvista.org

RECONSIDERATION AND GRIEVANCE PROCESS - For information on MVCC's process for board action reconsideration, stakeholder grievance policy, or any other procedural matters related to this Council, please consult the MVCC Bylaws. The Bylaws are available at our Board meetings and our website, <http://www.marvista.org>.

SERVICIOS DE TRADUCCION - Si requiere servicios de traducción, favor de avisar al Concejo Vecinal 3 días de trabajo (72 horas) antes del evento. Por favor contacte a chair@marvista.org para avisar al Concejo Vecinal.

**Metro Technical Advisory Committee (TAC)
May 3, 2017 Deobligation Appeal Project Fact Sheet**

Call for Project #: F3514
Project Sponsor: City of LA
Project Title: Exposition-West Bikeway-Northvale Segment
(LRTP Program)
Call Awarded Year: 2009 Call

Time Extension Request: FY18/19
Date of last TAC appeal: N/A

Scope of Work (350 characters maximum):

The Expo II Bike Path Northvale Segment project proposes to construct approximately 0.25 mile of Class I Bike Path north of the I-10 Freeway, from Motor Avenue to Putney Dr., within Caltrans right-of-way and City of Los Angeles sewer easement within existing private properties. After construction, the project will complete a continuous bike facility of approximately 3.45 miles of Class I Bike Path, with an adjacent pedestrian pathway between the Culver City, City of Los Angeles and the city of Santa Monica. All but this segment of this project has been completed as of March of 2016.

Were there any change(s) in the scope of work since the Metro Board approved of the project? If yes, please explain the change(s) and when these changes were approved:

None.

Project status and whether last TAC recommendation was met (if applicable):

Project is In Design Phase, where this phase is anticipated to be completed by October 2018.

If project is in ROW acquisition phase, how many properties are needed and how many have been acquired since last TAC appeal. Schedule to acquire remaining properties (if applicable):

The project will be acquiring necessary ROW, where the process of acquisition is anticipated to start at September 2017, after the 30 percent completion of the Design Phase. It is anticipated that at least 7 properties will be affected, though additional ROW purchase may be needed dependent upon the design configuration. Project anticipates that the cost of ROW acquisition to be substantially beyond the current grant allocation. The City is actively securing funding to meet the shortfall and is confident to meet this goal by August 2019.

Is the project financially viable and fully funded? If no, explain how the project will be delivered in a timely manner should extension be granted:

The Design Phase is on track to meet the completion date of October 2018. The revised project's construction costs resulted in significant funding shortfall. However, all the stakeholders (LADOT, BOE, City Council, the Mayor's Office and the Metro) involved are confident and in the process of securing necessary funding for the shortfall before the anticipated start of construction phase, currently set at August 2019.

Reason(s) for delay, if any and how remedy:

The unforeseen need for additional ROW, resulted in lengthy legal litigation, which severely delayed the funding's originally scheduled time lines. Litigation has been settled with the 7 properties affected by the alignment, allowing City of LA to proceed with design phase.

Note: 1) Please attach a Project Map
2) Previous TAC recommendation (if any) will be provided to TAC at the Appeal

Metro Technical Advisory Committee (TAC)
May 3, 2017 Deobligation Appeal Project Fact Sheet

Basis for extension and explanation of how the sponsor has or will overcome the delay:

Project has been faced with ROW legal litigations, which substantially delayed the start of the Design Phase, resulting in delay of the originally scheduled Construction Phase. Furthermore, the litigation has resulted in substantially unforeseeable additional acquisition costs. However, the City is actively pursuing funding sources to remedy the funding shortfall and litigation has been settled with the 7 property owners.

Revised/Proposed schedule:

Milestones	Start Date	Completion Date
Environmental Clearance	4/17	9/2017
Design Bid & Award (if applicable)	N/A	N/A
Design	4/17	9/18
Right-of-Way Acquisition	9/17	12/18
Construction Bid & Award (if applicable)	12/18	8/19
Construction	8/19	4/21

Note: 1) Please attach a Project Map
2) Previous TAC recommendation (if any) will be provided to TAC at the Appeal

Northvale Gap

Jonathan Weiss <jw@lojw.com>

Wed, Oct 31, 2018 at 10:23 AM

To: Alek Bartrosouf <alek.bartrosouf@lacity.org>

Alek,

Thanks for getting this information. On the last point – the ATP grant application – I believe Eric had ideas for additional funding and thought LA was being too narrow. Or maybe that was Jay who had that latter concern. Eric's ideas were given while he was consulting for Culver City. Please check in with him on his additional funding ideas.

You should know that COLA nearly forfeited its Metro call for funds \$. Please see attached – it's got a good project/timeline summary. The Metro \$ could potentially be lost again; I think it's year to year. Jay Greenstein would know about it.

When I started birddogging this issue, Eric had left LACBC, so LACBC leadership had to be re-educated. Eric helped, and I convened phone calls between LACBC and another stakeholder, Motor Avenue Improvement Association/Lee Wallach (who is most responsible for the Motor bike lanes). For LACBC, I showed the demographics of the area – in case you ever need it. I also did a Sunday Funday ride including the gap for which Charlie Ho did a presentation at Palms Park (along the gap).

Jonathan

Nora,

Just an FYI, both of CD11's offices are just outside of the pilot area (7166 W. Manchester Avenue and 1645 Corinth Avenue). I listed a few suggestions down below for potential locations for focus groups within the boundaries of the pilot program. I have also cc'd Joseph Galloway from Councilmember Paul Koretz's office to provide suggestions in the Palms area as well.

Del Rey

Del Rey Square - 11976 Culver Blvd, Los Angeles, CA 90066 - Daniel Duarte delreysquare@tsaproperties.com

Mar Vista Family Center - 5075 S. Slauson Avenue - Lucia Diaz Idiaz@marvistaafc.org

Mar Vista

Mar Vista Rec Center - 11430 Woodbine St, Los Angeles, CA 90066 - Caroline Lammers caroline.lammers@lacity.org

Windward School - 11350 Palms Blvd, Los Angeles, CA 90066

Venice

Beyond Baroque - 681 Venice Blvd, Venice, CA 90291 Richard Modiano richard@beyondbaroque.org

Abbot Kinney Memorial Branch Library - 501 Venice Blvd, Venice, CA 90291, Rachel Bindman rbindman@lapl.org

Vera Davis Center - 610 California Ave, Venice, CA 90291 Joseph Soto jsoto@latinoresource.org

Let me know if you need anything else and please keep us posted. Have a great weekend!

Best,

On Fri, Oct 26, 2018 at 1:50 PM Nora Chin <nora.chin@lacity.org> wrote:

Hi Chuy,

Hope you're well! The Transit Service Analysis of which the West LA Microtransit is a part of, was on the agenda at City Council today and went through. We're excited!

As a next step, we are planning on conducting a focus group in the neighborhood to test the mobile app in the coming months. I wanted to know if your Del Rey Office had conference space to host a focus group of up to 10-15 persons in November?

Let me know - we wanted to identify conference spaces in West LA that would be good candidates to host something like this.

Greatly Appreciate your help!

Briefing Memo's needed for the week of Monday, October 29th

Martha Juarez-Garcia <martha.juarezgarcia@lacity.org>
To: c11-allstaff@lacity.org

Thu, Oct 25, 2018 at 1:30 PM

Monday, October 29th

10:00 am - Phone call w/ Mike Keeley Re: Latitude 33 (TB)

10:30 am - Mtg. w/ Elizabeth Pollock Re: the recent 9th circuit ruling and has lots of questions regarding enforcement (TK/CO)

11:30 am - Interview w/ Alex Cohen @ their studios in El Segundo (DGC)

1:30 pm - Weekly planning mtg. (LN/KK)

2:00 pm - B & F Cmte (TK)

4:00 pm - City Attorney briefing on Mitchell Injunction settlement (TK)

Tuesday, October 30th

10:00 am - Speaker @ LADOT Traffic Officer graduation - 10 mins (EB)
(you are excused from Council for a late arrival)

10:00 am - Council (JG)

1:00 pm - Senior Staff mtg. (CM)

2:00 pm - Special T3 Cmte (GT)

3:15 pm - Internal Discussion of Mello Act (KK/TK)

5:30 pm - Visit w/ Girl Scout Troop 16815 @ St. Bede's (HL)

6:30 pm - Underworld: Imaging the Afterlife @ the Getty (LC)
(do you need staff for this?)

Wednesday, October 31st

10:00 am - Council (JG)

12:45 pm - HOLD: Meet w/ Gene Seroka, Port of LA Re: originally SCIG lawsuit but now has changed to Port truckers (GT)

1:30 pm - Meet w/ Kristen Lonner Re: NE corner of Palms & Centinela (LN)

Thursday, November 1st

7:45 - 9:00 am - TENT: Visit/Tour Building 209 - VA Campus (LC)

10:00 am - HOLD: Mtg. w/ Air Force Chaplain Cohen Re: the LA National cemetery and possible invocation of 3 war veterans in Council (LC)

10:30 am - Mtg. w/ Wendy-Sue Re: discussion about the need for a comprehensive traffic study for the Mulholland Institutional Corridor (LN/TK/EB)

12:30 pm - Lunch w/ Sarah - Extraordinary Families (no staff)

3:00 pm - Constituent Coffee Mtg. w/ Brian Rosenstein (MT)
Alana's

4:00 pm - HOLD: Meet w/ Molly & Gary - RAND (do you need staff?)
Alana's

No LRC in Venice this week as we switched from the following week's -- MT's host was only available on Nov. 8th

Friday, November 2nd

10:00 am - Council

1:00 pm - One of Us Portraits - Homelessness Personal Stories Exhibit (TB)
(nice 8 min. walk to the Museum of Social Justice and possibly drop in to El Pueblo Bridge Home 3 min. walk - just a thought...)

2:30 pm - HOLD: Meet w/ AP Diaz and Chief Terrazas Re: EDAR's (TK)

Saturday, November 3rd

8:00 - 1:00 pm - Personal

8:00 - 11:00 am - FYI: Fire Station 69 Pancake Breakfast & Brunch Fundraiser (LC)

12:00 - 2:00 pm - TENT: Mar Vista Bike and Safety Fair & pop-up tent (HL)
(on the grid you share you might be able to attend by 1pm - is this a yes or no?)

2:30 - 5:00 pm - TENT: St. Mark of Venice Community Block Party (TB)
(on the grid you share you will make a decision closer to the date - is this a yes or no?)

5:00 pm - FYI: Pann's 60th Anniversary & Inner City Youth Orchestra of LA (MT)

6:00 - 6:30 pm - Venice Arts 25th Anniversary Gala (TB)

7:00 pm - 8:30 pm - Catholic Charities' Spirit of Giving celebration (TB)
(cocktail hour is from 6-7 pm but you have the Venice Arts gala so you won't make it on time but please note, Catholic Charities event tickets are \$250 per person and there is no speaking role, no presentation of certs, dinner only)

Mar Vista Parking Study

Debbie Lawrence <debbie.lawrence@lacity.org>

Fri, Aug 3, 2018 at 4:34 PM

To: Alek Bartrosouf <alek.bartrosouf@lacity.org>

Cc: Tom Rothmann <tom.rothmann@lacity.org>, Jonathan Hershey <jonathan.hershey@lacity.org>, Kinikia Gardner <Kinikia.Gardner@lacity.org>, Craig Weber <craig.weber@lacity.org>, Alissa Gordon <alissa.gordon@lacity.org>

Hi Alek,

Our Policy Division is in the midst of updating our Westside community plans, including the Palms/Mar Vista area. As my Section just processes individual cases, the policy group would better be able to address this for you on a broader level. I have copied the planners who might be able to respond to you. We can only respond to parking studies when they involve our specific cases.

thank you,
Debbie

Hi Erin and Tom,

Ken Husting at LADOT suggested I reach out to both of you to discuss a parking study we would like to initiate in the Mar Vista area. The parking study is rooted in the desire to adhere to AB744, and Ken suggests Planning take the lead for that reason, as well as your bench list not expiring in February.

Are you the right folks who would take on a consultant and do the parking study?

Alek

My understanding is that Ms. Roos, or the folks who answer the info@marvista.org, are the ones who would direct you to how best to move any issue through the MVCC. I was only explaining that the bimonthly committee is probably not the best choice for this.

And of course it is always an option to discuss any of your concerns directly with the CD11 rep, Ms. Hannah Levien. That is the most direct path to getting your Councilmember involved.

And BTW, again if memory serves me correctly, the reason the stop sign was placed on Palms at Barry was to give a protected way for schoolchildren going to Mar Vista Elementary from homes south of Palms a safe way to cross Palms on their way to school. I'm not stating this to get in a debate about the stop sign, but just to let you know what the reason was for the sign, back when it was placed. For this reason, you will probably get a lot of pushback regarding your request as you move forward.

Thanks,

Albert

Subject: Re: Mar Vista Contact Form

Dear Ms. Roos, thank you so much for your prompt response and guidance.

Dear Mr. Olson,

If I understand correctly, instead of directly contacting Ms. Hannah Levien, I need to first bring this issue to the attention of the MVCC Transportation Committee. So who in that committee do I need to write the email to? Below I have included the detailed problem description. Please let me know who I need to email this to; or are you the one who would be escalating it to the people in charge?

A million thanks in advance,

Sepi Monirabbassi

To whom it may concern,

It is a pleasure to write to you to hopefully address a problem I'm trying to solve. My husband, our four year old son, and I just moved to Mar Vista from West L.A.; and unfortunately we underestimated the traffic on Palms Blvd. The beautiful house we bought is perfect in every way except for being on Palms Blvd.

The particular issue is with a three-way stop sign where Barry Ave meets Palms Blvd. The stop sign on Barry where cars turn onto Palms makes perfect sense, since Barry is a minor road meeting Palms, which is a major road. But for there to be a stop sign on Palms as well is perplexing. The stop sign on Palms is only a block and a half away from a stop light (Palms and McLaughlin); and it causes unnecessary extra smog and noise pollution, as a lot of cars screech at the stop sign and rev up their engine to get ready to climb the hill ahead.

Going west from McLaughlin to Centinela, first there is Federal with a stop sign; but there's none on Palms Blvd. Then there's Barry Ave, which is the problem. After Barry, there is Lawler St with a stop sign, but there is none on Palms Blvd. Then there is Inglewood Blvd, and there is a four way stop sign there (both Inglewood and Palms); but that's a major intersection. Next is Mountain View Ave, which has a stop sign; but there is none on Palms where Mountain View meets Palms. Then there is the major intersection of Grand View Blvd and Palms Blvd with stop signs on both. Then comes Ocean View Ave with a stop sign, where Palms doesn't have one. And lastly we get to Centinela. So as you can see, every time we have a three way where a street meets Palms, there is a stop sign on that minor road, but there is none on Palms except for at Barry Ave. And this stop sign is only a block and a half away from a stop light which the vehicles have to slow down for any way.

I propose getting rid of the stop sign on both directions on Palms Blvd, where Barry Ave and Palms Blvd meet. This would help lessen the smog and noise pollution.

Kindest regards and thanks for your consideration,

Sepi Monirabbassi

On Thursday, October 18, 2018, 9:33:27 AM PDT, Albert Olson <alobjr@ca.rr.com> wrote:

Hi,

The bimonthly LADOT/CD11/LAPD committee is designed to deal with requests that, for the most part, are non-controversial within the community, those sorts of things that just need to be done, that no one would really disagree with.

The stop sign on Palms you are referring to, if my memory serves me, was the result of a campaign by neighbors to obtain, and I'm sure there would be lots of disagreement about removing it. So this sort of discussion should probably happen first at the MVCC Transportation committee, with their recommendations going to the Board. This will allow any in the community who want to influence the decision to do so.

Thanks,

Albert Olson

Welcome, Ms. Monirabbassi! ~

You have perhaps lived here a long while and only just moved to Palms, but it's still cause for celebration.

The traffic on Palms is not of course. But I believe that stop sign at Barry was hard-won! Still, there may be better solutions. The place to address this is with the CD11 Council office; our field deputy is Hannah Levien and I'll copy this to her.

As well we have a liaison committee with the LADOT and I will copy this to the Chair of that group. I don't know whether the matter can be addressed there, but I'll let folks explain their role in these considerations as they are able.

Thanks.

Re: Service Request ID: 59232, Palms / Sawtelle Left-Turn Signals

Rudy Guevara <rudy.guevara@lacity.org>

Wed, Oct 17, 2018 at 9:48 AM

To: Richard hirschhoff [REDACTED]
Bcc: alek.bartrosouf@lacity.org

Good morning Richard,

I know in the past for a long time, I couldn't give you much an update on this location because the project was unfunded. Now, the project finally got funded and it's also made it into the schedule to be built under a private contract. According to the schedule of the contract, this particular location, should be built by or before August 2019. This location, as well as other locations citywide, was attached to the contract for Main Street in downtown. The contract is being done by a private contractor and not the City and the mandate is for the contractor to do the Main Street projects first and then do the additional locations that were attached to the contract. At the present time, I don't have the contractor's tentative schedule for the entire project so all I can say is that at least at present time, it should be done by or before August 2019. Of course, delays could always happens.

I hope this helps.

Hi Alek,

I'm Rich Hirschhoff, a long time Mar Vista resident, who has been shepherding the project and Service Request to have new Signals and left turn arrows installed at Palms and Sawtelle Blvd. Hannah Levien has been kind enough to check on the progress on this project and last told me that it was funded and scheduled to be completed this Fall. If you could follow up on this for me and give the proposed timeframe or timeline this projects completion that would be great. Thanks so much. Looking forward to hearing from you.

Yours truly,
Rich

Rich,

Thank you and nice to hear from you! I have added to this email our mobility deputy who will be able to give you a more in-depth timeline on the Palms/Sawtelle signal head. Keep in mind, these projects tend to take longer even if there is funding.

Talk soon!

Hannah

On Tue, Sep 11, 2018 at 9:09 AM Richard hirschhoff [REDACTED] wrote:

Hi, again, Hannah,

Just a compliment on you and Mike's office for getting the great work done at McLaughlin and Charnock, and McLaughlin and Victoria Ave. The stop signs and other implementations will make those corners much more clear to drivers to obey the traffic laws and thus have less collisions, hopefully. I mentioned below that I was wondering if during your follow up on the implementation of my long standing Service Request to get those new signals and turn arrows at Palms and Sawtelle Blvd, whether there was any time frame or timeline for the work to be done this Fall as you mentioned before. Could you please check on this? Thanks so much. Hope all is going well. Take good care.

Los Angeles Metro Bike Share Station Siting Meeting

October 15, 2018

- Attendees

- Metro: Lia Yim, Brett Atencio Thomas, Carolyn Mamaradlo, Andrew Kao, Rabi Abonour
- Bicycle Transit Systems: Claire Hurley, Sophie Nenner, Shane Quentin
- Toole Design: Gwen Shaw
- LA City Staff: Jose Elias
- Council District 5: Jay Greenstein
- Council District 11: Not in attendance due to Arrowhead UCLA Symposium

- Westside

- Meeting with Councilmember Koretz – 11/2
 - Metro will demonstrate potential for success
 - Current successes in Venice Beach
 - Differentiate Metro's station-based model from the stationless model of private operators
 - Metro to plan for 30 minute meeting – 15 minute presentation followed by Q&A
 - Councilmember does not have time for a BTS warehouse tour that day, but a warehouse tour may be possible in the future
- CD 5 station siting – 11/8
 - Both Jay and Joseph to attend if possible
 - Meeting in Palms at 9:30am – location TBD
 - Will focus on sites that are not solidified
 - Should plan for a 5 hour+ day
- CD 11 station siting – TBD
 - Will require considerable amount of time due to number of non-finalized stations
 - Focus on Venice Blvd as a corridor
- Playa Vista business/property owner outreach – TBD
 - **Metro** to follow up with Aaron Gaul
- Westwood/Rancho Park and Expo/Sepulveda
 - Metro is agrees with need to place a station here
 - Station will be required to be sited in City right-of-way
 - There is a location north of Westwood/Rancho Park that would be perfect if it is not Metro property
 - Team will look at this location during CD 5 station siting field work

- Additional concrete pad in front of Expo/Sepulveda to be studied
- Neighborhood Council Meetings and Committees
 - Del Rey PLUM Committee – 11/15 9:00 PM
 - CD 11 to confirm agenda
 - Playa Government Affairs Committee
 - CD 11 to confirm agenda
 - Palms Neighborhood Council – 12/5, 7pm
 - CD5 confirmed that we are on the agenda
 - The council is generally supportive, but vocal
 - Metro needs to be ready to defend why we chose certain locations – transparency, openness to public comment
 - Focus on transparent community driven process
 - Mar Vista neighborhood Council – 12/11, 7pm, Mar Vista Recreation Center
 - CD5 wants to be in attendance due to portion of NC located in Palms
 - LADOT will attend all four meetings
- Downtown/USC
 - Union & Hoover
 - LADOT to reach out to the council district and present site south of Pete's Burgers as a less intrusive option
 - Focus on community suggestion of site
 - LAFC
 - Group agrees on License Agreement language
 - BTS to confirm reasonability of time for coverage if event is less than 10 days out
 - BTS to review Major League Soccer rules and regulations mentioned in LAFC language
 - License agreement hopefully to be signed next week
 - We have two stations in warehouse including Expo Park USC and 7th & Main – will potentially use the latter
 - University Village
 - Successfully installed
 - 9 rides in 3 days
 - 28th & University
 - USC Government Affairs is working on outreach
 - Metro and LADOT to hold back until further direction received
 - Group should be ready to temporarily close station if requested for event

- Vermont & Expo
 - Two options: bike rack site on Metro easement, behind bus bench
 - Group agrees the second option is preferable
 - LADOT to ask Expo Park for documents needed for board meeting
 - Station plans previously completed
 - Expo Park concerned about liability
 - BTS to remind Expo Park that they indemnified from all liability
- Jefferson/USC
 - Group agrees that it is important to USC station area to rail
 - BTS and Toole found a promising site at the northwest corner of Jefferson and Flower
 - LADOT to pull site plans for current concrete work here
 - 23rd/Adams as alternative option
 - On-street location across from LATTC
 - Connects well to MyFig
- CD14
 - LADOT to propose meeting with Katie for late this week
 - Katie wants to move 7th/Main to 11th/Broadway
 - That will be a great location once construction is done, but not now
 - Fashion District
 - BID is concerned about transportation access in the area
 - Metro to pull stats to show how little these stations are used
 - Mateo is in CD14's court
 - 2nd/Hill – we need help dealing with Federal Courthouse
- Echo Park/Silver Lake
 - Fieldwork team visited all sites last week
 - Toole measured about 15 sites that seemed like low-hanging fruit
 - Toole to update the database this week and begin Wikimap development
 - Toole to tally lost parking spaces
 - Goal to release crowdsourcing map by the beginning of November
 - Map will stay open for 4 to 6 weeks
 - Map release will be accompanied by Source article and social media from all parties: LADOT, community groups, NCs, Council District
 - Metro to follow up with CD 14 for feedback prior to release of crowdsourcing map

- Member of team will need to go into field with Angelo and Juan to review any sites of concern
- Metro to conduct in-person crowdsourcing with community organizations
 - Focus on MacArthur Park and Pico-Union
 - Spanish and Korean language help will be needed
 - Toole to explore possibility of creating an Spanish crowdsourcing tool
 - At a minimum Spanish PDF will be developed to compliment crowdsourcing tool

LADOT Westside Microtransit Project Description

Locations: Palms, Mar Vista, Venice, and Del Rey

Operating Hrs.

6:00 AM to 7:00 PM

Project Highlights

- Service is accessible by mobile phone application, website, and phone call
- Prepaid card available for unbanked passengers
- 20-minute maximum wait time
- Inclusive of 1,186 community responses identifying 49 desired “virtual” bus stops
- Physical improvements include painted decals at two layover locations at Westminster Ave. and Electric Ave. at Abbott Kinney and Palms Bl. And Exposition Bl. at Palms Expo Station
- Service integration with Google Maps and LA Metro trip planners
- Working with LA Metro for longer-term TAP integration
- Includes mid-day *circulator service
- Connects riders to LA Metro Expo Station at Palms
- Service location is 6.5 sq. miles

**Circulator Service – short distance, circular transit mode that takes rides around a specific area with major destinations*

CITY OF LOS ANGELES
INTER-DEPARTMENTAL MEMORANDUM

Date: 9/24/2019

To: The Honorable City Council
C/o City Clerk, Room 395
Attention: Mike Bonin, Chair, Transportation Committee

From: Seleta J. Reynolds, General Manager
Department of Transportation

Subject: **WESTSIDE MICROTRANSIT PROJECT DESCRIPTION INCLUDED IN THE LADOT TRANSIT SERVICE ANALYSIS (TSA) (CF-18-0244)**

Per the direction of the Committee Chair from the September 26, 2018, Transportation Committee meeting, attached is a description of the Westside Microtransit project included in the TSA.

The Westside Microtransit project intends to provide a first mile/last mile connection to the Los Angeles Metro Expo station at Palms for residents and commuters traveling in Palms, Mar Vista, Venice, and Del Rey. Microtransit combines innovative mobile phone technology and dynamic trip routing software with public transit service. Users can request a shared ride by mobile phone application, website, or phone call.

LADOT conducted outreach and received 1,186 community responses. Community feedback will continue to shape the service and the user experience.

Hi Eric,

Attached is both a one page description of the microtransit pilot project and a cover letter. We'd like to upload these materials tomorrow, so please review at your earliest. As discussed yesterday, we'd love for this to make its way onto a Council agenda for next week, so that Corinne can be present.

Thanks!

Mar Vista Community Council

MAR VISTA COMMUNITY COUNCIL
GREAT STREETS AD HOC COMMITTEE
Wednesday October 10 2018 6:30 to 8:00 pm
Mar Vista Library
12006 Venice Blvd., Mar Vista, CA 90066
(SW corner of Venice and Inglewood Blvds.)

Co-Chairs: Michelle Krupkin and Gabriel Hill

AGENDA

1. Call To Order and Welcome – Chair (1 min.) acting chair: Michelle Krupkin
2. Introductions and Public Comments (for items not on the agenda) (2 minutes)
3. Motion to approve recent Great Streets minutes (2 minutes)
4. Reports (15 -20 Minutes)
 - a. Great Streets Program brief definition-Michelle Krupkin, MV Community Council.
 - b. CD11 Mobility Deputy Alek Bartrosouf, back from a vacation, shares Mar Vista related mobility issues.
5. Old Business (10 minutes)
 - a. Policy Motion: Establishment of Street-Sweeping Route and Services for Centinela Blvd. Between Palms Blvd. and National Blvd. STATUS: PASSED at 8/14/18 BoD meeting. Needs possible follow-up letter to CD11, CD5 BoSS and LADOT.
 - b. Policy Motion Policy Motion: MVCC Support for the restoration of the “Opt-out” clause in the City of Los Angeles Sidewalk Vending Program. STATUS: Postponed for discussion no later than January 2019 at 8.31.18 Special Meeting of the BoD.
 - c. Mission Statement discussion for Great Streets Ad Hoc Subcommittee page. STATUS: to finalized for posting on MVCC website.
6. New Business (45 - 50 minutes)
 - a. Wajenda Chambeshi, Program Manager of Great Streets, discusses past and future projects on Great Street Venice Blvd.
 - b. Tracey Corinne, Mosaic Artist. Discussion of current status of payment for the three (3) mosaic tile project at 12515 Venice Blvd. installed June 14 2018, and discussion of the future mosaic hopscotch project planned for placement near the Mar Vista Library.
 - c. Discussion and possible motion: Should MVCC request an independent traffic study of the Pilot Program on Great Street Venice Blvd. similar to the independent traffic study completed in May 2018 for 4th District Councilmember David Ryu? Discussion and possible motion to follow.
 - d. Hannah Levien, CD 11 West LA/Mar Vista Field Deputy. Update on the Venice Blvd. Downtown Mar Vista Gateway Signage project.
7. Public Comment
8. Future Agenda Items
9. Adjournment

PUBLIC INPUT AT NEIGHBORHOOD COUNCIL MEETINGS – The public is requested to fill out a “Speaker Card” to address the Board on any agenda item before the Board takes an action on an item. Comments from the public on agenda items will be heard only when the respective item is being considered. Comments from the public on other matters not appearing on the agenda that are within the Board’s jurisdiction will be heard during the General Public Comment period. Please note that under the Brown Act, the Board is prevented from acting on a matter that you bring to its attention during the General Public Comment period; however, the issue raised by a member of the public may become the subject of a future Board meeting. Public comment is limited to 3 minutes per speaker, unless adjusted by the presiding officer of the Board.

PUBLIC POSTING OF AGENDAS - MVCC agendas are posted for public review at Mar Vista Recreation Center, 11430 Woodbine Street, Mar Vista, CA 90066. Subscribe to our agendas via email through L.A. City’s Early Notification System at <http://www.lacity.org/subscriptions>.

THE AMERICAN WITH DISABILITIES ACT - As a covered entity under Title II of the Americans with Disabilities Act, the City of Los Angeles does not discriminate on the basis of disability and, upon request, will provide reasonable accommodation to ensure equal access to its programs, services and activities. Sign language interpreters, assistive listening devices and other auxiliary aids and/or services, may be provided upon request. To ensure availability of services, please make your request at least 3 business days (72 hours) prior to the meeting you wish to attend by contacting chair@marvista.org.

PUBLIC ACCESS OF RECORDS – In compliance with Government Code section 54957.5, non-exempt writings that are distributed to a majority or all of the board in advance of a meeting may be viewed at our website, <http://www.marvista.org>, or at the scheduled meeting. In addition, if you would like a copy of any record related to an item on the agenda, contact secretary@marvista.org

RECONSIDERATION AND GRIEVANCE PROCESS - For information on MVCC’s process for board action reconsideration, stakeholder grievance policy, or any other procedural matters related to this Council, please consult the MVCC Bylaws. The Bylaws are available at our Board meetings and our website, <http://www.marvista.org>.

SERVICIOS DE TRADUCCION - Si requiere servicios de traducción, favor de avisar al Concejo Vecinal 3 días de trabajo (72 horas) antes del evento. Por favor contacte a chair@marvista.org para avisar al Concejo Vecinal.

Los Angeles Metro Bike Share Station Siting Meeting

October 8, 2018

- Attendees
 - Metro: Brett Atencio Thomas, Carolyn Mamaradlo, Andrew Kao, Rabi Abonour
 - Bicycle Transit Systems: Claire Hurley
 - Toole Design Group: Gwen Shaw
 - LA City Staff: Out on Holiday for Indigenous People's Day
- Westside
 - Fieldwork
 - CD5
 - Available 11/6-11/8
 - Aiming for 11/8
 - CD11
 - Still needs to fill out Doodle
 - BTS to follow up
 - Toole is not going to come down for initial fieldwork, and will come down once stations are finalized to begin drawing process
 - Playa Vista
 - **Metro** to follow up with Aaron about business outreach
 - Meeting with Council member Koretz – CD5 to follow up
 - Aiming for first week of November
 - Westwood/Rancho and Expo/Sepulveda Stations are okay for station placement if in LADOT right-of-way
 - Neighborhood council meetings
 - Mar Vista – 11/14 7:00PM
 - Palms – 12/5 7:00PM
 - **CD 5 and 11** to get bike share onto the agendas
 - **Metro** will lead the presentation
- Downtown/USC
 - Union & Hoover
 - LADOT and BTS found a spot on the east side of Hoover just south of Pete's Burgers
 - The east side is preferable because there is more activity and crossing is not ideal
 - LADOT to confirm which council district this spot is in
 - LAFC
 - License agreement is ready to be signed

- Possibility of moving 7th & Main station here
 - Metro does not want to use Pasadena stations outside of the Echo Park/Silver Lake expansion area
- University Village
 - Installation 10/12 at 9am pending work order
 - LADOT to follow up on work order
- 28th & University – looks to no longer be an issue
 - LADOT will confirm
- Vermont & Expo
 - BTS and LADOT met with Vanessa from Expo Park, who is against sidewalk placement
 - BTS and TDG agree that the site is not ideal because it could lead to negative community feedback/precedent
 - Found another site, but it is gravel so there would need to be a concrete pad
 - Spot behind bus bench is the groups preferred option
 - BTS to follow up on getting onto the Expo Park Board agenda for early December
 - BTS to begin preparing the license agreement ahead of time to expedite the process
- Jefferson/USC
 - BTS visited the site, but the sidewalk had fencing up
 - BTS to revisit, looking at the sidewalk further south on Flower
 - Alternative: LATTC/Orthopedic Institute Station
 - There is a space at Adams & Flower worth exploring
 - There are lot of USC students and general pedestrian traffic existing the station at the southern entrance on to Flower
- Fashion District
 - LADOT emailed the BID, who was concerned about these relocations
 - Metro drafted a response and followed up with LADOT
 - LADOT to follow up with BID
 - Remaining installs at USC are pending these relocations
- 7th & Main
 - De-installation on Wednesday
 - Station will go to the warehouse for refurbishment
 - Potential installation at LAFC
 - BTS to look into possibility of getting a decal up ASAP
 - Metro to work on an email to active downtown passholders

- Spring Street
 - No need for any station relocations post resurfacing
 - Main Street will not be completed until next year
- Mateo, 2nd & Hill
 - Katie is ready to meet and work on these locations
- Echo Park/Silver Lake
 - **Metro** to follow up with CD13 on availability
 - Fieldwork plan – Tuesday and Wednesday, meeting 9:30am at Union Station P3
 - Tuesday – Sarah, Andrew, Rabi, Claire, Gwen, Jose
 - Wednesday – Carolyn, Rabi, Claire, Gwen, Jose (need to confirm)
 - Stakeholder outreach
 - **Metro** to meet with internal community relations on Thursday, will report back Monday with Equity Platform outreach

September 2018

Welcome to the September issue of Mike Bonin's Neighborhoods First Newsletter!

IN THIS ISSUE: Bridge housing for homeless veterans is coming to the local VA campus.... Neighbors have a chance to shape the long-range future of development in their communities... the much-anticipated Palisades Village opens... The city approves new regulations for dockless scooters... Regulations for short-term rentals move forward (sort of)... Mike honors neighborhood leaders at block parties and neighborhood festivals... City crews fix potholes, install new crosswalks, clean medians, and more... and Mike continues to bring City Hall to our neighborhoods through pop-up office hours and living room meetings... But first, a quick chat with two Playa del Rey residents working passionately to reduce plastic pollution on our beaches, one straw at a time.

You can find out more about Mike, meet your CD11 staff and see the latest videos and updates from the Westside on our website at www.11thdistrict.com. And remember to like Mike's Facebook page to see the latest news about your neighborhood.

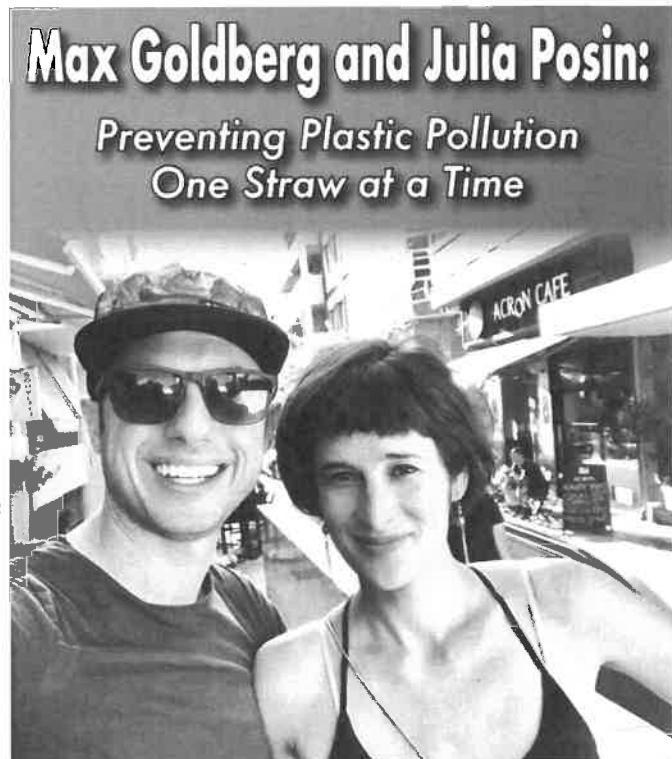

NEIGHBORHOODS FIRST PROFILE

Max Goldberg and Julia Posin of Steel Straws

As dedicated progressive activists and proud Westsiders, Max Goldberg and Julia Posin are taking action to reduce the plastics pollution in our ecosystem. We asked Max and Julia some questions about their work.

Q: How long have you lived in Playa del Rey? What do you like most about living here?

A: I purchased my home in Playa Del Rey in 2016, after previously living in Mar Vista (elsewhere in Councilmember Bonin's district). I love so much about Playa, it's a wonderful cross-section of the very best parts of the Westside. The energy here simultaneously feels vibrant because of the nearby Silicon Beach tech scene and LMU campus, while still feeling like a time machine took me 40 years backward due to the lack of major new development in the Playa Del Rey community. And seemingly all of the food here is amazing -- if you haven't been to Playa Provisions on Culver Blvd, you're missing out on one of the gems of the Los Angeles lounge scene.

Q: Tell me about Steel Straw and your most recent clean up initiative?

A: Julia and I started SteelStraw.com after we were both extremely frustrated by restaurants automatically putting a disposable plastic straw in our drinks without us asking for one, only for it to be thrown away (without even being used!) to eventually pollute our beloved ocean. We love our beaches, and couldn't stand participating in their pollution problem. Julia has a long trajectory of activism work in the environmental space, and I've worked in digital advertising for over a decade, and together we saw an opportunity to get a reusable alternative to plastic straws into the hands of people who want to "be the change".

Most recently, we teamed up with [Pacific Palisades Democratic Club](#) and [Heal The Bay](#) to co-lead a clean up of Will Rogers State Beach. We helped recruit forty high schoolers from Palisades Charter High School to learn about our massive pollution problem, and make a difference in their own backyard. In just two hours, we removed and cataloged thousands of pieces of styrofoam, microplastics, plastic straws, cigarette butts, and more, and hopefully contributed to inspiring the kids towards a lifetime of public service and environmentalism.

Q: How can neighbors get involved with Steel Straw initiatives?

A: The first and most important thing is telling waitstaff and bartenders to not give you a plastic straw if you don't want one because it's the simplest way to make a difference right now. A great next step is to use metal straws like the gift sets we sell on SteelStraw.com, which come in a reusable bag which you can keep in your car or purse -- it's a simple way to demonstrate to people that you understand that our oceans should be pristine, and not polluted with single use plastics. And perhaps most importantly, you should vocally support legislation to ban single use plastics like Councilmember Bonin has done by endorsing Assembly Bill 1884, which would limit the use of plastic straws in some California restaurants, which Governor Jerry Brown finally signed into law this week!

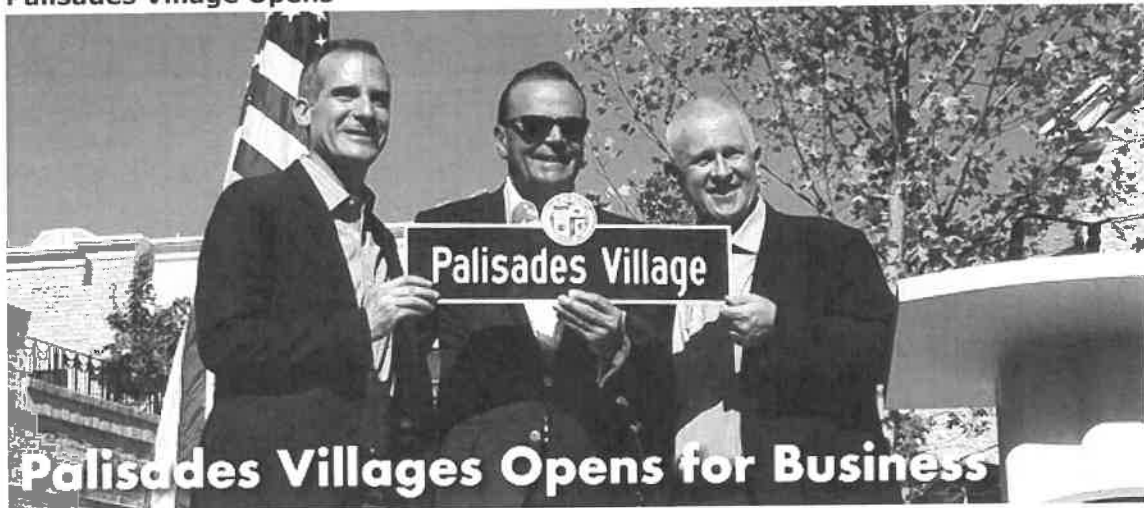

Q: What was it about plastics pollution that made you want to take action?

A: My partner and I believe plastics pollution is an environmental justice issue. We know that pollution in water supplies -- from Standing Rock, to the BP Oil Spill, to New Orleans' "Cancer Alley" -- directly impacts low-income communities and communities of color the hardest. This is why we must shift away from the disposable economy powered by fossil fuels, and into the green economy. We must use the momentum we're experiencing with single use plastic straws to create opportunities for everyone to succeed, while recognizing that there is no such thing as garbage -- just resources out of place.

Find out more about Max and Julia's efforts at <https://steelstraw.com/pages/faqs>.

Palisades Village Opens

Palisades Village is open for business!

Earlier this month, Caruso Affiliated unveiled the eagerly anticipated revitalized downtown of Pacific Palisades, officially known as Palisades Village, comprised of more than 40 boutiques and eateries, including a movie theater, an ice cream store, and 20 women-owned businesses.

Rick Caruso and his team spent countless hours working with neighbors, hosting more than 100 community meetings and going door-to-door to create the kind of downtown that the Palisades community has long desired. Mike says the project enjoyed more community support than any other project he has ever seen, anywhere in the 11th District.

Mike and Mayor Eric Garcetti joined Rick Caruso, Honorary Mayors Billy and Janice Crystal, hundreds of Pacific Palisades neighbors, the [Pacific Palisades Chamber of Commerce](#), the [Palisades Business Improvement District](#), the [Pacific Palisades Community Council](#) and more at the September 22 ribbon cutting.

Rest-in-Red Signal Improves Safety in Playa Vista

A new safety improvement will make a key thoroughfare in Playa Vista safer for families and young children.

The [Los Angeles Department of Transportation](#) recently implemented a "rest-in-red" signal at Bluff Creek Drive and Playa Vista Drive. A "rest-in-red" traffic signal uses motion detection, in conjunction with traffic signal changes, to reduce the speed of traffic on corridors frequented by pedestrians. On Bluff Creek Drive, the signal at Playa Vista Elementary "rests" in red, while a motion sensor detects approaching vehicles. If the vehicle is speeding, the traffic signal will remain red and the vehicle must stop before the light turns green. If the vehicle is not speeding, then the light will turn from red to green, and allow the vehicle to continue.

Drivers, pedestrians, cyclists, and students all share the road on Bluff Creek Drive when traveling to and from [Playa Vista Elementary School](#) and [Playa Vista Sports Park](#), and Mike is happy to work with neighbors to make the street safer for everyone.

41st Annual Jungle Cleanup

For more than four decades, the neighbors of "the Jungle" neighborhood in lower Playa del Rey have come together to tidy up their neighborhood with annual "Jungle Clean Up" events. Mike was happy to attend the 41st annual event, which always turns into a great neighborhood party — and this year had a special spirit of celebration after the recent community victory over the Legado project (see last month's newsletter for more information about that big community victory).

In addition to joining neighbors for the cleanup and celebration, Mike was humbled and surprised that [Friends of the Jungle](#) presented him and his staff with a beautiful token of appreciation for our work on behalf of the neighborhood.

Mike Joins Brentwood Glen HOA Annual Meeting

Homeowners in the Brentwood Glen area enjoy membership in the [Brentwood Glen Homeowners Association](#) - one of the many great homeowners associations in the Brentwood area. The Brentwood Glen Homeowners Association hosted its annual meeting on September 16th and Mike joined the group to speak with them about ongoing work to reduce traffic on Sunset Boulevard, support the first responders in hillside brush areas, and to end homelessness in Los Angeles. Thank you to Brentwood Glen HOA Cori Solomon, and all who attended the meeting!

Westchester Living Room Chat

Thank you to Rob and Kristin DeCou of Westchester for opening their home for a great living room chat with neighbors on September 18! Mike and Westchester neighbors had a great conversation about public safety, schools, development, LAX and a whole lot more.

But the star of the night was the host couple's adorable two year-old Hudson, who gives a powerful high-five!

Feria de Tejate Celebration of Oaxacan Culture in West LA

West LA is home to a large Oaxacan community, and every year the neighborhood comes together at the Feria de Tejate event to celebrate Oaxacan culture (and a delicious traditional drink from the Oaxacan region).

Mike celebrated the eleventh annual Feria de Tejate at [Stoner Park](#) in West LA on September 2. He joined constituents to enjoy traditional kloric ballets, as well as other lively music, dancing and delicious food. Thank you to everyone who came out to celebrate the important role the Oaxacan community plays in West LA and Los Angeles.

Celebrating Community at the Westchester Art and Music Festival

The annual [WAM Block Party](#) was held in Westchester on September 15, and featured fantastic musical acts, beautiful art and lots of fun activities for the entire family to enjoy. Mike was excited to join the festivities, the proceeds from which help support the Emerson Avenue Community Garden, and to present certificates of appreciation to John Sharpe, organizer of the WAM Block Party, and Michael Calzada, current president of the board of the [Emerson Avenue Community Garden](#). In addition to handing out certificates, Mike and his staff set up a booth at the community festival so Mike could meet with neighbors and answer questions about the work we are doing to get things done in Westchester.

Mike Hosts Pop Up Office Hours at Mar Vista Farmers Market

Attending neighborhood farmers markets are a great way to enjoy a beautiful day on the Westside, and often on the Westside, it is also a good way to connect with your local representative.

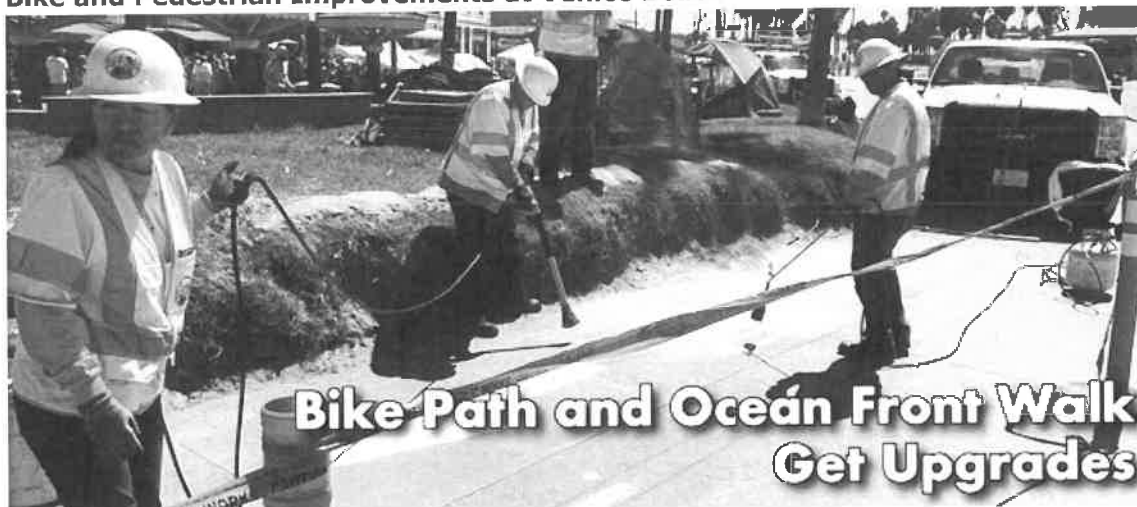

As he has done regularly since first being sworn in, Mike and his staff chatted with dozens of neighbors at "Pop Up Office Hours" at the [Mar Vista Farmers Market](#). Mike spoke with Mar Vistans at the market about neighborhood issues and fielded requests for city services. Additionally, Mike and his staff gave away free shade trees to constituents at the farmers market, helping to make our neighborhood cooler and more beautiful. Thanks to the [Koreatown Youth and Community Center](#) for its partnership in the tree giveaway, and thanks to everyone who took the time to stop by Mike's booth while shopping on a sunny Saturday!

Mike Visits with the LAX Coastal Chamber

Mike was glad to kick off the annual membership meeting of The [LAX Coastal Area Chamber of Commerce](#) this month with a brief "state of the city" overview, recapping his work over the past year to reduce traffic, end homelessness and enhance public safety (especially successful efforts to get more LAPD patrol officers and more LAFD resources to the district). He also spoke about the big changes coming to LAX, with work being done to connect transit, improve the passenger experience with better terminals, and build parks and other community resources on the LAX Northside. The chamber has been a great partner in fighting for more resources for the Westside and Mike is proud to work with its members to make our neighborhoods better places to live, work and enjoy.

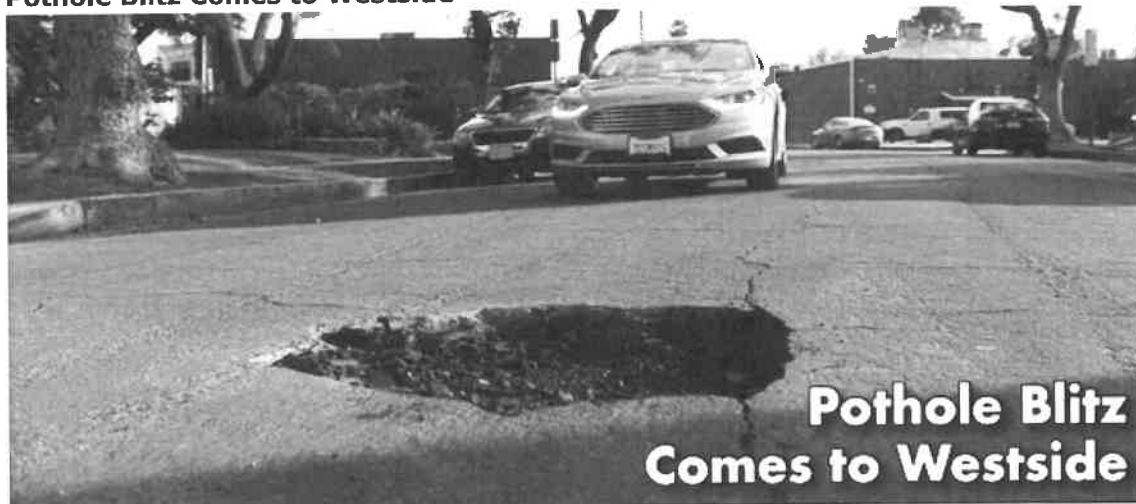

Bike and Pedestrian Improvements at Venice Beach

The city and county are making it easier for pedestrians and cyclists at Venice Beach.

The bike path along Venice Beach will be closed 7 a.m. to 3:30 p.m. Monday through Saturday until mid-October while county crews install new signs and pavement markings intended to increase awareness of pedestrian crossings and guide pedestrians onto Ocean Front Walk — and to remind people that the bike path is for cyclists only. Meanwhile, city crews are doing coordinated work nearby on the northern part of Ocean Front Walk near the Santa Monica border. Crews replaced cracked asphalt with new concrete that will last much longer and provide a safer transition for the pedestrians.

Pothole Blitz Comes to Westside

Residents and visitors in Westchester are enjoying a smoother ride on local roads, thanks to a neighborhood pothole blitz that filled a series of potholes this month. The [City of Los Angeles Bureau of Street Services](#) (BSS) worked with [Neighborhood Council of Westchester/Playa](#) to identify the highest priority potholes that needed repair, and thanks to the BSS crew's hard work, we were able to deliver vital services for neighbors in Westchester. Thank you to the neighborhood council and Bureau of Street Services crew for getting things done in our neighborhoods. Areas in Mar Vista, Del Rey, and Venice West LA, and Brentwood were also repaired.

Living Room Chat in West LA

Mike was happy to participate in a great backyard chat with neighbors on September 27 in West LA at the home of Nancy and Matthew Vescovo. Mike and neighbors had a great discussion about some of the most pressing issues in West LA - the need to preserve and increase affordable housing, a hunger for more and better transportation options and a desire for improved park space.

La Villa Marina Block Party

Mike was happy to join neighbors of the La Villa Marina community in Del Rey for their annual block party. Hundreds of neighbors came out to enjoy each other's company, talk about local issues, and try free food from dozens of local vendors.

Mike recognized Bob Herrera and Celinda Jungheim from the [La Villa Marina Council](#) for their work organizing the block party, and honored Richard Fliegel and Sue Allen Herrschaft for their consistent and inspiring advocacy on behalf of the neighborhood.

Charnock and McLaughlin Recieve Street Improvements

Residents of Mar Vista can feel a little safer crossing the street at the intersection of Charnock Road and McLaughlin Avenue after Mike and the local community council pushed for new pedestrian safety measures there. Earlier this month, crews from LADOT installed new high-visibility stop signs (in the middle of the wide street) and upgraded the intersection with higher-visibility continental crosswalks. Thanks to the [Mar Vista Community Council](#) and city crews for the great work.

Del Rey Neighborhood Council & Venice Arts Partner for Open House

Neighborhood arts center [Venice Arts](#) and the [Del Rey Neighborhood Council](#) partnered for an Open House event on September 5 to kick off the fall season and to celebrate arts, education, and community. The informative event introduced neighbors to Venice Arts, an organization founded in 1983 that has a core commitment to nurturing creativity and possibility in the lives of young people. Attendees also discovered more about the Del Rey Neighborhood Council - a great group of local leaders who work to make their neighborhood a better place to live, work and enjoy. For more information or to get involved with the [Del Rey Neighborhood Council](#), please visit <http://www.delreync.org>.

Upgrades at Del Rey Lagoon in Playa del Rey

Del Rey Lagoon, a local park in Playa del Rey, is getting a series of upgrades thanks to an effort by the Department of Recreation and Parks, Mike's office and the Park Advisory Board, led by Scott Carni. In the upcoming months, neighbors can expect restriped parking lots, a sand berm to prevent sand-covered sidewalks, and a crosswalk from the Del Rey Lagoon to Play del Rey Beach. Already, new "No Parking" signage has been added and ADA upgrades (including handicap parking signs) were installed in the northwest parking lot.

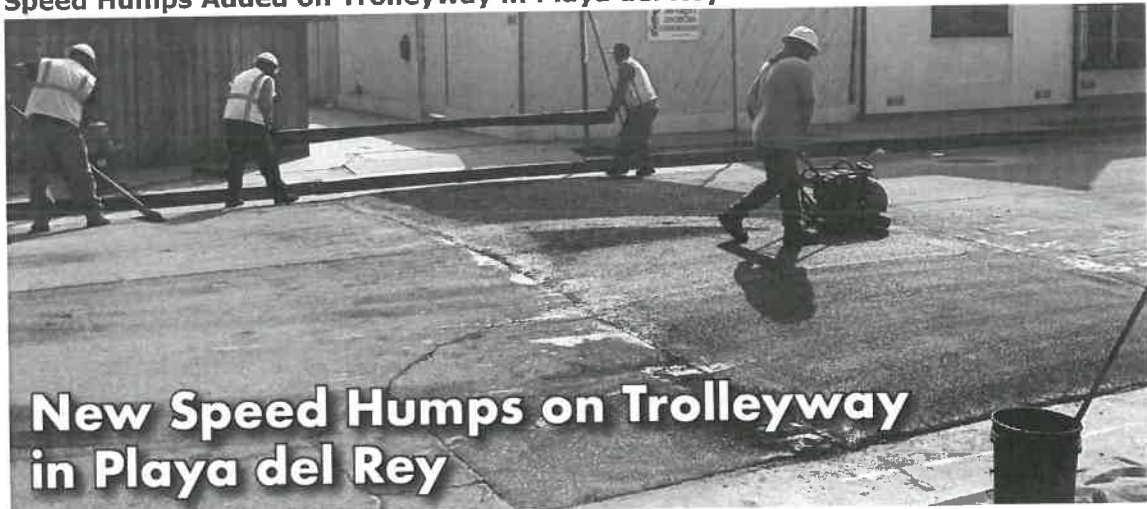

Thank you, Scott and the city staff who are helping make Del Rey Lagoon a great place for families to enjoy in Playa del Rey!

Living Room Chat in Playa Vista

Mike was welcomed into the Playa Vista home of Duane and Peter Muller on September 25 for a great, casual conversation about the issues facing our neighborhoods and our city. Mike and the Mueller's neighbors discussed a wide range of issues, including homelessness, public safety, protecting the environment, and a whole lot more. Thank you to the Mullers for hosting a great living room chat with Mike!

Speed Humps Added on Trolleyway in Playa del Rey

New Speed Humps on Trolleyway in Playa del Rey

Trolleyway in Playa del Rey is getting safer now that the street has new speed humps.

Neighbors asked for speed humps to help slow speeding cars and improve pedestrian safety in the neighborhood, and LADOT delivered. Before Mike took office, the city had eliminated the speed hump program, and Mike has been working with the [Los Angeles Department of Transportation](#) to bring the program back.

LMU Day at City Hall

LMU Day at City Hall

September 18 was [Loyola Marymount University](#) Day at City Hall.

Mike was joined by LMU President Dr. Timothy Snyder, "Iggy" the Lion, and LMU staff and alumni to recognize the incredible work of the 107-year old university, which has campuses in Westchester and Playa Vista. Throughout its history, LMU has cultivated socially-conscious leaders who have made their mark around the world with a commitment to diversity, social justice, and creativity. Thank you to the LMU leaders, alumni and staff for your unwavering support and commitment to not only the Westchester/Playa community, but to the entire City of Los Angeles.

COMBATTING HOMELESSNESS

Bridge Housing Coming to the VA Campus Near Brentwood

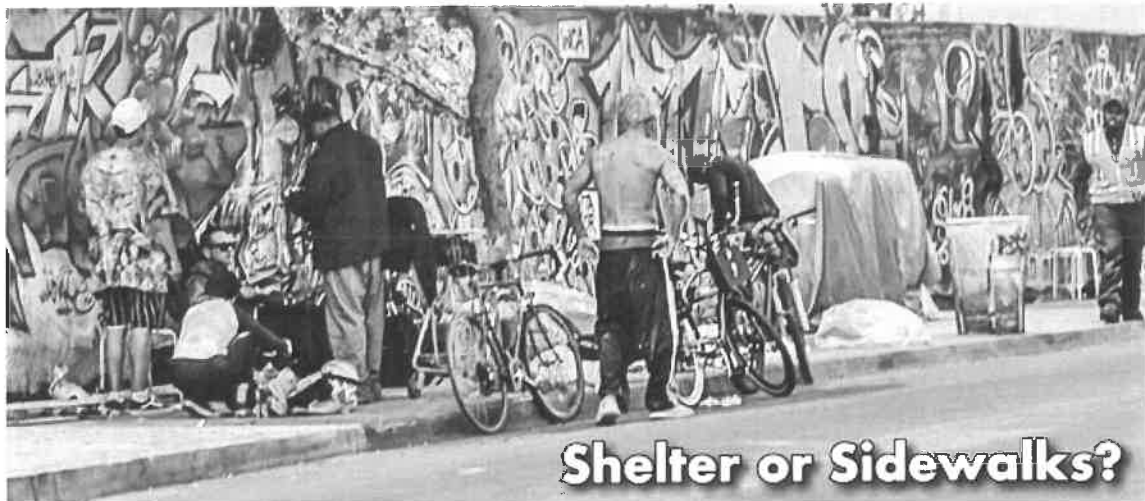

Bridge Housing Coming to VA Campus in Brentwood

Temporary bridge housing at the West Los Angeles VA campus in Brentwood will soon offer homeless veterans a safe and dignified place to reside while awaiting permanent housing, thanks to a groundbreaking partnership between the City of Los Angeles, the County of Los Angeles, and the [Department of Veterans Affairs](#).

The bridge housing facility, the first such facility to open on the Westside as part of [Mayor Eric Garcetti's "A Bridge Home" program](#), will provide transitional housing beds for up to 100 homeless veterans, including laundry facilities, personal hygiene centers, 24-hour security and supportive services. The county and the city will jointly pay for construction of the facility, and the Department of Veterans Affairs will offer on-site case management and supportive services.

The facility is scheduled to open in early 2019, and will provide housing for homeless veterans while the VA builds out its Draft Master Plan, which calls for 1200 units of permanent supportive housing there. The bridge housing site is internal to the VA campus, near existing buildings and services, and will not be visible from the exterior of the campus.

Federal Court Issues Major Ruling Affecting How Cities Can Address Homelessness

In a decision that applies to all of California and beyond, a federal appeals court ruled unanimously in September that cities cannot prohibit sleeping on public property unless adequate shelter is available. Significantly, this applies everywhere in California -- not just in Los Angeles.

Providing housing and shelter is the only way to end the horrible crisis and perpetuating cycle of homelessness. To comply with this ruling, the only way to serve the interests of neighborhoods is to offer housing and shelter for people currently living on the street.

[Read more about the court ruling in the LA Times coverage here.](#)

First Bridge Housing Facility Opens in El Pueblo

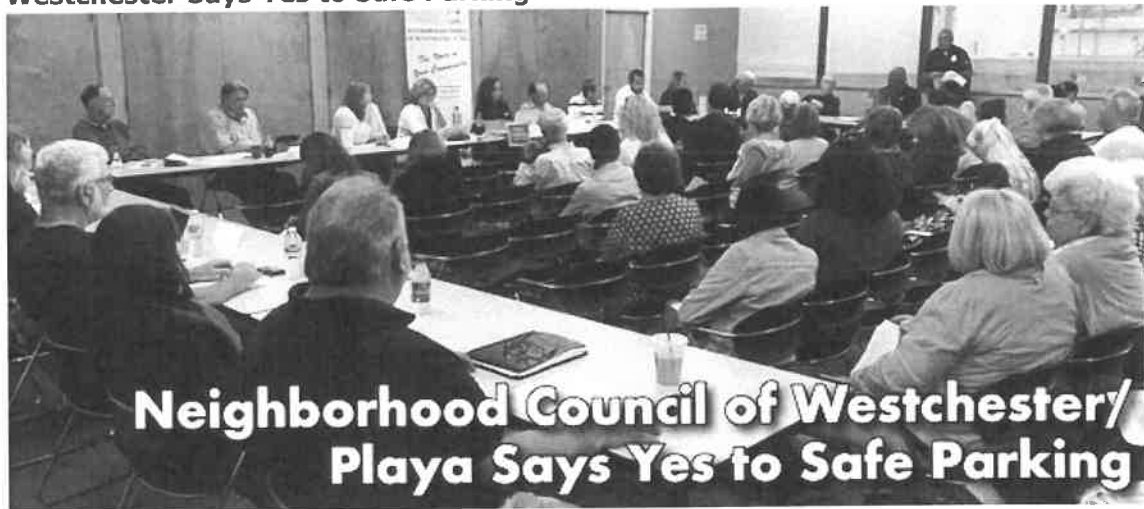

The first temporary bridge housing facility in Mayor Eric Garcetti's Bridge Home initiative is open!

Mike was excited to join his colleague [Jose Huizar](#) and [Mayor Garcetti](#) at El Pueblo on September 5 for the grand opening of a temporary housing facility that will offer people in the area near Union Station in downtown Los Angeles an alternative to sleeping on the street. Temporary housing like this is an important first step in getting people off the streets, out of encampments, and on the road to housing. Mike is very happy to see the Mayor's initiative move forward.

The Mayor's office put together a great video about how El Pueblo came to be, as well as how the Bridge Home program work, which you can check out on YouTube [here](https://www.youtube.com/watch?v=0RDq3Br3JIA):
<https://www.youtube.com/watch?v=0RDq3Br3JIA>.

Westchester Says Yes to Safe Parking

Thanks and kudos to the [Neighborhood Council of Westchester/Playa](#), which has unanimously endorsed providing Safe Parking at Mike's field office in Westchester!

[Safe Parking LA](#) provides an orderly and safe place for people living in their vehicles to stay overnight, connecting them to services and housing — instead of creating de facto vehicular encampments in our neighborhoods. Westchester will be the third CD11 neighborhood to step up and provide Safe Parking, following the VA campus in Brentwood, as well as West LA, where the [West LA Sawtelle Neighborhood Council](#) endorsed Safe Parking at Mike's West LA office.

Find out more about safe parking and the group that will operate all three of the Westside's safe parking locations at <https://www.safeparkingla.org/>.

Mayor Garcetti and Mike to Host Town Hall About Venice Bridge Housing Proposal

Mike and [Mayor Eric Garcetti](#) will host a community town hall at Westminster Elementary School (1010 Abbot Kinney Blvd) from 6-8pm on October 17 to discuss their proposal to build temporary bridge housing that can help get homeless people off the streets of Venice.

The event will be moderated by Alex Cohen, an acclaimed journalist and new morning anchor and host of "Inside the Issues with Alex Cohen" on Spectrum.

A large crowd is expected - please RSVP at bit.ly/BridgeHomeVeniceTownHall to reserve your seat.

Dockless Scooter Regulations Adopted

After a long and detailed debate, Mike and his colleagues unanimously approved a series of rules for on one year-pilot program for dockless bikes and scooters in Los Angeles.

The set of comprehensive and enforceable rules strike a balance between allowing dockless vehicles as a convenient, zero-emission form of short-trip transportation and holding dockless companies and users accountable for bad behavior. The rules also require companies share their data with the City, so we can continue to craft smart regulations, and require the companies to develop equity plans and offer their services in disadvantaged communities.

Find out more at <https://11thdistrict.com/news/scooter-rules/>.

More Local Transit Options

The [Los Angeles Department of Transportation](#) is restoring some of the DASH shuttle service that got cut during the economic downturn a few years ago, and Mike is seizing that opportunity to give residents in part of the district a chance to pilot for "micro transit." The concept, which would experiment with providing on-demand neighborhood shuttle service in the Mar Vista, Del Rey and Venice area, ultimately linking those communities to the Expo Line, could be in place as soon as next year. LADOT is also recommending adding a spur to the its Commuter Express service, linking Playa Vista to Line 437, which runs from Marina del Rey, over Culver Boulevard, and ultimately to downtown Los Angeles.

Metro Receives Key Federal Approval for Westside Purple Line Extension

Big news for transit on the Westside - Metro has received federal approval for the Purple Line extension that will bring the subway west of the 405.

Metro is extending the Purple Line heavy rail subway nearly nine miles westward in three sections. Phases one and two are already under construction and expected to open in 2023 and 2025, respectively. Phase three is expected to cost \$1.3 billion and will extend the subway 2.6 miles from Century City to Westwood and the V.A. Hospital.

Metro CEO Phil Washington acknowledged Metro Board Chair County Supervisor Sheila Kuehl and L.A. Mayor Eric Garcetti for their actions to secure the federal approval. He also emphasized that the federal letter means that Purple Line construction is on track to be completed in time to serve people attending the 2028 Olympic Games.

Read more about this big news for our transportation system on [LAAStreetsblog](#) at

<https://la.streetsblog.org/2018/09/20/metro-receives-key-federal-approval-for-westside-purple-line-extension-section-3/>.

Mike Bonin's Neighborhoods First Newsletter

PROTECTING THE ENVIRONMENT

Landmark Clean Energy Legislation Approved

There was fantastic news for the environment in California this month, as Governor Brown signed SB100 into law, charting a course toward a clean energy future in the golden state.

SB 100 was sponsored by State [Senator Kevin de León](#), and sets a target of generating 100 percent of California's electricity from carbon-free sources by 2045. Eliminating the carbon pollution we emit to power our state is a tremendous step toward minimizing the damage climate change will do to our neighborhoods.

The state law comes after Los Angeles unanimously approved legislation Mike and his colleague Paul Krekorian co-authored to chart a pathway to 100% clean energy in Los Angeles. The [Department of Water and Power](#) is currently working with experts and neighbors to create our roadmap to completely clean energy.

We are racing to 100%, and thanks to the grassroots activists and environmental champions throughout the state who made SB100 possible, California is leading the way.

Coastal Clean-Up Day Collects Debris from Beaches

More than 500 volunteers pitched in to reduce the amount of litter and debris on our beaches on September 20, as [Heal the Bay](#) and other environmental groups hosted annual coastal cleanup day events. Volunteers combed through Westside beaches, picking up any trash or unwelcome items left by beach-goers or washed ashore after being improperly disposed of in storm drains and sent into the Santa Monica Bay. In total, volunteers collected 53,721 cigarette butts, 94,839 plastic pieces, 43,004 foam pieces, 23,387 bottle Caps, 11,164 straws, 5948 pieces of glass, and 3964 beverage bottles for a combined total of 74,525.72 pounds of trash.

Thank you to all who volunteered to keep our beaches clean, fun and safe for all to enjoy.

Renters Gain Access to Solar Power in LA

Los Angeles renters will finally have access to sustainable solar power, thanks the first solar program for Los Angeles renters approved in September. On September 25, the [LADWP Board of Commissioners](#) voted to adopt a new Shared Solar program that will increase solar access for low-income communities.

Shared Solar will roll out in January and feature 10 megawatts of solar panels on LADWP and LA City-owned buildings. The panels will be installed by [IBEW Local 18's Utility Pre-Craft Trainee \(UPCT\) apprentices](#) and serve 13,000 ratepayers. Solar installations are also expected to include electric vehicle chargers and battery storage.

Environmental advocates fought for the program to offer a special low-income rate, pending federal and state grants. All participants will have a portion of their bill set at a

fixed rate, ensuring savings over time as LADWP's rates continue to rise. When paired with energy efficiency programs, participants can save even more.

Mike is incredibly excited that this innovative program will provide the economic benefits of solar energy to thousands of renters and low-income ratepayers while also creating living wage jobs. Thank you to the [Los Angeles Alliance for a New Economy](#) for your tireless advocacy that got this done for our neighborhoods!

Mike Bonin's Neighborhoods First Newsletter

NEIGHBORHOODS FIRST PLANNING

Short Term Rentals - Two Steps Forward, One Step Back

We're finally getting close to Los Angeles having smart, sensible and enforceable rules for short-term rentals - but not without some curveballs.

This month, the [City Planning Commission](#) voted to allow short-term rentals in units protected by rent control. The action flew in the face of Council direction, and would create an enormous loophole that would continue the ugly trend of landlords finding ways to evict good tenants from affordable units so that they can rake in more money from lucrative short-term rentals. The Planning Department's draft ordinance had already ignored some of the Council's directions, and CPC compounded the problem. When this issue comes back to Council in a few weeks, Mike will be working with his colleagues to reverse these changes and ensure that when short-term rental regulations are finally adopted, they will allow genuine home-sharing while protecting rental housing that could be lost to rogue hotels.

Shape the Future of Your Neighborhood!

Do you want to help shape the future of your neighborhood? Get involved in updating the community plans for your area. This month, the City of Los Angeles Planning Department began a series of kick off events on the Westside to introduce the upcoming Community Plan Update process for the Westchester/Playa, West LA, Palms/Mar Vista/Del Rey, and Venice neighborhood.

Los Angeles has a broken planning system and this process is your opportunity to fix it. Instead of basing development on outdated plans, which fosters a culture of speculation, variances, and zone changes, the City of Los Angeles is finally updating its community plans - giving us neighbors a chance to steer and shape development for the next decade. If you participate in this process, you can determine how our neighborhoods will grow, and you can help shape the city for the next generation.

Please visit <http://www.planningthewestside.org/> to find out more and receive updates about community plan updates in other Westside neighborhoods). This is your opportunity to create the guidelines for future development in the neighborhood.

Better Managing Transportation at LAX

Better planning and coordination can reduce traffic at LAX and in our nearby neighborhoods -- and Mike is pushing the airport to take the lead in making that happen.

The next few years will see a major shift in the way we get to LAX. This month, Mike formally requested LAX develop a strategy and create an entity -- called a "Transportation Management Organization (TMO)" -- focused on reducing traffic around the airport.

The main goal of TMO is to reduce car trips and incentivize other means of transportation, including public transit, carpooling, vanpooling, bicycling, and walking. Currently the airport operates a rideshare service serving about 700 individuals. With 50,000 employees working in and around LAX, the TMO is an opportunity to increase employee use of public and alternative transportation. That can make a huge difference efforts to reduce traffic, improve air quality, and create public transit options.

TMOs have been successful in reducing traffic at the University of California at Los Angeles, as well as in neighborhoods near Century City, and Mike hopes that a TMO at LAX will help make it easier for travelers, as well as neighbors in Westchester and Playa del Rey.

Fur Ban Approved by Council

Los Angeles is stepping up to end animal cruelty. On September 18, the Council unanimously approved a motion directing the City Attorney to draft a policy that would prohibit the manufacture and sale of fur products in the City of Los Angeles. If adopted, the ban will take effect two years after it is signed into law, and would include the ban of selling apparel that includes fur. This is a huge step for Los Angeles to stop the inhumane treatment of animals, and Mike was proud to support the grassroots activists who made this important progress possible.

• ***North Westdale NA Annual Block Party And Talent Show***

Saturday, September 29, 2018 at Noon

Location:

St. Andrews Church Parking Lot
11555 National Boulevard | Mar Vista, CA 90064

Description:

• ***Fall Festival at the Mar Vista Park***

The Fall Festival is *BACK*

and we need YOU!

Saturday, October 6, 2018

Click [here](#) for information; the Fall Festival website is [here](#)
Contact Festival organizer Julie Miller [here](#) to volunteer

Ongoing Initiatives

• ***MVCC At-Large Director Opening***

The Mar Vista Community Council (MVCC) has an **open seat on its board for an At-Large Director**. The position will be filled at the MVCC Board of Directors meeting on October 9, 2018, in accordance with [Article V, Section 6](#) of our [by-laws](#). The term will last until June 2019, at which time the next

election will be held for all sitting MVCC Directors.

If you are interested in joining the board, please read some of [what is required of a Board Member of a Neighborhood Council](#), posted on the LA City Department of Neighborhood Empowerment website (DONE). And here's an article describing [what Neighborhood Councils are all about](#).

It's a lot to read, but is all very important to know.

Please understand that ***these are volunteer positions***, as are all the Board positions, and that there's a significant time commitment expected from all Board members on the MVCC. We hold a monthly Board meeting that lasts from 1-4 hours, including set up and clean up. And there's prep time for those meetings as well.

In addition Board members are expected to Co-Chair at least one monthly committee meeting, and generally participate in the running of the organization. Many of us put in 10-20 hours per week; some spend more time than that. Everyone is required to stay current with City of Los Angeles trainings for elected officials.

Still interested? These are the criteria for the position of At-Large Director:

- Candidates must certify in writing that they are Stakeholders of the MVCC in accordance with these Bylaws and Election Procedures approved by the City as follows:
- The "At-Large" Director candidates must be a Stakeholder who lives, works, or owns property within the stated boundaries of the Council;
- Candidates must follow these Bylaws, approved Election Procedures, and MVCC Standing Rules D. Candidates must be eighteen (18) years of age or older.

If you would like to apply for the position, a statement of candidacy must be submitted by Saturday, October 6th, 2018 at 9pm. Email your statement to the Chair, via elliott.hanna@marvista.org or Chair@marvista.org. All statements will be included with the supplemental materials packet accompanying the October 9, 2018 agenda for the monthly MVCC Board of Directors Meeting.

Candidates are encouraged to make a statement at the meeting on October 9, 2018 in support of their candidacy. After that, the Chair shall appoint one candidate and the Board will vote whether to support the appointment.

Please email the MVCC at info@marvista.org if you have any questions.

• ***Mar Vista Road Safety Lawn Signs Campaign!***

Interested in a MVCC Traffic Lawn Sign?

Please contact your Zone Director to ask for one sign or several to share with neighbors:

Zone 1: ken.alpern@marvista.org,
 Zone 2: damien.newton@marvista.org;
 Zone 3: mary.hruska@marvista.org;
 Zone 4: aaron.elster@marvista.org;
 Zone 5: michelle.krupkin@marvista.org;
 Zone 6: holly.tilson@marvista.org.
 or: info@marvista.org

p.s. Thanks again to Carolyn Honda for the really cute designs. Credit too is due our local traffic police who assured us such a campaign could be effective, and popular too!

• ***Sunday At The Farmer's Market***

Visit the Mar Vista Community Council inside Mar Vista's Sunday Farmers' Market, on the NW corner of Pacific & Grand View: **9:00am - 2:00 pm PDT!**

The **Blue Tent** features information and presentation about local Community events, MVCC Committees, and municipal issues.

The **Green Tent** features rotating information and presentations about environmental and gardening issues ~ THIS WEE:

AUTUMN GARDEN PLANTS & ADVICE

The UC Cooperative Extension/LA County Master Gardeners will be at the Green Tent this coming Sunday, September 23rd, 9:00am - 1:00pm.

They'll have seasonal seed packets, information on what to do in your garden in the autumn, and the following plants to give away:

Baby kale - an heirloom variety that will mature into little plants which are the Master Gardeners think are best harvested young like lettuces.

A few **spinach**, **lettuce** and **rainbow chard**.

Sugar snap peas - delicious, eat them, pods and all.

Cilantro/Coriander - Lucky you! They have a slow-bolting variety and grows well in good containers. Use the fresh leaves for their intense tangy flavor. Allow some plants to mature and save the Coriander seed. Can be grown inside in a bright sunny window.

Earn some good karma by bringing your old six-pack trays so our Master Gardeners can continue to grow seedlings for your gardening pleasure. THANKS!

Mike the Mechanic attends to your bike's needs behind MVCC's Blue Tent, expertly accomplishing simple tune-ups and watching over your bike while you shop.

Re: Palms / Sawtelle Signals

Alek Bartrosouf <alek.bartrosouf@lacity.org>

Thu, Sep 13, 2018 at 1:23 PM

To: Richard hirschhoff <Richhmt@aol.com>

Cc: Hannah Levien <Hannah.Levien@lacity.org>

Bcc: Rudy Guevara <rudy.guevara@lacity.org>

Thank you Richard. As I mentioned, the August 2019 timeline is if the project is literally the last of a large batch to be installed. So its likely to be installed before then. I just dont know for sure, so I don't want to make you any promises. I'm simply sharing what I know so far.

Rudy is also my connection at LADOT. I encourage you to follow up with him in a couple weeks to ask if he has an update to the contractor's schedule, and when this particular improvement will be installed. Ive also made a note to notify you should I get an update on Palms/Sawtelle.

Have a great rest of your day.

Best,
Alek

On Wed, Sep 12, 2018 at 5:49 PM, Richard hirschhoff <[REDACTED]> wrote:

Hi Alek,

Thanks so much for being so helpful and efficient in reaching out and getting a response from LADOT. I'm not sure who responded to you, but for years I have been in contact with Rudy Guevara, chief engineer for WLA projects, in my Service Request. Being many years now in trying to get this project accepted, passed, funded, and scheduled, I was hoping Rudy would be able to contact those delegated to complete this project for his department in order to get a more clear picture regarding when this highly necessary project that impacts our westside traffic at this corner, Palms and Sawtelle Blvd, severely every day during the high traffic periods of morning commuters and afternoon returning commuters, as well as for safety issues related to the children and families attending Windward School.

If you get a chance to pursue any further, as I have done before, Rudy Guevara does have to authority and ability to get feedback from his project engineers with more specificity related to its scheduling. Thanks for any effort you can make into stressing the significance of being able to relay any positive news to the Mar Vista Community regarding when this vital project might be completed, thus assuaging the long term frustration of countless people living, working, or just passing through this area of Mar Vista.

Take care. Thanks for your help, and here's hoping its done sooner than later.

Yours truly,

Rich

On Sep 12, 2018, at 3:34 PM, Alek Bartrosouf <alek.bartrosouf@lacity.org> wrote:

Hi Rich,

I got a quick response from LADOT. This intersection is batched with others in a contract that has been secured and funded. The entire batch should be done by August 2019. We don't know the schedule for each project within that batch, but that is the latest most conservative timeline I can give you. We're hoping it will be done sooner, but I'm not aware of the particulars of this contract/contractor.

Hope this helps. We're almost to the finish line.

Best,
Alek

On Wed, Sep 12, 2018 at 2:37 PM, Alek Bartrosouf <alek.bartrosouf@lacity.org> wrote:

Hi Rich,

Thanks for reaching out and looking forward to meeting you one day. Let me contact LADOT. It is my understanding the project is funded but don't know the schedule myself. I'll get back to you when I hear from them.

Best,

Alek

Hi, again, Hannah,

Just a compliment on you and Mike's office for getting the great work done at McLaughlin and Charnock, and McLaughlin and Victoria Ave. The stop signs and other implementations will make those corners much more clear to drivers to obey the traffic laws and thus have less collisions, hopefully. I mentioned below that I was wondering if during your follow up on the implementation of my long standing Service Request to get those new signals and turn arrows at Palms and Sawtelle Blvd, whether there was any time frame or timeline for the work to be done this Fall as you mentioned before. Could you please check on this? Thanks so much. Hope all is going well. Take good care.

Mar Vista Bi-Monthly LADOT/CD11/LAPD Traffic Committee Meeting
September 19, 2018 at 10:00 a.m.
West Los Angeles Office of Councilman Mike Bonin
1645 Corinth Ave., 2nd Floor, Los Angeles, CA 90025

AGENDA

Call to Order

Approval of Minutes of July 18, 2018 Meeting

Agenda items for discussion are as follows:

LADOT Agenda Items:

Old Business -

Item #1: Follow-up reports/updates from Rudy G. on (1) progress re: funding for new intersection traffic signal with crosswalk for northbound left turn from Graham Place onto Sawtelle Blvd; and (2) re: a stakeholder request for a crosswalk at Barrington and Sardis. [LADOT]

Item #2: A follow-up report from Rudy G. re: a stakeholder request to install a crosswalk between 3415 Sepulveda Blvd. and Rose Ave. for pedestrian and vehicle safety. [LADOT]

Item #3: Reports from Rudy G. and Hannah L. re: John Evans' request for speed humps and signage to control traffic speeding on Federal Ave. between National Blvd. and Stanwood Dr. [LADOT & CD11]

New Business -

No new LADOT business agenda items were received for this meeting before the Agenda closed.

Other Agenda Items:

Old Business -

Item #1: Follow-up report from Hannah L. on her work with the Bureau of Street Lighting re: the appropriate poles to be used for street lighting installation on Victoria between Walgrove and Beethoven streets. [CD 11]

Item #2: Follow-up report by Hannah L. re: Bureau of Street Services' repair to a pothole in the "zebra" crosswalk on Beethoven St. at Palms Blvd. [CD11]

Item #3: Report from Hannah L. as to whether any usable suggestion or solutions have been received for changes or repairs on Venice Blvd. that could alleviate ongoing Wade St. traffic problems. [CD11]

Item #4: Follow-up report from Hannah L. re: progress toward solving problems for neighbors of the 3101 Barrington Ave. building which puts its trash containers in the alleyway next to them, creating foul odors and insect and rat infestations. [CD11]

New Business - No new Other Agenda items were received for this meeting before the Agenda closed.

Agenda September 19, 2019 Mar Vista Bi-Monthly Traffic Committee Mtg. - Pg. 2

The next Mar Vista Bi-Monthly LADOT/CD11/LAPD Traffic Committee Meeting will be held on November 21, 2018 at Council District 11 West Los Angeles Office, 1645 Corinth Ave., Room 201, Los Angeles, CA 90025.

 **Agenda 09-19-18 Mar Vista Bi-Monthly Traffic Comm.Mtg..doc**
23K

Mar Vista Traffic Problems and Possible Resolutions

Issue: afternoon rush hour traffic {4:00 – 7:00 pm Mon-Fri} at Palms & McLaughlin and surrounding neighborhoods

Reason: the obvious, complicated by GPS apps like WAZE available on cell phones

Impacting: parallel neighborhoods to McLaughlin; north to National, west to Inglewood, east to Federal and Mar Vista Elementary School

Resulting: in cars blowing through stop signs, cars running lights at Palms & McLaughlin, speeding through neighborhoods, blocking intersections, using surface street lanes to reach alley ways. In some instances, cars are using both lanes of a neighborhood street to more quickly access an alley.

Effects: Health, safety, crime for over 2000 constituents/citizens (estimated) and reducing property value

This situation is only getting worse as the city's traffic grows and commuters look for quicker routes in the evening. The last 3-4 years have been unbearable, increasingly dangerous and extremely unhealthy for these neighborhoods with respect to car emissions and noise. Traffic accidents in the area have increased.

These major thoroughfares and traffic flow need to be "redesigned" to meet the current condition now and meeting the needs of the area in the future.

Getting traffic out of the surrounding neighborhoods is long overdue. The Westdale/Trousdale section of Mar Vista needs the same attention other areas have received in the city.

Below are some possible solutions.

Signage:

- "Stop", "Speed Limit", "Do Not Enter", "One Way", "Local Traffic Only" signs: on select intersections and roads, where and if applicable and logical.
- The surrounding neighborhoods could use numerous "No left turn, 4:00 -7:00 pm, Mon – Fri".
- **Effectiveness:** not much unless there is some occasion enforcement either by DOT or LAPD. Just enough to let drivers know they could be ticketed, once a month for an hour.

Slowing Traffic - Speed Humps/Bumps: (multiple streets)

- This is imperative near the school and foolish that it has not been implemented.
- Realizing this is a city budget issue; discussion should be initiated on allowing those most impacted to seek remedies.
- **Example:** rubber mounds as used on Airport Avenue south of Santa Monica Airport, west of Centinela
- **Effect:** health and safety for the neighborhoods as a possible deterrent for drivers

Traffic Signals:

The traffic lights at Palms & McLaughlin need the following:

- New "left" turn signal lights, southbound for traffic turning east on to Palms
- Re-programming the traffic lights from 4:00-7:00pm, Mon – Fri. to a "3-way traffic light".
 - o East/west traffic on Palms would be 30 seconds.
 - o Northbound traffic on McLaughlin would be 30 seconds
 - o Southbound traffic on McLaughlin would be 35 seconds.
- Make the existing left turn lane an arrow lane 4:00-7:00pm, Mon – Fri
- Make the number two lane both a left turn and thru lane only from 4:00-7:00 on weekdays.
- Make southbound McLaughlin "no parking 4:00-7:00 weekdays" between Indianapolis and Woodbine, thus creating two-southbound lanes
- **Impact:**
 - o will significantly reduce the local neighborhood cut thru traffic (health/safety)
 - o will significantly reduce backed up traffic on McLaughlin sometimes to Indianapolis/Federal and beyond (health)
- **Costs:** signage, re-designed southbound traffic light pole, arrow lights instead of round r/y/g light, and re-programming the intersection for this time period

Temporary Road Blockage:

Obviously this is extremely controversial, logistically a nightmare and perhaps not possible at all in some areas.

However, I'm exploring an idea that may resolve some of this.

A Bold Move:

This probably requires government approval (ordinance, law?); allow Parking Enforcement to issue tickets during rush hour for blocking intersections or violating "no turn" signs.

It could be a trial program in one area (say Mar Vista) to determine its viability.

However, despite the uphill struggle to initiate this concept; the additional revenue it could generate for the city could be millions of dollars (if instituted citywide).

Dear Councilman Bonin,

We met a few weeks ago at the downtown Los Angeles Public Library after a seminar you had participated in.

At that time we had a brief two [2] minute conversation regarding the situation described in the subject line. I even provided you some written "possible solutions".

Although appearing empathic, especially since you live in the vicinity and this is a "health and safety issue"; you said that you would have "Moe" contact me and possibly someone from DOT to further discuss this.

I realize this might be #101 on the Top 100 things on your "Do It" list. I get you have a myriad of things to do and complaints you have to field, but it's fair to say I represent the views of some 1000+ frustrated constituents.

Many of us were activists when you were born. This ain't our first rodeo. We have no illusions about the timeliness of government response/action and those who represent us. Unfortunately, some of us do hold on to beliefs and concepts from way back then; especially when it comes to the easy stuff that can be resolved.

Some of the solutions (which are nominal in cost) that I presented can be accomplished "overnight". If this is budgetary, I'm sure the residents in Westdale/Trousdale would gladly contribute to the cost; but we should not have to have a fundraiser to affect these changes.

So how about the follow-up you mentioned as a good gesture of political due diligence.

Respectfully,

Alan Scher

Ongoing Initiatives

- ***MVCC At-Large Director Opening***

The Mar Vista Community Council (MVCC) has an **open seat on its board for an At-Large Director**. The position will be filled at the MVCC Board of Directors meeting on October 9, 2018, in accordance with Article V, Section 6 of our by-laws. The term will last until June 2019, at which time the next election will be held for all sitting MVCC Directors.

If you are interested in joining the board, please read some of what is required of a Board Member of a Neighborhood Council, posted on the LA City Department of Neighborhood Empowerment website (DONE). And here's an article describing what Neighborhood Councils are all about.

It's a lot to read, but is all very important to know.

Please understand that ***these are volunteer positions***, as are all the Board positions, and that there's a significant time commitment expected from all Board members on the MVCC. We hold a monthly Board meeting that lasts from 1-4 hours, including set up and clean up. And there's prep time for those meetings as well.

In addition Board members are expected to Co-Chair at least one monthly committee meeting, and generally participate in the running of the organization. Many of us put in 10-20 hours per week; some spend more time than that. Everyone is required to stay current with City of Los Angeles trainings for elected officials.

Still interested? These are the criteria for the position of At-Large Director:

- Candidates must certify in writing that they are Stakeholders of the MVCC in accordance with these Bylaws and Election Procedures approved by the City as follows:
- The "At-Large" Director candidates must be a Stakeholder who lives, works, or owns property within the stated boundaries of the Council;
- Candidates must follow these Bylaws, approved Election Procedures, and MVCC Standing Rules D. Candidates must be eighteen (18) years of age or older.

If you would like to apply for the position, a statement of candidacy must be submitted by Saturday, October 6th, 2018 at 9pm. Email your statement to the Chair, via elliott.hanna@marvista.org or Chair@marvista.org. All statements will be included with the supplemental materials packet accompanying the October 9, 2018 agenda for the monthly MVCC Board of Directors Meeting.

Candidates are encouraged to make a statement at the meeting on October 9, 2018 in support of their candidacy. After that, the Chair shall appoint one candidate and the Board will vote whether to support the appointment.

Please email the MVCC at info@marvista.org if you have any questions.

• Mar Vista Road Safety Lawn Signs Campaign!

Interested in a MVCC Traffic Lawn Sign?

Please contact your Zone Director to ask for one sign or several to share with neighbors:

Zone 1: ken.alpern@marvista.org,
 Zone 2: damien.newton@marvista.org;
 Zone 3: mary.hruska@marvista.org;
 Zone 4: aaron.elster@marvista.org;
 Zone 5: michelle.krupkin@marvista.org;
 Zone 6: holly.tilson@marvista.org.
 or: info@marvista.org

p.s. Thanks again to Carolyn Honda for the really cute designs. Credit too is due our local traffic police who assured us such a campaign could be effective, and popular too!

• ***Sunday At The Farmer's Market***

Visit the Mar Vista Community Council inside Mar Vista's Sunday Farmers' Market, on the NW corner of Pacific & Grand View: **9:00am - 2:00 pm PDT!**

The **Blue Tent** features information and presentation about local Community events, MVCC Committees, and municipal issues.

The **Green Tent** features rotating information and presentations about environmental and gardening issues.

Mike the Mechanic attends to your bike's needs, expertly accomplishing simple tune-ups and watching over your bike while you shop.

Palms/Sawtelle signal

Rudy Guevara <rudy.guevara@lacity.org>
To: Alek Bartrosouf <alek.bartrosouf@lacity.org>
Cc: Mohammad Blorfroshan <mo.blorfroshan@lacity.org>

Wed, Sep 12, 2018 at 3:27 PM

Hi Alex,

Palms/Sawtelle left turn phasing will be done under our contract: Main St. Contract Phase 2A. Now, I will try to explain the best I can. This contract is for Main Street but LADOT attached a whole bunch of other projects to the contract. This contract is being constructed by a private contractor. The first priority for this is Main Street then the other projects will follow (including Palms/Sawtelle). All the work should be completed by August 2019. This means that Palms/Sawtelle left turn phasing should be constructed by or before August 2019. That is if the project doesn't get delayed more by change orders, and other unexpected events. The main thing is that the contract has been awarded and construction will be proceeding.

I hope this helps. Let me know if you have any questions.

Wed, Aug 29, 2018 at 9:45 PM

Hello. Alek

Because my proposal for Palms Boulevard in Venice between Electric Avenue and Oakwood was cleared to go in 1991, I hope to be at the top of the ok list. Let me know, please.

At that time, I was a firebrand, but now that I'm 74, I could not repeat the signature gathering.

Thanks for your consideration,

Wendy Fairbanks

Los Angeles Station Siting Check-in 08302018 – Westside LA Crowdsourcing Map Review

- **Council District 11 Station Location Notes**

- Stations along the Venice Boulevard Great Street project corridor require further study to determine proper spacing.
 - A site visit with LADOT, CD 11, Metro and BTS will be scheduled to accommodate this need.
 - Engineering for the lane reallocation along this corridor required loss of a substantial amount of parking.
 - There is potential to site stations in hashed spots adjacent to the protected bike lane where parking is currently not located.
 - Key commercial should be prioritized for stations where possible.
- Playa Vista station locations and process will be discussed with local stakeholders at a meeting on September 11th with CD 11, Metro and BTS
 - Much of the property is private and will require further review from property owners and license agreements.
- 402 – SMC Satellite
 - Site should move forward.
 - Needs outreach to SMC.
- 403 – Mar Vista Rec Center
 - Moving forward with site in front of center.
- 404 – Palms and Centinela
 - Strong site with adjacent retail.
 - BTS has concerns about sidewalk quality here.
 - TDG and BTS will do more fieldwork to determine if the sidewalk is too uneven for a station.
- 405 – Venice and Sawtelle
 - Moving forward, looking for site close to intersection.
 - CD 5 had questions about proximity to site at Sepulveda and Venice but group concurred that both sites would be useful due to barrier created by freeway.
- 406 – Venice and McLaughlin
 - Site needs further study.
 - Eric noted a Department of Water and Power facility that could be used as a location.
- 407 – Venice and Inglewood
 - Site needs further study and will be included in the Venice Corridor Study.
 - Eric noted that the hashed areas in the street at this location could be potential location.
- 408 - Venice and Centinela
 - Site will be included in Venice Corridor Study.
 - Bike racks could provide opportunity for Geofencing.
 - Nearby Grand Avenue is very wide and could be restriped to provide room for a station.
- 410 – Venice and Walgrove
 - Unanimous decision to cut.
- 411 – Lincoln and Nowita or Marco

- This location was originally proposed as a replacement for California and Lincoln, which we are not removing.
 - BTS likes the idea of placing station adjacent to busy café on Marco.
 - CD 11 is apprehensive about getting in to political fight with nearby garage who uses the red curb here for auto storage.
 - Unanimous decision to cut for now with potential to revisit in the future.
- 412 – Washington and Centinela
 - Eric brought up possibility to restripe for angled parking and a station
 - Group noted lack of trip generators, wants to cut if Culver City is placing a station nearby
 - CD11 recommended looking at Washington and Inglewood or McLaughlin instead.
 - Further study will be conducted.
- 413 – Washington and Grandview
 - Eric confirmed that the station is in Culver City.
 - Cut, recommend the location to Culver City for their siting.
- 417 – Washington and Ocean Front Walk
 - Previous opposition from the bike shops thwarted any station siting here, but existence of Hulu and dockless operators have shifted the previous paradigm.
 - A study will be conducted here by BTS, METRO, CD 11 and LADOT to place as many stations as possible in the Washington Square area.
 - Potential locations include:
 - Hashed area at Washington and Pacific.
 - Ocean Front Walk is the first choice for a station
 - Potential for split station here.
 - Adjacent to Canal.
 - Potential geofenced locations.
 - Potential to take stations to BID for feedback and using BID member who owns Scopa Italian as champion.
 - 418 – Culver Median and Sawtelle
 - This area is within Culver City and would be best served by that city.
 - Unanimous decision to cut.
 - 419 – Culver Median and Berryman
 - Station needs further study.
 - Alek proposed a micro-study of the Culver Median and wondered about the possibility of pouring pads along the path.
 - 420 – Culver Median and Slauson
 - Needs further study.
 - Eric noted that LADOT is installing a traffic signal here and could probably pour a concrete pad concurrently.
 - 422 – Culver Median and Centinela
 - Centinela is a major bus route, so this location could be good for transfers.
 - Decision to move forward, but provide further study for exact location.
 - 423 – Sepulveda and Ballona Creek
 - This station will move forward but will require more outreach.
 - CD11 noted that parking is tight here
 - 424 – Culver Slauson Park
 - Unanimous decision to cut

- Could be a location to revisit later if we want to place more stations.
- 425 – Mar Vista Gardens
 - Metro and CD 11 conquer on importance for equity by placing station here.
 - Unsure about access from Mar Vista Gardens to the Ballona.
 - Site visit should be performed with CD 11, Metro and local community stakeholder.
 - Allen St entrance is a potential location.
 - If station is not located at Ballona, 426 may be an option to serve Mar Vista Gardens.
- 426 – Braddock and Inglewood
 - Station needs further study
 - Popular place for Mar Vista Gardens to shop and run errands.
 - Could be a natural place to get a bike as well.
 - If the Mar Vista Gardens station is closer to the Ballona then this station should proceed, or potentially serve both 425 and 426 if no site is available adjacent to Ballona.
- 427 – Milton Green Street
 - Unanimous decision to cut
- 428 – McConnell Cul-de-sac and Ballona Creek.
 - CD 11 will reach out to homeowner.
 - Pending this discussion the team supports the spot.
 - Strong location during the summer months for folks that want to park and ride down to PdR.
- 429 – Culver Median and McConnell
 - Team decided only one McConnell station is necessary.
 - Unanimous decision to cut.
- 430 – Glen Allan Park
 - Station location needs further study.
 - There is potential for a station closer to Panama to serve tech businesses in that area.
- 431 – Glencoe and Maxella
 - The sidewalk has been installed and is likely too narrow for a station, needs to be re-measured.
 - Original measurements showed 12 ft, drawings show 8'.
 - CD11 said there may be a spot farther east on Maxella but a location adjacent to the shopping here is preferred.
 - Strong location due to Layola Marymount Students frequenting this area.
- **Council District 5 Station Location Notes**
 - 301 – Sepulveda and Clover
 - Agreed to move forward, but CD5 wants it closer to the intersection.
 - Site will require further study to determine better location closer to destinations.
 - 302 – Queensland and Military
 - Unanimous decision to cut.
 - 303 – Palms and Kelton
 - Moving forward with option A.
 - 304 – Sepulveda and Charnock (A), Charnock and Bentley (B)
 - Moving forward with A.

- Site will require further study to determine exact location.
- 306 – Venice and Glendon (A), Venice and Midway (B)
 - Moving forward with A.
- 307 – Venice and Motor
 - Moving forward.
 - Site will require further study to determine exact location.
 - Mayura restaurant adjacent location preferred.
- 308 – Venice and Clarington
 - Moving forward
- 309 – Venice and Hughes
 - Site needs further study.
 - Metro encourages siting as close as possible to Main/Bagley and Venice.
 - Closest proposed Culver station is several blocks away.
 - CD 5 reiterated desire to preserve parking.
- 316 – Sepulveda and Queensland
 - Station needs more study.
 - Group prefers a location in non SFR part of the neighborhood.
 - Potential for location adjacent to UCLA student housing.
- 319 – Rose and Glendon/Midvale
 - Site needs further review.
 - CD5 reiterated concern for parking loss.
- 320 – Charnock and Overland
 - LADOT and CD 5 will examine if there is potential to find space by the new developments.
 - Group agrees that this will be a powerful location by the “O Café”.
- 321 – Motor and Regent
 - Further study needed
 - Consider placement in parkway where feasible.
 - Offstreet location is preferred.
 - Group agrees that Regent is an important biking street and this station is important to the network.
- 322 – Military and National
 - Remove from consideration.
- 323 – Sepulveda and Palms
 - Full consensus to move forward with this station.
 - Location adjacent to Trader Joes should prove successful.
- 324 – Charnock and Greenfield
 - Location needs further study.
 - Possible better location on regent.
- 325 – Midvale and Charnock
 - More study needed.
 - Location is at previous BBB 12 bus stop.
- 326 – Woodbine Park
 - This station is mandatory for the Neighborhood Council due to park poor nature of community.
 - More study is needed

- Group prefers not to see any grass taken here.
 - Gravel parkway along Woodbine is preferred location.
- 328 – Tabor and Empire
 - More study needed
 - Prefer location without loss of parking.
 - Parkway is preferred.
- **Next Steps**
 - Regularly scheduled LA Station Siting Check-ins will reconvene on September 10th
 - Stations along the Venice Boulevard Great Street project corridor require further study to determine proper spacing.
 - A study will be done to determine best station placement for Washington Square.
 - The group agrees that this will be key to the success of the Westside station area.
 - As many station as possible preferred here.
 - The CD 11 team will meet with Play Vista stakeholders to discuss station siting, process, and ease of station relocation.
 - **TDG** to develop a revised list of stations that are ready to proceed, stations to be removed and stations that need further study
 - A finalized list of stations should be completed by the end of September.
 - Equipment orders are expected to occur shortly after station siting is finalized and upon completion of a contract modification with BTS and a revised MOU with the City of Los Angeles.
 - Install is anticipated in early Spring of 2019.

Hi Everyone,

Thank you for your patience sitting through our very long Station Siting Check-in last week. We made some great headway in getting closer to a finalized list of sites to move forward with for the Westside of Los Angeles. Please see the notes and action items from the meeting attached, and let us know if any other items should be added. We will convene our regularly scheduled meetings on Monday September 10th.

Sincerely,

Mar Vista Community Council

MAR VISTA COMMUNITY COUNCIL
GREAT STREETS AD HOC COMMITTEE
Wednesday September 12 2018 6:30 to 8:00 pm
Mar Vista Library
12006 Venice Blvd., Mar Vista, CA 90066
(SW corner of Venice and Inglewood Blvds.)

Co-Chairs: Michelle Krupkin and Gabriel Hill

AGENDA

1. Call To Order and Welcome – Chair (1 min.) acting chair: Michelle Krupkin
2. Introductions and Public Comments (for items not on the agenda) (2 minutes)
3. Motion to approve recent Great Streets minutes (2 minutes)
4. Reports (5 Minutes)
 - a. Great Streets Program brief definition-Michelle Krupkin, MV Community Council. Also see Item 6a for discussion.
 - b. CD11 Mobility Deputy Alek Bartosouf shares Mar Vista related mobility issues.
 - c. Lenore French, will give an overview of the most recent September 6 Mar Vista Art Walk, themed "Science."
5. Old Business (30-45 minutes)
 - a. Policy Motion: Establishment of Street-Sweeping Route and Services for Centinela Blvd. Between Palms Blvd. and National Blvd. STATUS: PASSED at 8/14/18 BoD meeting. Needs possible follow-up letter to CD11, CD5 BoSS and LADOT.
 - b. Policy Motion Policy Motion: MVCC Support for the restoration of the "Opt-out" clause in the City of Los Angeles Sidewalk Vending Program. STATUS: Postponed for discussion no later than January 2019 at 8.31.18 Special Meeting of the BoD.
6. New Business (30-45 minutes)
 - a. Discussion of Mission Statement for Great Streets Ad Hoc Subcommittee page.
Looking at the below info, discussion and possible drafting of an updated Mission Statement for Great Streets Ad Hoc Subcommittee.
Mayor Eric Garcetti launched the Great Streets Initiative to help re-imagine neighborhood centers, one main street at a time.
Goals:
 - Increased Economic Activity
 - Improved Access and Mobility
 - Enhanced Neighborhood Character
 - Greater Community Engagement
 - Improved Environmental Resilience
 - Safer and More Secure Communities
 - Improved Public Health
 - b. Wajenda Chambeshi, Program Manager of Great Streets, discusses past and future projects on Great Street Venice Blvd.

- c. Discussion and possible motion: Silver Lake Neighborhood Council, asked their Councilman, David Ryu, for the funds to do an independent traffic study. He agreed and that study was completed in May 2018. In the spirit of transparency, should MVCC request an independent traffic study of the Pilot Program on Great Street Venice Blvd.? Discussion and possible motion to follow.
- d. Tracey Corinne, Mosaic Artist. Discussion of call for volunteers and other needs for Mosaic Hopscotch planned for placement near MV Library.

7. Public Comment
8. Future Agenda Items
9. Adjournment

PUBLIC INPUT AT NEIGHBORHOOD COUNCIL MEETINGS – The public is requested to fill out a “Speaker Card” to address the Board on any agenda item before the Board takes an action on an item. Comments from the public on agenda items will be heard only when the respective item is being considered. Comments from the public on other matters not appearing on the agenda that are within the Board’s jurisdiction will be heard during the General Public Comment period. Please note that under the Brown Act, the Board is prevented from acting on a matter that you bring to its attention during the General Public Comment period; however, the issue raised by a member of the public may become the subject of a future Board meeting. Public comment is limited to 3 minutes per speaker, unless adjusted by the presiding officer of the Board.

PUBLIC POSTING OF AGENDAS - MVCC agendas are posted for public review at Mar Vista Recreation Center, 11430 Woodbine Street, Mar Vista, CA 90066. Subscribe to our agendas via email through L.A. City’s Early Notification System at <http://www.lacity.org/subscriptions>.

THE AMERICAN WITH DISABILITIES ACT - As a covered entity under Title II of the Americans with Disabilities Act, the City of Los Angeles does not discriminate on the basis of disability and, upon request, will provide reasonable accommodation to ensure equal access to its programs, services and activities. Sign language interpreters, assistive listening devices and other auxiliary aids and/or services, may be provided upon request. To ensure availability of services, please make your request at least 3 business days (72 hours) prior to the meeting you wish to attend by contacting chair@marvista.org.

PUBLIC ACCESS OF RECORDS – In compliance with Government Code section 54957.5, non-exempt writings that are distributed to a majority or all of the board in advance of a meeting may be viewed at our website, <http://www.marvista.org>, or at the scheduled meeting. In addition, if you would like a copy of any record related to an item on the agenda, contact secretary@marvista.org

RECONSIDERATION AND GRIEVANCE PROCESS - For information on MVCC’s process for board action reconsideration, stakeholder grievance policy, or any other procedural matters related to this Council, please consult the MVCC Bylaws. The Bylaws are available at our Board meetings and our website, <http://www.marvista.org>.

SERVICIOS DE TRADUCCION - Si requiere servicios de traducción, favor de avisar al Concejo Vecinal 3 días de trabajo (72 horas) antes del evento. Por favor contacte a chair@marvista.org para avisar al Concejo Vecinal.

DRAFT agenda for September 12 2018 Great Streets Ad Hoc Committee meeting

Michelle Krupkin <mkrupkin@mindspring.com>

Fri, Sep 7, 2018 at 4:01 PM

To: Alek Bartrosouf <alek.bartrosouf@lacity.org>, [REDACTED], Lenore French <Lenore@ccinitiative.org>, Hannah Levien <hannah.levien@lacity.org>, wajenda.chambeshi@lacity.org, Tracey Corinne [REDACTED]

Cc: Elliot Hanna <Elliot.Hanna@marvista.org>

Hello All,

Attached please find the draft agenda for the September 12 2018 Great Streets Ad Hoc Committee meeting.

As always, the meeting will be taking place at the Mar Vista Library, 12006 Venice Blvd., Los Angeles, CA 90066 starting at 6:30 pm.

Please let me know if you have any updates/corrections.

Thanks.

Best,
Michelle

August 2018

Welcome to the August issue of Mike Bonin's Neighborhoods First Newsletter!

IN THIS ISSUE: Mike continues to deliver additional LAFD resources for our neighborhoods... a notorious Westside chokepoint will be the first place in the city to benefit from a new tech-based traffic-busting program... Mike teams up with residents to beat back a lousy development proposal... Mike continues to push hard for solutions to homelessness... a new park and playground opens, neighborhood streets get paved, and Mike meets with constituents in living rooms, backyards, and even on their doorsteps... but first, please read this month's Neighborhoods First profile about a local poet whose work is helping to give our Great Street a new artistic identity.

You can find out more about Mike, meet your CD11 staff and see the latest videos and updates from the Westside on our website at www.11thdistrict.com. And remember to like Mike's Facebook page to see the latest news about your neighborhood.

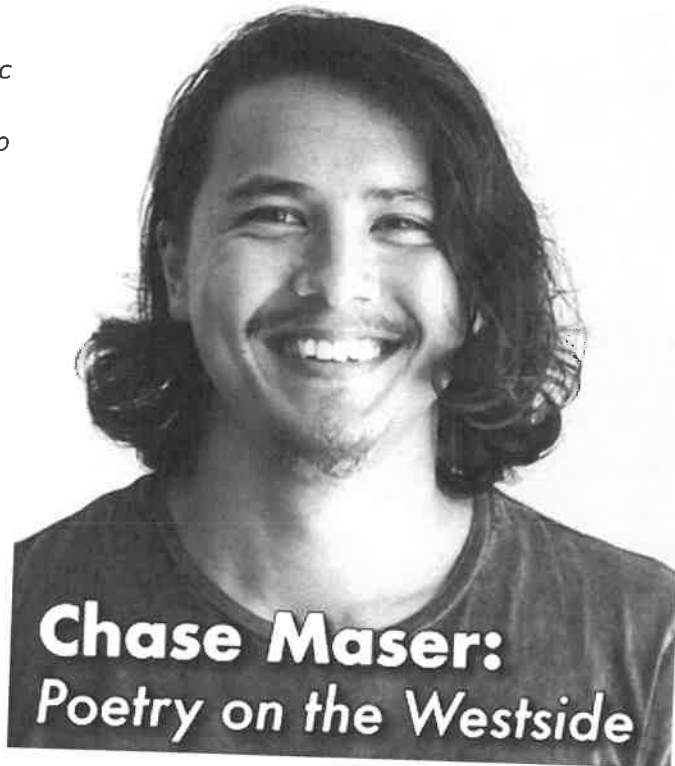

NEIGHBORHOODS FIRST PROFILE

Chase Maser, poet.

From world-renowned galleries like the Getty, to legendarily funky destinations like Venice, to fantastic local neighborhood theater companies, the Westside is home to an incredibly rich history of artistic creation. The next chapter of that artistic history is always being written, and in this month's Neighborhoods First Profile, we decided to interview Chase Maser - a local poet who is already leaving his mark on the art community on the Westside.

Chase is a Playa del Rey resident who has lived on the Westside for the past six years. He graduated from UCLA with a bachelor's degree in 2016 and he was already part of the local art scene by the time he graduated, helping to host poetry readings through a group called pspoets.

How has living in Playa del Rey inspired your work?

In the past, living in LA has always been an assimilation. It took time for me to know the streets, to understand the different cultures and neighborhoods, and that time of observation kept me somewhat isolated from truly immersing myself in a community. When I moved to Playa del Rey, those periods of adjustment were over. I've lived in LA close to 9 years now, and Playa del Rey has certainly become my home. The smell of the beach, the cool breeze in the morning, the lazy sun in the afternoon; it has cultivated my character, which helps my work flow naturally.

How long have you lived in PdR and how did you get involved with the arts scene on the Westside?

I moved to PdR when I was finishing my bachelor's degree at UCLA in 2016, so a little over two years. My business partner Sergio Cacciotti, got involved with the arts scene on the Westside back in 2015 when we (pspoets.org) started hosting poetry readings at a bar called Gravlax on the outskirts of Mar Vista and Culver City. From there, we met a whole network of people, including Lenore French - founder of [Mar Vista Art Walk](#) - who connected us with more events and opportunities to help spread poetry throughout the city. We've been fortunate enough to participate in the Mar Vista Art Walk for the past year, to promote other artists who are a part of the community and to support local businesses like [Gravlax](#) and [Vintage on Venice](#). Mar Vista serves as a hub for artistic expression and community gatherings, so being able to support that in some way is a tremendous blessing for us.

How can people support you and get involved with pspoets?

We are an inclusive group, which means that we welcome anyone, no matter what their relationship is with writing, to join our readings and share their creativity. Our mission has always been to create opportunities for artists, so the best way to get involved is to simply show up to an event and be yourself. We promote all of our events online through our website, pspoets.org, as well as on various forms of social media. Our Instagram account is a great way to connect with us (@pspoets), and our team manages other accounts for Facebook, Twitter, and Pinterest under the same username. More than anything, a community is only as strong as those who are involved, and poetry is one of the most universal forms of expression and communication out there. There is certainly a place for everyone with this understanding.

What is the idea of your online community?

Since many people aren't able to come to LA and join our events, we try to always engage with followers online and create opportunities to showcase their work or inspire them with creative content. For example, every month we host a Poet of The Month contest that invites people all around the world to submit their original work for a chance to have it featured on our website's homepage for the upcoming month. Also, we just finished hosting a chapbook competition where poets submitted their manuscripts for a chance to receive publication and promotion through our platforms. These are just a few examples of how we include people from all areas and walks of life. The internet has the power to consume and distract from the present, but it also has the ability to connect with great minds and hearts on a compassionate level. That has always been our goal with pspoets, to be a community that embraces individuality and fosters connection.

Some of Chase's work can be seen in the new public art installations along the Great Streets section of Venice Boulevard in Mar Vista – read below for more about that exciting project. For more about Chase and his work, please visit pspoets.org.

New Ambulance Rolls Out in Mar Vista and Del Rey

Rescue Ambulance 862.
Rolls Out in Mar Vista

Rescue Ambulance 62 – a new part-time ambulance – began operating out of Fire Station

62 in Mar Vista this month, adding a crucial new life-saving resource for Mar Vista and Del Rey. The new part-time ambulance now allows first-responders to respond to simultaneous emergencies in the neighborhood, and will help protect life and property on the Westside. Mike has made restoring and amplifying life-saving service on the Westside a priority since becoming a Councilmember, and with the addition of Rescue Ambulance 62 (as well as the restoration of Engine 69 in Pacific Palisades and the addition of Rescue Ambulance 5 in Westchester), Council District 11 now has *MORE* Los Angeles Fire Department service than it did before the 2008 recession forced severe cuts to LAFD service throughout Los Angeles.

Improving Emergency Service for Ladera

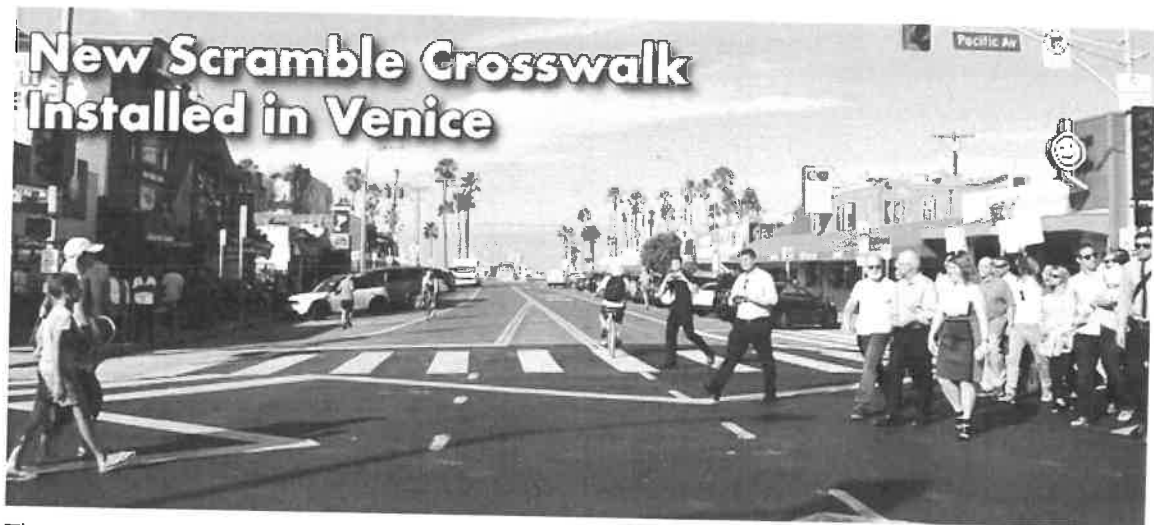

Mike proposed legislation in August that could dramatically improve emergency response times in the Ladera neighborhood.

Ladera, a small community near La Cienega Boulevard and La Tijera Boulevard, used to be served by Los Angeles Fire Department Station 54, which had to be closed more than a decade ago due to seismic concerns with the building. With LAFD station 54 closed, Ladera is now served by Fire Stations 5 (in Westchester) and 66 (on Slauson) – both a significant drive away from the community. The legislation Mike proposed asks LAFD to work with the Los Angeles County Fire Department to reach an agreement that will allow Ladera to be served by nearby LA County Fire Station 58 – a move that will help neighbors in Ladera to get the service they need quickly. Mike's legislation further asks for the city to continue working to build a new LAFD station 54, which would permanently restore the emergency service Ladera deserves.

We have made tremendous strides in recent years to restore emergency services to the Westside, and we now have more services that we did before the Great Recession forced dramatic cuts to LAFD's budget. Thank you to all of the neighborhood partners who have worked with Mike and his office to ensure that LAFD has the resources they need to protect lives and property on the Westside.

New "Scramble" Crosswalk Installed in Venice

The intersection of Pacific Avenue and Washington Boulevard now features an innovative new crosswalk that will improve safety for pedestrians. This cool "scramble" crosswalk allows pedestrians to cross the street simultaneously from all four directions (or diagonally) while the signal lights are red for motorists. The crosswalk design increases safety for those walking or riding their bikes, and makes it easier for people to get to the great shops and restaurants on Washington Boulevard near the beach. This is the second scramble crosswalk in Venice (there is another popular scramble at Pacific Avenue and Windward) and one of more than a dozen throughout Los Angeles.

Playa del Rey Neighbors Triumph Over Legado

Residents of Playa del Rey are celebrating a long-fought victory in a battle to prevent a luxury housing development that would have taken some precious public right-of-way. With the community's strong backing, Mike persuaded the City Council to unanimously reject the Legado project in downtown Playa del Rey.

The developer had demanded city land to expand his property and build more luxury housing in the neighborhood, despite the proposed project being designed to be much larger than allowed by local land use plans. Mike stood with the community, and worked with neighbors to deny the project. The land could be used better for public benefit to increase beach parking, enhance coastal access and improve the community, Mike argued, not to increase profits. Mike was proud to stand with thousands of neighbors, environmentalists and coastal advocates, the Neighborhood Council of Westchester/Playa, the LAX Coastal Chamber of Commerce and many others in defeating this project.

Stopping Scofflaw Roadwork on Sunset Boulevard

Stopping Scofflaw Roadwork on Sunset Boulevard

Mike stepped in this week to prevent what could have been a disastrous worsening of the already bad traffic on Sunset Boulevard near the 405 Freeway – halting unnecessary work that would have shut down lanes for 10 weeks!

Brentwood neighborhoods need improved, higher capacity electrical infrastructure, and when one of the local schools on Sunset Boulevard was doing some work on their campus, the Los Angeles Department of Water and Power advised them to proceed in a way that would have dug up part of Sunset – forcing traffic lanes to be blocked off and creating a traffic disaster on an already crowded corridor. The school didn't want to do it. Neighbors didn't want them to do it. Mike definitely didn't want them to do it. So, Mike called a meeting with all the relevant agencies and got them to put their heads together and come up with a better plan. Thankfully, they did.

Thanks to LADWP, LADOT, the Department of Building & Safety, the Bureau of Engineering, and the Archer School for Girls for working collaboratively with Mike and his staff to prevent any imminent lane closures. Mike is grateful for their responsiveness to neighbors, commuters, the Brentwood Community Council, Brentwood Homeowners Association and others.

Mike Meets with Neighbors in Palisades Highlands

Community Coffee in Pacific Palisades

In an effort to hear from more people he represents, Mike holds weekly coffee meetings with neighbors in living rooms and backyards, and earlier this month, Melissa Grant graciously opened her home in the Palisades Highlands for a living room conversation. Topics included traffic, speeding and the controversial DROP program, as well as Mike's efforts to enhance Los Angeles Fire Department services and to get more cops on patrol in our neighborhoods. Thank you to Melissa and her neighbors for a great conversation about

what matters most to neighbors in the Palisades Highlands!

New Art Installations Come to Mar Vista

Poetry and Public Art in Mar Vista

From helping to sponsor the [Mar Vista Art Walk](#) to adding colorful new murals along the corridor, the Great Streets project on Venice Boulevard has used public art to help give "downtown Mar Vista" a better sense of place. The latest addition to the artful corridor came to the community in August, with three new art installations at bus shelters on Venice Boulevard.

The art installations were created by local visual artist Gus Harper and poet Chase Maser, and the three-part series of paintings and poems tell the story of a young woman accepting her true identity despite societal norms. Thank you to Lenore French of the Mar Vista Art Walk, [JCDecaux](#) and the artists for bringing more engaging public art to the neighborhood!

Via Dolce Park Opens in Silver Strand Neighborhood of Marina Del Rey

In early August, Mike joined neighbors and families from Venice and Marina Del Rey to officially open Via Dolce Park – a new, 6300-square-foot park, featuring play equipment for kids, picnic tables, benches, a large garden that features native landscaping and sculptures of animals that have been found in the area throughout history.

Thank you to the many neighbors who helped move this project along in recent years – especially the local environmentalists who made sure the park was a part of the local ecosystem, and to our awesome [City of Los Angeles Department of Recreation and Parks](#) staff for helping create another place where families on the Westside can enjoy the neighborhood!

Katherine Johnson STEM Academy Opens in Westchester

It's official! [Katherine Johnson STEM Academy](#) is the new name of the former New Middle School Pathway in Westchester.

On the weekend of Johnson's 100th birthday, students cut the ribbon and unveiled a mural celebrating the brilliant mathematician whose calculations of orbital mechanics as a NASA employee were critical to the success of the first and subsequent U.S. manned space flights.

One of the mathematicians portrayed in the recent film *Hidden Figures*, Johnson was the "computer" that astronaut John Glenn trusted to calculate the trajectory of his Friendship 7 mission. A trailblazing African-American woman, Johnson had a lengthy and successful career at NASA, and in 2015 President Obama awarded her the Presidential Medal of Freedom, the nation's highest civilian honor.

Tennis Courts Upgraded at Stoner Park in West LA

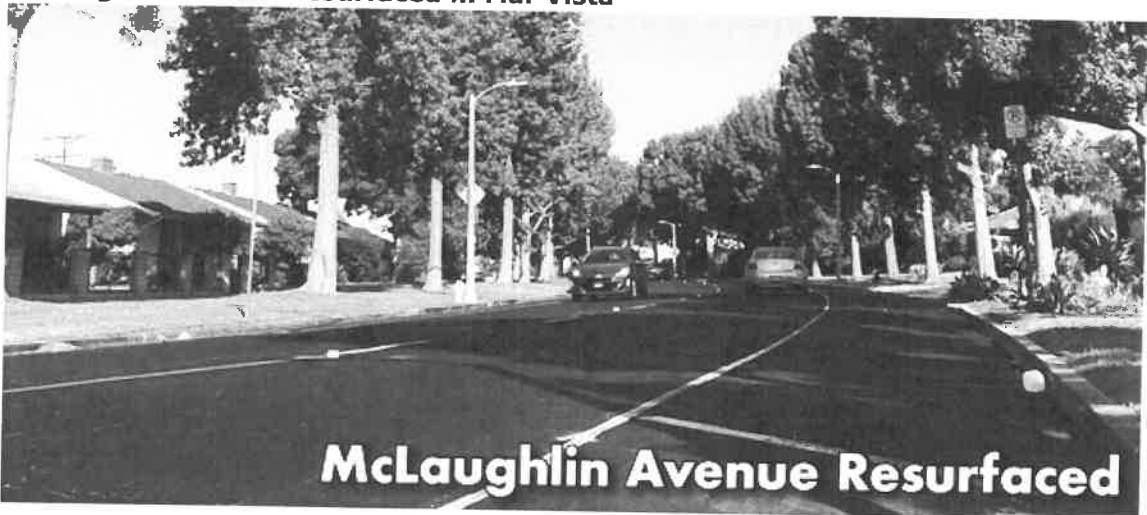

The popular tennis courts at [Stoner Park in West LA](#) received a needed upgrade this summer, and Mike was excited to celebrate the reopening of the park's six tennis courts with neighbors and Department of Recreation and Parks staff on Aug. 2. Responding to input from neighbors who love using the facility, park officials made major refurbishments to the courts, repairing cracked concrete, painting new lines and fixing broken fence posts. The courts are a great resource for the community, and Mike was happy to help get this done for the neighborhood.

Mike Celebrates National Night Out in Playa Vista and West LA

National Night Out is a nationwide event where local police departments partner with communities to host neighborhood gatherings that foster better relationships between police officers and the communities they protect. Mike participated in two successful National Night Out events this year – one at Stoner Park in West LA (hosted by [LAPD's West LA Division](#)) and the other at Concert Park in Playa Vista (hosted by [LAPD's Pacific Division](#)). Mike is pleased to continue his partnership in keeping neighborhoods safe and welcoming for everyone to enjoy. Thank you to all who attended the festivities!

McLaughlin Avenue Resurfaced in Mar Vista

The Bureau of Street Services was near the geographic center of the district in the middle of the month, repaving an important stretch of McLaughlin Avenue, between Palms Avenue and Federal Avenue in Mar Vista. Thanks to the crews that helped give neighbors and guests a smooth ride on this important neighborhood street.

Westchester Streetscape Improvement Association Giving Sepulveda Boulevard an Upgrade

Thanks to the [Westchester Streetscape Improvement Association](#), the [Westchester Town Center Business Improvement District](#) and Mike's office, the streetscape along Sepulveda Boulevard in Westchester is getting an aesthetic upgrade.

The partnership between WSIA, the BID and Mike's office has already helped repair some of the sidewalks along the corridor, and last month, work began on a new phase of improvements to the street – including tree trimming, landscaping and further sidewalk repairs. These projects not only make an important road more beautiful for those who drive on it, but they also make the street safer and more inviting for people who don't use a car to get around. Thank you, WSIA and the Westchester BID for your partnership in getting things done for our neighborhood.

Mike Meets with Neighbors in Mar Vista

The beautiful backyard garden of Mar Vista neighbor (and former Neighborhoods First profile interviewee) Maggie Begley was the site of another of Mike's community coffees with neighbors. Mike met with Maggie and her neighbors to discuss the issues they wanted local government to focus on, including ending homelessness, reducing traffic, protecting the environment and enhancing public safety. Thank you to Maggie and all who attended another great community coffee!

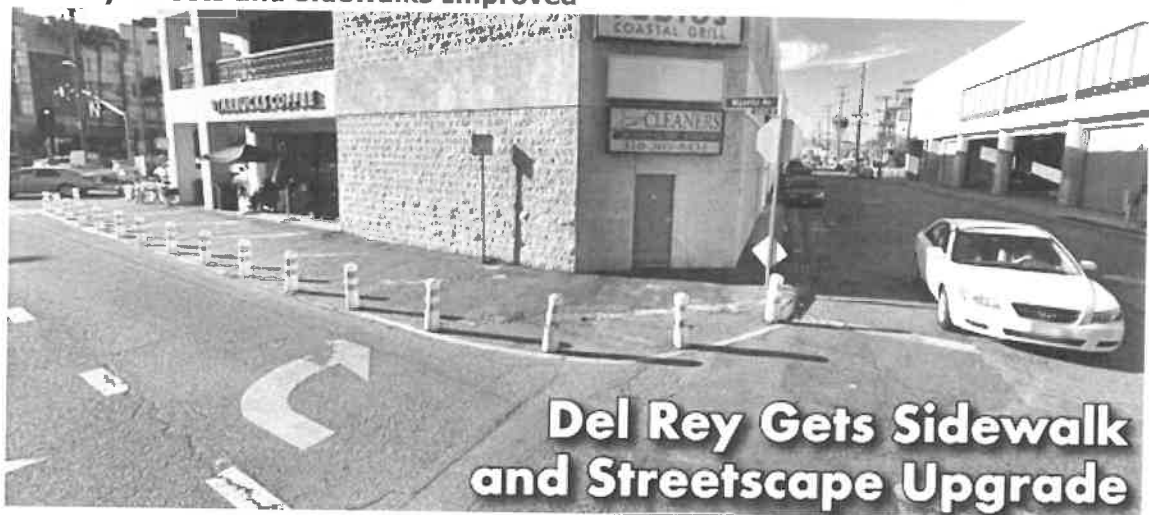

Mike and Mayor Garcetti Go Door-to-Door to Talk Solutions to Homelessness in Venice

Mike, Mayor Eric Garcetti and dozens of volunteers went door-to-door in Venice in August to talk with neighbors about bridge housing – the City’s proposed alternative to having hundreds of people sleeping on sidewalks in Venice. Mike and Mayor Garcetti walked Park Avenue, near the site of the proposed temporary housing. Like the other canvassers, Mike and the Mayor found most residents supportive of the proposal and hungry for action that will stop our neighborhoods from being squalid campgrounds.

Thank you to everyone who helped share information with neighbors in Venice about this important effort. If you’d like to know more about the proposal, please visit BridgeHomeVenice.com.

Del Rey Streets and Sidewalks Improved

Neighbors near Maxella Avenue in Del Rey welcomed infrastructure improvements in August, as the Los Angeles Department of Transportation and Bureau of Engineering worked to install new gutters, curbs, crosswalks and Americans with Disabilities Act-compliant sidewalks to the neighborhood. The street improvements will help make the area more walkable and safer for people who get around without a car, and will make it easier for neighbors to walk to the nearby [Marina Marketplace](#) to shop or enjoy a meal at one of the center’s restaurants.

Mike Meets with Neighbors in Brentwood’s Sullivan Canyon

Mike met with neighbors in Brentwood at a community coffee in August, where he had an opportunity to discuss the issues that matter most to the neighbors of the Sullivan Canyon neighborhood of Brentwood. Mike's host for the evening was Sara Nichols, a longtime environmental champion on the Westside. Mike was happy to talk about the work he is doing to protect neighborhood trees and promote sustainability, as well as his ongoing efforts to increase the number of cops on patrol in the neighborhood and his work to address the homelessness crisis in Los Angeles. Thank you to Sara and her friends and neighbors who spent their evening meeting with Mike and sharing their input and ideas for moving Los Angeles forward, doing good and getting things done!

Celebrating Summer Camp at the Mar Vista Family Center in Del Rey

Seppy's Summer Camp at the [Mar Vista Family Center](#) is a great community program that empowers young people to serve as counselors in the Del Rey community – offering young people productive and educational experiences that keep them focused on making their neighborhood a welcoming and fun place for kids to enjoy. As the camp's summer session came to a close, Mike's Del Rey deputy Chuy Orozco was on hand to present certificates of recognition to Javier Ake and Elizabeth Lopez – the directors of Seppy's Summer camp. Thank you, Javier and Elizabeth, for your exceptional and inspiring work!

Mar Vista Living Room Chat Focuses on Public Safety

Thank you to Albert, Melanie and Alaina Olson for welcoming Mike into their home for another great living room chat with constituents. At the evening chat with the Olsons and their neighbors, Mike shared the news about his successful efforts to get more LAFD resources and LAPD patrol officers on our streets – and he had a great discussion about homelessness, transportation, development, public safety and some of the fine points of municipal finance.

Street Repaving in Westchester

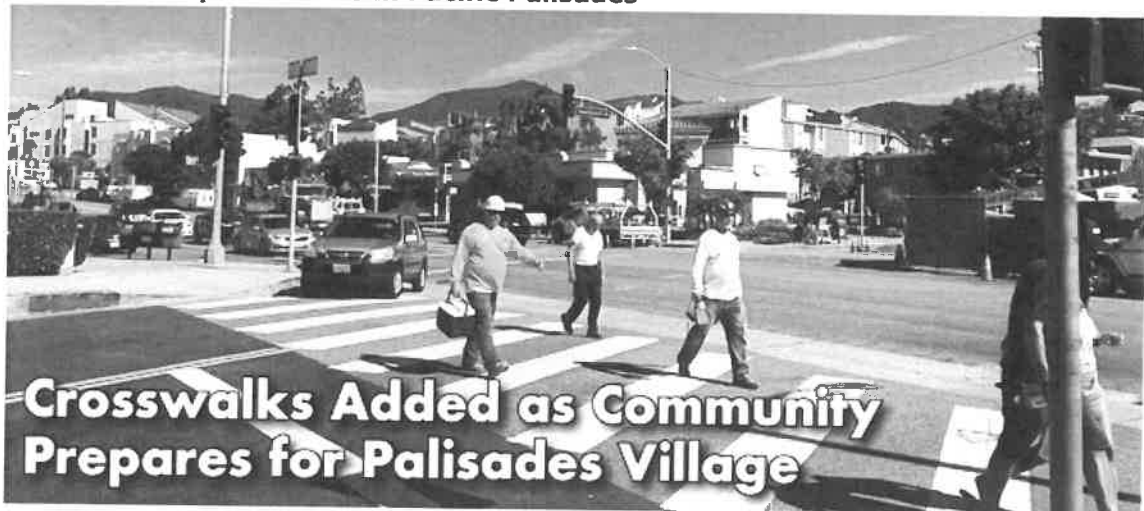

The [City of Los Angeles Bureau of Street Services](#) was hard at work in Westchester in the last few weeks, repaving a series of neighborhoods roads, including 75th Street, 83rd Street, 85th Street and Wiley Post. Thank you to the women and men who keep our neighborhoods looking great!

Mike Gets Scary Billboard Ads in Del Rey and West LA Removed for Local Families

When parents started contacting Mike's office to express concerns about a graphic and disturbing billboard frightening children and leaving kids with nightmares, Mike and his team sprang into action to have the advertisement removed. The billboards, which could be seen in Del Rey and West LA, were advertising a cable television show and depicted a bloody baby. Though the City Council does not have authority to dictate the content of billboards in Los Angeles, Mike and his team were able to connect with the company that owns the advertising space and request the disturbing images be removed as soon as possible. Thankfully, the company complied, and the frightening images were taken down within 24 hours of Mike's request.

Crosswalk Improvements in Pacific Palisades

As the Pacific Palisades community gets ready for the eagerly anticipated opening of Palisades Village, the Los Angeles Department of Transportation has been hard at work improving pedestrian safety in downtown Palisades. Along the streets of Sunset Boulevard, Swathmore Avenue and Monument Street, LADOT is installing protected left and right turn signals, new, more visible crosswalks around schools, stop signs and other significant improvements to the area. These new safety improvements address safety issues and encourage neighbors to walk and bike to Palisades Village once it opens.

Celebrating Community Healing Gardens

Mike and his colleague Joe Buscaino hosted a special presentation on Aug. 14 to celebrate Community Healing Gardens at City Hall. This great organization helps neighbors create urban gardens, and Community Healing Gardens projects help feed the hungry at Bread and Roses cafe in Venice. Their work creates jobs, hosts youth gardening programs, and offers educational opportunities for kids on the Westside. Mike was very happy to present Nicole Landers, Ben Hirschfield and their team with a special proclamation at the council meeting.

Time Out Los Angeles Features Mar Vista's New Neighborhood Downtown District

Timeout Los Angeles is taking notice of all the cool stuff happening in downtown Mar Vista. The local guide to arts, entertainment, dining and attraction spotlights the neighborhood this month, touting the Mar Vista Farmers' Market, the Mar Vista ArtWalk - Steppin into Art, new murals and Great Streets improvements, such as pedestrian crossing signals and protected bike lanes. The magazine gave specific shoutouts to The Mar Vista, MV Grab and Go, Little Fatty, Accomplice Bar, Canela Cocina Latina, Alana's Coffee Roasters, Atmosphere Mar Vista, Rustic Kitchen Market & Café, Small Batch Ice Cream, Mitsuwa Marketplace, The Hångar, Vintage on Venice, Robinson Beautilities, TGS Tortoise General Store, inland, Sam: Johnson's Bookshop, Timewarp Records, 826LA & the Time Travel Mart, Bowlero, and Bikerowave. And they could have spotlighted so many more!

Check it out at <https://www.timeout.com/los-angeles/mar-vista>.

COMBATTING HOMELESSNESS

West LA/Sawtelle Neighborhood Continues Stepping Up to Solve Homelessness

Neighbors in West LA are stepping up and helping solve homelessness in Los Angeles. Earlier this month, the West Los Angeles-Sawtelle Neighborhood Council voted to endorse Safe Parking at Mike's field office at the West LA Civic Center. Safe Parking LA provides an orderly and safe place for people living in their vehicles to stay overnight, connecting them to services and housing – instead of creating de facto vehicular encampments in our neighborhoods. The program will start within a few weeks.

West LA is another Westside neighborhood eager to be part of the solution to homelessness. In addition to safe parking, the neighborhood supported permanent supportive housing at Bundy & Missouri, will see both affordable and homeless housing at the Martin Expo Town Center, hosts the emergency winter shelter program at the West LA Armory and has been a strong voice for housing and services for homeless veterans at the VA campus. Thank you, to the West LA/Sawtelle Neighborhood Council, for helping to be part of the solution to our city's most important crisis! #WestLASaysYes

Read more about the West LA Safe Parking program at <https://la.curbed.com/2018/8/24/17780084/safe-parking-homeless-west-la-bonin>.

Dateline NBC Dedicates Full Hour to Homelessness in Los Angeles

Dateline NBC dedicated a full hour of primetime television on Sunday, August 19 to take a deep look at the homeless crisis on the streets of Los Angeles. During the program, Mike discussed the enormous crisis in our neighborhoods, and his determination to find and implement solutions. The Dateline report, titled "City of Angels," focused on several inspiring individuals working to help homelessness. It is worth watching.

[Watch the full Dateline report here.](#)

Expanding Hygienic Services on the Westside

People living on the street will soon have increased access to essential hygienic services like showers and restrooms, thanks to a recent vote by the County of Los Angeles Board of Supervisors, to expand a mobile shower program throughout LA.

Offering people access to hygienic services like restrooms and showers not only provides a measure of dignity for people living on the street, but it helps keep neighborhoods clean by creating an alternative to using sidewalks or alleys as toilets. Mike has worked to bring Lava Mae and Pit Stop – both organizations that offer restrooms or showers to people experiencing homelessness – to Venice, and he recently won approval for some restrooms at Venice Beach to stay open 24-hours a day.

As we continue working to deliver solutions to homelessness throughout LA, programs like this are part of an essential "street strategy" that can alleviate the impact encampments have on neighborhoods as longer-term solutions become available. Mike sincerely appreciates the partnership of County Supervisors like Sheila Kuehl, who led the effort to expand these needed services throughout Los Angeles.

Mike Bonin's Neighborhoods First Newsletter

MOVING FORWARD: TRANSPORTATION

Mike Uses New Technology to Take a Whack at Traffic on Sunset Boulevard

Mike's work to reduce traffic on Sunset took a major step forward this month, as the Councilmember announced the latest effort in his "Sunset Traffic Solutions" initiative. It's called "dynamic ramp metering," which is a fancy way of saying we're going to synchronize traffic from Sunset to the 405.

Common sense would dictate that's how it's done now – but it's not. Under the current system, the 405, managed by Caltrans, and Sunset, managed by LADOT, are like two magnets pushing against each other – LADOT is trying to push as many cars onto the 405 as fast as possible, and Caltrans is pushing back to regulate the flow of the 405. It's a prescription for gridlock around the on-ramp.

After a lot of time and effort, Mike and his team secured funding to do things differently. With dynamic ramp metering, the two systems will use technology to talk with one another, resulting in a smoother flow of traffic. It won't work miracles – after all this problem has been getting worse for decades -- but it will help, and Mike is determined to explore anything and everything to tackle this problem. Now that funding is in place, transportation officials are designing the new system, and should start phasing it in next summer, with full implementation to follow.

Check out Mike's announcement video, and offer your feedback at <https://11thdistrict.com/sunsettrafficsolutions/>.

Regulations for Dockless Scooters and Bikes Near Final Vote

Rules for Dockless Scooters and Bikes Considered by City Council

The rules to guide the use of the dockless scooters and bikes are nearing adoption, with the City Council set to vote as soon as next week on the proposed regulations.

Dockless bikes and scooters can be a convenient zero-emission alternative to adding more cars to the road for short trips around the neighborhood, but only if they are regulated by smart, comprehensive and enforceable rules.

Over the past few months, the council's Transportation Committee – which Mike chairs – and the Public Works Committee have both debated and voted to approve draft regulations for dockless bike and scooter companies that would allow them to operate responsibly in LA neighborhoods. As the regulations have been developed, Mike has been clear about the need to make these new devices work for our neighborhoods by imposing strong requirements to address concerns regarding riding on sidewalks, unsafe parking, lack of user education and the need for outreach to local stakeholders.

Thank you to everyone who has weighed-in on the proposed rules.

NextGen Bus Study Seeks Your Input

It has been 25 years since significant changes were made to the Metro Bus system. In response to changing travel patterns and public demand, Metro is in the midst of restructuring and reimagining its bus system via the [NextGen Bus Study](#).

The agency is asking neighbors for their opinions on what the bus system should look like. As part of the public outreach effort, Metro is asking you to try the [NextGen engagement tool](#). This engagement tool offers the opportunity for the user to virtually prioritize bus service budget, choose trade-offs and identify frequent destinations on a movable map.

The tool is available until Oct. 2. Draft service plans are scheduled to be released next spring and summer with implementation beginning late 2019 and continuing in winter 2020.

Mike Bonin's Neighborhoods First Newsletter

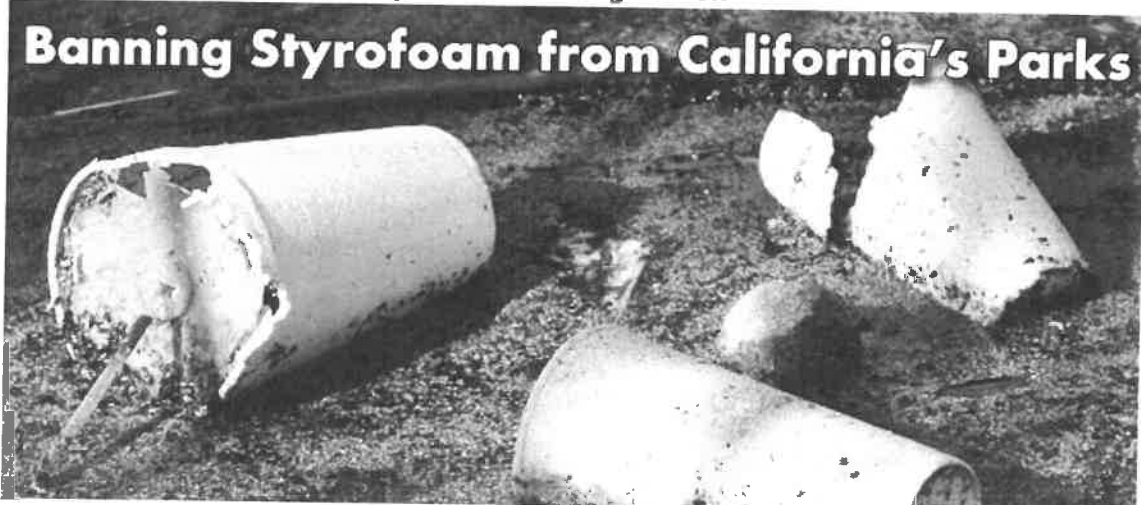

PROTECTING THE ENVIRONMENT

Roundup Ruling Confirms Concerns About Use of Herbicide in City Parks

Last month, a major court ruling found that the chemical giant Monsanto (maker of "Roundup," an herbicide that uses a controversial and possibly cancer-causing chemical called glyphosate) would be held liable for its product causing cancer in a groundskeeper who used Roundup. Roundup has been a source of controversy and concern for years, and Mike took action in 2016 to successfully urge the city to stop using the potentially dangerous chemical near city playgrounds and dog parks. With this recent court ruling making clear that the continued use of Roundup is not safe, Mike will continue working with his colleagues to explore alternatives that would allow the city to stop using the product entirely. Read more about the Roundup decision [here](#).

Mike Supports Statewide Styrofoam Ban Legislation

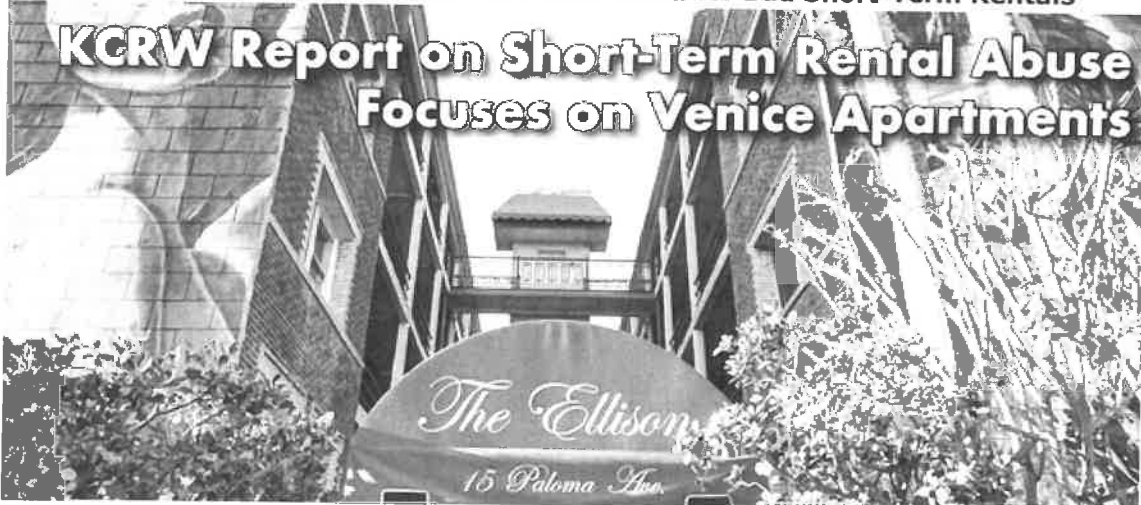

The continued use of Styrofoam food packaging is a threat to our environment. Used Styrofoam cannot be recycled or composted, and once used, it often makes its way into the ecosystem, where it can harm animals and pollute our water. [State Senator Ben Allen](#) is taking a step toward addressing the threat posed by Styrofoam, authoring Senate Bill 1335, that would require all food service packaging provided at state parks, beaches and other facilities to be reusable, recyclable or compostable by 2021. The legislation is a good step in the right direction, and in August, Mike joined his colleague [Paul Koretz](#) in authoring a resolution that would make the City of Los Angeles formally in support of Senator Allen's legislation.

Mike Bonin's Neighborhoods First Newsletter

NEIGHBORHOODS FIRST PLANNING

KCRW Report: The Ellison Suites – A Poster Child for Bad Short-Term Rentals

Local NPR affiliate [KCRW](#) examined the issues created by short-term rentals in Los Angeles this month, focusing specifically on what Mike has called the poster child for "bad short-term rentals" - the Ellison Suites in Venice. The KCRW report, which aired on "[Press Play](#)", highlights why we so urgently need common-sense short-term rental regulations that allow people to rent out their primary residence, but also creates a simple and enforceable system to stop rogue hotel owners from gutting affordable housing supply in LA by renting apartments as short-term rentals.

The City Council approved an outline of regulations that would create this badly-needed system to protect affordable housing from short-term rentals earlier this year. Now, the final ordinance establishing regulations needs to navigate the legislative process before the regulations are formally adopted. The ordinance will be considered by the City Planning Commission next month and the City Council after that.

[Listen to KCRW's report here.](#)

Community Plan Updates - Find Out More at a Meeting Near You!

Community Plan Update Public Outreach Process Launches on Westside

The [Department of City Planning](#) has started conducting public outreach for a series of four Westside community plans: West Los Angeles, Palms/Mar Vista/Del Rey, Venice and Westchester/Playa del Rey. Community plans dictate where and how our neighborhoods will grow in the future, and Mike's office is working with the Department of City Planning to make sure constituents are informed and engaged in this important planning process.

Throughout the fall, the Department of Planning will host Planning 101 workshops to educate residents about the Community Plan Update process. These sessions will be offered in both English and Spanish and will also be available online. Community input is an essential part of the community plan update process, and the Department of City Planning will also host a series of kick-off events for residents to provide input and help shape the future of their community.

For more information visit the Community Plan [website](#) or [RSVP](#) to attend a Planning 101 workshop and kick-off event.

Report - A Sustainable Airport

[Los Angeles World Airports](#) released its 2017 sustainability report this month, detailing ongoing efforts by LAWA to make LAX a clean and sustainable neighbor to residents of Westchester and Playa del Rey. The robust report includes information about LAWA's commitment to natural and material resource management, air quality and water conservation practices as well as passenger and cargo data.

The report also features updates about the projects happening in preparation for the Automated People Mover System and a new Metro Line that will connect to LAX, which Mike champions to enhance mobility and public safety on the Westside. Many thanks to LAWA for doing their part to ensure a healthy environment for Westside neighborhoods.

Read all about the work LAWA is doing on their [sustainability website](#).

Bike Medics to Help Address Emergencies at LAX

The bike medic program at LAX is expanding!

[Los Angeles World Airports](#) and the [Los Angeles Fire Department](#) announced this month that they were expanding the coverage of paramedics on bicycles at LAX. Since the bike medic pilot program debut in October 2017, bike medics have responded to more than 1,900 calls for emergency services and have been instrumental in saving nearly a dozen lives. Not only are the bike medics able to respond quickly because they can rapidly navigate the central terminal area when it is congested, but using bike medics for medical emergencies that do not require patient transportation helps ensure that ambulances are freed up to respond to other serious emergencies.

Thanks to the expansion, bike medics will now be present at LAX seven days a week for 19 hours a day, with an additional computer-aided dispatch system to better respond to emergencies.

Futurama: What's New at LAX

The dream of making LAX a world class airport and a first-class neighbor is becoming a reality. Discover Los Angeles recently posted an article that does a great job outlining the tremendous improvements underway and in store over the next several years. MAJOR changes are coming to the airport, and Mike is thrilled to see LAX continue to modernize, without needing to expand.

Read the article at: <https://m.discoverlosangeles.com/blog/discover-future-los-angeles-international-airport>.

Thank you, CD11 Interns!

On Aug. 9, Mike celebrated and thanked the 11th District interns for their work serving neighbors on the Westside. Mike presented interns with certificates for their hard work over the summer during the Council meeting and then hosted a lunch for the interns, where the Councilmember listened to interns as they discussed their ideas about how to make neighborhoods on the Westside better places to live, work and enjoy. Interns are an important part of the work we do to get things done on the Westside and we appreciate their work!

Thank you, Melisa Valencia, Anna Geannopoulos-Solorzano, Ashley Alvarez, Madison Kellum, Kieran Althaus, Jake Procino, Roberto Recinos, Jasmin Camacho, Zachary Garai, Casey Ehrlich, Chaya Brennan Agarwal and Dafne Gonzalez for your work!

MVCC 10 k update

Holly Tilson [REDACTED]

To: alek.bartrosouf@lacity.org

Wed, Sep 5, 2018 at 1:00 PM

thanks Alek, I was going to go to T&I tonight so maybe I will see you there. So was there another serious accident at Charnock and McLaughlin? or is this the same one (older/elderly Asian couple, husband died)

Not to speak ill of the BSS, I'm just mentioning this since it caught my eye last night and don't recall other locations looking like this. Going West on Palms, the continental crosswalks at Beethoven, when your car lights hit them, just look unfinished. I don't usually drive north on Beethoven so couldn't really comment on that one. These are new after a recent slurry treatment. It could just be they have added reflective paint to the crosswalks and that paint is more expensive so they don't put a complete coat of it on? or they haven't completed this project? or that's just the way it's suppose to look? But at night (can't say about daytime) the crosswalks at Beethoven and Palms look very streaky, unfinished, like they need another coat or two of paint. Maybe if you are ever in the area at night take a look. The single stripe at Palms and Greenwood looked fine, as did the other new stripping on Palms.

Ms. Wendy Fairbanks
Mr. Steven Cancian
618-620 Palms Boulevard
Venice, CA 90291

Dear Ms. Fairbanks and Mr. Cancian:

Thank you for your recent letter and a petition containing the signatures of more than sixty residents of Palms Boulevard requesting installation of speed humps between Electric and Oakwood Avenues.

At this time the City of Los Angeles is conducting a Speed Hump Pilot Project adjacent to the Carl Nelson Youth Park in Westchester. During the next few months the police and transportation departments will be evaluating that installation. Only after the conclusion of the Pilot Project will the Transportation Department make a decision about future applications. The petition you submitted will be kept at my Westside Field Office along with requests from other neighborhoods. Should the speed hump program be enlarged, it will be forwarded to DOT for prompt consideration.

In the meantime, my Deputy, Lance Diskan, will be happy to request additional traffic enforcement by ~~the~~ the LAPD West Traffic Division if you can communicate to him the days and times when the Palms Boulevard speeding problem is most acute. Mr. Diskan can be reached at 202-4567.

As spokespersons for the other residents of Palms Boulevard who signed the petition, I trust you will communicate this response to them. Thank you for taking ~~an~~ interest in improving the conditions in your neighborhood.

Sincerely,

Ruth Galanter

Alek Bartrosouf <alek.bartrosouf@lacity.org>

Speed Hump List - Invitation to edit

Lupita Huerta <lupita.huerta@lacity.org>

Tue, Aug 7, 2018 at 11:33 AM

To: Chuy Orozco <jesus.d.orozco@lacity.org>

Cc: Alek Bartrosouf <alek.bartrosouf@lacity.org>, Eric Bruins <eric.bruins@lacity.org>, Hannah Levien <hannah.levien@lacity.org>, Krista Phipps <krista.phipps@lacity.org>, Len Nguyen <len.nguyen@lacity.org>, Lisa Cahill <lisa.cahill@lacity.org>, Matthew Tecle <matthew.tecle@lacity.org>, Nancy Aguilar <nancy.aguilar@lacity.org>, Taylor Bazley <Taylor.Bazley@lacity.org>

Though for a different time period, Lan explained the process in January (see below):

----- Forwarded message -----

From: **Lan Nguyen** <lan.nguyen@lacity.org>

Date: Fri, Jan 26, 2018 at 5:06 PM

Subject: Speed Humps intro

To: Tricia Keane <tricia.keane@lacity.org>, Eric Bruins <eric.bruins@lacity.org>, Kristan Phipps [REDACTED]

Hi,

Jessie Holzer gave me your names to let me know that you would be the main points of contact for matters relating to Speed Humps in CD11. (Please let me know if I'm mistaken.

I wanted to give you the short briefing on the program.

We got out twice annually for open applications (Feb and Sep) of each year.

The 1st Cycle ("Cycle 1") was in **Feb 2017** and of that round we build 3 humps (although we were only required to build 2 per CD per Council directive). They were for

Marco Pl: Maplewood Av to Beethoven St.

Garfield Av: Lincoln to Grandview Av.

Woodlawn Av: Grandview Av to Abbot Kinney Bl.

We started construction in Oct 2017 and finished all citywide by Dec 2017 and **built these 3 already**.

Of that list, you had many others that could not be served, so we moved them to a "Next Round" list. Of those, I just finished reviewing and I would like to recommending humps at

Cabrillo Bl (Rose Av to Palms Bl) submitted by Ronit Davidyan

Greenwood Av (Palms Bl to Appleton Wy) submitted by Peter Czer

Colonial Av (McCune Av to Venice Bl) submitted by Lee Thomas

but VOTING HAS NOT BEGUN YET AND **THOSE "NEXT ROUND" ABOVE MUST GET 67% YES vote to go forward with construction, in Spring 2018.**

The 2nd Cycle ("Cycle 2") was opened in **Sep 2017** and of that round we will collect data in Jan/Feb 2018 and I will review and rank by May 2018 for an announcement in the summer so that we can go to Step 3 and build before Summer 2018 is over, so there is **NO list or ranking yet for these locations**, but HERE is a link to a Google map that lets you view those requests.

Last but not least, as you may or may not know, we will open up applications again on **Feb 15 2018 at 8:00 a.m.** And we will go through the same timeline as above (similar to Feb 2017) so announcements in come in Fall 2018, construction completion by December 2018.

Hope this is all clear. Let me know if you wish a meeting, etc. I will periodically blind copy you on notices to residents. Let me know if you wish to be more involved in the process or if you have any questions.

Palms & McLaughlin crash

Alek Bartrosouf <alek.bartrosouf@lacity.org>

Tue, Aug 21, 2018 at 4:44 PM

To: [REDACTED]

Cc: Mohammad Blorfroshan <mo.blorfroshan@lacity.org>

Hi Alan,

My apologies I thought I responded to this. I do know that a study has been completed for McLaughlin and Palms to install a left-turn phasing, but unfortunately the project isn't funded. The good news is that the study is complete and now we just need to find the funds to make it happen.

I know you also sent some recommendations to Mo, so I'm hoping we'll get a response on those soon.

Best,
Alek

On Mon, Jul 23, 2018 at 11:26 AM, [REDACTED] wrote:

Gentlemen,

This occurred on **Sunday** 7/22 at 6:15 pm. No emergency vehicles were called.

What if this occurred during a weekday afternoon rush hour with greater use of the park, sidewalks, crosswalks and streets with pedestrians, pets, joggers, scooters etc..

So will it take a death to see some action? Can't stay lucky forever.

Alan Scher

RIDE LOS ANGELES

for a people friendly West Los Angeles

September 2018

The purpose of this newsletter is to connect you to adventures and opportunities that promote safe cycling in and around the Westside of Los Angeles with a few out of area opportunities that are just too fun to not share with you.

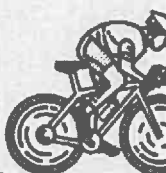

SUNDAY FUNDAY: JOURNEY THRU LONG BEACH SEPT. 2 @ 9:30 am - 1:00 pm

Join us for an extra special Sunday Funday this September, led by our local chapter Walk Bike Long Beach in collaboration with Journey to Justice! On this ride, we will be accompanying a Journey to Justice group that is riding from Seattle to San Diego to advocate for a path to citizenship for all non-U.S. citizens. As we ride, Walk Bike Long Beach will give a tour of the area, focusing on the migrations and settlements of people across the City of Long Beach. We will be making stops at Admiral Kidd Park, Cesar Chavez Park, and the Japanese Garden. We'll also be sure to taste local bites and refreshing beverages in the various communities we visit. Come one, come all! This ride is a no-drop ride with LACBC Ride Marshals. Riders should be able to keep a 10-12 MPH pace, and cover 12 miles.

\$5 Fondo
Sept 2, 2018
Time: 8:30 roll out, 11:30 - 1 lunch
Support: Coffee and homemade ride food at the start. Support vehicle.
Rest stop at the top of Latigo.

Route Details

Start/Finish: Rustic Canyon Rec Center
PCH -> Latigo -> Mulholland -> Topanga -> PCH

Payment is accepted on site
RSVP by 8/31. email your name/phone # to
fivedollarfondo@gmail.com

\$5 Gran Fondo

This is the Gran Fondo of the Summer! For only \$5, you can treat yourself to 57 miles and 5700 feet of good views and good vibes. Attendees will arrive at 8AM at the Rustic Canyon Rec Center to check-in, enjoy homemade cold brew, and prepare to depart by 8:30AM.

During the ride, we will provide a support

vehicle with homemade ride food and water. There will also be a rest stop at the top of the Latigo Canyon climb. Lunch will be provided at the rec center at the end of the ride between 11:30AM and 1PM. **Please RSVP by August 31st by emailing fivedollarfondo@gmail.com** with the name(s) and contact #s of those who are registering. Payment is accepted as cash on site or through Venmo (@charlie-herndon) If you have any further questions, requests, or dietary restrictions, please email fivedollarfondo@gmail.com. All profits from the \$5 Fondo will be donated to a cycling camp for female, collegiate cyclists. This cycling camp is within the Western Collegiate Cycling Conference and it provides beginning women cyclists the opportunity to learn and train with both professional cyclists and their peers. We would deeply appreciate it if you supported our camp with a donation to @charlie-herndon or on the day of the Fondo.

BEST RIDE: FORGOTTEN HISTORY OF VENICE

September 16 @ 9:30 am - 1:00 pm Join us for a local's guided bike ride through Venice to explore the area's forgotten and hidden history, presented by LACBC and Metro's Bicycle Education Safety Training (BEST) Program, in partnership with Metro Bike Share. Join us and visit historical landmarks, listen to stories from lifelong residents, and meet the Black community that built the Oakwood/Venice neighborhood. Metro Bike Share bikes will be available FREE of charge please RSVP for the event using the [Eventbrite](https://www.eventbrite.com/e/best-ride-forgotten-history-of-venice-tickets-49055783168?aff=efbevent).

BIKE! BIKE! INTERNATIONAL BIKE GATHERING September 27 - September 30
 Bike!Bike! is an international, annual gathering organized by and for community bicycle projects. The conference is a space for participants from shops and related advocacy groups to converge in a different city each year over a 4 day period to have workshops and strengthen our social network. This year, we will have special access to Los Angeles State Historic Park (LASHP) in Chinatown, at the edge of Downtown. Our conference will start there with check-ins and be the site in which many workshops and recreational activities will take place. With support from Los Angeles River State Parks Partners, 30 large tents, sleeping bags and mats will be provided for out-of-town registrants who choose to tent/camp as the housing option. Camping at LASHP will be a unique and memorable experience even for L.A. natives, but solidarity housing is still a viable option, and we will accommodate everyone as much as we can.

[Click here to register.](#)

BEST CLASS: BIKE 1 – BACK TO BASICS – CULVER CITY

September 29 @ 10:00 am - 11:30 am Free

Has it been awhile since you've been on a bike? Do you want to learn how to bike safely? The Bike 1 – Back to Basics Class, presented by Metro, the Los Angeles County Bicycle Coalition (LACBC), and Bike Culver City will help you improve your bicycling skills. You'll learn how to start and stop with confidence, shift gears, scan, and signal. We'll show you how to adjust your bike and helmet before a ride, and teach you how to perform a simple inspection to ensure your bike is road-ready. All class participants get a free helmet and a set of bike lights! **Who Should Sign-Up:** If you know how to ride a bike, but you aren't comfortable using a bicycle for everyday travel or recreation, then this class may be for you. To build rider confidence, this class covers the basics of bike handling and shows participants how to improve their bike control skills.

You must sign up for this class at: <https://bike1-culvercity.eventbrite.com>

SATURDAY SEPTEMBER 29th, 2018

Gran Fondo Santa Clarita – 2018 Saturday, September 29, 2018 The Center, 20850 Centre Pointe Parkway, Santa Clarita, CA 91351 www.granfondosantaclarita.com The third annual *Gran Fondo Santa Clarita* is coming up and whether you're a serious rider or just a beginner, this is an event you definitely won't want to miss! Brought to you by *Santa Clarita Velo* and *Road Bike Action*; this one-day, chip-timed event will bring together cyclists from throughout California who seek to challenge themselves on the beautiful roads, rolling hills, and mountains of *Santa Clarita Valley* and beyond.

The event proudly benefits the Davis Phinney Foundation which was founded to help people living with Parkinson's disease live well today. The day promises to be a very special day helping raise support funds and awareness for one of the United States' Original cycling heroes, Davis Phinney.

FREE BIKE REPAIR SERVICE - Know a neighbor that has forgotten bike in their garage and needs a little help getting it road ready? Mar Vista Farmers Market offers Free (no parts) bike repairs every Sunday from 9am-1:30pm. Bike valet service too!

Get your bike ready for your next leisurely beach cruise or the next CicLAvia open street events. (Sept. 30 and Dec. 2 2018) at the Mar Vista Farmers Market.

Bike Valet and Repair Stand
 9am – 1:30pm

Located next to the MAR VISTA COMMUNITY CENTER 11000 11th Street, Van Nuys, CA 91411

Free Bike Parking/Valet

We are pleased to have a valet parking service for you. For a small fee, we will take your bike to the repair stand and return it to you when you are done.

No Cost Bike Repair Stand

We have a bike repair stand for you to use. We have tools, parts, and a knowledgeable person to help you with your bike.

Bike! Mar Vista! is a partnership between the Mar Vista Community Center and the Los Angeles River State Parks Partners.

Celebrate LA! Sunday, September 30 - A massive, free, eight-mile street party connecting Walt Disney Concert Hall and the Hollywood Bowl, plus a free concert at the Hollywood Bowl! Join the LA Phil for a **FREE** celebration with hundreds of musicians, artists, dancers, family activities, and more! Be part of this history-making event as the LA Phil kicks off its Centennial season with an epic festival showcasing L.A.'s creative spirit, with 1800 musicians, artists, and dancers coming together to perform at the festival's six hubs and along the eight-mile route itself. And that's not all – the evening ends with a free concert at the Hollywood Bowl, where Gustavo Dudamel will lead the Los Angeles Philharmonic and welcome very special guests – including Katy Perry, Herbie Hancock, Kali Uchis, Youth Orchestra Los Angeles (YOLA), and more to the Bowl stage.

In this article, former pro racer Phil Gaimon shares his favorite spots for breakfast, lunch, dinner and cookies!

(Bike Mar Vista) is relaunching our regular meetings. 4th Monday of the month. Meetings will be at 7pm on the 4th Monday of every month at Windward School Boardroom 1030, Building C (by baseball diamond) 11350 Palms Blvd, Los Angeles, CA 90066 (SW corner of Palms and Sawtelle Blvds.) Los Angeles, CA 90066. **Next meetings are scheduled for August 27th, September 24th, October 22nd and November 26th,**

DRAFT Mission Statement: (Bike Mar Vista*) seeks to make Mar Vista a healthier, safer and more fun place to live, work and play, through advocacy, education and outreach. (Bike Mar Vista) works to inspire more biking and walking in Mar Vista which, through increased visibility and interaction between residents, will yield a safer, stronger and better connected community.

Some serious charity rides to consider:

Hi Rob, thanks so much for reaching out / including us (DOT Bike Program) in this update.

We'd definitely like to connect, be present for your meetings when possible, and collaborate on or support your upcoming programs this fall.

Is there a good way to receive agendas in advance?

Thanks,
Clare

Greetings Bike Advocacy partners.

The LACBC West LA Bike Ambassador program ("Bike West LA") would love to establish an on-going partnership with you as we all work to make LA a safer city for cyclists, pedestrians and car drivers.

We have a couple of "Bike Swap/Bike to School Safely" events we're hoping to schedule this Fall and know you often have some wonderful promotional items you've provided to neighborhood groups on occasion. We're targeting two local elementary schools – Mar Vista and Richland Ave where we have two bike advocate parents helping us partner with those two schools.

If possible it would be wonderful if you could send someone to represent the department at one of our upcoming meetings. Our agenda is ever evolving and reflects broad interests in a variety of bike/safe transportation issues – and we're just a fun dedicated group of people.

West LA Neighborhood Bike Ambassadors Meeting

When: Thursday, August 23, 6 PM - 7 PM

Where: Collins / Katz YMCA Community Room, 1466 S Westgate Ave., Los Angeles 90025

The Neighborhood Bike Ambassador program is a way for LACBC members & volunteers to work on neighborhood-scale projects and organize local support for bike projects and LACBC campaigns in the City of Los Angeles. The West LA NBA meets on the fourth Thursday of every month. RSVP here.

PS – We've very much appreciated your support of the Bike Mar Vista program. You should know we've had a free bike repair stand at the Mar Vista Farmers Market back up and running again for over a year and a ½! And regularly distribute materials and information you've provided!

Best regards,

Rob Kadota 門多

Alek Bartrosouf <alek.bartrosouf@lacity.org>

Fwd: HUMP 2B+ construction coming to your area

Nancy Aguilar <nancy.aguilar@lacity.org>
To: Matthew Tecle <matthew.tecle@lacity.org>
Cc: Alek Bartrosouf <alek.bartrosouf@lacity.org>

Tue, Aug 21, 2018 at 10:23 AM

I talked to Lan and she said that she didn't tell CD 11 contacts (Eric, Alek, Krista and Tricia), but did tell Lucy (the community rep) by sending the email below.

Alek: When you talk to her can you please ask that she communicate with you not only what location(s) is/are moving forward, but also when construction is set to begin.

Matthew can elaborate on Trolleyway, but essentially we were caught off guard that installation is happening tomorrow.

Thanks.

Subject: Fwd: HUMP 2B+ construction coming to your area
To: Nancy Aguilar <nancy.aguilar@lacity.org>

Dear Nancy -

Here is the forwarded email where I just informed the reps of the tentative date.

PLEASE PRINT THE FINAL SCHEDULE, WHICH IS ATTACHED.

In this case we did not know if the contractor could mobilize in time, and in the end they did so that's why a final notice never went out to the deputies.

I Will always try to send the final (and even the draft to you) in the future, which they just sent to me yesterday as you can see by timestamp on the attachment.

Lan

Subject: HUMP 2B+ construction coming to your area
To: Ladot newsspeedhump <ladot.newsspeedhump@lacity.org>

Dear Community Representative,

Thank you so much for your hard work. We finally have a tentative construction schedule for your review.

The contractor would like to mobilize August 20th but that depends on many things, including the approved date by the inspector. It's close enough for me to release this draft schedule to you since I will be going on vacation all next week and wanted you to have the info before I left.

You, as the rep, will have about 2 weeks notice before the work starts. As for no parking, those signs will go up 48 hours before the date of the work, and parking will mostly be impacted in the areas of the humps themselves on that date, at the time(s) posted on the signs. (When those signs go up, please help out and let your neighbors know to respect the signs to facilitate the work of the crew.) For almost all the locations with 2 humps you will ALWAYS have a way out, even if you have to go the other way. For those locations with 3+, there will be enough notice and if you just move your car by 8 am you should be fine.

Here is the ROUGH schedule:

Week 1 - (could be week of Aug 20th or Aug 27th)
Monday: **Hanna** (2 SH), **Mayall** (3 SH)
Tuesday: **Jolette** (2 SH), **Louise** (3 Repair)
Wednesday: **Canyon View** (4 SH), **Tolleyway** (2 SH)
Thursday: **Walker** (1 SH), **W 119th St** (3 SH)
Friday: **Floristan** (3 SH), **Scandia** (2 SH)

Week 2 - if it's the week of Aug 27th. - However IF CONSTRUCTION is WEEK OF Sept 3rd, the schedule will change entirely due to Holiday and possible street sweeping days being off, AND YOU will get a new schedule then.

Monday: **Wilton** (2 SH), **Bronson** (2 SH), **Citrus** (2 SH)
Tuesday: **12th Ave** (2 SH), **Budlong** (2 SH), **Arapahoe** (1 SH) ID 13-18
Wednesday: **Alvira** (2 SH), **Genesee** (2 SH)
Thursday: **Palm Grove** (3 SH), **Buckingham** (2 SH)

Others by mid Sept in this same batch:

Armandale Re-install, not on a street sweeping day

Veteran, one more table on the 2100 block, not on a street sweeping day

PLEASE DO NOT REPLY TO THIS EMAIL. YOU WILL GET A LESS CONFUSING EMAIL WITH EXACT DATES CLOSER TO THE TIME, I just wanted to ROUGHLY let you know.

 **District Report Los Angeles City - Council District 11.pdf**
38K

Los Angeles Station Siting Check-in 08062018 – CD11 Crowdsourcing Map Review

- Largest community engagement to date due to strong social media and traditional media messaging by Metro, LADOT and the Council Districts
 - Clear concentration of community input in Playa Vista and Palms – less so in Playa del Rey, Del Rey and Mar Vista
- Next steps
 - Many comments received were from the same users repeating the same statement, or not related to the sites or project.
 - TDG to dive into comments to find the important ones that should be most examined by the team
 - Metro, CD11, LADOT and BTS will rank each site
 - 1 = station we should move forward with
 - 2 = station that needs more examination
 - 3 = station that we should consider not moving forward with
 - Claire to set up columns in the database
 - LADOT, Metro, BTS and CD 11 will vote before next meeting (8/20)
 - At next full meeting (8/20) the team will debrief based on the ranking of potential stations, and the results of the CD 5 discussion to determine next steps
 - Playa Vista
 - Neighborhood received the highest number of comments
 - Many comments were positive and over all every station except for one received a net positive
 - There were many comments regarding bird
 - The high number of comments could be from the high number of the tech community living and working in this neighborhood.
 - CD 5 will pursue a meeting with the BID to better glean exactly where they feel comfortable with stations
 - Metro and BTS can support
 - Roll out in the Westside will most likely resemble that of USC with stations being implemented as they become approved and no major “launch celebration” or ribbon cutting
- Notes and discussion by potential station location
 - 401 – National and Barrington
 - 12 likes, 10 dislikes (+2 net)
 - On-street location
 - 402 – SMC Satellite
 - 4 likes, 2 dislikes (+2 net)
 - Needs more outreach for exact location
 - Comments from community were supportive
 - 403 – Mar Vista Rec Center
 - Option A in front of the center was more popular
 - Recreation centers do not usually perform well
 - 404 – Palms and Centinela
 - Option A performed better
 - Option B has single-family homes and is less preferred
 - 405 – Venice and Sawtelle
 - Option B has more likes

- 406 – Venice and McLaughlin
 - 5 likes, 0 dislikes
 - Next to bus stop
 - North side is worse because of single-family homes
 - Alek asked about getting closer to intersection, but turning movements pose a problem.
 - May be a station area to look at more closely
- 407 – Venice and Inglewood
 - 8 likes, 5 dislikes (+3 net)
 - On-street
- 408 - Venice and Centinela
 - Option A performed better with 16 likes, 5 dislikes (+11 net)
 - Alek stated that Councilmember Bonin will not want to repurpose car parking at this locations
 - There be opportunities to take some of the non-parking space where bollards are at now
 - Will most likely be a popular station
- 409 – Venice and Beethoven
 - 6 likes, 2 dislikes (+4 net)
 - There may be room on the sidewalk for a station
- 410 – Venice and Walgrove
 - 1 like, 0 dislikes
 - 442 is also by Venice High, so there may be opportunities to choose either or
- 411 – Lincoln and Nowita or Marco
 - B slightly preferred, but both -1 net
 - Marco Place residents are clearly opposed to any loss of parking
 - High activity at Superba
 - Although area seems to be used for loading there may be opportunity to outreach with the business for a potential location
- 412 – Washington and Centinela
 - 4 likes, 3 dislikes (+1 net)
 - Giant parking lane
 - Potential for engineering at LADOT to develop a restriping solution
- 413 – Washington and Grandview
 - 1 like, 1 dislike
 - Low engagement
 - Potential exact station locations may be in Culver City
- 414 – Washington and Centinela
 - No engagement
 - Wasatch might be better
 - There are some chunks of sidewalk that may be wide enough
- 415 – Washington and Washington
 - 7 likes, 0 dislikes
 - Wide sidewalk
- 416 – Washington and Stanford
 - 10 likes, 1 dislike (+9 net)
 - Not right at the intersection
 - Team should explore potential to get closer to the intersection

- 417 – Washington and Ocean Front Walk
 - 20 likes, 0 dislikes
 - Busy area
 - Alek raised concerns about riding on OFW
 - Potential of sign placement to indicate prohibition of riding on the sidewalk
 - Claire thinks there should be stations here and at Pacific
 - City is putting a scramble in at Washington and Pacific
 - These will most likely be the busiest stations on the Westside
- 418 – Culver Median and Sawtelle
 - Suggested by CD11
 - Team strongly supports
- 423 – Sepulveda and Ballona Creek
 - 6 likes, 0 dislikes
 - Sidewalk site
 - Alek asked about getting closer to Ballona, but no room due to limited sidewalk width
 - Claire indicated bike share users utilizing the path will most likely be visiting the retail here
- 424 – Culver Slauson Park
 - Parking is a challenge on Slauson
 - Potential to pour concrete in the park, but undesirable to lose grass
 - More outreach is necessary
 - Claire suggested geofencing a location within the park as a solution
- 425 – Mar Vista Gardens
 - Uncomfortable street for bikes, but people do use it
 - Desire to serve the complex for equity
 - Gwen suggested doing outreach with a resident to determine a good location
- 426 – Braddock and Inglewood
 - No engagement
 - Possibility of taking red curb to minimize parking loss
- 427 – Milton Green Street
 - No input
 - Ballona Creek only accessible by stairs
 - Consensus of team is that this is not a great spot
- 428 – McConnell Cul-de-sac and Ballona Creek
 - Spot would go in front of a fence, Councilmember's field deputy knows the owner
 - Recent installation of speed humps
 - Busy area during the summer where people park and use the path to access Playa del Rey
- 430 – Glen Allan Park
 - 2 likes, 0 dislikes
 - Not enough sidewalk space, but room to pour a pad
 - Parks aren't great trip generators, but this fills a gap
 - Claire expressed skepticism about network connectors due to their low use in other parts of the system
- 431 – Glencoe and Maxella

- 14 likes, 0 dislikes
- Large on street hashed and bullarded area is wide of for a stations
 - This area could become a sidewalk in the near future
 - Only current sidewalk is on the commercial property
- CD11 knows a local cyclist on the neighborhood council who might have pushed for this resulting in a lot of likes
- 432 – Pacific and Via Marina
 - 14 likes, 1 dislike (+13 net)
 - Moving forward as a Marina del Rey station
 - Was added to the crowdsourcing to glean public interest
- 433 – Bluff Creek and Centinella
 - Spot in park has low visibility, but could be lunchtime destination
 - Received a large number of likes
 - Adjacent to lots of tech/start-up space
- 434 – Campus Center Dr
 - There is space, but it might be private – need to check with city
- 435 – Runway road
 - 33 likes, 23 dislikes (+10 net)
 - A lot of the comments were for support for scooters over bikes
 - One comment mentioned concern for Bike Attack business
- 436 – Concert Park and Runway
 - 26 likes, 28 dislikes (-2 net)
- 438 – Bluff Creek and Lincoln
 - 31 likes, 22 dislikes (+9)
 - 3 pages of comments
- 450 – Walgrove and Rose
 - 5 likes, 3 dislikes (+2 net)
 - Space is very tight in that area

Hi All,

Please see the notes and action items from our CD 11 Crowdsourcing Review. Please let us know if anything else should be added. Claire will be sending out the revised spreadsheet with the station ranking exercise. We will plan to meet again on August 20th to debrief with CD 5 and discuss next steps.

Thanks again,

Brett

Subject: Bike Share Check-in schedule for the next two weeks

Hi Everyone,

As discussed last Monday, in order to accommodate enough time to review the results of the crowdsourcing exercise in each Council District we will not be having our regularly scheduled Los Angeles Station Siting Check-in for the next two weeks. Instead we will be on the following schedule:

- CD 11 Crowdsourcing Review – August 6, 3:00pm – 5:00pm
- CD 5 Crowdsourcing Review – August 14, 10:00am – 12:00pm

Please let us know if you have any questions.

Thanks,

Brett Atencio Thomas

Hi there,

I had meant to thank you for the temporary sign that helped alleviate the parking-next-to-white-curb.

But I need to bring another matter to you tonight. I was out walking the dogs next to the lagoon park near the swings and picnic tables and smelled something burning. I found a cache of hot coals on top of a pile of dry leaves. I then went up to alert the officer ticketing the cars that were there after hours and she said she would come down to look at it with me in a bit. So I went down to pull the coals off to the sand and buried them. By the time I got the officer down there with me the coals seemed to have all been extinguished.

I was able to look at the location better afterwards and it is full of dry leaves. Not only that, it was next to a huge palm tree with dead, dry beard.

Attached are pics. The officer said something about Transportation needing to step up on ticketing and that this was a result of people staying past sundown. I am wondering if we could get the park cleaned up if that is the kind of idiots we have who dump coals not many feet away from proper disposal bins and on top of dry leaves.

The pics are not really good but the dark one shows the coals still glowing a bit before intervention.

Thank you for your time,

Thank you! This is very helpful.

Palms is not in our council district, however. It is Cdfive and CD 10.

Did they have any info for Del Rey? It shares the same ZIP Code with Marr vista., So maybe it's captured within that?

Mar Vista Community Council

Transportation and Infrastructure Committee

Wednesday, August 1, 2018 7:00 PM - 9:00 PM

Windward School Boardroom 1030, Building C (by baseball diamond)

11350 Palms Blvd, Los Angeles, CA 90066 (SW corner of Palms and Sawtelle Blvds.)

Co-Chairs: Ken Alpern, Michelle Krupkin and Gabriel Hill

1. Call to Order—Ken Alpern and Michelle Krupkin presiding
2. Introductions and Discussion of Items Not on Agenda
3. Approval of minutes of previous meetings
4. Public Comment
5. Transportation & Infrastructure and Great Streets Related Reports
 - a. MVCC Liaison to Bi-Monthly CD11/LADOT/LAPD Traffic Committee - Linda Guagliano (10 min)
 - b. LA DWP – NC MOU Committee and Reform Efforts/Goals
 - c. MVCC Parking Study Update - Discussion and Update from Howard Weisberg – **Status from Alek:** No subcommittee update from LADOT yet. Waiting from a draft Statement of Work (SOW) from them.
 - d. CD11 Mobility Deputy Alek Bartrosouf shares Mar Vista related mobility issues
6. Old Business/Open Issues: Committee/Task Force/Updates
 - a. Update of bus shelter info (from Hannah Levien, Joseph Galloway and Francois Nion) to add, improve, replace and upgrade key bus locations, including arrival boards. **STATUS: No New information.**
 - b. **Discussion and potential motion:**

Discussion of the need for a DASH bus/micro-transit service for Mar Vista serving Great Street Venice Blvd. **STATUS:** Michelle told CD11 Mobility Deputy Alek Bartrosouf that from 2015 to the present, her request for a DASH route in Mar Vista has been denied due to the policy "LADOT leans away from having DASH routes in more affluent areas such as Mar Vista." Alek Bartrosouf will look into this. Regarding micro-transit, Alek said that Metro is currently moving forward with their pilot program, moved from a Spring 2018 launch to a possible Fall 2018 launch. This model would be priced somewhere in between a Metroride and Uber/Lyft service.
7. New Business
 - a. **Policy Motion: Establishment of Street-Sweeping Route and Services for Centinela Blvd. Between Palms Blvd. and National Blvd.**

WHEREAS: The Mar Vista Community Council (MVCC) supports maintenance and repairs on all of its major infrastructure assets, including vital thoroughfares such as Centinela Blvd., and

WHEREAS: It has come to the attention of the MVCC that there is no street sweeping route on Centinela Blvd. between Palms Blvd. and National Blvd., and that there are no resources allotted to correcting this current lack of street maintenance,

THEREFORE, LET IT BE RESOLVED: That the CD11 office, L.A. Bureau of Street Services (BOSS), and LADOT will work with any and all City budgeting and resources to initiate and implement regular and ongoing street sweeping to the aforementioned segment of Centinela Blvd.

THEREFORE, LET IT ALSO BE RESOLVED: That the CD11 office, the CD5 office, BOSS, and LADOT will perform an analysis of all major thoroughfares within the confines of the MVCC to determine if regular and ongoing street sweeping, as well as other vital services and maintenance, is in order. **STATUS:** Tabled at 7/11/18 meeting. Needs discussion.

b. **Policy Motion: MVCC Support for the restoration of the "Opt-out" clause in the City of Los Angeles Sidewalk Vending Program**

Council File No: 13-1493, Related Legislation: SB 946

WHEREAS, the City Council, on April 18, 2018, adopted an Ordinance creating a Sidewalk Street Vending Program and,

WHEREAS, in the final draft of said ordinance, the "opt out" provision was removed, at the last minute, prior to approval, and

WHEREAS, local brick and mortar enterprises along Venice Blvd in Mar Vista, have spent years establishing their businesses based on a set of assumptions and rules, such as where they can be located, the taxes they are required to pay, and the best ways to attract customers, and

WHEREAS, sidewalk vendors in the proposed ordinance will probably sell similar types of goods and services as nearby brick and mortar businesses, but not be required to adhere to the same elaborate state and local permitting and land-use regulations, and

WHEREAS, the local brick and mortar businesses on Venice Blvd in Mar Vista, have contributed to the "main street" atmosphere that local residents value, and

WHEREAS, the local brick and mortar businesses along Venice Blvd in Mar Vista are mostly small ones, with small profit margins, and

WHEREAS the presence of sidewalk vendors along Venice Blvd in Mar Vista, for the reasons specified above, would constitute unfair competition for the local brick and mortar businesses on the same stretch,

THEREFORE, the MVCC moves to submit a Community Impact Statement to the City Council and Committees urging the restoration of the "opt-out" clause of the Los Angeles Sidewalk Vending Ordinance. **STATUS:** Tabled at 7/11/18 meeting. Needs discussion.

c. **Discussion and potential motion: Future funding of pedestrian crosswalks in Mar Vista.**

LADOT did an assessment of the requested intersections and has come back with the following that are on the list from the MVCC and eligible.

McLaughlin and Charnock (recent serious collision at this intersection) –IN PROCESS of MVCC FUNDING being transferred to LADOT/CD11 for installation.

McLaughlin and Victoria

Grandview and Pacific

Beethoven, Zanja, and Caswell

Zanja and Alla

Subject: Re: Please reconsider your motion on a temporary ban of dockless bicycles/scooters

Joan,

I agree with you that people are just using them for joy riding and aren't respectful of property owners, residents, and the actual mode of transit. And it really is unfortunate for those of us who actually want to use them correctly. However, I think that will fade away as the cool factor rubs off. I would encourage you to focus on things that the City can do today like:

- better enforcement of existing laws (LAPD should pull over people not wearing helmets or riding two people on a scooter),
- random citations in problem areas (Santa Monica does this on the pier),
- negotiating with the companies (like Santa Monica did) to get a portion of proceeds to use for things like designated docking areas at transit stations, more bike lanes, and an education campaign about proper usage,
- limiting the number of scooters in an area (and fine the company for over saturation),
- parking citations of scooters (get parking enforcement to record the bike number and cite the company).

You could generate a lot of revenue for the city and do something visible today if you direct City Departments to actually do something about and address immediate concerns while still plan for the future, without an outright ban.

And, speaking honestly (because we are all friends!), I don't see the Councilmember moving to ban cars because people are being injured and killed by them every day (especially seniors and families), people are driving them unsafely and parking them everywhere (including the middle of sidewalks, peoples lawns, driveways, store fronts, etc.), and they are causing liability for the public and the city. Oh, and pollution from vehicles creates greenhouse gas emissions and dirty air that can lead to cancer, asthma, and early death. We have just gotten used to the automobile dominating and have enforcement mechanisms (parking, reckless driving, seatbelt, texting, talking, and other citations).

Let's enforce the laws for motorists, cyclists, and scooter riders consistently and I guarantee that joyriding will drop dramatically because no one wants to deal with a moving violation that could cost hundreds of dollars and put a point on their driving record for a \$2 ride on a scooter.

I hope this is helpful. I know this is still being debated but please consider what you can do today to address concerns.

Eli

On Aug 1, 2018, at 11:23 AM, Joan Pelico <joan.pelico@lacity.org> wrote:

Good morning Eli,

Hope all is well. Thanks so much for reaching out to us.

Councilman Koretz's motion is all about a temporary ban while the city comes up with policy similar to Santa Monica. There are people like you and your wife who obey the laws already on the books but unfortunately, there are too few of you respecting these laws and the public right of way. When seniors and families are afraid to walk on the sidewalks because they don't want to be hit by a scooter, have to jump out of the way when one comes by, kids are using parent's credit cards to rent, there are two people on a scooter, no helmet and I can go on, something is terribly wrong. There should have been regulations and policy already put into place before these scooters were even released to the public. We agree, this is a wonderful alternative mode of transportation and will close the gap at the first and last mile for many however, until we can get a hold of them, they have become dangerous and a liability for the public and the city. We also need to explore a structure where these scooters are rented and returned maybe, similar to the Metro bikes. People are leaving them everywhere, middle of the sidewalks, peoples lawns, driveways, store fronts, etc. With all that said, I do know at T Committee in a couple of weeks the discussions on the regulations and policy for these scooters will continue and we do look forward to a speedy resolution.

Warmest Regards always,
Joan

Paul,

I hope you are doing well. I want to thank you and your staff for coming up with a reasonable compromise on the Expo Line Transit Neighborhood Plan. I will continue to advocate for more opportunities to build housing, particularly affordable housing, near transit and I am encouraged that you understand that this is critical for climate change and the future resiliency of our city.

I am writing to encourage you to come to a compromise on your motion to temporarily ban dockless and motorized bicycles and scooters. I would actively oppose an outright ban because these modes of mobility have helped our family in just the short month that electric scooters have come to Palms. The first time I used it, I was caught on the Big Blue Bus behind the Presidential motorcade on National Boulevard. Frustrated and late for dinner with the family, I got off the bus, found the nearest scooter and got home in time to sit down to dinner with them. Since then, I started using it regularly to get home from the Expo Line Station, cutting down the first/last mile time by 10 minutes. If you have ever walked up the hill at Overland Ave, you would understand why riding an electric scooter makes a big difference.

My wife is now using scooters to commute home from her new job at your alma mater, Hamilton High School. Without these options, we would have to consider buying a new car or ride sharing which, while clearly a better option than buying a new car and commuting in a single-passenger vehicle, still causes pollution and congestion.

I would note that my wife and I always wear helmets, never ride double, and obey traffic signals and laws.

I recognize that we are not currently the majority of scooter riders but please consider that we are making CD5 less carbon intense, more walkable/bikeable, and reducing traffic. Instead of banning these new modes of mobility, I ask that you consider implementing a pilot program, similar to the approach currently underway in Santa Monica where the City limits the number of permitted companies, sets strict guidelines, collects data, and encourage best practices to see what works (and what doesn't). I am working with a coalition of transportation advocacy organizations to develop a set of principles for such pilot programs so that we balance safety with mobility and reduction of carbon emissions.

Yours truly,

Eli Lipmen

Bike West Los Angeles and More

LOS ANGELES COUNTY BICYCLE COALITION (LACBC) www.LA-Bike.org

(West LA Bike Ambassadors meet the 4th Thursday of the month 6-7pm)

To attend RSVP here.

AUGUST 2018

The purpose of this newsletter is to connect you to adventures and opportunities that promote safe cycling in and around the Westside of Los Angeles with a few out of area opportunities that are just too fun to not share with you.

Full newsletter with heaps of information is contained in the enclosed .pdf.

(Bike Mar Vista) is relaunching our regular meetings. 4th Monday of the month. Meetings will be at 7pm on the 4th Monday of every month at Windward School Boardroom 1030, Building C (by baseball diamond) 11350 Palms Blvd, Los Angeles, CA 90066 (SW corner of Palms and Sawtelle Blvds.) Los Angeles, CA 90066. **Next meeting is August 27th.**

DRAFT Mission Statement: (Bike Mar Vista*) seeks to make Mar Vista a healthier, safer and more fun place to live, work and play, through advocacy, education and outreach. (Bike Mar Vista) works to inspire more biking and walking in Mar Vista which, through increased visibility and interaction between residents, will yield a safer, stronger and better connected community.

Ride On Neighbors!

Hi Alek,

Hope you're bearing up under this heat! I'm enjoying our afternoon breeze now, but it's tough out there!

Wondering if you've heard any news about this intersection in the way of adding pedestrian markings or any other upgrades.

Also.... so many people blow through stop signs, or close. I've asked LAPD West Traffic for enforcement in the past, and haven't gotten much response. Maybe the voice of CD11 will carry more weight. Essentially, it's all stops along Charnock, Palms, Victoria, and cross streets from west of Sawtelle (Corinth all the way to Inglewood).

thanks so much -

Nanette

Re: Safety and mobility enhancements

Holly Tilson <[REDACTED]>
To: alek.bartrosouf@lacity.org

Wed, Jul 18, 2018 at 10:16 AM

Thanks for the info Alek.

The ending balance on our city produced MER was \$10,684.54, I think it might be a \$100 or so less, but should be over \$10K. If we had actually completed our spending it would have been about \$1K less so if for some reason they charge back those expenses (I doubt it) you might only get around \$9.5K. Shawna, my funding clerk, said the city was still working on balancing the books and finalizing the numbers.

BTW-the Beethoven/Greenwood intersection I asked LADOT about they said not enough people crossed there. People are beginning to cross elsewhere because the cars don't stop at the signs or single white stripe. So I/we (some neighbors) felt maybe the continental crosswalk on the west side of the intersection would help. I think the city doesn't always do all four legs of the intersection, which on this 2 lane area would be over kill, but just one leg might be useful and actually stop the east bound traffic. BTW-the LAPD was handing out tickets on Palms and Maplewood and will also be doing Palms and Greenwood. This may or may not give LADOT an idea of the scope of the problem. yesterday morning while talking to a neighbor, within a 15 minute period besides all the rolling kind of just slow down for the stop sign 2 cars just ran right through.

Metro

Memo

Date	July 3, 2018
To	Los Angeles City Council District 11 Los Angeles City Council District 5 Associated Neighborhood Councils
From	Dolores Roybal Saltarelli Senior Director, Shared Mobility & Implementation
Subject	Crowdsourcing Map Release

The Metro Board of Directors, at its meeting on May 24, 2018, authorized the Phase 3 Expansion of the Metro Bike Share program which includes the communities of Palms, Mar Vista, Del Rey, Playa del Rey and Playa Vista, located within Los Angeles City Council Districts 11 and 5.

Since then, Metro and the city of Los Angeles have been working diligently to develop a list of potential station locations for the public to consider. The list of potential locations was carefully developed by examining suggested locations in a previously released countywide crowdsourcing map, station spacing, access and convenience, safety considerations, land use and destination patterns, discussions with L.A. Council Districts and local stakeholders and a Bike Share Suitability Index developed by an outside consulting firm.

The Westside Crowdsourcing map has been released and will be live and open for public input through July 31st. Residents and visitors are able to indicate whether they like or dislike a potential location, and leave comments and suggestions about potential locations by visiting the crowdsourcing map located at the following URL:
<http://wikimapping.com/wikimap/Westside-Communities-Metro-Bike-Share-Expansion.html>

Metro hopes to gather the largest amount of public input possible on potential station locations and encourages the sharing of the Crowdsourcing Map with as many constituents and community stakeholders as possible as well as sharing via social media, newsletters and other platforms.

Please do not hesitate to reach out to the team with any questions.

alek.bartrosouf@lacity.org

Thu, Jul 12, 2018 at 8:09 AM

Hi, All:

We talked a bit about Bird, and Metro's need for the First/Last Mile connection to the Expo Line. We wanted to potentially connect Bird with bicycle or other businesses that might work well as Bird stations or partners, but all vehemently wanted to avoid any conflict of interest in favoring some businesses over the others. An update and clarification for a DASH bus for Mar Vista, and/or Micro Transit to/from the Palms Expo Line station (as presented to the MVCC a few months ago) was also sought.

We brought Alek Bartrosouf from the CD11 office up to speed on much of our past efforts for bus stop upgrades and shelters, as well as other signage and related issues that were affecting businesses in the region. Alek's interests and insights for the group are greatly appreciated.

The Parking Demand Study for Venice Blvd. is somewhat delayed at its start because the two LADOT officials working on that have summer vacations interfering with the timetable for starting at this immediate time.

With respect to streetsweeping issues on Centinela and other boulevards, it was agreed that Mary Hruska and the complaining stakeholder(s) would communicate with Alek and Hannah from the CD11 office, and it was hoped that this effort would lead to the response from the right City officials and obviate the need for any motion or other actions from the MVCC. The streetsweeping motion was to be held off for another month.

With respect to the street vending motion, more clarification was in order, so this was to be addressed next month.

Subject: Service Requests - Follow Up

To: Hannah Levien <Hannah.Levien@lacity.org>

Cc: "[REDACTED]"

Hi Hannah,

Wonderful time being with you, Mike, and our neighbors last night. We discussed my sending you the Service Request ID numbers for having red Stop Signs placed on both ends of the 11300 block of Victoria Avenue in order to slow and deter cut through fast moving traffic coming off of Sawtelle Blvd going west on Victoria to avoid the back up traffic and signal at Sawtelle and Venice.

The Service Request ID numbers were and are 86122, 86120, and 85416, as shown on the LADOT site. Thank you and Mike for conducting such an open and warm discussion at our home, and agreeing to assist in following up on these Service Requests ASAP.

I hope you're able to arrange a meeting with those in charge of Windward School's development plans and following up on their willingness to be financially supportive in funding the already approved project of installing Left-turn permissive arrows and signals at the corner of Palms and Sawtelle. As you recall I mentioned working on the project for 3-4 years now to get it to this final stage. I attached a couple of the letters send me by the engineers in charge of evaluating and completing this project.

Take care. We hope to see you soon.

Service Request 48904.pdf

58K

TCR - LTP - Palms Blvd and Sawtelle Blvd - SR 13185.pdf

132K

From: DOT Western District ladot.westerndistrict@lacity.org
Subject: Re: Service Request # 48904
Date: December 10, 2015 at 9:11 AM
To: Richard Hirschhoff [REDACTED]
Cc: Mohammad Blorfroshan mo.blorfroshan@lacity.org

Dear Mr. Hirschhoff,

The installation of protected-permissive left-turn phasing at Palms Blvd and Sawtelle Blvd intersection is currently on the Department of Transportation's "Unfunded Projects" list until a funding source is identified. The Council Office is aware of this. It should be noted, that the left-turn signal phasing at this intersection was justified due to left-turn delays and not due to frequency of traffic collisions which would have required a protected-only left-turn phasing installation.

Sincerely,

On Sun, Dec 6, 2015 at 8:57 AM, Richard Hirschhoff [REDACTED] wrote:
Dear Mohammad H. Blorfroshan,
Senior Transportation Engineer
Western District Office
Dept. Of Transportation

I am writing you just to first express my gratitude and thanks for having submitted for discussion and evaluation my request for left-turn phasing for southbound traffic on Sawtelle Blvd at Palms Blvd, as well as westbound traffic on Palms Blvd at Sawtelle Blvd, and determined the need being justified and approved for installation.

I, and my local neighbors in the community, are interested in knowing what the approximate time frame might be for the actual physical installation of these new traffic control signals might be, since the record of traffic collisions and safety of pedestrians as well the large numbers of children attending Windward School who cross the street at that corner would seem to merit some urgency in expediting this project.

My local councilman, Mike Bonin, Chair of the City Of Los Angeles' Transportation committee and his chief office assistant, Len Nguyen, have also expressed and agreed with our concerns over the expediting of this project for the safety of those living in the Mar Vista community.

If you could please let myself know what information you might have regarding the timeframe of this projects completion, I will gladly pass this information on to any and all concerned members of my neighborhood and community.

Thank you once more for all of your help in bringing this valuable and necessary improvement into a reality.

Yours Very Truly,

Rich Hirschhoff, MFT

DEPARTMENT OF TRANSPORTATION**

TRAFFIC
CONTROL
REPORT

October 15, 2015

11 - Western SR# 13185
20368, 27920, 46048, 48272
& 48904

Palms Blvd & Sawtelle Blvd

LEFT-TURN PHASE

DETERMINATION

1. That protected/permissive left-turn phasing be authorized for southbound traffic on Sawtelle Boulevard at Palms Boulevard. (Section 80.07 (a) L.A.M.C.)
2. That protected/permissive left-turn phasing be authorized for westbound traffic on Palms Boulevard at Sawtelle Boulevard. (Section 80.07 (a) L.A.M.C.)

DISCUSSION

The Department of Transportation received requests for the installation of left-turn phasing for southbound traffic on Sawtelle Boulevard and westbound traffic on Palms Boulevard due to concern with excessive delays at this intersection during weekday peak periods.

A comprehensive traffic engineering study of this intersection has been completed. The study included a left-turn delay analysis, a review of the Los Angeles Police Department's record of reported traffic collisions, an investigation of physical conditions and existing traffic controls, and field observations of traffic movement at this intersection.

In the Community Plan of City's General Plan, Palms Boulevard and Sawtelle Boulevard are classified as "Secondary Highways". Results of the study indicate that this intersection satisfies the Department's "Delay" guideline for the installation of protected/permissive left-turn phasing for southbound and westbound directions. The study revealed excessive left-turn delays for these directions during the weekday peak hour periods.

The installation of protected/permissive left-turn phasing, as described in the Determination, will promote the safe and orderly movement of traffic at this intersection, and is therefore, justified.

"Bummed" is the right word. "Aaaaaugh!" is another.

I want:

- 1) Parking Demand Studies for Sepulveda Blvd. and Overland Avenue, like we're initiating on Venice Blvd. Mobility deputy Alek Bartrosouf of CD11 can tell them all about it.**
 - 2) I want a left turn signal at the northbound Sepulveda/Palms intersection before any project can be built there.**
 - 3) Ditto with enough parking and an honest assessment of what will constitute affordable housing--nothing that will create spillover traffic. The more parking, the better, and the more the developers can build at Sepulveda/Palms (or pretty much else). I also want FIRST-RATE bus stops at Palms/Sepulveda.**
 - 4) No offense to our Palms NC neighbors, but we are diametrically opposed to megaprojects being built with insufficient parking. I think it's great that students, affordable housing, and transit-oriented development is occurring at Palms (it really IS a beacon of sorts for that type of planning, and is rather unique in the Westside in this manner), but parking spillover is getting freaking out of control in Westside Village--and it MUST be confronted that even apartment dwellers are using and purchasing cars.**
- Again: Parking Demand Studies akin to what is now going on for Venice Blvd. (the MVCC helped push for that).**
- 5) Our MVCC Homeless Committee is being reconstituted as of tonight--some fireworks to be raised, but we'll have a psychiatrist and social worker on board. Westside Village is part of the MVCC, and we want results. Furthermore, Paul Koretz isn't Mike Bonin--some homeless need to be relocated, some need to get help and can stay awhile if they behave, and some need police/law enforcement.**

I very much trust the two of you to help cover for me while I'm stuck in another meeting. I am leaving this Friday for Alaska for two weeks, and could not arrange for another meeting in July for my MVCC T/I Committee, which is now being charged to oversee Great Streets and other subcommittees, so I'm sorry about this Wednesday.

Ken

Thank you, Stacy, for this extensive list.

Ken, I need to get this to Koretz's folks this morning. Please weigh in as soon as you can. I'm bummed you have a scheduling conflict for tomorrow night.

 - >
 - > A local resident from the 3000-3100 block of Midvale will be stopping by the meeting to present a petition to Jay about the parking restrictions on the 3000 block of Midvale which is having an undue affect upon the residents in the 3100 block of Midvale. Both blocks have historically had problems with employees of TJ and the office building utilizing all curb parking. Now that is occurring on 3100 Midvale. 6 blocks are needed for permit parking area. Less than 6 blocks are affected. In the rule governing mitigation for parking problems like this there is the ability of a council member to issue an emergency permit district ruling until solutions can be found. Is that an appropriate remedy for this situation? Midvale residents have petition to remove the current restrictions on 3000 Midvale block and Ken & Stacy are asking MVCC transportation committee to contact TJ about the issue. However long term a special permit district for 3000-3100 Midvale and 3000-3100 Glendon should be consider. Please be prepared to discuss and advise what would be an appropriate remedy and how to proceed.
 - >
- > 2. Bird usage in the neighborhood- specifically in the streets and on the sidewalks without helmets, by minors and at night. They being left on personal property and blocking sidewalks. Please update us on what is being proposed to deal with this issue.
 - >
- > 3. Local developments issues, specifically Palms & Sepulveda (huge development being proposed) and increased development on National & Overland has gridlocked our area. What specifically is being done to mitigate the traffic impacts and what can be done during the permitting process for Palms & Sepulveda to put in a turn signal onto Sepulveda (east and west bound Palms) and to mitigate the resulting traffic?
 - >
- > 4. Transportation Corridor Plan - please update us and discussion regarding more parking being required of the developments. As the developments on Overland have shown, parking needs are not reduced due to proximity to transportation like the Metro. Now all the residential streets near the Overland developments are inundated without parking problems, blocked driveways and failure to head traffic signs (pedestrians hit on Westminster because stop signs are ignored). We want to prevent his from continuing and would like to know how we best get heard on this matter?
 - >
- > 5. Traffic safety issue: need for midstreet turn inhibiting barriers on Westwood Blvd. at the exit from Trader Joes. Despite signs stating no left turn INTO the lot and no left turn OUT of the lot, this is a daily occurrence and the traffic accidents have increased in both the intersection and at the location of the exit. Remember, this is the start of a stretch of low visibility in both north and south directions on Westwood as the drivers come out of a curve and enter into National Blvd. entering the curve heading east. At this intersection (Westwood & Glendon) Dorothy Diamond, school secretary at Adat Shalom was struck by a vehicle and killed. We do not want a repeat. We are requesting stick barriers at the location of the double yellow line that would prevent turns into and out of the parking lot at this location.
 - >
- > 6. Restricted Access to the stairs on Kingsland between Midvale & Glendon. LAPD has been spoken to and they are in favor. We are proposing that we institute a gate (and gate closure) much like that installed at the Palms Park pedestrian bridge into the South Cheviot Hills neighborhood. That gate is closed and locked at sunset, opened at 7:30 a.m. We have residents on Kingsland adjacent to the stairs that state they would assume the duty of opening and closing at the bottom. We need to enlist the same for property managers on Rose (or the residents on Kingsland would have to do both gates). This is to stop nighttime traffic on the stairs that has included drug usage, drug deals, armed robberies. Is this possible and would we be supported by Councilman Koretz in this matter? How best to proceed to get this accomplished. **It should also be noted that both homeowners adjacent to the stairs have also, at the suggest of the LAPD, positioned cameras that provide coverage of the top of the stairs which will assist the LAPD in reducing crime on the steps.
 - >
- > 7. Homeless Encampments in the Vons Parking Lot and adjacent on Sepulveda Blvd. It is a growing problem and shoppers have been harassed and threatened while parking and shopping. One RV went up in flames and burned one of the trees on Sepulveda that needs to be removed so as to prevent a public safety hazard. The area of Sepulveda Blvd in front of the stores is 2 hour parking and is not being enforced. The same RVs are there for months on end (and on the street immediately to the south of the shopping center across from the apartments). Further barbecuing and preparing food for large groups is occurring at several of the RVs nightly. This blocks the sidewalks and presents a further hazard.
 - >
- > Ken may have further specifics of these issues that he would like discussed. Most of concerns right now concern increased density and increased traffic that is greatly impacting our neighborhood and making Queensland and our residential streets a thorough fare of cars at increased speed and volume.

 **COOLING CENTER LIST 2018 (Rev 37) May 16 2018 1.docx**
135K

SURVIVING THE HEAT

Tips from L. A. County's

Emergency Survival Program

www.espfocus.org

2018

On the pages following this cover letter are the agencies that comprise the Los Angeles County 2018 Cooling Center List. The Centers are listed alphabetically **by city** for easy access. In the event of a power outage, if your local Center is closed, please use this list to identify a center nearby.

If you are planning to visit one of these Cooling Centers, it is advisable that you call in advance to make sure there is still seating available. If a **Cooling Center** is not operational, check the attached list for another **Cooling Center** nearest you or call **211** for L. A. County or **311** for L. A. City listings. Check with your local library when looking for a place to cool down. They have great resources and plenty to read while you escape the heat. For further information on heat waves and staying safe, go to http://lacoa.org/PDF/ESP_FocusSheet_Heatwave_0710.pdf.

Below are safety tips that will help you protect yourself and stay safe in the hot weather.

If you plan to be outdoors, please take precaution to protect yourself from the sun and heat.

- Avoid the sun from 10 a.m. to 3 p.m. when the burning rays are strongest.
- Reduce physical activity.
- Wear a wide-brimmed hat and light colored lightweight, loose-fitting clothes when you are outdoors
- Avoid hot, heavy meals that include proteins.
- Set your air conditioner between 75° to 80°. If you don't have air-conditioning take a cool shower twice a day and visit a public air conditioned facility.
- Check on elderly neighbors and family and friends who do not have air conditioning.
- Drink plenty of fluids even if you are not thirsty. Avoid alcohol.
- Use sun screen with a sun protection factor of at least 15 if you need to be in the sun.
- Don't forget about your pets, they need plenty of water and shade.
- Insulate your home by installing weather stripping around your doors and window sills to keep the cool air inside.

Symptoms of dehydration and heat cramps include dizziness, fatigue, faintness, headaches, muscle cramps and increased thirst. For more information or additional locations, please call 211 for LA County or 311 for LA City.

Metro Bikeshare Crowd-sourcing available 6/25

Alek Bartrosouf <alek.bartrosouf@lacity.org>

Mon, Jun 11, 2018 at 5:37 PM

To: Chuy Orozco <jesus.d.orozco@lacity.org>, Taylor Bazley <taylor.bazley@lacity.org>, Hannah Levien <Hannah.Levien@lacity.org>

Cc: Eric Bruins <eric.bruins@lacity.org>, David Graham-Caso <david.grahamcaso@lacity.org>

Hi folks.

Metro is sharing this notice out to folks in anticipation of their crowd-sourcing tool for the public to chime in on bike share expansion.

We want to make sure our constituents are informed, to provide feedback on which stations to pursue. Feel free to use the language in the Metro memo to spread the word. I think this is optional. When 6/25 comes around and the portal is actually live, I'll shoot you a reminder to definitely share at that point in time.

Any questions? Exciting times for the district :)

Best,
Alek

Metro

Memo

Date	June 11, 2018
To	Los Angeles City Council District 11 Los Angeles City Council District 5 Associated Neighborhood Councils
From	Dolores Roybal Saltarelli Senior Director, Shared Mobility & Implementation
Subject	Crowdsourcing Map Process

The Metro Board of Directors, at its meeting on May 24, 2018, authorized the Phase 3 Expansion of the Metro Bike Share program which includes the communities of Palms, Mar Vista, Del Rey, Playa del Rey and Playa Vista, located within Los Angeles City Council Districts 11 and 5.

The station siting process includes collaboration between Metro, the Council Districts, the Los Angeles Department of Transportation and technical expert consultants Bicycle Transit Systems and Toole Design Group. In the past a regression analysis was performed that indicated a strong correlation between actual Metro Bike Share station performance and the number of likes received during crowdsourcing exercises. For this reason Metro and the station siting team wish to release a crowdsourcing map to garner public opinion on potential station locations throughout the Phase 3 Expansion communities, to determine which locations will best serve local residents. The potential station locations that will be included in the crowdsourcing map were carefully chosen by access and convenience, station spacing, safety considerations, examining a previously released Countywide crowdsourcing map, land use and destination patterns traditionally favorable to high bike share usage, discussions with the Council Districts, and a Bike Share Suitability Index developed by the consulting firm Fehr & Peers.

Metro plans to release the online crowdsourcing map to the public on June 25, 2018 and allow comments and likes from the public through July 31, 2018. Availability of the map will be noticed to the public via social media channels of related parties, media notification, and Metro's internal media outlet The Source. Upon completion of the crowdsourcing exercise Metro's consultant team will develop a heat map, graphical representation of areas most favored by the community for station placement, and these areas will be considered as we proceed with the station siting process.

Please do not hesitate to reach out to the team with any questions.

Hi All,

Thank you for the very productive meeting today, please see notes attached, and let us know if anything should be added. Metro, LADOT, TDG and BTS will meet tomorrow to discuss progress at USC and DTLA.

Thanks,

Brett

Subject: Re: LA Station Siting Check-in Agenda - June 18, 2018

Hey Everyone,

Sorry, we won't be able to make the call today as we have a deadline for our dockless staff report today that is due today. The good news is that all but 2 plans have been signed. News racks have also been removed at 1st/Main. I can touch base tomorrow with Claire and Brett for the implementation of the stations.

Los Angeles Station Siting Check-in 06182018

Westside LA

- The CD5 and CD11 team forwarded the Station Siting Process and Crowdsourcing Memo to the Neighborhood Councils within their districts.
 - Palms NC agrees with the process.
 - No other councils have commented.
- Toole Design Group reviewed the crowdsourcing photos to date, and reiterated the process.
 - Metro reiterated that the process is designed to be a tool to glean the highest granularity of community input possible on potential station locations.
 - Once the input is received and tabulated, a heat map will be developed that shows a graphical representation of areas most favored by the community for station placement.
 - Per CD5 and CD11 suggestion the photos on the final map will include language that specifies if the station is anticipated to be on-street or off-street.
 - TDG will be in town this week to proceed with crowdsourcing map development, including taking the remainder of the photos.
 - Metro will present a draft of the map to CD5 and CD11 preceding next meeting.
 - Once the Council Districts have adequate time to review the map, and have approved of its use, it will be released to the public using social media, Metro's internal blog.
 - The Council Districts are encouraged to distribute the map as widely as possible to their stakeholders and constituents.
 - The map will remain open for public comment until July 31, at which time heat map and summarization of recommendation will be developed for Council District review.

USC/University Park/DTLA

- LADOT was unable to attend the meeting due to internal deadlines.
 - Metro, TDG, BTS and LADOT will meet on Tuesday June 19, to discuss the following items:
 - License Agreement update with LAFC
 - Pershing Square station relocation
 - University Village update (potential space set aside in original plans?)
 - 23/Hoover update
 - MyFig launch party update
 - Station barriers update
- LADOT informed the group that all drawings except for two have been approved
- Newspaper racks at 1st and Main have been removed to allow for additional docks to be placed here, following success from the B4B program launched with the City.
- TDG submitted final drawings for the following stations to LADOT for review:
 - 28th and Figueroa
 - 28th and University

Re: Case No. AA-2014-3076-PMLA
Related Case: ZA-2014-3077-ZAA
3529 Grand View Boulevard
Palms-Mar Vista-Del Rey
Planning Area
Zone : R1-1
D.M. : 114B153
C.D. : 11
CEQA: ENV-2014-3078-ND
Legal Description: Arb 1, Lot 3,
Block F, Tract Replat of Ocean
Park Heights

In accordance with provisions of Section 17.53 of the Los Angeles Municipal Code (LAMC), the Advisory Agency adopted Negative Declaration ENV-2014-3078-ND as the environmental clearance and approved Parcel Map AA-2014-3076-PMLA, to subdivide one lot into two parcels, as shown on map stamp-dated August 25, 2015, in the Palms-Mar Vista-Del Rey Community Plan. This unit density is based on the R1-1 Zone. (The subdivider is hereby advised that the LAMC may not permit this maximum approved density. Therefore, verification should be obtained from the Department of Building and Safety which will legally interpret the Zoning Code as it applies to this particular property.) The Advisory Agency's approval is subject to the following conditions:

NOTE on clearing conditions: When two or more agencies must clear a condition, subdivider should follow the sequence indicated in the condition. For the benefit of the applicant, subdivider shall maintain record of all conditions cleared, including all material supporting clearances and be prepared to present copies of the clearances to each reviewing agency as may be required by its staff at the time of its review. A copy of the first page of this grant and all conditions and/or any subsequent appeal of this grant and its resultant conditions and/or letters of clarification shall be printed on the building plans submitted to the Department of Building and Safety for purposes of having a building permit issued.

BUREAU OF ENGINEERING

1. That an approximate 2.4-foot wide strip of land be dedicated along the alley adjacent to the easterly structure to remain in proposed Parcel "B" and a 2.5-foot wide strip of land be dedicated along the alley adjoining the remaining subdivision to complete a 17.4-foot and variable width alley dedication. The subdivider shall submit a detailed survey of the existing structure to remain in proposed Parcel "B" with the final map submittal.
2. That the following improvements be either constructed prior to recordation of the final map or that the construction be suitably guaranteed:
 - a. Improve Grand View Boulevard adjoining the subdivision by the construction of a 6.5-foot wide concrete sidewalk adjoining the property line; repair and replace any broken or off grade curb, gutter and roadway pavement; remove the existing bricks in the adjoining parkway area; plant trees and trim the existing palm trees in the parkway area; and remove any necessary existing improvements.
 - b. Improve the alley being dedicated and adjoining the subdivision by the construction of a 2-foot wide longitudinal concrete gutter and suitable surfacing to complete a 17.4-foot and variable width alley with a centerline 9.9-foot to 10-foot westerly of the new alley property line, together with any necessary removal and reconstruction of the existing improvements.
 - c. Construct the necessary house connection sewers to serve each parcel, or any other arrangement acceptable to the West Los Angeles Engineering District Office.

Any questions regarding these conditions should be directed to Ray Saidi of the Land Development Group, located at 201 North Figueroa Street, Suite 200, or by calling (213) 202-3492.

DEPARTMENT OF BUILDING AND SAFETY - ZONING DIVISION

3. That prior to recordation of the final map, the Department of Building and Safety, Zoning Division shall certify that no Building or Zoning Code violations exist on the subject site. In addition, the following items shall be satisfied:
 - a. Existing structure on the Proposed Parcel A is approved as an accessory living quarter, not a single family dwelling. Provide a copy of the building permit that approved it as a single family dwelling; or
 - b. Obtain permit for the demolition or removal of the existing structure on Proposed Parcel A. Accessory structures and uses are not permitted to remain on lots without a main structure or use unless approved by City Planning. Provide copies of the demolition permits and signed inspection cards to show completion of the demolition work or provide written City

Planning approval to allow the accessory living quarter to remain on a lot without a main use.

- c. Provide a copy of ZA case ZA 2014-3077(ZAA). Show compliance with all the conditions/requirements of the ZA case as applicable. If ZA 2014-3077-(ZAA) is not approved, the applicant may submit a revised map.
- d. Provide building plans to show compliance with current Los Angeles City Residential Code (R302) concerning exterior wall/opening protection with respect to the new property lines. All noncompliance issues shall be corrected, required permits shall be obtained, and the final work inspected prior to a clearance letter being issued. No openings are allowed less than 3 feet from the proposed property line.
- e. Show all street dedication(s) as required by Bureau of Engineering and provide net lot area after all dedication. "Area" requirements shall be re-checked as per net lot area after street dedication.
- f. Required parking spaces are required to remain for the remaining structure on its own site. Show location of all parking spaces and access driveways. Provide copies of permits and final inspection cards, for any new garages or carports or changes to existing ones.

Notes:

Any proposed structures or uses on the site have not been checked for and shall comply with Building and Zoning Code requirements. Plan check will be required before any construction, occupancy or change of use.

An appointment is required for the issuance of a clearance letter from the Department of Building and Safety. The applicant is asked to contact Laura Duong at (213) 482-0434 to schedule an appointment.

DEPARTMENT OF TRANSPORTATION

- 4. A parking area and driveway plan be submitted to the Citywide Planning Coordination Section of the Department of Transportation for approval prior to submittal of building permit plans for plan check by the Department of Building and Safety.

FIRE DEPARTMENT

- 5. Submit plot plans for Fire Department review and approval prior to recordation of this Parcel Map Action. In addition, the following items shall be satisfied:

- a. The entrance or exit of all ground dwelling units shall not be more than 150 feet from the edge of a roadway of an improved street, access road, or designated fire lane.
- b. Access for Fire Department apparatus and personnel to and into all structures shall be required.
- c. No building or portion of a building shall be constructed more than 300 feet from an approved fire hydrant. Distance shall be computed along path of travel.

The applicant is further advised that all subsequent contact regarding these conditions must be with the Hydrant and Access Unit. This would include clarification, verification of condition compliance and plans or building permit applications, etc., and shall be accomplished BY APPOINTMENT ONLY, in order to assure that you receive service with a minimum amount of waiting please call (213) 482-6509. You should advise any consultant representing you of this requirement as well.

BUREAU OF STREET LIGHTING - SPECIFIC CONDITIONS

6. If new street light(s) are required, then prior to the recordation of the final map or issuance of the Certificate of Occupancy (C of O), street lighting improvement plans shall be submitted for review and the owner shall provide a good faith effort via a ballot process for the formation or annexation of the property within the boundary of the development into a Street Lighting Maintenance Assessment District.

DEPARTMENT OF RECREATION AND PARKS

7. That the Quimby fee be based on the R1-1 Zone. Also, when there is an existing residential structure to remain, a covenant and agreement satisfactory to the Department of Recreation and Parks, shall be recorded that when the existing dwelling is demolished, the required Recreation and Park fees will be paid.

DEPARTMENT OF CITY PLANNING - SITE SPECIFIC CONDITIONS

8. Prior to the recordation of the final map, the subdivider shall prepare and execute a Covenant and Agreement (Planning Department General Form CP-6770) in a manner satisfactory to the Planning Department, binding the subdivider and all successors to the following:
 - a. Use. Limit the proposed development to a maximum of two (2) units one on each lot.
 - b. Parking. That a minimum of two (2) parking spaces per dwelling unit shall be provided.

- c. **Landscape Plans.** That a landscape plan, prepared by a licensed landscape architect, be submitted to and approved by the Advisory Agency in accordance with CP-6730 prior to obtaining any permit. The landscape plan shall identify tree replacement on a 1:1 basis by a minimum of 24-inch box trees for the unavoidable loss of desirable trees on the site. **Failure to comply with this condition as written shall require the filing of a modification to this parcel map in order to clear the condition.**

In the event the subdivider decides not to request a permit before the recordation of the final map, the following statement shall appear on the plan and be recorded as a covenant and agreement satisfactory to the Advisory Agency guaranteeing that:

- (1) The planting and irrigation system shall be completed by the developer/builder prior to the close of escrow of each housing unit.
- (2) The developer/builder shall maintain the landscaping and irrigation for 60 days after completion of the landscape and irrigation installation.
- (3) The developer/builder shall guarantee all trees and irrigation for a period of six months and all other plants for a period of 60 days after landscape and irrigation installation.

- d. **Fence.** That prior to issuance of a certificate of occupancy, a minimum 6-foot-high slumpstone or decorative masonry wall shall be constructed adjacent to neighboring residences, if no such wall already exists, except in required front yard. The wall shall be covered with clinging vines or screened by vegetation capable of spreading over the entire wall.

- e. **Energy Conservation.** That the subdivider consider the use of natural gas and/or solar energy and consult with the Department of Water and Power and Southern California Gas Company regarding feasible energy conservation measures.

- f. **Air Filtration.** The applicant shall install air filters capable of achieving a Minimum Efficiency Rating Value (MERV) of at least 8 or better in order to reduce the effects of diminished air quality on the occupants of the project.

- g. **Indemnification and Reimbursement of Litigation Costs.**

Applicant shall do all of the following:

- (1) Defend, indemnify and hold harmless the City from any and all actions against the City relating to or arising out of the City's processing and approval of this entitlement, including but not limited to, an action to attack, challenge, set aside, void or otherwise modify or annul the approval of the entitlement, the environmental review of the

entitlement, or the approval of subsequent permit decisions, or to claim personal property damage, including from inverse condemnation or any other constitutional claim.

- (2) Reimburse the City for any and all costs incurred in defense of an action related to or arising out of the City's processing and approval of the entitlement, including but not limited to payment of all court costs and attorney's fees, costs of any judgments or awards against the City (including an award of attorney's fees), damages, and/or settlement costs.
- (3) Submit an initial deposit for the City's litigation costs to the City within 10 days' notice of the City tendering defense to the Applicant and requesting a deposit. The initial deposit shall be in an amount set by the City Attorney's Office, in its sole discretion, based on the nature and scope of action, but in no event shall the initial deposit be less than \$25,000. The City's failure to notice or collect the deposit does not relieve the Applicant from responsibility to reimburse the City pursuant to the requirement in paragraph (ii).
- (4) Submit supplemental deposits upon notice by the City. Supplemental deposits may be required in an increased amount from the initial deposit if found necessary by the City to protect the City's interests. The City's failure to notice or collect the deposit does not relieve the Applicant from responsibility to reimburse the City pursuant to the requirement in paragraph (ii).
- (5) If the City determines it necessary to protect the City's interest, execute an indemnity and reimbursement agreement with the City under terms consistent with the requirements of this condition.

The City shall notify the applicant within a reasonable period of time of its receipt of any action and the City shall cooperate in the defense. If the City fails to notify the applicant of any claim, action, or proceeding in a reasonable time, or if the City fails to reasonably cooperate in the defense, the applicant shall not thereafter be responsible to defend, indemnify or hold harmless the City.

The City shall have the sole right to choose its counsel, including the City Attorney's office or outside counsel. At its sole discretion, the City may participate at its own expense in the defense of any action, but such participation shall not relieve the applicant of any obligation imposed by this condition. In the event the Applicant fails to comply with this condition, in whole or in part, the City may withdraw its defense of the action, void its approval of the entitlement, or take any other action. The City retains the right to make all decisions with respect to its representations in any legal proceeding, including its inherent right to abandon or settle litigation.

For purposes of this condition, the following definitions apply:

"City" shall be defined to include the City, its agents, officers, boards, commissions, committees, employees, and volunteers.

"Action" shall be defined to include suits, proceedings (including those held under alternative dispute resolution procedures), claims, or lawsuits. Action includes actions, as defined herein, alleging failure to comply with any federal, state or local law.

Nothing in the definitions included in this paragraph are intended to limit the rights of the City or the obligations of the Applicant otherwise created by this condition.

- h. That copies of all recorded Covenant and Agreements for all reciprocal private easements shall be submitted to the Planning Department for placement in the parcel file.
- 9. That prior to the issuance of the building permit or the recordation of the final map, a copy of the ZA 2014-3077(ZAA) shall be submitted to the satisfaction of the Advisory Agency. In the event that ZA 2014-3077(ZAA) is not approved, the subdivider shall submit a parcel map modification, or comply with the LAMC provisions as directed by the Department of Building and Safety, Zoning Division.

FINDINGS OF FACT (CEQA)

Based on the Initial Study prepared by the City Planning Department and all evidence in the record on November 25, 2014, it is determined that no significant impacts are apparent which might result from the subject project's implementation. The City Planning Department of the City of Los Angeles issued Negative Declaration ENV-2014-3078-ND on June 10, 2015.

FINDINGS OF FACT (SUBDIVISION MAP ACT)

In connection with the approval of Parcel Map No. AA-2014-3076-PMLA, the Advisory Agency of the City of Los Angeles, pursuant to Sections 66474 of the State of California Government Code (the Subdivision Map Act), makes the prescribed findings as follows:

- (a) **PROPOSED MAP IS CONSISTENT WITH APPLICABLE GENERAL AND SPECIFIC PLANS.**

The adopted Palms-Mar Vista-Del Rey Community Plan designates the subject property for Low Residential with corresponding zones of RE9, RS, R1, and RD6. The subject lot is zoned R1-1, which is consistent with the plan designation.

The lot is 18,894 square feet. The subdivision will create two lots, with areas of approximately 8,080 square feet and 10,813 square feet. The adopted Plan allows for the proposed lot sizes in the Low Residential land use designation.

No new construction is proposed. The subject lot is currently improved with two dwelling units, one unenclosed off street parking space and one detached servant's quarters. A concurrent entitlement, ZA-2014-3077-ZAA, is under consideration by the office of Zoning Administration. Condition 3 states that prior to recordation of the final map, the Department of Building and Safety, Zoning Division shall certify that no Building or Zoning Code violations exist on the subject site. Therefore, as conditioned, the proposed parcel map is consistent with the intent and purpose of the General Plan.

The subject property is not within a Specific Plan Area.

- (b) **THE DESIGN AND IMPROVEMENT OF THE PROPOSED SUBDIVISION ARE CONSISTENT WITH APPLICABLE GENERAL AND SPECIFIC PLANS.**

The subject lot is improved with two dwelling units, one unenclosed off street parking space and one detached servant's quarters, which are allowed in the Low Residential General Plan Land Use Designation and R1 Zone. No new structures are proposed to be added.

The proposed subdivision will create two parcels with areas of approximately 8,080 square feet (Parcel A), and 10,813 square feet (Parcel B). The adopted Plan allows for the proposed lot sizes in the Low Residential land use designation. Both lots would have access to the street and lot frontage widths that are required to meet the standards of the Department of Building and Safety and Bureau of Engineering. Therefore, as conditioned, the proposed parcel map is consistent with the intent and purpose of the applicable General Plans.

The subject property is not within a Specific Plan Area.

- (c) **THE SITE IS PHYSICALLY SUITABLE FOR THE PROPOSED TYPE OF DEVELOPMENT.**

No new construction is proposed. The 18,894 square foot, rectangular shaped, lot is 165.75 feet deep, with a 114-foot wide frontage. The subject lot is improved with two dwelling units, one unenclosed off street parking space and one detached servant's quarters.

The Bureau of Engineering submitted conditions of approval that require future street dedication and improvements on Grand View Boulevard abutting the front of the property, and the alley abutting the rear of the property.

The site is level and is not located in a slope stability study area, high erosion Hazard area, or a fault-rupture study zone.

- (d) **THE SITE IS PHYSICALLY SUITABLE FOR THE PROPOSED DENSITY OF DEVELOPMENT**

The proposed project would add a lot line. There would be no new construction. The subject lot, is 18,894 square feet, and is currently improved with two dwelling units and one detached servant's quarters. The proposed project would create two parcels with areas of approximately 8,080 square feet (Parcel A), and 10,813 square feet (Parcel B). Under the project proposal, one existing dwelling unit would be on Parcel A and one existing dwelling unit and one existing detached servant's quarters would be on Parcel B. The lot is zoned R1-1 which requires new lots to be a minimum of 5,000 square feet. The density of the proposed project, and the size of the proposed new parcels, is allowed in the zone. Furthermore, Condition 3 states that prior to recordation of the final map, the Department of Building and Safety, Zoning Division shall certify that no Building or Zoning Code violations exist on the subject site.

- (e) **THE DESIGN OF THE SUBDIVISION AND THE PROPOSED IMPROVEMENTS ARE NOT LIKELY TO CAUSE SUBSTANTIAL ENVIRONMENTAL DAMAGE OR SUBSTANTIALLY AND AVOIDABLY INJURE FISH OR WILDLIFE OR THEIR HABITAT.**

The Initial Study prepared for the project identifies no potential adverse impact on fish or wildlife resources as far as earth, air, water, plant life, animal life, risk of upset are concerned.

Furthermore, the project site, as well as the surrounding area is presently developed with residential structures and does not provide a natural habitat for either fish or wildlife.

- (f) **THE DESIGN OF THE SUBDIVISION AND THE PROPOSED IMPROVEMENTS ARE NOT LIKELY TO CAUSE SERIOUS PUBLIC HEALTH PROBLEMS.**

There are no apparent health problems that might be caused by the proposed project. No new construction is proposed. The Bureau of Engineering has reported that existing sanitary sewer is available in the alley adjoining the subdivision. Each parcel is required to be connected to the City's sewer system where the sewage will be directed to the LA Hyperion Treatment Plant, which has been upgraded to meet Statewide ocean discharge standards.

- (g) **THE DESIGN OF THE SUBDIVISION AND THE PROPOSED IMPROVEMENTS WILL NOT CONFLICT WITH EASEMENTS ACQUIRED BY THE PUBLIC AT LARGE FOR ACCESS THROUGH OR USE OF PROPERTY WITHIN THE PROPOSED SUBDIVISION**

No such easements are known to exist. However, needed public access for roads and utilities will be acquired by the City prior to recordation of the proposed Parcel Map.

THE FOLLOWING NOTES ARE FOR INFORMATIONAL PURPOSES AND ARE NOT CONDITIONS OF APPROVAL OF THIS PARCEL MAP:

Satisfactory arrangements shall be made with the Los Angeles Department of Water and Power, Power System, to pay for removal, relocation, replacement or adjustment of power facilities due to this development. The subdivider must make arrangements for the underground installation of all new utility lines in conformance with Section 17.05-N of the Los Angeles Municipal Code.

As part of the construction of your project, you may wish to make arrangements, with the Telecommunications Bureau, located at 200 N. Main Street Room 1255, regarding the cable television franchise holder for this area, or by calling (213) 978-0856.

The above action shall become effective upon the decision date noted at the top of this letter unless an appeal has been submitted to the West Area Planning Commission within 15 calendar days of the decision date. If you wish to appeal, a Master Appeal Form No. CP-7769, must be submitted, accepted as complete, and appeal fees paid by 5:00 PM on **March 7, 2016*** at one of the City Planning Department Public Counters, located at:

Figueroa Plaza
201 N. Figueroa St., 4th Floor
Los Angeles, CA 90012
(213) 482-7077

Marvin Braude San Fernando
Valley Constituent Service Center
6262 Van Nuys Bl., Room 251
Van Nuys, CA 91401
(818) 374-5050

*Please note the cashiers at the public counters close at 3:30 PM.
Appeal forms are available on-line at www.planning.lacity.org

There is no longer a second level of appeal to the City Council for Parcel Map actions of the Advisory Agency.

The time in which a party may seek judicial review of this determination is governed by California Code of Civil Procedure Section 1094.6. Under that provision, a petitioner may seek judicial review of any decision of the City pursuant to California Code of Civil Procedure Section 1094.5, only if the petition for writ of mandate pursuant to that section is filed no later than the 90th day following the date on which the City's decision becomes final, including all appeals, if any.

No sale of separate parcels is permitted prior to recordation of the final parcel map. The owner is advised that the above action must record within 36 months of the date of approval, unless an extension of time has been requested in person before 5:00 p.m. February 19, 2019.

No requests for time extensions or appeals received by mail shall be accepted.

If you have any questions, please call Kevin Golden at (213) 978-1396.

These findings shall apply to both the preliminary and final maps for Parcel Map AA-2014-3076-PMLA.

Vincent P. Bertoni, AICP

All,

I hope this message finds you well. I have spoken to most of you but for those who I have not met or spoken with, my name is Hannah and I am the new field deputy for CD 11 covering Mar Vista and West Los Angeles. I am reaching out because you have been identified as having been involved with work along the Great Streets corridor on Venice boulevard between Inglewood and Beethoven in some way. If you are not the appropriate contact, I would greatly appreciate it if you would point me in the right direction.

In an effort to coordinate efforts for the existing infrastructure projects and the implementation of beautification elements on the boulevard, I would like to facilitate a group meeting to create a coordinated calendar for implementation among the departments. As mentioned, the vision for this calendar includes beautification elements and infrastructure improvements for the Great Street and a coordinated timeline for implementation.

Please fill out [this doodle](#) poll to indicate your availability for a meeting next week. Please come to the meeting prepared to talk about your previous work on the portion of Venice boulevard between Inglewood and Beethoven, and any information you can share regarding current or planned projects your department has for this area in the coming months.

As always, please let me know if you have questions/comments/concerns. I appreciate your time and attention to this important project and I look forward to working with you.

Best,
Hannah

Thu, Apr 5, 2018 at 1:51 PM

Hi Hannah,

We don't attend community meeting for great street projects. Because of highly sensitive nature of these projects normally someone from our community outreach section attend these meetings.

Hi Hannah,

I actually have to attend the Westside Neighborhood Council Meeting on Thursday evening (starts at 7:00 PM at Westside Pavillion) so I can meet you out in the field if it's later in the day (say, after 4:00?) If a late afternoon meeting doesn't work, then a phone call/discussion will work just fine.

Sincerely,

Lance O.

Tue, Apr 10, 2018 at 2:17 PM

Hello Hannah:

We have meeting noon to 2pm at City Hall. Won't be able to attend tomorrow at 2pm at your field office.

Let us know what has been decided, will work with you to make it happen.

Best regards

Francois

Hi Hannah,

I have a conflict tomorrow with our meeting. I will be sending Moises Delgado and Max Eftekhari to your WLA office tomorrow to discuss the Venice Blvd tree replacement.

Thanks,
Mat

Hello Hannah,
It was a pleasure speaking with you earlier today.

Mr. Kelly Lewis, respective area Superintendent, had his respective staff involved on this project. they are cc'd on this response and will assist in getting this project back on track.

Jeff/Kelly,
Please contact Hannah and coordinate tree planting locations so that LADOT can proceed with the tree replants.

Thanks
H

Hector - thank you for taking the time to chat.

Kelly (hello again!) + Jeff - There are 6 remaining trees that need location assignments on Venice b/w Centinela and Beethoven. I was hoping that we could do a brief walk together of that portion of the boulevard to determine where the trees will go. Please let me know when works for you both - right now the morning of the 17th looks pretty free for me.

Thanks!

All the best,
Hannah

Cc: Hector Banuelos <hector.banuelos@lacity.org>, Kelly Lewis <kelly.lewis@lacity.org>

Jeff - thank you for taking time to do the walk through with me yesterday. As confirmation - we determined that there would be 3-5 new trees in the median in addition to the tree addresses already established.

Once we confirm this, I will let DOT know with a comprehensive list of addresses combined with the median locations. After that I will work with DOT on installation of the trees.

Jeff had also mentioned yesterday that you all will be asking for our list of on-demand tree trimming priorities soon, I should have that to you soon and am happy to provide any other information should you need it. Also, one more request, Jeff could you give me the name of the contact from UFD who does the community planting? (works with non profits)

Thanks all!

Cc: Krista Phipps <krista.phipps@lacity.org>, Marisol Samayoa <marisol.samayoa@lacity.org>, Eric Bruins <eric.bruins@lacity.org>

Hi everyone,

Please find relevant rundown of the speed hump program below.

To add to this, you may recall as Transportation chair and member of Budget cmte Mike fought to bring this program back as it is one of our top requests from constituents. I am including Eric to add any relevant points on that end.

Let me know if we'd like to take Lan up on a meeting offer to ask questions etc.

Otherwise, Eric, Tricia, and Krista, if you could forward to relevant field staff when you are blind copied by Lan of notices, that would be wonderful.

Thanks!

Hi,

Jessie Holzer gave me your names to let me know that you would be the main points of contact for matters relating to Speed Humps in CD11. (Please let me know if I'm mistaken.)

I wanted to give you the short briefing on the program.

We got out twice annually for open applications (Feb and Sep) of each year.

The 1st Cycle ("Cycle 1") was in **Feb 2017** and of that round we build 3 humps (although we were only required to build 2 per CD per Council directive). They were for

Marco Pl: Maplewood Av to Beethoven St.

Garfield Av: Lincoln to Grandview Av.

Woodlawn Av: Grandview Av to Abbot Kinney Bl.

We started construction in Oct 2017 and finished all citywide by Dec 2017 and **built these 3 already**.

Of that list, you had many others that could not be served, so we moved them to a "Next Round" list. Of those, I just finished reviewing and I would like to recommending humps at

Cabrillo Bl (Rose Av to Palms Bl) submitted by Ronit Davidyan

Greenwood Av (Palms Bl to Appleton Wy) submitted by Peter Czer

Colonial Av (McCune Av to Venice Bl) submitted by Lee Thomas

but **VOTING HAS NOT BEGUN YET AND THOSE "NEXT ROUND" ABOVE MUST GET 67% YES vote to go forward with construction, in Spring 2018.**

The 2nd Cycle ("Cycle 2") was opened in **Sep 2017** and of that round we will collect data in Jan/Feb 2018 and I will review and rank by May 2018 for an announcement in the summer so that we can go to Step 3 and build before Summer

2018 is over, so there is **NO list or ranking yet for these locations**, but [HERE is a link](#) to a Google map that lets you view those requests.

Last but not least, as you may or may not know, we will open up applications again on **Feb 15 2018 at 8:00 a.m.** And we will go through the same timeline as above (similar to Feb 2017) so announcements in come in Fall 2018, construction completion by December 2018.

Hope this is all clear. Let me know if you wish a meeting, etc. I will periodically blind copy you on notices to residents. Let me know if you wish to be more involved in the process or if you have any questions.

Zel & Kathryn,

I hope you're well! Reaching out to let you know that the Plaza/WLA bandshell area will be occupied per the Nike Go Skate Day all day on 6/21 and in the evening of 6/20 and the morning of 6/22. No action required on your part, just wanted to give you a heads up so that you knew.

Please let me know if you have further questions and thank you in advance!

Best,
Hannah

Good morning Hannah,

Thank you so much for the heads up!

The only question I have is: Will there be parking provided for the participants so that they aren't tempted to use our small staff parking lot for the days/times of this event?

It probably won't be an issue, but I at least wanted to ask in case it could become one.

Thank you again for the heads up.

Best Regards,

HI - quick note, I overall support the concept of the great streets project on Venice Blvd and think many of the implementations have been a great improvement. That being said the cut through traffic has significantly increased on Charnock (some on palms too) and I have also noticed an increase in speed on our street (perhaps with a minor increase in number of cars), Ocean View Ave. I regularly ride my bike and love the idea of the protected bike lanes but the unintended consequence of restricting a major thought fare in attempt to increase safety on Venice blvd is over shadowed by the increased risk to the surrounding smaller residential streets. Until these issues can be addressed there is no way we can the improvements on Venice great.

Regards,

Andrew Galambos

Andrew,

You initiative and feedback is valued, so thank you for reaching out and sharing this with the council member and I.

Our office will be hosting an open house in partnership with LADOT on early March to share and discuss the data collected along the Great Street since the beginning of the pilot and it would be great if you attended. Perhaps this data can shed some light on your concerns and allow you to see the larger great streets success metrics and areas for improvement.

Once the open house information is finalized (in the next few days), you will find it posted on our website or you can come pick up a flyer from our office at 1645 Corinth ave.

Thanks!

Best,
Hannah

Mar Vista getting some love soon.

Hannah, street services sends us these notices of work scheduled to take place in the district. Field deputies visit to take before and after pics for us to promo on social media, hence Marisol being copied here. When you take pics, upload both before and after pics onto slack at the same time to keep them easy to access for MB and comms staff.

Word of warning, do not be surprised if I send you this notice multiple times and you visit and it looks like nothing may be going on from time to time. BOSS has to post public notice, but sometimes they get pulled off to another site or even slight dew can alter the schedule of their work and day. Either way, I would go out and take before pics and see if you observe any activity tomorrow.

FYI, this block specifically is so bad that I am pretty sure the neighbors have spray painted over the root locations tearing up the road, they have served as natural speed humps for a while.

Let me know if you have any questions.

Thanks!

To: "mike.bonin@lacity.org" <mike.bonin@lacity.org>

Hi Councilman –

I just came home and was greeted by the items pictured below in front of my house. I've not received any notices from any city agency telling me what's coming and when and how long.

The production team from Curbed Your Enthusiasm is coming to my house at 530 pm today – to consider using my house for a production shoot. And I'm rather distressed that, in my fancy house, they're going to be seeing what appears to be a staging ground for a major city construction project. It will surely scare them away – and in doing so will cost me money.

Can you please tell me, as soon as possible, what the city has planned for my street – the 800 block of Palms – and when it will start and how long it will last?

Thanks.

Subject: 5 PM Traffic on Palms E. of Beethoven

Hi Nat,

On Thursday 3/15 at 5PM I took this photo from a back window of a mini-van on the way to an Open House at Grandview Elementary. I've lived in my apartment building on Beethoven north of Palms for 20 years. Beethoven has always been a north/south corridor with traffic flowing one direction north in the morning and south in the evening during rush hours. In the past there has been little traffic on Palms making it possible for residence to use this east/west street to get to their destination in a mostly direct route.

Since the Road Diet, in addition to the usual directional rush hour traffic on Beethoven, Palms Blvd is bumper to bumper **both** directions because motorists--are avoiding Venice Blvd and using other east/west streets. Traffic has not been reduced--it's now just showing up in other places. Almost every car at 5pm was one person per car. We were about the only exception with 4 adults and 2 kids on the way to 2 different elementary school Open Houses.

You can ask any hydrologist at the DWP--water (and motorist) will take the path of least resistance. Now there are phone apps that will guide motorists on a circuitous route through small residential streets in order to get them to their destination 2 minutes sooner.

The motorists in this photo have been using Palms Blvd. for months now and bring increased pollution into the living rooms of residential homes. Didn't we just fight Santa Monica to close their airport because of the pollution and noise in our residential neighborhoods! These drivers in the that photo are habitual cut-through motorists and will not return to Venice Blvd and will continue to infiltrate small residential streets until they can see green lines on their phone apps that Venice Blvd is drive-able once again.

The way for this to happen is to make Venice Blvd. the path of least resistance, take the pressure off the small neighborhood street and make the "Hidden" (Not Protected) bike path visible again and bring back Venice Blvd. to it's full flowing capacity.

Subject: Re: Suggestion to relieve traffic congestion at Venice and Centinela

Thanks for the note Dennis! Including the project email address so this comment is noted and tracked.

To answer your last question, the pilot began on May 20, 2017, so we will start our 1-year evaluation around that date this year. It will take approximately 6 months to put together the details of that report, which will be much more detailed than what we presented at last night's open house. The report will include our recommendations for the potential next steps for the project, which were previewed in the FAQ boards last night.

We will be sending out all the presentation materials by early next week at the latest.

Thank you!

On Wed, Mar 14, 2018 at 10:28 PM D. Mogerman - [REDACTED] wrote:

Hi Nat,

It was nice meeting you and all the LADOT staff. I hope the concerns of the residence have been heard.

I have a suggestion to relieve some of the traffic congestion on Centinela at Venice Blvd. "No Parking during Rush Hours"

---In the morning from 7am to 10am on Centinela Ave. from the 'T' intersetion of Matteson Ave (Centinela Feed and Pet Supplies) northbound to Venice Blvd. In front of the Coffee Connection.

---In the afternoon from 3pm to 6pm on Centinela Ave. from 'T' intersection McCune Ave southbound to Venice Blvd.

This would free up those parking lanes for traffic during rush hours and enable people who wish to turn right to not have to wait in a long line and back up traffic even further.

That said, all of these costly incremental patchwork of changes are not addressing the real issue. That is—it's just driving more and more traffic onto the side streets and now they are feeling the brunt of the "experiment" on Venice Blvd. There are at least four schools off Venice Blvd. and parents with kids and groceries are not going to ride bikes. I hope the DOT really listened to the concerns you heard from the people who live here. Regrettably I have to deal with this mess on Venice almost daily as I get my mail there. I use to be a regular customer at Dick's hardware on Venice. They have a small parking lot in the back that's difficult to back out of and so I use to park on the street and load my car with supplies. With bikes now riding between the curb and cars I have no place to put my supplies while I load my trunk. So I don't go there anymore and I told them why—they have other customers they've lost because of that. I now use Lincoln Hardware even though it's further and out of my way. Other businesses are dying a slow death.

The road diet with its "hidden" (Not protected!) bike lanes has had a domino effect of unintended consequences.

What is the end date of this one year pilot project?

Thanks, Dennis Mogerman, resident stakeholder 90066

Dennis,

Thank you for passing along these concerns. You, like many who attended the open house on Wednesdays have valid concerns that will be addressed over the course of the remaining months in the pilot.

Should you have further questions/comments, I am happy to listen and provide information when needed. As Nat mentioned, the materials from the open house will also be publicly available soon for your future reference.

Best,
Hannah

Wed, Oct 3, 2018 at 8:03 AM

Hi all,

I understand BOE will issue the permit. Public right of way is shared by many City agencies.

BOE may require BSS, LADOT to review and sign-off prior to the permit issuance.

I would like to know under what conditions and who in those respective City agencies would review the street furniture revocable permit.

For example, BOE would coordinate with Lance's group for any conflict in the franchise Bus Shelter program.

Do we have a product list from LADOT or BSS for reference when we review the application?

The attached draft is from BSS. Do we use this guideline for now?

Thanks!

Wed, Oct 3, 2018 at 8:29 AM

Hi Jim,

Thanks for coordinating.

Regarding your questions about street furniture, there is no approved list of products outside of my Programs' shelters, kiosks, APTs, and ad-based bus benches and/or LADOT's bike racks. Technically, such products are supposed to be reviewed, vetted, and accepted by BOE's Design Standards and Investigations Group. That being said, because of the variety of products out there and the inconsistent engineering standards applied to their design and fabrication, the City/BOE has generally reviewed proposals on a case by case basis. The only real requirement that I'm aware of is that the furniture needs to be secured/bolted down to the sidewalk strata, they need to be ADA compliant in their installation and clearances for peds, and their installation methodologies need to meet AASHTO requirements for installing fixed elements within a highway/street dedication. The draft street furniture placement guidelines is still an internal BSS document and actually needs to be updated to dove-tail with BOE's Brown Book relative to the standard sidewalk width/Pedestrian Access Route (60" min. vs. the 48" min. shown on that draft detail). Other set back distances from building ingress/egress points or appurtenances such as fire safety equipment or storefront windows, utility boxes, driveways, street intersections, alleys, etcetera should be reviewed and adjusted as required in accordance with adopted AASHTO guidelines, ADA-PROWAG requirements, State PUC requirements (for rail crossings), Municipal Code requirements like 62.200, and adopted City Department policies.

In general BOE is responsible for reviewing/vetting street furniture installations; BSS reviews landscape (planting) and irrigation components of permit proposals as those elements have a direct impact on our landscape maintenance operations. Our contractors that provide transit furniture (shelters, kiosks, etc) are required to obtain A/B permits through

BOE for each and every installation they perform so from that perspective, the transit furniture Programs that I manage are consistent with established protocols that designate BOE as the agency responsible for reviewing/vetting proposed street furniture installations.

Sincerely,

Lance Oishi, Contract Administrator
Streetscape Development and Coordinated Street Furniture Programs
City of Los Angeles, Bureau of Street Services

Cc: Jim Wu <jim.wu@lacity.org>, Hannah Levien <hannah.levien@lacity.org>, Tim Conger <tim.conger@lacity.org>

Hi Jim,

BSS generated that document to help our own staff with street furniture placement as we were/are implementing many pedestrian improvement projects. Also, a lot of street furniture was/is shown on the landscape plan submittals, which we review and approve for Revocable permits; so it helped staff review plans. The document was never signed-off/approved by our management; but because there was nothing else out there to look at, it got out of our office and became a de-facto standard. That document is now over 10 years old and many new standards and policy changes have come into play that make it obsolete... but no one has taken on the task of updating it, because as Lance stated, it's actually BOE/Standards Division that reviews and approves street furniture permit submittals.

Thank you for your clarification.

Does LADOT have any items or potential conflict for BOE to coordinate in the context of Street Furniture revocable permit review?

[Quoted text hidden]

Tim Conger <tim.conger@lacity.org>

Wed, Oct 3, 2018 at 9:41 AM

To: Jim Wu <jim.wu@lacity.org>

Cc: Robert Gutierrez <robert.gutierrez@lacity.org>, Lance Oishi <lance.oishi@lacity.org>, Hannah Levien <hannah.levien@lacity.org>

DOT is basically staying out of the review/permitting process for street furniture. We would only be involved if it conflicts with any traffic signal or sign visibility. Recently LA-Mas installed a variety of street furniture on Western near 1st and 2nd as part of the Western Ave Great Streets project. I assume BOE issued permits for that installation.

Subject: 5 PM Traffic on Palms E. of Beethoven

Hi Nat,

On Thursday 3/15 at 5PM I took this photo from a back window of a mini-van on the way to an Open House at Grandview Elementary. I've lived in my apartment building on Beethoven north of Palms for 20 years. Beethoven has always been a north/south corridor with traffic flowing one direction north in the morning and south in the evening during rush hours. In the past there has been little traffic on Palms making it possible for residence to use this east/west street to get to their destination in a mostly direct route.

Since the Road Diet, in addition to the usual directional rush hour traffic on Beethoven, Palms Blvd is bumper to bumper **both** directions because motorists—are avoiding Venice Blvd and using other east/west streets. Traffic has not been reduced—it's now just showing up in other places. Almost every car at 5pm was one person per car. We were about the only exception with 4 adults and 2 kids on the way to 2 different elementary school Open Houses.

You can ask any hydrologist at the DWP—water (and motorist) will take the path of least resistance. Now there are phone apps that will guide motorists on a circuitous route through small residential streets in order to get them to their destination 2 minutes sooner.

The motorists in this photo have been using Palms Blvd. for months now and bring increased pollution into the living rooms of residential homes. Didn't we just fight Santa Monica to close their airport because of the pollution and noise in our residential neighborhoods! These drivers in the that photo are habitual cut-through motorists and will not return to Venice Blvd and will continue to infiltrate small residential streets until they can see green lines on their phone apps that Venice Blvd is drive-able once again.

The way for this to happen is to make Venice Blvd. the path of least resistance, take the pressure off the small neighborhood street and make the "Hidden" (Not Protected) bike path visible again and bring back Venice Blvd. to it's full flowing capacity.

Subject: Re: Suggestion to relieve traffic congestion at Venice and Centinela

Thanks for the note Dennis! Including the project email address so this comment is noted and tracked.

To answer your last question, the pilot began on May 20, 2017, so we will start our 1-year evaluation around that date this year. It will take approximately 6 months to put together the details of that report, which will be much more detailed than what we presented at last night's open house. The report will include our recommendations for the potential next steps for the project, which were previewed in the FAQ boards last night.

We will be sending out all the presentation materials by early next week at the latest.

Thank you!

On Wed, Mar 14, 2018 at 10:28 PM D. Mogerman <dennis.mogerman@lacity.org> wrote:

Hi Nat,

It was nice meeting you and all the LADOT staff. I hope the concerns of the residence have been heard.

I have a suggestion to relieve some of the traffic congestion on Centinela at Venice Blvd. "No Parking during Rush Hours"

---In the morning from 7am to 10am on Centinela Ave. from the 'T' intersestion of Matteson Ave (Centinela Feed and Pet Supplies) northbound to Venice Blvd. In front of the Coffee Connection.

---In the afternoon from 3pm to 6pm on Centinela Ave. from 'T' intersection McCune Ave southbound to Venice Blvd.

This would free up those parking lanes for traffic during rush hours and enable people who wish to turn right to not have to wait in a long line and back up traffic even further.

That said, all of these costly incremental patchwork of changes are not addressing the real issue. That is--it's just driving more and more traffic onto the side streets and now they are feeling the brunt of the "experiment" on Venice Blvd. There are at least four schools off Venice Blvd. and parents with kids and groceries are not going to ride bikes. I hope the DOT really listened to the concerns you heard from the people who live here. Regrettably I have to deal with this mess on Venice almost daily as I get my mail there. I use to be a regular customer at Dick's hardware on Venice. They have a small parking lot in the back that's difficult to back out of and so I use to park on the street and load my car with supplies. With bikes now riding between the curb and cars I have no place to put my supplies while I load my trunk. So I don't go there anymore and I told them why--they have other customers they've lost because of that. I now use Lincoln Hardware even though it's further and out of my way. Other businesses are dying a slow death.

The road diet with its "hidden" (Not protected!) bike lanes has had a domino effect of unintended consequences.

What is the end date of this one year pilot project?

Thanks, Dennis Mogerman, resident stakeholder 90066

Dennis,

Thank you for passing along these concerns. You, like many who attended the open house on Wednesdays have valid concerns that will be addressed over the course of the remaining months in the pilot.

Should you have further questions/comments, I am happy to listen and provide information when needed. As Nat mentioned, the materials from the open house will also be publicly available soon for your future reference.

Best,
Hannah

Hi all,

I understand BOE will issue the permit. Public right of way is shared by many City agencies.

BOE may require BSS, LADOT to review and sign-off prior to the permit issuance.

I would like to know under what conditions and who in those respective City agencies would review the street furniture revocable permit.

For example, BOE would coordinate with Lance's group for any conflict in the franchise Bus Shelter program.

Do we have a product list from LADOT or BSS for reference when we review the application?

The attached draft is from BSS. Do we use this guideline for now?

Thanks!

Hi Jim,

Thanks for coordinating.

Regarding your questions about street furniture, there is no approved list of products outside of my Programs' shelters, kiosks, APTs, and ad-based bus benches and/or LADOT's bike racks. Technically, such products are supposed to be reviewed, vetted, and accepted by BOE's Design Standards and Investigations Group. That being said, because of the variety of products out there and the inconsistent engineering standards applied to their design and fabrication, the City/BOE has generally reviewed proposals on a case by case basis. The only real requirement that I'm aware of is that the furniture needs to be secured/bolted down to the sidewalk strata, they need to be ADA compliant in their installation and clearances for peds, and their installation methodologies need to meet AASHTO requirements for installing fixed elements within a highway/street dedication. The draft street furniture placement guidelines is still an internal BSS document and actually needs to be updated to dovetail with BOE's Brown Book relative to the standard sidewalk width/Pedestrian Access Route (60" min. vs. the 48" min. shown on that draft detail). Other setback distances from building ingress/egress points or appurtenances such as fire safety equipment or storefront windows, utility boxes, driveways, street intersections, alleys, etcetera should be reviewed and adjusted as required in accordance with adopted AASHTO guidelines, ADA-PROWAG requirements, State PUC requirements (for rail crossings), Municipal Code requirements like 62.200, and adopted City Department policies.

In general BOE is responsible for reviewing/vetting street furniture installations; BSS reviews landscape (planting) and irrigation components of permit proposals as those elements have a direct impact on our landscape maintenance operations. Our contractors that provide transit furniture (shelters, kiosks, etc) are required to obtain A/B permits through

BOE for each and every installation they perform so from that perspective, the transit furniture Programs that I manage are consistent with established protocols that designate BOE as the agency responsible for reviewing/vetting proposed street furniture installations.

Sincerely,

--

Hi Jim,

BSS generated that document to help our own staff with street furniture placement as we were/are implementing many pedestrian improvement projects. Also, a lot of street furniture was/is shown on the landscape plan submittals, which we review and approve for Revocable permits; so it helped staff review plans. The document was never signed-off/approved by our management; but because there was nothing else out there to look at, it got out of our office and became a de-facto standard. That document is now over 10 years old and many new standards and policy changes have come into play that make it obsolete... but no one has taken on the task of updating it, because as Lance stated, it's actually BOE/Standards Division that reviews and approves street furniture permit submittals.

Thank you for your clarification.

Does LADOT have any items or potential conflict for BOE to coordinate in the context of Street Furniture revocable permit review?

[Quoted text hidden]

Tim Conger <tim.conger@lacity.org>

Wed, Oct 3, 2018 at 9:41 AM

To: Jim Wu <jim.wu@lacity.org>

Cc: Robert Gutierrez <robert.gutierrez@lacity.org>, Lance Oishi <lance.oishi@lacity.org>, Hannah Levien <hannah.levien@lacity.org>

DOT is basically staying out of the review/permitting process for street furniture. We would only be involved if it conflicts with any traffic signal or sign visibility. Recently LA-Mas installed a variety of street furniture on Western near 1st and 2nd as part of the Western Ave Great Streets project. I assume BOE issued permits for that installation.

All,

Thanks for clarifying this process (it is helpful to understand in this capacity who does what). Per the above message, I will await to see what the process was in central because hopefully we can replicate that here in western and the process will move (somewhat) smoothly.

Best,

Hannah

Taylor,

There was a constituent at the WLA Dems meeting that was very frustrated about water gushing out of a property on Electric Avenue on the corner of Palms. He questioned Mike relentlessly so I followed up and grabbed his info, see below. Wanted to flag it for you, though you may already be aware.

Concerned constituent email - [REDACTED] and his address. [REDACTED] [Marco Place](#)

Let me know if you have questions!

Hi David,

My colleague sent me this note about dewatering of a property on Electric. Dewatering is the process of removing the groundwater of a property to make way for subterranean development. It comes as no surprise to most people that we have a very high water table in Venice for frequently there is a lot of water to remove - what also might come as no surprise is the sewer mains new single-family homes (as where we are talking) are smaller in diameter and are not designed to carry the same volume of water that some commercial areas are. This background is important because the only place to put water from dewatering would be either A) the sewer system which would have it end up at Hyperion, be treated, and partially reused, or, B) the storm drain system. Since it is already established that most sewers in Venice couldn't handle water from dewatering than it leads only once place the groundwater can be placed if subterranean development is to occur.

I'm sure Mike might have explained all this as the problem and he probably explained what he did to ask the engineers to take a better look at this and report back what was possible in way of capturing that groundwater. We did this by passing a motion you can find [here](#) which I think might reflect your sentiments on the matter. It is a difficult issue because the infrastructure is just not there and making illegal subterranean development seems infeasible when we have such a crisis of parking and space in Venice as it is. To any extent, we have asked the engineers to report back on the issue and are giving it a spotlight at the Council.

Regards,
Taylor

Hi All,

Please see above for the photos of the 405 encampment and let me know when there is a timeline for it to be taken care of.

Thanks,
Hannah

Hi Krista,

Since the location was cleaned on December 19th, there is no authorization that will allow me to schedule a csia clean up. We must have an approved situation in order to schedule a location.

The only urgent way to handle this is through the UHRC as a 56.11 enforcement but not for hire effective that if for too the side of this location.

Let me ask around and see what if anything else can be done. Moving forward we should put this location on a regular schedule for you.

Regards,

Renée

Fri, May 18, 2018 at 3:57 PM

Hannah Levien,

Time's up!

May 20, 2018 marks one year since the Great Streets - Venice Blvd pilot project was installed. I want you to stop imposing on the goodwill of the residents of Mar Vista, our neighbors in Venice, Del Rey, Culver City and Marina del Rey, and all the pedestrians, cyclists, commuters, emergency responders, businesses, beachgoers and tourists using Venice Boulevard.

Councilman Bonin, you said, "We can keep what we love, improve what we can and remove what we dislike."

I dislike this pilot project and I want you to return Venice Boulevard to its previous configuration. I want an end to the gridlock, cut-through traffic, increased collisions and injury collisions, negative impacts to our local small businesses, and all the other collateral effects.

Keep your word. It's time to restore Venice Boulevard now.

Sincerely,

Carol Reynes

Mon, Feb 12, 2018 at 2:32 PM

To: [REDACTED]
Bcc: hannah.levien@lacity.org

Hi David,

My colleague sent me this note about dewatering of a property on Electric. Dewatering is the process of removing the groundwater of a property to make way for subterranean development. It comes as no surprise to most people that we have a very high water table in Venice for frequently there is a lot of water to remove - what also might come as no surprise is the sewer mains new single-family homes (as where we are talking) are smaller in diameter and are not designed to carry the same volume of water that some commercial areas are. This background is important because the only place to put water from dewatering would be either A) the sewer system which would have it end up at Hyperion, be treated, and partially reused, or, B) the storm drain system. Since it is already established that most sewers in Venice couldn't handle water from dewatering than it leads only once place the groundwater can be placed if subterranean development is to occur.

I'm sure Mike might have explained all this as the problem and he probably explained what he did to ask the engineers to take a better look at this and report back what was possible in way of capturing that groundwater. We did this by passing a motion you can find [here](#) which I think might reflect your sentiments on the matter. It is a difficult issue because the infrastructure is just not there and making illegal subterranean development seems infeasible when we have such a crisis of parking and space in Venice as it is. To any extent, we have asked the engineers to report back on the issue and are giving it a spotlight at the Council.

Regards,
Taylor

Hi Linda, in addition to my last email, I would like to clarify the following:

1. National Blvd & Sepulveda Blvd has left turn signals for northbound and eastbound traffic.
2. Palms & Sepulveda does not have any left turn signals, so I don't know what the stakeholder is referring that the timing of left turn signals be made longer at this location when they don't exist. Maybe the stakeholder was referring to another location? or something else?

Hi Hannah,

Not sure what happened but Venice & Globe are not on the schedule for tomorrow, we cannot get photos today for tomorrow it takes at least a week to process. Since I am just returning today, I will follow up on this location and get back to you.

This is what is scheduled for tomorrow:

Team 2- CD 11: Pacific & West LA Division

	Authorization#	Auth Address/ Address to Post	Cross Street #1	Cross Street #2	Details	Comments	Police Division
1	180829029	204 S HAMPTON DR, 90291	MARINE ST	ROSE AVE	SIDEWALK/STREET	HE LOCATED ON SIDEWALK	PACIFIC
2	180914016	890 E WARREN AVE, 90291	OZONE AVE	LINCOLN BLVD	DIRT PATH	HE LOCATED ON UNNAMED DIRT STREET.	PACIFIC
3	181206001	901 E ROSE AVE, 90291	E ROSE AVE	FREDERICK ST	DIRT PATH	NUMEROUS HE'S LOCATED ON DIRT PATH/WALKWAY- CITY PROPERTY	PACIFIC
4	180817017	225 S 7TH AVE, 90291	DEWEY ST	ROSE AVE	SIDEWALK/STREET	Not Authorized - Missing LAHSA Signature HE OBSTRUCTING SIDEWALK	PACIFIC
5	181218008	1609 S LINCOLN BLVD, 90291	RIALTO CT	PALMS BLVD	SIDEWALK/STREET	Not Authorized - Missing LAHSA Signature Encampment that is growing by the day along the sidewalk adjacent to Lincoln Hardware	PACIFIC
6	181231005	708 MACHADO DR, 90291	LINCOLN	7TH AVE	SIDEWALK/STREET	Not Authorized - Missing LAHSA Signature	PACIFIC
7	181212006	BRINGHAM AVE AT SAN VICENTE BLVD, 90049	WILSHIRE BLVD	SAN VICENTE BLVD	SIDEWALK/STREET	Not Authorized - Missing LAHSA Signature	WEST LOS ANGELES

Much Appreciated.

Renée

Hi Renée,

Thanks for the update -- I had requested this through Krista at least a month ago and I have others that I'd like to prioritize as well - I see the only priorities on here are in Venice. I am familiar with the lengthy process involved with marking a location and understand it takes some time, so please let me know how we can move forward.

Best,

Hannah

Hi Krista,

Since the location was cleaned on December 19th, there is no authorization that will allow me to schedule a csla clean up. We must have an approved situation in order to schedule a location.

The only urgent way to handle this is through the UHRC as a 56.11 enforcement but not for hire effective that if for too the side of this location.

Let me ask around and see what if anything else can be done. Moving forward we should put this location on a regular schedule for you.

Regards,

Renée

Hi Renee,

Is there a way to get an emergency clean up at this location? As you can see from the photos, it is a serious sanitation issue. Seems like at this point, it's less about the encampment and more about the trash.

What are our options in this situation?

Thanks,

Krista Phipps

thanks, this location should have already been on the list consistently, it was at one point scheduled for regular clean ups and I'm not sure what fell through the cracks - can you please ensure that it is on the regular list for clean ups?

I will go look at the location today and let you know if they cleaned it yesterday.

Hello Hannah,
I hope you are doing great.
Thank you so much to reach out with me.
I took over Atmosphere Café in April, and I would like to know the procedure to be able to put some planters and serve beer and wine outside on the terrace.
Thank you for your help.
I'm looking forward to hearing from you.

Very best

Hannah Levien,

Dear Sirs and Madams,

Our organization, the Venice Stakeholders Association, is firmly opposed to the loss of lanes on Venice Blvd. and calls upon your agency to immediately return them to service.

I and many of my neighbors are highly inconvenienced by the loss of these two lanes and the resulting traffic congestion. Nothing was gained as there was already an adequate bike lane on each side of the boulevard. And much was lost, including commuter's valuable time and the safety of adjoining residential neighborhoods which now must contend with thousands of pass-through vehicles each day.

As a veteran cyclist I would advise you that "protected" or separated bike lanes are not appropriate for streets with intersections at every block - they are dangerous due to the lack of visibility for drivers. I frequently bike the coastal bike path to Redondo Beach and would invite you to view the separated bike lane in Redondo, which has few cross streets bisecting it. This is the type of location where such protected lanes make sense.

Please restore the lanes.

Sincerely yours,

Mark Ryavec, President
Venice Stakeholders Association

Good evening,

I met with Rec and Parks staff last week, October 23, to review the Felicia Mahood outdoor space for a teaching garden. During the visit, staff instructed me to submit the ROE and supporting documents. Please note the original documents were submitted in September 2017, January 2018, and June 2018. I'd also like to point out that this process has now been going on for 14 months to merely put in 4 wood planter boxes and some picnic benches. This has been a never-ending bureaucratic process with no clear steps or definitive timeline for any real action by Recreation and Parks.

I want to reiterate this project has been approved by the Felicia Mahood PAB, West LA Neighborhood Council, and fully supported by Councilman Bonin's office. In addition, we collected over 1000 community signatures agreeing that was a good use of park space. Ultimately, the older adults at Felicia Mahood are the ones negatively impacted by the department's inability to make decisions and partner with CBOs in the community.

I am requesting an expedited review and approval of this project.

Thank you,

Greg Ericksen

On Sun, Oct 14, 2018 at 3:41 PM Greg Ericksen <[REDACTED]> wrote:

Mr. Shull,

We began a process dating back to January 2018 to create a teaching garden at Felicia Mahood. The project is supported by Councilmember Bonin, West LA Neighborhood Council, Felicia Mahood PAB, and the West LA community.

We submitted ROE documents in June 2018.

We have followed the required process and have been patient waiting for a response, but to date we have not received any communication if the ROE is approved. I respectfully request your assistance to help expedite the ROE and support for this project.

Thank you for your time and consideration.

On Thu, May 10, 2018 at 9:51 AM, Greg Ericksen <[REDACTED]> wrote:
Good morning,

I'm following up to an email that I sent in January re: Felicia Mahood. We have recently received a \$5000 grant to begin a community garden. As I've noted in other emails the community garden is overwhelmingly supported by the community. We held two community listening sessions, it is approved by the Felicia Mahood PAB, and is strongly supported by Councilmember Bonin. The longer this property sits vacant and unused is not only depriving the older adults the opportunity to enjoy the outdoor space and new programming, but it continues to invite homeless encampments and other safety issues to the center.

We are also in the process of securing additional funds from AARP, Experience Corps, FOWLA, and other groups to pay for other improvements and sustain the project. We do not need anything from RAP besides right of entry.

I'm requesting that this be expedited as the community garden proposal was submitted in September 2017.

Thank you.

Greg Ericksen

On Mon, Jan 29, 2018 at 2:59 PM, Greg Ericksen <[REDACTED]> wrote:
Good Afternoon Cathie and Ramon,

I wanted to contact you regarding Felicia Mahood facility. I'm the PAB Chair at Felicia Mahood and the Executive Director of West LA Community Coalition. Over the last year, we've worked hard to make improvements to the West LA Civic Center with the help of LAPD, General Services, and Councilman Bonin's office. Unfortunately, there is still a lot of work that needs to be done.

Our goal has always been to make some inexpensive, short-term changes that make the area safe, clean, and usable. We very much want to work in partnership with the city, and help in any way possible. Additionally, the FM property borders other city department property that is also unused. It would be very beneficial if all departments could have one strategic vision for the property rather than a piecemeal approach.

- Is there a timeline for the Felicia Mahood project?
- Are the discussions with General Services and the Library?
- Can the community provide input and feedback on the project?

Thank you,

Greg Ericksen

Hi Greg,

You are correct that staff did meet with you last week and the proposed installation appears to be acceptable per staff's review.

The reason for the request for a resubmission of the ROE application is because there is a discrepancy between what was indicated in the application and what you said to staff.

Per the application, you requested access to install only. But in your discussion with staff, you discussed that the installation is to be permanent and that a non-profit was to provide maintenance for the installation. We need clarification as to what you are asking for so we can issue the ROE for the correct purpose and time.

For Example:

Is your purpose, installation and maintenance? ROE says installation only.

What is the length of time requested permanent? ROE indicates 1 or 2 days. Also, please note that RAP staff can only issue permits for a max of 3 years. Anything beyond this time will require Board and Council approvals.

Please clarify asap so we can issue this permit.

Cid

Subject: <External>Re: Nike Update for Go Skate Day

Kellie,

Thank you for this offer. CD11 is thrilled to accept Nike's contribution to the WLA Civic Center as stated above - with one specific request: would it be possible for the landscapers to put gravel inside the ledge boxes as they re-landscape them? This will help deter litter in the boxes and keep them clean for longer!

Let me know if there is protocol in stating these contributions in a more *official* capacity (i.e. MOU with signatures), if not, then this format is fine with me.

I will communicate with the ED of WLA community coalition for date of check arrival once I get a confirmed date from your team.

As always, feel free to reach out with any additional questions/comments.

Best,

Hannah Levien

Good Afternoon Hannah,

I hope you had a nice weekend. We wanted to provide you with an update on what Nike is able to contribute for Go Skate Day. As soon as you give us the green light we will continue with planning and communicating the location to the community at large.

Here are the details on Nike's contribution:

Nike will put \$10,000 towards the beautification project which includes:

- Landscaping of the ledge boxes
- Powerwashing
- Site Clean up
- Painting the walls of the stage structure and the stage

On behalf of Nike, Inject Agency will secure vendors for this work.

Nike would also like to donate \$5,000 to West Los Angeles Community Coalition in support of maintaining these grounds. Nike will provide you with additional information on when the organization can expect to receive the check.

Please let us know if you have any questions.

Thank you for your partnership.

Best,

Kellie

don't understand why every project is considered an assault on our quality of life. I support new development and understand with growth comes growing pains. Did you guys discover and create Mar Vista when it was raw land...no you did not. You saw a DEVELOPMENT created by another greedy developer. However that was okay because YOU benefited. Did you care at the time that Mar Vista was farmland? Did you care what the development would do to the lima bean industry and it's workers? I intend to submit a letter of support for this project as well.

Lara Wojahn, East Zanja · 10h ago

Thank you, Boaz. I, too, find it offensive that folks posting here under the guise of providing information, editorialize their postings with hyperbolic opposition that purports to speak for the entire community when they clearly do not.

Note, also, that this building, only being 32 units, is not required to reach out to the MVCC for review and the proponents are being "good neighbors" by presenting to the MVCC. Given the severe housing shortage, this step is truly just a formality because the MVCC's "vote" isn't even considered for LA City Planning support.

😊 3 Thanks

Boaz Miodovsky, Mar Vista Hilltop · 10h ago

Lara that is a good point. Also they fail to mention that the project is providing much needed affordable housing

😊 2 Thanks

Lisa Smith, Mar Vista Hilltop · 9h ago

When was the last time any of you looked over that property? The egress and ingress would be next to impossible. There are accidents on that corner every week and Palms Blvd is already a mess at rush hour. Many in the neighborhood have been keeping track of the accidents w/pictures and will present these. I have no problem with

development however I will protest it at this terrible corner.

😊 3 Thanks

Karen Aronow, Mar Vista Hilltop · 8h ago

I think this is a fantastic idea! Will they have any low income opportunities for our homeless population? That would be a huge plus!

😊 1 Thank

Lara Wojahn, East Zanja · 7h ago

Yes the flyer says both market and affordable housing. I like the renderings.

😊 3 Thanks

Michael Poloukhine, AIA, Mar Vista Hill · 6h ago

Ingress could be VERY easily solved by moving the hydrant on Centinella south to allow an ingress only curb cut off Centinella. Along with re-striping to lengthen the existing left turn lane it would be significantly better than all those dingbat parking lots along Centinella now.

Egress could then easily be a right hand-only out onto Palms.

Put in a bunch of parking, and it would be a vast improvement on what's there now which is a traffic nightmare and highly underutilized.

And the added bonus is commercial space

General

Reply

And the added bonus is commercial space below.

Finally a well planned development on that corner.

3 Thanks

Angela Perez, Mar Vista Hilltop · 5h ago

Everyone is welcome to their opinion. But I live at Ocean View and Palms. Spend an afternoon sitting on this corner and you will see why more housing/more cars isn't the best of ideas (but this is my opinion). If you decide to take me up on my suggestion please be very careful...the people driving here do not care if you are in their way or not. Which is sadly why we can't have our kids or animals play in the front of our home. Yes, this was all farm land but it was developed and nicely done so. I know this because our family has lived here at this property since 1970. Now it's just a hot mess of OVER DEVELOPMENT. AND if you think this will actually be affordable housing...I have a bridge I want to sell you. And I am not against developing this eyesore corner...we just don't need 32 condos/townhome that probably won't have enough parking and since I actually live right here, I know what a problem that already is. Oh and don't forget there are no sidewalks on Palms🙄 That's my two cents and I am done..Peace out people.

6 Thanks

General

Rhonda Ozanian, Mar Vista Hilltop · 4h ago

Economic development is good for home values. Blight from commercial spaces neglected and homes falling down is not good for home values. Both increase neighborhood crime too, an important quality of life indicator.

2 Thanks

E

Elaine Johnson, Mar Vista Hilltop · 3h ago

I have spoken to the architect of the project. They only have to provide 10% affordable housing in the project. That's only 3 units out of 32 units. They will probably use the smallest units (studios) for affordable housing, and the rest will be market rate. In addition, that is a very dangerous corner. I have personally witnessed accident after accident on that corner. This will make it worse. Palms Blvd. is only one lane in each direction. With the added traffic from this project and from the traffic that used to use Venice Blvd before it was narrowed to two lanes, it will be unbearable. One can be a proponent of affordable housing and still be against this particular project at this particular location. I don't like the mean-spirited responses against people who oppose this project. People can agree to disagree and be civil to one another in the process. I'm sure all of us would like the best for our community.

3 Thanks

Boaz Miodovsky, Mar Vista Hilltop · 3h ago

If my comment was taken offensively then I apologize. I was trying to make a point based on a comment left and not the original post. In no way was it intended it to be mean spirited. Maybe a slight amount of frustration, based on the normal anti-development agenda of some, reared it's ugly head. Of course I would always prefer a respectful open dialogue.

In reference to your comment that the smallest unit will be set aside for affordable I'd like to correct you. The code requires that affordable units be equally spread throughout the building and be of equal size and quality of market rate units. Thus if the building has a mix of studio, 1 bedroom, and 2 bedroom units we will get a combination.

1 Thank

Elaine Johnson, Mar Vista Hilltop · 3h ago

I appreciate your comments, Boaz. I agree that all of us should engage in respectful dialogue.

While I am not 100% sure of the configuration of the units that will be allotted to affordable housing, I am sure of the number of units. A very small percentage (10%).

1 Thank

Lara Wojahn, East Zanja · 3h ago

The percentage of affordable housing in a

Lara Wojahn, East Zanja · 3h ago

The percentage of affordable housing in a project is proportional to the density bonus requested. So if you want more affordable units, be prepared for a larger building overall. Feel free to request more units at the public hearing. The building could easily accommodate another story.

Angela Perez, Mar Vista Hilltop · 3h ago

Lara Wojahn you seem to have an invested interest in this project? If you are involved as it seems, please share some factual information about it. I would love to learn more. As I stated I am not against development, but in my opinion adding this many units makes for a worsening situation. Perhaps if you lived right here you might better see some of the downside, but perhaps not. And as I stated before everyone is welcome to their opinion, but seeing/knowing firsthand what the daily situation is like may be a good idea before making recommendations to increase a project.

3 Thanks

Boaz Miodovsky, Mar Vista Hilltop · 2h ago

Angela I live in the area as well and am directly affected by the cut through traffic on Grandview. My wife deals with the traffic at the intersection of Palms/Centinela every

the intersection of Palms/Centinela every morning. Some people drive like idiots and there is little we can do about it. I think it would be wise to suggest that the City upgrade the light at Palms/Centinela to include a left turn signal. I think that would go a long way to reducing the back up and accidents.

😊 2 Thanks

Randy Freeman, Mar Vista Flats · 2h ago

In this particular situation, ANYTHING would be a huge improvement. This building has mostly been an eyesore. As long as access is provided off of Centinela, and no left turn from Palms, going east and sufficient underground parking. I think it could be nice. Further, it could encourage another restaurant/eatery to go into the spots vacated by fire across the street, which would be good for the neighborhood. Look how great Rustic Kitchen has been!

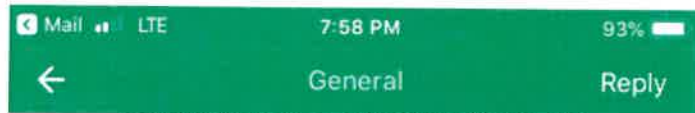

😊 4 Thanks

Lara Wojahn, East Zanja · 1h ago

Angela, I live nearby; I walked my dog past that location today - its currently a rather decrepit building. I am not familiar with this particular project, but I am familiar with the density bonus system. Simply put, the bigger the density bonus the developer wants, the bigger proportion of affordable units they are

the density bonus the developer wants, the bigger proportion of affordable units they are required to provide. Makes sense.

I agree, Randy, that restaurants like Rustic Kitchen will thrive with more potential customers from developments such as these and it could definitely encourage more, for a vibrant, walkable community. Sidewalks along Centinela are terrible in some places.

Motorists who drive like jerks are going to continue their egregious behavior regardless of the style and size of building they drive past. We need to encourage more transit, better sidewalks and safer bicycle lanes. Besides, the gas station across the street encourages far more traffic than a smallish apartment building ever would.

😊 2 Thanks

Maggie Johnston, Mar Vista Hilltop · 1h ago

I have lived in MV my entire life and every business that has been in this particular location has always had parking issues. I think the current tenant has done a good job with the exterior of the "vintage" building. Traffic on Palms is a nightmare. Affordable housing in Mar Vista, haha!!

😊 2 Thanks

Thanks for the screenshots. I will have Margaux the planning intern input these into Romulus.

The Palms/Centinela item is scheduled for an informational presentation at MVCC Land Use Committee tomorrow evening, Thursday, May 3 at Mar Vista Library. I will be attending.

The applicant has not yet filed and their traffic study is not yet complete so they will have to return to committee at least one more time.

Tomorrow, applicant's rep will highlight the driveway changes to improve traffic circulation and minimize impact/conflict on Palms and Centinela. They will also address their height step backs and support of the immediate single family home neighbor to the east of the project.

Tue, Mar 6, 2018 at 3:58 PM

Paola, Selena and Michelle - Good News/Bad News

It appears we have the Windward School Gym from 1pm to 4pm on Saturday April 14th for our Great Street Town Hall.

Bad news – I can't meet this Friday to continue our planning. We have to reschedule our ExFin and Election and Bylaws meeting to that time slot. I am at the MVCC outreach tent this Sunday doing Bike Mar Vista outreach so could meet during market hours if you're open to that.

FYI - MVCC conducting their *own* Venice GS town hall approx. a month later to *further discuss the data*. Don't want to bog you all down with this because it is so far away, but it might inform some of our strategies for info release for our upcoming open house.

For now, I'll put it on my cal and as it approaches, I'm sure Rob will send me an agenda etc etc.

Wed, Mar 7, 2018 at 4:34 PM

If it's Keith Martin he's not eligible for any of the open positions. We exchanged messenger texts. My Friday night is likely to be another TownHall planning meeting with Michelle, Selena and Paola.

At Large – Needs to Live, Work or Own property in Mar Vista

Zone Directors need to live, work or own property in within the zone boundaries

The community director position which is open to the above plus anyone who has a stake in the community is filled by Elliot Hanna.

I'm at the market all day Sunday during market hours. We're not going to have a meeting on Sunday. ExFin and Election/Bylaws will be Monday and the Town Hall planning Friday as previously arranged.

To: Ted Allen <ted.allen@lacity.org>

Ted,

I hope this message finds you well. My name is Hannah and I am the council member's field deputy for Mar Vista and West LA. I have a question for you regarding the possibility of placing planter boxes on the north side of Venice boulevard between Globe and Tuller, underneath the 405. My thinking is that the residents who want to go through this process would need to acquire an A permit from your department first - is this correct?

Feel free to call me if that's easier.

Thanks,
Hannah

Meeting our new CD11 field deputy

4 messages

Sara Roos [REDACTED] Tue, Feb 13, 2018 at 11:49 PM
To: Hannah Levien <hannah.levien@lacity.org>, Paola Cervantes <[REDACTED]>

Hi Hannah - thanks for letting me e-introduce you to our missing MVCC director, Paola Cervantes. She does all the scheduling for our committees so knows well where all the public spaces in Mar Vista are hiding.

Paola, Hannah came to our meeting last night and was ushered into the Road Diet miasma, poor thing. She was a very good sport about it all, and stood talking and freezing with Michelle and me way after-hours. Thanks for that, Hannah

Hannah has scheduled the CD11 Lane Reduction presentation for I believe it is March 10, at the Center for Independent Living, currently. (I know that's not its new name, I forget the new incarnation). Michelle mentioned some reservations about the space and I suggested if it's not too difficult, it might make a little bit of sense to try to start out the event on neutral territory. I realize this may not be possible for several reasons, but I promised to e-introduce her to our space-maven: Paola!

-Sara.

p.s. I hope you're well, Paola.

Hannah Levien <hannah.levien@lacity.org> Wed, Feb 14, 2018 at 3:23 PM
To: Sara Roos [REDACTED]
Cc: Paola Cervantes <[REDACTED]>

Sara - Thank you for the introduction.

Paola - I appreciate the e-intro from Sara and hope that we can meet at some point. I am reaching out to ask if you might be able to help suggest some location spaces for us for about 200 people on 3/10 from 11AM - 1PM.

Thank you both so much.

Hannah

Subject: Meeting last night + follow up

Rose,

Thank you for rallying your neighbors to come talk with me last night about the RVs and other issues over on Palms Blvd. As I mentioned, I am happy to reach out to St. Josephs, officer Acosta, and Rec and Parks. Additionally, I have attached an info packet on application for a Preferential Parking District. Should you have any more questions on this, feel free to reach out.

Best,
Hannah

Hannah and neighbors,

On New PPD Rule and Regulation PDF file, Page 5, Point 6a-6d.

The parking restriction times can't be specified, but need to be chosen from very restrictive options 6a-6d..
The only one which would even address Overnight Parking would be too restrictive for Residents.
It says, 6c: No parking 6pm - 8am; 2 hr arking 8am-6pm.
Also each permit is \$34 per year, max 3 per household..

Question for Hannah:

How did Windward High on Palms acquire their "No parking from 2am-6am" signs.
That would probably work for us...(it would be much better than the above).
..My thoughts, and thanks.

Patti

March 21st Bi-Monthly Meeting Agenda: LADOT Item #1 under New Busine ss

1 message

Linda Guagliano <[REDACTED]>

Fri, Mar 16, 2018 at 2:15 PM

To: [REDACTED]

Cc: rudy.guevara@lacity.org, hannah.levien@lacity.org

Marilyn - LADOT engineer Rudy Guevara has sent me several questions regarding the above-referenced Agenda item and he needs further information in order to evaluate the requests therein (and for discussion) at the March 21st meeting. His questions are as follows:

- "- What directions for the left turns need to be longer & why?
- What time of the day is this person experiencing these delays & why? I need specific times if possible.
- National Blvd & Sepulveda Blvd. has left turn signals for northbound and eastbound traffic.
- Palms & Sepulveda does not have any left turn signals, so I don't know what the stakeholder is referring to that the timing of left turn signals be made longer at this location when they don't exist. Maybe the stakeholder was referring to another location? Or something else?"

Marilyn, I don't know who gave you the information that you sent me in your Feb. 07 e-mail to put on the March 21st meeting Agenda, but please ask that person to answer Rudy's questions or we will have to cancel the item off the Agenda. This needs to be done ASAP so please get back to Rudy with answers by e-mail --with copies to me and to CD11 rep Hannah Levien -- by Monday, March 19 at the latest. Thank you for your assistance with this very important issue. Linda Guagliano, Bi-Monthly Traffic Committee Chair

Hi Hannah,

I have not seen the application or the info for getting restricted parking for Palms Blvd. and Butler Ave, as we discussed you will provide us at our Monday 3/19/18 meeting at your office.

I think what we need is to get the petition started in order to make Overnight Parking between the hours of 9:00m - 6:00am prohibited, except by permit (which would be made available to all residents). Please provide Rose and the rest

Thank you

Greetings West LA/Sawtelle Neighborhood Council, Walk-n-Rollers, CHP, VeloFix, LADOT, LACBC and Helen's Cycles,

I've had the pleasure of meeting/working with many of you in my capacity as a Mar Vista Community Council board member or as an LA County Bike Ambassador. You may not know I'm also on the board of managers for our local YMCA. This email is about partnering with this wonderful community organization and your wonderful community organization/business/gov't org.

The [Collins/Katz YMCA](#) has had two bike repair/valet stands in the last 6 months and the one this past Saturday at their one yr. opening anniversary celebration was incredibly busy/active. We're planning on offering additional bike repair stands to the surrounding community and Y members the last two Saturdays of January (1/26) and February (2/23) from 9AM to 12noon in preparation for the March 3rd CicLAvia Culver City meets Palms/Mar Vista.

On Saturday, April 27, 2019 10AM to 2PM - the Collins/Katz YMCA is also doing a big "Healthy Kids" day event and the Y wants to offer a bike skills course at that event and wanted to see if you'd be interested in participating in it. The initial plan is to use the first fl. of their parking garage as the bike course. The area has a gradual slope so it offers some uphill/downhill components. These are very preliminary details but please let me know if you're interested and available to participate.

Given the time of year – I'll likely resend this email out again in early January but for those of you pro-active planners here's a very early (for me) "SAVE THE DATE" invitation.

Best regards,

Rob Kadota

Locked gates blocking public access

9 messages

Holly Tilson

To: hannah.levien@lacity.org, 37285@lapd.online
Cc: jolds@xrds.org

Sat, Apr 28, 2018 at 4:31 PM

Hannah, Adrian and Julie, Please meet each other

It is my understanding that all of these gates are public walkways. There are several cul-de-sacs that have sidewalks and/or stairs that are parallel to Rose. Years ago some residents put up fences that border the sidewalk on the West side of Rose about a block north of Palms. All have gates so pedestrians can enter the cul-de-sac. These fences/gates more or less keep these cul-de-sacs hidden/private from the public view on Rose. Could you clarify whether or not these gates can be locked. What law governs this. Logically it would seem a property owner could put a fence up on the perimeter of their property but could not block access to the sidewalk. I do not think the property lines extend to these gates, in fact I will assume the fences that are on city land were installed by the adjacent property owners with or without permission of the city. If this is illegal could this lock be removed and/or the fence that may or may not be on city property or could there be the option of leaving the fence/gate as long as it remains unlocked. Thank you for your help. Holly Tilson
MVCC Zone 6 Director.

Subject: Re: Mar Vista Contact Form

Thank you Sara. I really appreciate your follow through.

Hi Holly,

I don't know if you are aware of the locked gate I am referring to. A resident installed it with a combo lock pad a couple of years ago. It has mostly stayed unlocked, but recently has been locked again. My main question is whether any resident has the right to limit the access to those stairs. I assumed it was a public thoroughway since it had been undisturbed for the 23 years we've lived on Rosewood Ave.

If a resident does not have authority to put up a locked gate, what action can we take?

Thank you!

Julie

3621 Rosewood Ave.

Dear Ms Olds,

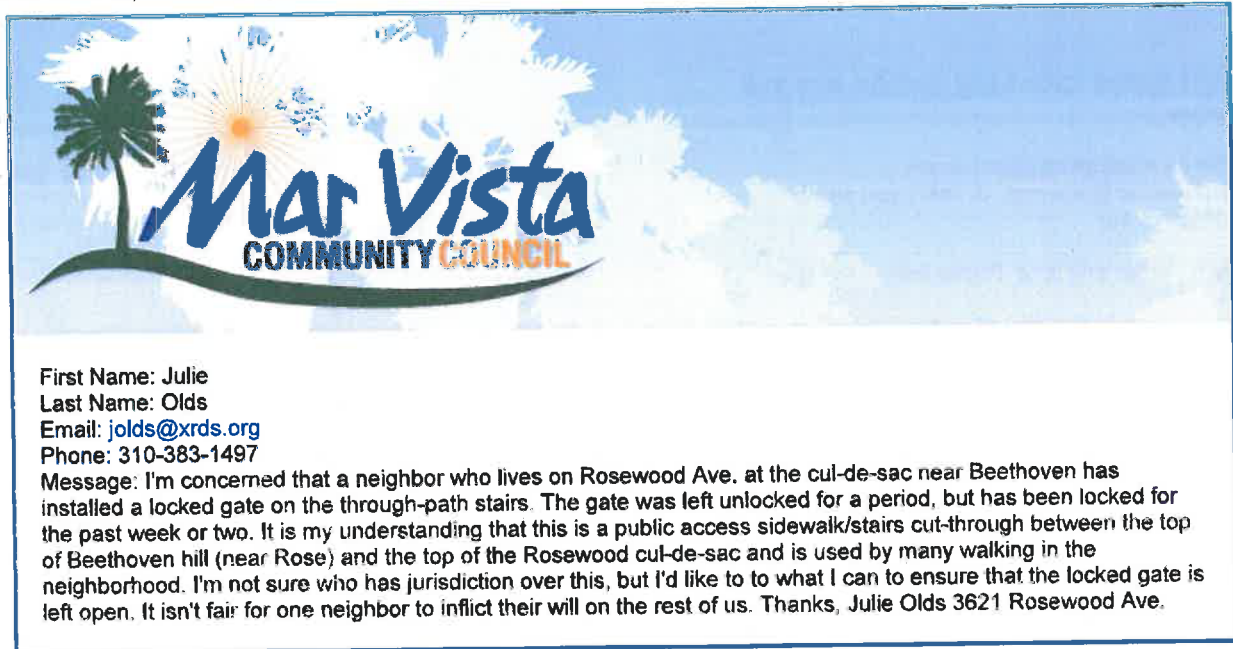

I'm sorry if I may have forgotten to respond to you earlier. If no one else has been in touch - my apologies!

If you don't already know your MVCC Zone Director, Holly Tilson, let me please e-introduce you here. She is very active and conscientious and I am sure will be able to help you work through this problem. I know the city had a program for many years for locking alleys and I do not know whether these stairs could be part of that. I agree it sounds as if it must be different, but it would need looking into. I'm sure Holly can help.

As well, your Senior Lead Officer for this area is Adrian Acosta. He will quite possibly know all about the stairs and what is suppose to be and what should be done. I will copy him on this email as well.

Please keep me posted, I'm interested to know how you resolve this: sara.roos@marvista.org (Outreach Chair)

It depends if this was part of the alley program.

If the resident did this on their own, outside of the program, without permission, then perhaps BSS could remove.

Yes, the Street Use Investigator can have the lock removed if this is considered something on the right of way. Not sure who it is in your neighborhood. Susan Botta or Angelo Miller? Or it might be someone else in your area. Not sure. Chuy said that Angelo is out sick by the way. Just call Susan and ask her? Moving forward I think you're going to have to figure out how to reach a consensus with the neighbors about these doors.

Hello Rosina,

I apologize for the delay. Per our conversation yesterday, you can find more information on the ordinance surrounding vehicle dwellers [here](#). I contacted Senior Lead Officer Acosta to get a status of this location, and will follow up with you once I hear back.

Additionally, I sent in a request with LA County's Flood Control group regarding the shopping cart and items next to your home. I should be receiving an update by Thursday.

Lastly, I copied your new field deputy, Hannah Levien, for your reference.

Please feel free to let me know if you have any questions.

Best,

Lupita

Cc: Hannah Levien <hannah.levien@lacity.org>

Hello Lupita,

Thank you for following up with me. I certainly hope we can address these issues quickly and come up with a solution so that it is not a recurring situation.

Hannah, I would appreciate any assistance you can provide regarding this matter. A couple of years ago we convened a social meeting with Len, Officer Acosta and 11 homeowners who are affected by the chronic situation in our neighborhood. At the time we discussed "Permit Parking" as an option. I would like to re-visit that idea. Can we make that happen? Also, our side of the street does not have street cleaning, while the other side of the street, where the park is,

does. This must be addressed and signs must be posted for street cleaning. Trash accumulates on the street (including containers of urine) until we have to clean it up.

I am willing to set up another meeting, if you would like, at my home where you can meet the people you represent and discuss what is being done and needs to be done to alleviate the problems we are facing in our community.

I hope to hear back from you as to whether you would like me to set up a meeting.

Regards,

Hannah,

I just saw your response to my email. Unfortunately there was not sufficient time to notify everyone and most likely that time of day would not work for those who work 9-5.

I'd like to plan ahead and dedicate more than 30 minutes for you to meet the homeowners in the area. Let's look at a date in March, preferably in the evening.

Greetings West LA/Sawtelle Neighborhood Council, Walk-n-Rollers, CHP, VeloFix, LADOT, LACBC and Helen's Cycles,

I've had the pleasure of meeting/working with many of you in my capacity as a Mar Vista Community Council board member or as an LA County Bike Ambassador. You may not know I'm also on the board of managers for our local YMCA. This email is about partnering with this wonderful community organization and your wonderful community organization/business/gov't org.

The [Collins/Katz YMCA](#) has had two bike repair/valet stands in the last 6 months and the one this past Saturday at their one yr. opening anniversary celebration was incredibly busy/active. We're planning on offering additional bike repair stands to the surrounding community and Y members the last two Saturdays of January (1/26) and February (2/23) from 9AM to 12noon in preparation for the March 3rd CicLAvia Culver City meets Palms/Mar Vista.

On Saturday, April 27, 2019 10AM to 2PM - the Collins/Katz YMCA is also doing a big "Healthy Kids" day event and the Y wants to offer a bike skills course at that event and wanted to see if you'd be interested in participating in it. The initial plan is to use the first fl. of their parking garage as the bike course. The area has a gradual slope so it offers some uphill/downhill components. These are very preliminary details but please let me know if you're interested and available to participate.

Given the time of year - I'll likely resend this email out again in early January but for those of you pro-active planners here's a very early (for me) "SAVE THE DATE" invitation.

Best regards,

Hi Jim,

My apologies for the delay. I have added in Lance and Robert from BSS and Tim from DOT who is the Great Streets lead right now. To catch the others up who may or may not be aware of the street furniture project on the Great Street, I'm reaching out to loop you in on the process for allowing street furniture in the public right of way. This is something that we are doing as part of the Great Streets program. I have selected businesses to be candidates for the street furniture program and they have agreed. Now, we are working on the permitting. Once permits are approved, our office will work with the businesses to select the items from this kit of parts and then our office will purchase and place them.

Let me know if you all have questions, but this (folks on this email) will be our core team to get the permitting done and the furniture placed.

Thanks all,
Hannah

Wed, Oct 3, 2018 at 8:03 AM

Hi all,

I understand BOE will issue the permit. Public right of way is shared by many City agencies.

BOE may require BSS, LADOT to review and sign-off prior to the permit issuance.

I would like to know under what conditions and who in those respective City agencies would review the street furniture revocable permit.

For example, BOE would coordinate with Lance's group for any conflict in the franchise Bus Shelter program.

Do we have a product list from LADOT or BSS for reference when we review the application?

The attached draft is from BSS. Do we use this guideline for now?

Thanks!

[Quoted text hidden]

Lance Oishi <lance.oishi@lacity.org>

Cc: Hannah Levien <hannah.levien@lacity.org>, Robert Gutierrez <robert.gutierrez@lacity.org>, Tim Conger <tim.conger@lacity.org>

Wed, Oct 3, 2018 at 8:29 AM

Hi Jim,

Thanks for coordinating.

Regarding your questions about street furniture, there is no approved list of products outside of my Programs' shelters, kiosks, APTs, and ad-based bus benches and/or LADOT's bike racks. Technically, such products are supposed to be reviewed, vetted, and accepted by BOE's Design Standards and Investigations Group. That being said, because of the variety of products out there and the inconsistent engineering standards applied to their design and fabrication, the City/BOE has generally reviewed proposals on a case by case basis. The only real requirement that I'm aware of is that the furniture needs to be secured/bolted down to the sidewalk strata, they need to be ADA compliant in their installation and clearances for peds, and their installation methodologies need to meet AASHTO requirements for installing fixed elements within a highway/street dedication. The draft street furniture placement guidelines is still an internal BSS document and actually needs to be updated to dove-tail with BOE's Brown Book relative to the standard sidewalk width/Pedestrian Access Route (60" min. vs. the 48" min. shown on that draft detail). Other set back distances from building ingress/egress points or appurtenances such as fire safety equipment or storefront windows, utility boxes, driveways, street intersections, alleys, etcetera should be reviewed and adjusted as required in accordance with adopted AASHTO guidelines, ADA-PROWAG requirements, State PUC requirements (for rail crossings), Municipal Code requirements like 62.200, and adopted City Department policies.

In general BOE is responsible for reviewing/vetting street furniture installations; BSS reviews landscape (planting) and irrigation components of permit proposals as those elements have a direct impact on our landscape maintenance operations. Our contractors that provide transit furniture (shelters, kiosks, etc) are required to obtain A/B permits through

BOE for each and every installation they perform so from that perspective, the transit furniture Programs that I manage are consistent with established protocols that designate BOE as the agency responsible for reviewing/vetting proposed street furniture installations.

Sincerely,

--

Cc: Jim Wu <jim.wu@lacity.org>, Hannah Levien <hannah.levien@lacity.org>, Tim Conger <tim.conger@lacity.org>

Hi Jim,

BSS generated that document to help our own staff with street furniture placement as we were/are implementing many pedestrian improvement projects. Also, a lot of street furniture was/is shown on the landscape plan submittals, which we review and approve for Revocable permits; so it helped staff review plans. The document was never signed-off/approved by our management; but because there was nothing else out there to look at, it got out of our office and became a de-facto standard. That document is now over 10 years old and many new standards and policy changes have come into play that make it obsolete... but no one has taken on the task of updating it, because as Lance stated, it's actually BOE/Standards Division that reviews and approves street furniture permit submittals.

Thank you for your clarification.

Does LADOT have any items or potential conflict for BOE to coordinate in the context of Street Furniture revocable permit review?

[Quoted text hidden]

Tim Conger <tim.conger@lacity.org>

Wed, Oct 3, 2018 at 9:41 AM

To: Jim Wu <jim.wu@lacity.org>

Cc: Robert Gutierrez <robert.gutierrez@lacity.org>, Lance Oishi <lance.oishi@lacity.org>, Hannah Levien <hannah.levien@lacity.org>

DOT is basically staying out of the review/permitting process for street furniture. We would only be involved if it conflicts with any traffic signal or sign visibility. Recently LA-Mas installed a variety of street furniture on Western near 1st and 2nd as part of the Western Ave Great Streets project. I assume BOE issued permits for that installation.

Very cool. Even as a shorter-term goal, you could get some tree wells installed to get some shade and greenery, some planter boxes, etc. Longer term can be a full-planned landscape element.

Subject: Hulu Bike rack along Park Avenue
To: alek.bartrosouf@lacity.org

Hi, Alek. Taylor Bazley gave me your contact info. I live on Park Avenue and keep somewhat active in Venice politics. My husband, Ira Koslow, is the president of the Venice Neighborhood Council. Taylor and I joke about my calling myself FLOVNC (First Lady of the VNC).

One of my neighbors and I met with Jessie Holzer a couple of years ago when she was about to place the racks along Park Avenue in addition to the ones on the OFW. We tried to talk her out of putting an additional 15 racks along our walk street if there were already 9 racks on the boardwalk.

But, alas, to no avail.

The tent encampment is cozily esconced between the K-Rails that were set up as temporary bollards (a year ago!!) and the 15 bike racks. I'm working with Bob Davis of Rec & Parks to take down the K-Rails.

I would love to meet with you regarding the removal of the 15 bike racks. We could meet at Park Ave. and OFW. That's where Jessie and I met.
Here's my contact info:

Frank - The council member is committed to maintaining traffic safety on residential streets. That said, this concern is certainly one that we will bring up with DOT at our monthly priorities meeting to discuss as a potential priority project. Typically I would refer you to myladot where you can make particular requests for traffic elements (stop signs, lights etc) to your neighborhood, but this one seems slightly more complex. There are many ways to slow traffic and/or calm certain corridors, though the solutions are dependent on the particular intersection/streets. Either Alek or I will be in touch with you to respond to your requests within a week. As always, please let me know if you have questions.

Alek - I'll make sure this request is captured in our notes for the meeting with DOT this week.

Hi Mr. Bonin,

I follow you on your Facebook page. First off, thank you for using FB to help stay connected to your community. It's helpful for me to stay up to date in the Mar Vista community.

I am a resident in Mar Vista (12034 Clover Ave) and I wanted to seek advice.

Ever since Waze has become popular, we've seen a surge in commuters using our street to cut through traffic. There are over 30 kids between 3-10 years old on our small block and it's caused significant safety concerns for our children. In one instance, one of my neighbor's kids was almost hit and had to jump out of the way for safety.

I wanted to figure out how we could add planters to block the corner of Dahlgreen (south side) and National to create a cul-de-sac and prevent commuters from using our block (See red ring in the map below). It causes MINIMAL efficiency in a commute (if any efficiency), yet creates significant risk on our children. Can you please point me in the right direction to explore this request?

Thanks

frank

Subject: Re: Follow up from voicemail

Hi Frank, just left you a voicemail.

Having a cul de sac formed is a large infrastructural ask. So I'm wondering if we can request some improvements from LADOT that can alleviate some of the cut through speeding happening on Clover and Dahlgren.

If the majority of the cut-through is headed west bound, we could request turn restrictions from Inglewood to Clover for the AM peak hour. As a resident, you could also file for the speed hump program (they only accept applications twice a year, and the next open application period is in September).

Let me know what you think.

Best,

Alek

Hulu Bikes

Gail Rogers <[REDACTED]>
To: Alek Bartrosouf <alek.bartrosouf@lacity.org>
Cc: Taylor Bazley <taylor.bazley@lacity.org>

Wed, Jul 25, 2018 at 6:05 PM

Hi, Alek. So if the Ride Share people tell you that lately there have been lots of rentals on the Park Av. strip between OFW and Speedway, they are correct. Why?

Remember when we walked and it was strewn with broken bicycle parts and tents. They are gone. We wrote letters with photos to LAPD and they did a huge crack-down. Everyone is gone and now the tourists can enter the strip and feel comfortable renting the bikes. I'm starting to see it. Before, they were afraid to enter.

So our successful efforts at removing the "campers" might have compromised the removal of the bike rack.

I still would love to see the racks go. It's a blight, in my opinion. It would be so nice to walk down to a clear path as we head to the Boardwalk.

I'm meeting with the owners of the office building in mid-August to discuss putting up planters along the building.

Best,
Gail

Subject: Cars soon will be unwelcome on Playa Vista's main drag. And a lot of people are happy about it

A tale of two playas....

<http://www.latimes.com/business/la-fi-runway-playa-vista-20180809-story.html>

Cars soon will be unwelcome on Playa Vista's main drag. And a lot of people are happy about it

Roger Vincent

A bicyclist rides last month in the Runway shopping district in Playa Vista. Property manager DJM Capital Partners has decided to permanently close the middle section of Runway to auto traffic. (Genaro Molina / Los Angeles Times)

On any given day, cars roll slowly down the main shopping street of Playa Vista, just as they do in small towns everywhere.

After all, when it came to building a town center on land around famed aviator Howard Hughes's old airplane runway, it seemed right to let people drive through and perhaps park to grab a cup of coffee.

But those days are coming to a halt as the center, known as Runway, is being remade as a place where pedestrians will be more inclined to hang out, shop and eat — without having to dodge vehicles.

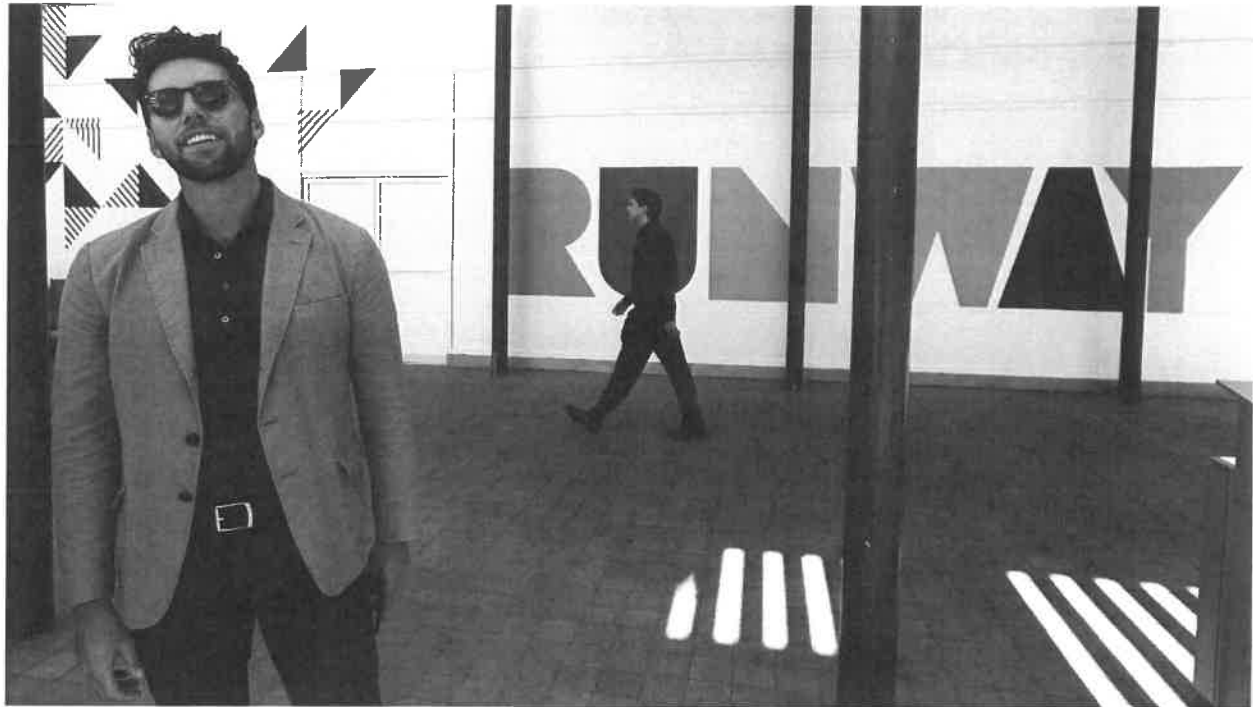

After seeing the closed-off streets packed with people during farmers markets and other special events, manager DJM Capital Partners Inc. concluded that Runway's autocentric ethos was outdated and has decided to make the ban full time, even though the center was built only three years ago in the recently developed community.

The decision comes at a time when competition for shoppers' favor is especially intense on the Westside, where established street corridors like Montana Avenue and Abbot Kinney Boulevard are contending with Santa Monica Place and Westfield Century City, malls that have both undergone major redevelopments.

And it reflects a national trend to favor people over cars in the hope of creating a sense of relaxed intimacy, something the pedestrian-oriented Grove "lifestyle center" in the Fairfax

district pioneered more than a decade ago — but is now more imperative than ever as stores large and small stores go under in the face of changing tastes and online competition.

“We think one of the great saviors of retail is public space,” said Stenn Parton, senior vice president of retail at DJM. “We can fabricate foot traffic through programming and great on-campus experiences.”

Stenn Parton, senior vice president of retail for DJM, stands in the middle of Runway. He thinks that banning cars can be a "great savior" for a retail district. (Genaro Molina / Los Angeles Times)

Runway, owned by Invesco Real Estate, has more than 220,000 square feet of retail space and is about the size of four city blocks, surrounded by Jefferson Boulevard, McConnell Avenue, Millennium Drive and Village Drive. It features a Whole Foods Market, a Cinemark movie theater complex, shops and restaurants. There are medical offices leased to Cedars-Sinai and more than 400 apartments for rent.

The complex was planned to be the “downtown” of Playa Vista, a coastal community near Marina del Rey built last decade on land where mid-20th century business mogul Howard Hughes ran his aviation empire.

The first residents arrived in Playa Vista in 2002 and it already is home to 6,000 residences and 9 million square feet of offices. Tenants include Google, Facebook, Belkin and Sony, making it part of the coastal “Silicon Beach” strip of communities that begins north at Santa Monica.

There is already an indication that closing off the streets resonates with the population, which tends to skew younger, with the largest age group being people in their early 30s, many of whom are starting families. They have made the weekly farmer’s market a hit, helping it draw some 3,000 people, according to DJM.

Lisa Hirsch-Solomon, founder of fitness class center the Studio (MDR), is a supporter of permanently halting through-traffic in part because she believes the farmers markets have

been good for her business.

“The more pedestrians we can get, the more eyes we have on the Studio and all the retail we have here,” Hirsch-Solomon said. “When you make it easy for people to walk around, sit down and enjoy a cup of coffee or eat something, it’s just so inviting.”

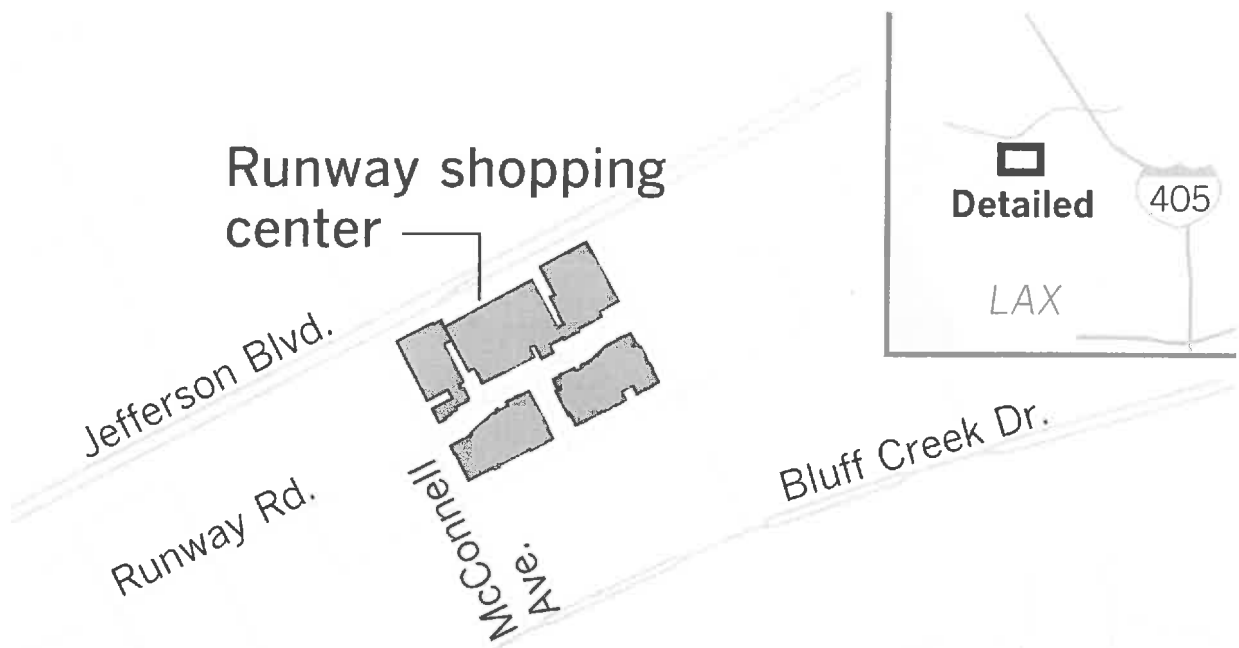

Rendering of how the Runway at Playa Vista town center will look after a \$9.1- million makeover that will include closing off the heart of the complex to automobile traffic. (Design, Bitches)

In Los Angeles, people might perceive closed streets as a panacea for salvaging underperforming retail strips because of the success of the Third Street Promenade in Santa Monica, but that is not necessarily so.

The Promenade, in fact, has been partially closed to traffic as far back as 1965 and it only really flourished in the 1990s as part of a downtown redevelopment program.

Real estate analyst Christopher Leinberger said that while removing cars on ailing main streets can encourage more foot traffic, it failed to spur business growth in most of the roughly 200 American cities that tried doing it during the latter decades of the 20th century.

Source: Nextzen, OpenStreetMap

@latimesgraphics

(Ellis Simani / @latimesgraphics)

"It was considered a silver bullet for instant urbanity, but mostly it put a bullet through the head of those main streets," said Leinberger, a professor at the George Washington School of Business.

Street closures that are most likely to succeed take place on blocks where there are already active stores and restaurants, preferably supported by people who live upstairs or nearby.

"After density and excitement is there, then you close the street," Leinberger said. "They got it backwards in the '80s."

Still, the scheme might work in Playa del Rey, he said. "It demonstrates this trend is viable."

The vision for Runway's \$9.1-million makeover, which is expected to be completed early next year, is coming from architects Catherine Johnson and Rebecca Rudolph, principals of cheeky L.A. architecture firm Design, Bitches.

Rendering of another view of the Runway at Playa Vista after its makeover. (Design, Bitches)

Their thinking is that kicking out cars can help turn the town center into a place where people may want to stick around and connect with others.

“Once you give pedestrians the power to wander across and not worry about a car coming from one direction or another it frees up a lot what we can do in the street,” Johnson said. “We can take it from a place about shopping to a place about culture.”

To make Runway more inviting, several hard surfaces, including planters and concrete walls, will be replaced with lush landscaping, including billowing grasses and native plants. More benches will be installed, as well as spaces for gathering.

“Right now everything feels really tight and manicured,” Johnson said. “We want to encourage meandering and a sense of discovery and exploration.”

Already there are ideas about how a new culture can take form — think concerts, outdoor movie nights and art shows. DJM said it has found success with occasional night markets offering food, artisans and entertainment that draw up to 5,000.

Zachary Card, a retail property broker at CBRE who formerly represented Runway, thinks the makeover can do nothing but boost the shops along the street.

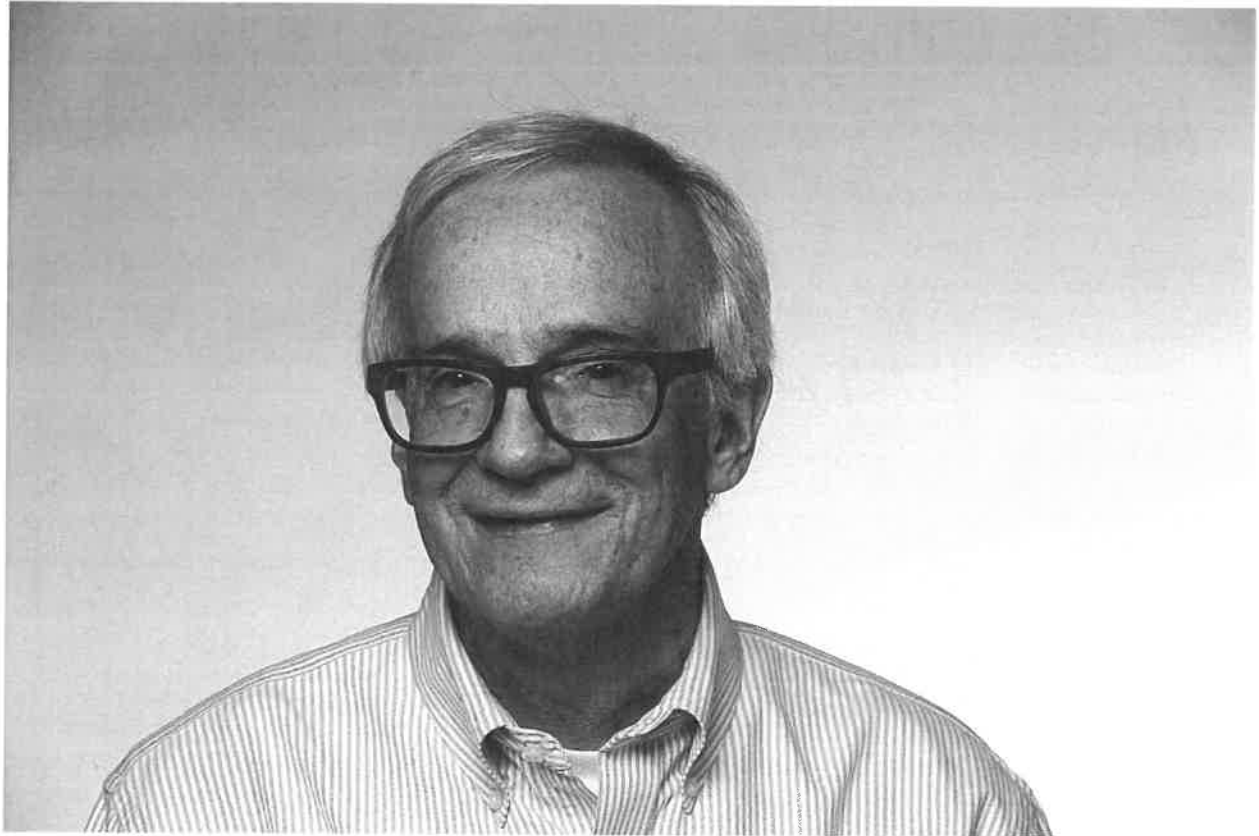

“You’ve got to give people an experience that is unique that you are not going to buy online or find in a big regional shopping center or mall,” he said. “People love open space, especially in dense urban environments” like Los Angeles.

Incoming store operator Lindsay Parton also sees a “really big benefit” to closing the street.

Parton is co-founder of Free Market, a new complex coming to Runway early next year that will have a mix of small stores and restaurants. She hopes to attract repeat business from people

who live in Runway and nearby.

"We'd love to pull in people at multiple times the same day," she said. "We'll have a place to hang out that's missing right now."

Hi Craig

I received your messages, I need to speak to my supervisor to see if they are still planning on purchasing a planter. Just an fyi I know you got your number from the city if we do decide to purchase a planter it might go out to bid since you don't have a contract with the city. I will let you know once my supervisor comes back from vacation. Can you tell me what the cost of a planter is if we choose pink granite.

thanks!

CRAIG, Sybertech Bike Lane planters.

Alek Bartrosouf <alek.bartrosouf@lacity.org>

Fri, Aug 10, 2018 at 11:00 AM

To: Craig MacPherson <cmacpherson@swrl.com>

Awesome, thanks Craig.

On Fri, Aug 10, 2018 at 9:43 AM, Craig MacPherson <cmacpherson@swrl.com> wrote:

Hello Alek

Thanks for taking the time to speak with me today. I have attached a couple of items as well as a couple of photos from the new PBL in Bellevue WA. Check out the HAPPY COUNCILLORS and MAYOR!!

I have made a note to reach out to Valerie and Julie next week.

Generic email below

Since we last communicated Sybertech has recently participated in PBL projects with our wonderful reservoir style self-watering planters in Georgetown DC, Bellevue WA, Westmount Quebec, Burlington VT, Minneapolis MN, Detroit MI (MDOT), Nashville TN & Pittsburgh PA so I think that we can safely say that the PBL movement is still moving in the right direction.

Cities really like the planters because they provide an easy to maintain physical barrier for Bike Lanes as well as an easy to maintain addition to any Downtown beautification project.

Sybertech planters are featured in the MASSDOT, Toole Design created, manual for creating Protected Bike Lanes as well as Street Plans Tactical Urbanism Guide and have recently been featured in a "People for Bikes" blog.

If you require any further information, photos, pricing etc please do not hesitate to call.

Note that the last attachment opens VERY slowly

If you are planning to attend the Walk, Bike Place Conference this September in New Orleans Sybertech, and myself, will be there as an Exhibitor.

Cheers!

Re: Venice Trees!

Hannah Levien <hannah.levien@lacity.org>

Tue, Sep 11, 2018 at 3:33 PM

To: Hector Banuelos <hector.banuelos@lacity.org>, Alek Bartrosouf <alek.bartrosouf@lacity.org>

Cc: Tim Conger <tim.conger@lacity.org>, Mat Talag <mat.talag@lacity.org>, Stan Stewart <sstewart@allamericanasphalt.com>, Robert Gutierrez <robert.gutierrez@lacity.org>, Jim Wu <jim.wu@lacity.org>

Hector - as long as they are doing this work, is it possible for them to restore water to the entire median? Please advise asap

Thanks,
Hannah

On Mon, Sep 10, 2018 at 2:47 PM Hector Banuelos <hector.banuelos@lacity.org> wrote:

Hello All,

It appears contractor cut an irrigation line feeding the planter on Venice BI immediately east of Mountain View.

We need LADOT contractor to restore water to this area of the median.

H

On Thu, May 31, 2018 at 2:35 PM, Hector Banuelos <hector.banuelos@lacity.org> wrote:

Hannah,

It appears tree planting will be performed by LADOT contractor

Unless there is a need for UFD to be present, UFD is not planning to be there.

H

On May 31, 2018 7:35 AM, "Max Eftekhari" <max.eftekhari@lacity.org> wrote:

Hi Hannah,

I don't know who from DOT will be there. I will c-c your email to Mr. Nat Gale. He would know more about the attendees.

On Wed, May 30, 2018 at 9:51 PM, Hannah Levien <hannah.levien@lacity.org> wrote:

Will make sure to get final approval on the tree planting.

How many folks from DOT can be there on 6/23? We will need to do it slightly earlier (like 10am) because of another commitment that the council member has.

UFD - will we be able to do this in your absence?

Thanks!

On Wed, May 30, 2018 at 7:27 AM, Max Eftekhari <max.eftekhari@lacity.org> wrote:

Hi Hannah,

Yes. I don't they will be there. Let me know when we have council member approval so I can inform our contractor.

Thanks

On Mon, May 28, 2018 at 9:09 PM, Hannah Levien <hannah.levien@lacity.org> wrote:

That's fine - it will need to be approved by the council member and it will need to be around 12:30. Also, is it possible to do the planting in the absence of UFD?

Thanks!

Hannah

On Thu, May 24, 2018 at 7:29 AM, Max Eftekhari <max.eftekhari@lacity.org> wrote:

Hi Hannah,

This why I suggested to plant 8 side walk "Australian Willow" trees and 4 middle island "Pink Trumpet" trees on Friday 6/15/18 and plant the last two trees (Pink Trumpet) on middle island near the 12525 Venice Bl address at Wasatch Av. as part of the ceremony on Saturday 6/16/18.

This would be the most efficient way to do this based on my experience working in the area. The traffic on Venice Bl., because of various activities in the area on weekends, is always heavier than during weekdays.

Please let me know if we can proceed with this plan.

On Tue, May 22, 2018 at 9:39 PM, Hannah Levien <hannah.levien@lacity.org> wrote:
Thanks for that.

DOT?

On Tue, May 22, 2018 at 5:03 AM, Hector Banuelos <hector.banuelos@lacity.org> wrote:
Hello Hannah,
UFD will not be present on Saturday.
H

On May 21, 2018 4:52 PM, "Hannah Levien" <hannah.levien@lacity.org> wrote:
Good point, Hector. We should transition the final tree then to the street in general (I think it will help to decrease our proximity to the street traffic)

can we consider doing the final tree on the following Saturday (6/23)? Would there be UFD presence on that date? DOT?

On Mon, May 21, 2018 at 7:45 AM, Hector Banuelos <hector.banuelos@lacity.org> wrote:
Hello Hannah et al,
UFD will not be able to assist on Saturday, but can make a couple staff available for Friday, 6/15/18.

Be advised that Saturday, 6/16 is the day after school is officially let out for the summer for LAUSD and most schools. This said and dependent upon the weather, it's anticipated there will be increased traffic along Venice Bl.

If tree planting is planned for Saturday, I highly suggest the planting sites be on the street and not on any of the center medians

Please advise on time and of meeting location you would like for UFD to assist.

H

On Fri, May 18, 2018 at 11:00 AM, Hannah Levien <hannah.levien@lacity.org> wrote:
correct - please no closure during the week.

To confirm -

- 1) there will be 14 trees planted - 8 in the sidewalk, and 6 in the medians
- 2) the tree types will be Australian willow, pink trumpets
- 3) the final tree will be planted in the median on 6/16 - though it will need to happen before 10:45am (so around 9:30)

Please clarify, if you can the traffic closure requirements for the ceremony day and the rest of the project, thanks!

let me know if I am missing anything here.

Also can both departments confirm attendance on that day? Once that is confirmed then I will reach out to all the involved groups.

Thanks for the coordination efforts, y'all!

On Fri, May 18, 2018 at 8:00 AM, Mat Talag <mat.talag@lacity.org> wrote:
Max,

I gave instructions to Stan to not perform any work (lane reduction) on Venice Blvd during the week and to plant the 13 trees, 8 in the sidewalk and 5 in the median on Saturday 6/9.

Then on Saturday 6/16, plant the last tree as part of the ceremony.

Mat

To: Gail Rogers <[REDACTED]@lacity.org>

Bcc: Taylor Bazley <taylor.bazley@lacity.org>

Aw thanks Gail! I appreciate your recognition. I'm surrounded by a lot of staff who are genuinely wanting to help - we try to make it work.

It just needed to be a coordination effort between the city and Hulu bikes. We had to get police and parks involved to make sure we had a smooth transition. Once that was in place, Hulu made the move for us and there were no issues.

The k-rail issue is probably going to rely on different set of folks, but Taylor should be able to help you on this. I think you also mentioned you're in touch with Bob on this as well?

You may want to confirm this with Taylor, but another thing to consider is the Bridge Home project MAY be providing funding for beautification in places where the Bridge Home is serving. Perhaps with that seed money, coupled with some NC funds, you may be able to acquire some cool planters, tree wells, etc that could beautify the corridor AND take the place of those k-rails. You can feed two birds with one seed. ;) Again, I'm not sure exactly how that works since it isn't my specialty, so you should talk to Taylor about those possibilities.

Best,
Alek

On Mon, Sep 17, 2018 at 3:35 PM, Gail Rogers <[REDACTED]@lacity.org> wrote:

Hi, Alek. I was just thinking how you are the only one from the City who accomplished something we requested and in a timely manner.

I'm just curious. What were the steps involved? Who helped?

The reason I'm asking is that we're trying to get the WALL (K-rail) taken down and it falls on deaf ears.

So please let me know who actually helped you.

Thanks,
Gail

On Aug 6, 2018, at 2:42 PM, Mike Trull [REDACTED] wrote:

In addition,

On Saturday, August 4th, at 1:25pm, bus number 4094 was idling across the street. I went across and asked him to shut his engine down. He looked at me and said "This is why I opened my door for you!" and then shut the door in my face and went back to his phone call. I continued to knock on the door and attempt to engage him. He finally turned it off after I knocked for several minutes.

I was furious. This kind of response, in a customer service environment, is inexcusable.

On Mon, Aug 6, 2018 at 2:15 PM, RICK ZIEGLER [REDACTED] wrote:

Hi, William.

Hope you had a good weekend. As discussed last week, busses are parking at the new layover on Grand Blvd. and are continuing to leave their engines idling on a daily basis. This creates more noise and pollution across from our homes. Along with the big rig diesel trucks coming and going at the Post Office, we are now faced with engine noise from the Big Blue Bus.

Today at 1:50pm, another bus (photo below) parked and left her engine running while she talked on the phone OUTSIDE of the bus. I walked across the street and asked her to turn her engine off and she reluctantly complied. Usually, but not always, our requests are met with frustration when we request that they turn their engines off.

Have you been able to communicate these issues to your drivers? I hope you will be able to soon. Also, please let me know what I can do to help.

This is an urgent matter and is heavily affecting our quality of life here.

Thank you,
Rick Ziegler

Hello everyone.

When Valerie and I last spoke you were waiting on the return of a Supervisor to determine whether you were going to trial Sybertech planters in a Trail/Demonstration Protected Bike Lane.

As per your request we have registered with the City as a Vendor.

Are you still planning on looking at PBL's for the City? As you can see from the attachment Sybertech has increased the number of Cities around North America that have found the self-watering Sybertech planters an easy to maintain beautification factor as well as a physical barrier between Bikes and Pedestrians and vehicular traffic.

Are you able to provide me with an update on the direction of PBL movement in Greater LA and perhaps a timeline moving forward?

Julie, you still have the color chips?

Thanks

Date: Thu, Dec 6, 2018 at 1:25 PM
Subject: People Street Program
To: Parker Worsham <[REDACTED]>

As a 45 year resident of the beautiful walk street, Park Avenue, in Venice, I would support seeing its beauty expand beyond Speedway onto Ocean Front Walk.

There is an area between Speedway and Ocean Front Walk that has fallen into disrepair. Some times I ask myself, why are they picking on us? "They" being Rec and Parks, City Attorney, Councilmember's Office. First, Bonin's former Mobility Deputy decided that Park Avenue should be the "Grand Central" for the Hulu Bikes of the Bikeshare program. They put up a rack of 15 Hulu bikes right in the middle of said area. Then the City Attorney ordered Rec and Parks to put up a huge (and ugly, I might add) K-rail along Park Avenue at Ocean Front Walk for security purposes.

The K-rail was put up in July of 2017 and was supposed to be temporary.

I noticed that the Hulu bikes were not being used. I contacted the new Mobility Deputy, Alek Bartrosouf, and we met so that he could see how ridiculous this bike station was. He contacted Bike Share and within a couple of weeks had them removed. Thank you, Alek! While we were meeting at said site, he said, this area needs greenery--trees, planter boxes.

Alek is the person who linked me to your People Street Program.

And, by the way, we finally got the K-rail removed a couple of weeks ago. It was the neighbors who chipped in (\$\$ and labor) to expedite their removal.

There are two office buildings who border said area, so I'm not sure how that will work, but I am open and supportive of some greenery.

Best,
Gail

Cc: Hannah Levien <Hannah.Levien@lacity.org>, Carole Kealoha <ckealoha@lapl.org>

Hello,
Carole is still the head librarian at MV Library.
She can be reached at the MV library 310-394-3454.
Her email is: ckealoha@lapl.org

I am ccing her above.

Carole says the some people have spoken to the library admin dept. including Bureau of Engineering (BOE).
BOE is not recommending a coral tree for that location.

She says the plan is to have a drought tolerant plant.

Carole says additionally that people have been vandalizing the above ground irrigation system.

BOE Bureau of Engineering is recommending a below ground irrigation system and placing a small shade tree like the arbutus marina in the tree planter.

The library administration downtown is in charge of selecting a tree for the tree planter.

Please keep Carole connected to this discussion.

Thanks!
Best,
Michelle

On Jun 26, 2018, at 10:35 AM, Christopher McKinnon wrote:

I believe Carole Kealoha (sp) is still the head librarian at Mar Vista. The downtown library commission exec. assistant who takes all letters was in 2013 may have changed now. I don't know the latest Head Librarian for the entire city - check the lapl.org website.

If you want the entire history of Coral tree or others in Mar Vista especially on Venice Blvd. at the Library, Fire Station #62 and Taco Bell corners contact Maritza who was an early MVCC board member and now works for the city as of 2013.

On Jun 26, 2018, at 9:47 AM, Alek Bartrosouf <alek.bartrosouf@lacity.org> wrote:

Oh great! It sounds like you put a lot of effort into getting that 2nd coral in. Too bad it didn't hold.

Can you provide me with your contact at the library who would take the lead on the library's end? We can try to get the conversation going again on a replacement.

On Thu, Jun 21, 2018 at 8:43 PM, Christopher McKinnon <chrispm@afewgoodideas.com> wrote:

Yes I helped get the library to replant a coral after the original 100 year old Coral tree aged out and was collapsed. The newer second one failed after a couple of years as well. so I don't think the Library wants to replace that area with another coral. My preference would be a slow growing California native evergreen but consensus on street trees hard to get to by committee.

The Librarian at that branch has the initial say but has to coordinate with her regional manager. The local Mar Vista Friends of the Library have some input. I lobbied the head librarian downtown and the Library Commission to get the original Coral tree replaced.

I don't know what the Mar Vista Librarian is working on for replacement currently. I believe there is replacement irrigation in the planter which may have overwatered the second coral tree so roots were weakened.

C. McKinnon

On Jun 21, 2018, at 3:28 PM, Alek Bartrosouf <alek.bartrosouf@lacity.org> wrote:

Hi Christopher,

Michelle gave me your contact info when I asked about the coral tree that fell recently in front of Mar Vista Library. I'm curious if there is an existing effort to get that tree replaced? We're interested in helping out if there hasn't been any traction on it, but wanted to touch base with someone who may already have the ball rolling.

Let me know when you can - thanks and looking forward to meeting you one day.

Best,

On Wed, Jul 11, 2018 at 11:21 AM, Mike Trull <[REDACTED]> wrote:

Hey Taylor, how you been?

Who would I contact about busses stopped, but leaving their engines on? Are there any regulations on this?

Also, it would be ideal if the resting place was at the end of the block where there are residences, only business. The busses start arriving before 6am and the engines are very loud, completely audible from inside my house. How would one go about making this change?

Any help is greatly appreciated.

BTW, thanks for all your help with the planters on Grand. It's been an incredible success beautifying the neighborhood and making it safer.

Best,

Mike Trull

Frank - The council member is committed to maintaining traffic safety on residential streets. That said, this concern is certainly one that we will bring up with DOT at our monthly priorities meeting to discuss as a potential priority project. Typically I would refer you to myladot where you can make particular requests for traffic elements (stop signs, lights etc) to your neighborhood, but this one seems slightly more complex. There are many ways to slow traffic and/or calm certain corridors, though the solutions are dependent on the particular intersection/streets. Either Alek or I will be in touch with you to respond to your requests within a week. As always, please let me know if you have questions.

Alek - I'll make sure this request is captured in our notes for the meeting with DOT this week.

Best,

Hannah

Hi Mr. Bonin,

I follow you on your Facebook page. First off, thank you for using FB to help stay connected to your community. It's helpful for me to stay up to date in the Mar Vista community.

I am a resident in Mar Vista (12034 Clover Ave) and I wanted to seek advice.

Ever since Waze has become popular, we've seen a surge in commuters using our street to cut through traffic. There are over 30 kids between 3-10 years old on our small block and it's caused significant safety concerns for our children. In one instance, one of my neighbor's kids was almost hit and had to jump out of the way for safety.

I wanted to figure out how we could add planters to block the corner of Dahlgreen (south side) and National to create a cul-de-sac and prevent commuters from using our block (See red ring in the map below). It causes MINIMAL efficiency in a commute (if any efficiency), yet creates significant risk on our children. Can you please point me in the right direction to explore this request?

Thanks

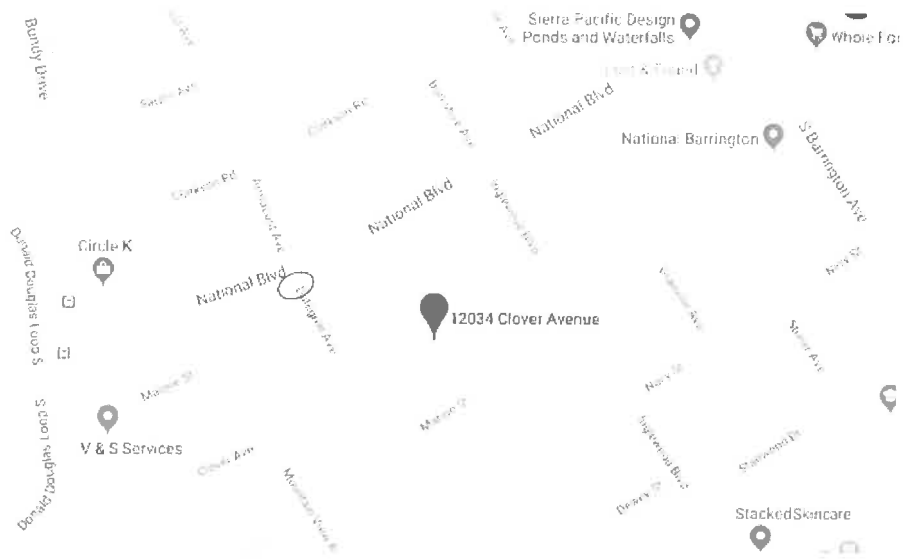

frank

Fri, May 18, 2018 at 3:57 PM

Alek Bartrosouf,

Time's up!

May 20, 2018 marks one year since the Great Streets - Venice Blvd pilot project was installed. I want you to stop imposing on the goodwill of the residents of Mar Vista, our neighbors in Venice, Del Rey, Culver City and Marina del Rey, and all the pedestrians, cyclists, commuters, emergency responders, businesses, beachgoers and tourists using Venice Boulevard.

Councilman Bonin, you said, "We can keep what we love, improve what we can and remove what we dislike."

I dislike this pilot project and I want you to return Venice Boulevard to its previous configuration. I want an end to the gridlock, cut-through traffic, increased collisions and injury collisions, negative impacts to our local small businesses, and all the other collateral effects.

Keep your word. It's time to restore Venice Boulevard now.

Sincerely,

Carol Reynes

To: Taylor Bazley <taylor.bazley@lacity.org>

Cc: Ira Koslow <ikoslow@ca.rr.com>, Gail Rogers [REDACTED]

Taylor- I know you have received letters from us- the residents on Park Avenue- about the increasing problems of the encampment on Park Avenue. I am sending this with photos so you can see the typical look of our street on a weekday morning- 10 am this last Tuesday- and this isn't as bad as it usually is. The people and the bikes, bike parts, trash, food boxes, pizza boxes, bottles, liquor bottles, drug paraphernalia, tents, packs- stay all day and all night with no one to clean it up. I bring them trash bags and brooms and shovels and it does no good. I hear the fighting and the yelling at dawn and midnight and it is getting worse. There is now an aggressive dog living there as well. There are more drug addicts and dealers there and the meth users are as aggressive as the dog. And what's going on with all the bike parts? Are they stolen?

We are very supportive of the city's efforts to find short and long term solutions for the homeless problem in LA, but I can tell you right now: our block has become dangerous, disgustingly dirty and unlivable. Nobody deserves to live in this kind of circumstance- neither the homed or the homeless on Park Avenue.

Something has to be done. I have owned my home here since 1982 and I have never been so disgusted with what I have to live with, see and hear everyday. I have also been a criminal defense attorney- deputy public defender- in this area for a long time. When I am the one wanting to call the police and have everyone arrested, you know the situation has become untenable.

Here are some suggestions that we have been making for a while now:

1. Get the concrete bunkers removed as soon as possible. It only makes it more difficult for the homeless to move their tents away from Park Avenue. It also creates an enclosed space for the encampment that increases the problem.
2. Get rid of the bike share racks which make it more crowded and are unnecessary- there is another rack a few feet away on the OFW.
3. Enforce the removal and packing out of the encampment during the day.

Please bring this to Mr. Bonin's attention and let us know what will be done.

Thank you,

Cathy Dreyfuss

25 Park Avenue

To: Ian Slater <ian@ianslater.net>

Hi neighbors-

Please forgive me if you are no longer in the area. This is the only email address list I have.

I am sure you see how horrific the situation has become around Penmar golf course.

I have had several people email me as of late to see if I am still heading up an improvement campaign.

There are 2 VERY important things happening in the next couple of weeks that should absolutely get involved in.

1-Venice Bridge Housing Town Hall – hosted by Garcetti and Bonin (but who knows if Garcetti will show)

Date/Time: October 17 @ 6 pm

Location: Westminster Elementary School, 1010 Abbot Kinney

Details: we will be there with petitions, signs, and handing out T-shirts and protest signs to take into the meeting. Please arrive early if you can...I think there is going to be a mob and Bonin is well known for bussing "supporters" in from all over the city (because he doesn't have enough supporters in Venice, for sure!). Expect the message from Bonin and Garcetti for Bridge Housing as the start of a cure for Venice, but know that any housing that goes up in Venice isn't limited to Venetians only as it's against the state Housing Fairness Law and who's residency is only proven by stepping foot in Venice. Venice is currently home to the majority of homeless services for our district (CD11), which is a huge reason why Venice is 2nd only to skid row in homeless population. Garcetti and Bonin are purposely corralling homeless into Venice, which is now spilling over to SM and MDR, because it's easier to manage when it's contained in one small area. This is exactly how slums get their start.

 Carol Reynes, East Venice · 11h ago

If you plan to go to the bridge housing Townhall on October 17 at 6 PM, be sure to RSVP so you can't be turned away at the door!

East Venice Neighborhood Council (EVNA)

Date/Time: October 18 at 7:30 pm

Location: Penmar Park Rec Center

Details: This is only their 3rd meeting and I've been out of town for the past two. I understand that Taylor has been at the last two so I'm thinking he'll be there again and we can talk with him about Penmar beautification project.

2-PLEASE get on this email chain listed below. There is a plan that has been approved by the city and will hopefully be going forward. You may not hear back immediately but you will get some updates soon.

West Penmar Golf Course/Frederick Beautification Project

A few neighbors have been working with Bonin's office to create a pocket park on the west side of Penmar Golf course. There is a plan in place with permits and all we need now are funds to make this a reality. Bonin's office may give us a grant but much more is needed so it's fundraising time! It's expensive but there are a lot of neighbors. If anyone is interested in contributing to or be the fiduciary for the beautification project please send me an email at penmarbeautification@gmail.com. GoFundMe is the last resort since they charge a 2.9% processing fee plus \$0.30 per donation.

Draft Board of Officers Regular Meeting Agenda

Westminster Elementary School (Auditorium)

1010 Abbot Kinney Blvd, Venice, 90291

Tuesday, October 16, 2018 at 7:00 PM

BOARD MEETINGS: The Venice Neighborhood Council holds its regular meetings on the third Tuesday of the month and may also call any additional required special meetings in accordance with its Bylaws and the Brown Act. All are welcome to attend.

TRANSLATION Services: Si requiere servicios de traducción, favor de notificar a la oficina 3 días de trabajo (72 horas) antes del evento. Si necesita asistencia con esta notificación, por favor llame a nuestra oficina 213.473.5391.

PUBLIC ACCESS OF RECORDS: In compliance with Government Code section 54957.5 the agenda and non-exempt writings that are distributed to a majority or all of the board members in advance of regular and special meetings may be viewed at Beyond Baroque (681 Venice Blvd), the Venice Library (501 S. Venice Blvd), and the VNC website (<http://www.venicenc.org>), or at the scheduled meeting. For a copy of any record related to an item on the agenda, please contact communications@venicenc.org. You can also receive our agendas via email by subscribing to L.A. City's Early Notification System at: www.lacity.org/your-government/government-information/subscribe-meetings-agendas-and-documents/neighborhood

PUBLIC INPUT AT NEIGHBORHOOD COUNCIL MEETINGS: The public is requested to fill out a "Speaker Card" to address the Neighborhood Committee on any agenda item before the Neighborhood Committee takes action on an item. Comments from the public on agenda items will be heard only when the respective item is being considered. Comments from the public on other matters not appearing on the agenda that are within the Neighborhood Committee jurisdiction will be heard during the General Public Comment period. Please note that under the Brown Act, the Neighborhood Committee is prevented from acting on a matter that you bring to its attention during the General Public Comment period; however, the issue raised by a member of the public may become the subject of a future Neighborhood Committee meeting. Public comment is limited to 1 minute per speaker, unless adjusted by the presiding officer.

POSTING: In compliance with Government Code section 54957.5, non-exempt writings that are distributed to a majority or all of the board members in advance of a meeting may be viewed at Beyond Baroque, 681 Venice Blvd; Venice Public Library, 501 S. Venice Blvd; and at our website by clicking on the following link: www.venicenc.org, or at the scheduled meeting. You can also receive our agendas via email by subscribing to L.A. City's Early Notification System at

www.lacity.org/your-government/government-information/subscribe-meetings-agendas-and-documents/neighborhood. In addition, if you would like a copy of any record related to an item on the agenda, please contact secretary@venicenc.org.

RECONSIDERATION AND GRIEVANCE PROCESS: For information on the VNC's process for board action reconsideration, stakeholder grievance policy, or any other procedural matters related to this Council, please consult the VNC Bylaws. The Bylaws are available at our Board meetings and our website www.venicenc.org.

DISABILITY POLICY: THE AMERICAN WITH DISABILITIES ACT - As a covered entity under Title II of the Americans with Disabilities Act, the City of Los Angeles does not discriminate on the basis of disability and, upon request, will provide reasonable accommodation to ensure equal access to its programs, services and activities. Sign language interpreters, assistive listening devices and other auxiliary aids and/or services, may be provided upon request. To ensure availability of services, please make your request at least 3 business days (72 hours) prior to the meeting you wish to attend by contacting Melissa Diner, Secretary at (310) 421-8627 or email secretary@venicenc.org. **PUBLIC ACCESS OF RECORDS:** In compliance with Government Code section 54957.5, non-exempt writings that are distributed to a majority or all of the Board in advance of a meeting may be viewed at our website: www.venicenc.org or at the scheduled meeting. In addition, if you would like a copy of any record related to an item on the agenda, please contact Melissa Diner, Secretary, at (310) 421-8627 or email secretary@venicenc.org.

ALL AGENDA TIMES ARE APPROXIMATE AND SUBJECT TO CHANGE ON THE NIGHT OF THE MEETING.

Applicant: 533 Grand LLC

LUPC Staff: Ramsey Daham

Representative: Brett Engstrom - Engstrom Planning

Description: 2 New Single Family Homes

MOTION: The VNC Board recommends approval of the project as presented

Recommended by LUPC 5-1-1

11. Old Business (PM - 0 minutes) See attached addendums at

<http://www.venicenc.org/minutes-and-agendas.php>

[Discussion and possible action]

12. New Business (PM – minutes)

12A LADOT Express Blue Lane Lincoln Blvd (James Murez, james.murez@venicenc.org)

MOTION: Whereas the VNC realizes the only way to make the buses attractive for riders to get out of their cars and to ride the buses is if the buses offer a better solution than single occupancy vehicles; and

Whereas Venice is heavily impacted by North/South bound commuter cut-through traffic due to the housing developments in the communities to the south and the job opportunities to the north in SMC; and

Whereas the solution which is existing in SMC has been proven to improve bus service with little to zero impact on local businesses that lose curbside parking during commuter restricted hours; and

Whereas the businesses on Lincoln Blvd need to participate in helping to solve the traffic problems all of Venice and the soundings region is feeling due to the number of cars on the roads.

Therefore be it resolved that the VNC Board shall send a request to CD 11, LADOT, and Caltrans recommending the Express Bus Lane on Lincoln Blvd., now existing in Santa Monica City, be extended to Jefferson Blvd. during the same commuter hours as posted in Santa Monica.

(Northbound traffic 7-9am M-F, Southbound 3-6pm M-F.)

Recommended by Parking and Transportation Committee 3,0,0 on 10/01/18

Venice Neighborhood Council

PO Box 550, Venice, CA 90294 / www.VeniceNC.org

Email: info@VeniceNC.org / Phone or Fax: 310.606.2015

12B Crosswalk at Venice Blvd & Shell Ave (James Murez, james.murez@venicenc.org)

MOTION: Whereas, during the day, Venice Blvd. is a very busy street with cars traveling in excess of 40 mph and motorists don't see people in this popular cross walk, and

Whereas at night it is almost impossible to cross safely due to the motorist rate of travel and the existing illumination; and

Whereas there have been several near fatal accidents involving pedestrians using the crosswalk.

Therefore be it resolved that the VNC Board shall send a request to CD 11 and LADOT for the addition of a crosswalk signal control at the intersection of Venice Blvd at Shell Ave.

Recommended by Parking and Transportation Committee 3,0,0 on 10/01/18

12B Amend Definition of Undue Concentration (Cindy Chambers on behalf of Cannabis Committee cindy.chambers@venicenc.org)

MOTION: Whereas the VNC Board believes it was the intent of the City Council to preserve the status quo of locations and activities of Existing Medical Marijuana Dispensaries (EMMD) and;

Whereas the Undue Concentration threshold for the Venice Community Plan Area is 4 retail licenses; and

Whereas there are currently 6 retail licenses located in the 90291 zip code; and

Whereas there are currently 2 retail licenses located in the 90292 zip code; and

Whereas the Venice Community Plan Area is a popular destination for cannabis tourism and has attracted numerous EMMDs, who have moved licenses from other Community Plan Areas; and

Therefore be it resolved that the VNC Board recommends amending LAMC section 104.01(a)(28), as follows [bolded, underlined highlights recommended amendment]:

"Undue Concentration" means the Applicants' Business Premises is located within a higher cannabis license/population ratio within the community plan based on the 2016 American Community Survey, updated by each decennial census, than the following: ratio of one license per 10,000 residents for Retailer (Type 10); ratio of one license per 7,500 residents for Micro Business (Type 12); ratio of 1 square foot of cultivated area for every 350 square feet of land zoned M1, M2, M3, MR1, and MR2 with a maximum aggregate of 100,000 square feet of cultivated area and a maximum aggregate number of 15 Licenses at a ratio of one License for every 2,500 square feet of allowable cultivated area for Cultivation (Types 1A, 1C, 2A, 3A, 4 and 5A); and ratio of one license per 7,500 residents for Manufacture (Type 7). An EMMD is not subject to a finding of Undue Concentration, **unless the EMMD moves its location after issuance of its 2018 BTRC, in which case it will be subject to the Undue Concentration findings of a new applicant for a retail license.** A Micro Business involved in on-site retail counts towards the Undue Concentration License limits applied to Retailer (Type 10) Licenses, and a Micro Business involved in Cultivation counts towards the Undue Concentration limits applied to Cultivation Licenses (Types 1A, 1C, 2A, 3A, 4 and 5A).

Recommended by Cannabis Committee on 10-2-2018 7-0-0

Email: info@VeniceNC.org / Phone or Fax: 310.606.2015

12C **REPLACEMENT AND REPAIRS OF STREET SIGNS ON NORTH VENICE FROM PACIFIC TO SPEEDWAY** (Colleen Saro, colleen.saro@venicenc.org)

WHEREAS, North Venice is a one-way street, and
WHEREAS, North Venice crosses Speedway, which is a one-way street going south, and
WHEREAS, the few street signs that are still existing are: in bad condition, turn the incorrect direction, and vandalized, and
WHEREAS, without the proper signs facing the correct direction, cars are constantly turning north onto Speedway which is a one-way street going south, and
WHEREAS, cars are constantly turning onto North Venice out of the parking structure next to James Beach turning right onto North Venice which is the wrong way, and
Therefore be it resolved that the VNC recommends to Councilman Bonin, the LA Department of Transportation, the LA Department of Public Works, and the LA City Bureau of Engineering that all street signage on North Venice Blvd, west of Pacific and east of Speedway be repaired or replaced.

Email: info@VeniceNC.org / Phone or Fax: 310.606.2015

- 9B Crosswalk at Venice Blvd & Shell Ave** (James Murez, james.murez@venicenc.org)
MOTION: Whereas, during the day, Venice Blvd. is a very busy street with cars traveling in excess of 40 mph and motorists don't see people in this popular cross walk, and
Whereas at night it is almost impossible to cross safely due to the motorist rate of travel and the existing illumination; and
Whereas there have been several near fatal accidents involving pedestrians using the crosswalk.
Therefore be it resolved that the VNC Board shall send a request to CD 11 and LADOT for the addition of a crosswalk signal control at the intersection of Venice Blvd at Shell Ave.
Recommended by Parking and Transportation Committee 3,0,0 on 10/01/18
- 9C REPLACEMENT AND REPAIRS OF STREET SIGNS ON NORTH VENICE FROM PACIFIC TO SPEEDWAY** (Colleen Saro, colleen.saro@venicenc.org)
WHEREAS, North Venice is a one-way street, and
WHEREAS, North Venice crosses Speedway, which is a one-way street going south, and
WHEREAS, the few street signs that are still existing are: in bad condition, turn the incorrect direction, and vandalized, and
WHEREAS, without the proper signs facing the correct direction, cars are constantly turning north onto Speedway which is a one-way street going south, and
WHEREAS, cars are constantly turning onto North Venice out of the parking structure next to James Beach turning right onto North Venice which is the wrong way, and
Therefore be it resolved that the VNC recommends to Councilman Bonin, the LA Department of Transportation, the LA Department of Public Works, and the LA City Bureau of Engineering that all street signage on North Venice Blvd, west of Pacific and east of Speedway be repaired or replaced.

- 13B **Amend Definition of Undue Concentration (9:24PM-10 minutes)** (Cindy Chambers on behalf of Cannabis Committee cindy.chambers@venicenc.org)

MOTION: Whereas the VNC Board believes it was the intent of the City Council to preserve the status quo of locations and activities of Existing Medical Marijuana Dispensaries (EMMD) and;
Whereas the Undue Concentration threshold for the Venice Community Plan Area is 4 retail licenses;
and

Whereas there are currently 6 retail licenses located in the 90291 zip code; and

Whereas there are currently 2 retail licenses located in the 90292 zip code; and

Whereas the Venice Community Plan Area is a popular destination for cannabis tourism and has attracted numerous EMMDs, (Existing Medical Marijuana Dispensary) who have moved licenses from other Community Plan Areas;

Therefore Be It Resolved that the VNC Board send a letter to the LA City Council and the Department of Cannabis Regulation recommending the following amendment to LAMC section 104.01(a)(28):

" unless the EMMD. (Existing Medical Marijuana Dispensary) moves its location after issuance of its 2018 BTRC. (Business Tax Registration Certificate) in which case it will be subject to the Undue Concentration findings of a new applicant for a retail license"

Joint VNC Board & Administrative Committee Minutes

Monday, November 12, 2018 at 7:00PM

Extra Space Storage, President's Row Room

658 South Venice Blvd, Venice, 90291

Note (i) The Administrative Committee does not address or consider the merits of proposed agenda items. Its function is to determine whether a proposed agenda item will be placed on the next Board meeting agenda, postponed, referred to a specific committee for review and recommendation, treated as an announcement, or considered and resolved as a non-Board administrative matter. (ii) The Administrative Committee has the discretion to reorder consideration of matters on the agenda to accommodate stakeholders or for other reasons.

BOARD MEETINGS: The Venice Neighborhood Council holds its regular meetings on the third Tuesday of the month and may also call any additional required special meetings in accordance with its Bylaws and the Brown Act. All are welcome to attend.

TRANSLATION Services: Si requiere servicios de traducción, favor de notificar a la oficina 3 días de trabajo (72 horas) antes del evento. Si necesita asistencia con esta notificación, por favor llame a nuestra oficina 213.473.5391.

PUBLIC ACCESS OF RECORDS: *In compliance with Government Code section 54957.5 the agenda and non-exempt writings that are distributed to a majority or all of the board members in advance of regular and special meetings may be viewed at Beyond Baroque (681 Venice Blvd), the Venice Library (501 S. Venice Blvd), and the VNC website (<http://www.venicenc.org>), or at the scheduled meeting. For a copy of any record related to an item on the agenda, please contact communications@venicenc.org. You can also receive our agendas via email by subscribing to L.A. City's Early Notification System at:*

www.lacity.org/your-government/government-information/subscribe-meetings-agendas-and-documents/neighborhood

PUBLIC INPUT AT NEIGHBORHOOD COUNCIL MEETINGS: The public is requested to fill out a "Speaker Card" to address the Neighborhood Committee on any agenda item before the Neighborhood Committee takes action on an item. Comments from the public on agenda items will be heard only when the respective item is being considered. Comments from the public on other matters not appearing on the agenda that are within the Neighborhood Committee jurisdiction will be heard during the General Public Comment period. Please note that under the Brown Act, the Neighborhood Committee is prevented from acting on a matter that you bring to its attention during the General Public Comment period; however, the issue raised by a member of the public may become the subject of a future Neighborhood Committee meeting. Public comment is limited to 1 minute per speaker, unless adjusted by the presiding officer.

POSTING: *In compliance with Government Code section 54957.5, non-exempt writings that are distributed to a majority or all of the board members in advance of a meeting may be viewed at Beyond Baroque, 681 Venice Blvd; Venice Public Library, 501 S. Venice Blvd; and at our website by clicking on the following link: www.venicenc.org, or at the scheduled meeting. You can also receive our agendas via email by subscribing to L.A. Board of Officers Regular Meeting Agenda

Westminster Elementary School (Auditorium)

1010 Abbot Kinney Blvd, Venice, 90291

Tuesday, November 20, 2018 at 7:00 PM

BOARD MEETINGS: The Venice Neighborhood Council holds its regular meetings on the third Tuesday of the month and may also call any additional required special meetings in accordance with its Bylaws and the Brown Act. All are welcome to attend.

TRANSLATION Services: Si requiere servicios de traducción, favor de notificar a la oficina 3 días de trabajo (72 horas) antes del evento. Si necesita asistencia con esta notificación, por favor llame a nuestra oficina 213.473.5391.

PUBLIC ACCESS OF RECORDS: In compliance with Government Code section 54957.5 the agenda and non-exempt writings that are distributed to a majority or all of the board members in advance of regular and special meetings may be viewed at Beyond Baroque (681 Venice Blvd), the Venice Library (501 S. Venice Blvd), and the VNC website (<http://www.venicenc.org>), or at the scheduled meeting. For a copy of any record related to an item on the agenda, please contact communications@venicenc.org. You can also receive our agendas via email by subscribing to L.A. City's Early Notification System at: www.lacity.org/your-government/government-information/subscribe-meetings-agendas-and-documents/neighborhood

PUBLIC INPUT AT NEIGHBORHOOD COUNCIL MEETINGS: The public is requested to fill out a "Speaker Card" to address the Neighborhood Committee on any agenda item before the Neighborhood Committee takes action on an item. Comments from the public on agenda items will be heard only when the respective item is being considered. Comments from the public on other matters not appearing on the agenda that are within the Neighborhood Committee jurisdiction will be heard during the General Public Comment period. Please note that under the Brown Act, the Neighborhood Committee is prevented from acting on a matter that you bring to its attention during the General Public Comment period; however, the issue raised by a member of the public may become the subject of a future Neighborhood Committee meeting. Public comment is limited to 1 minute per speaker, unless adjusted by the presiding officer.

POSTING: In compliance with Government Code section 54957.5, non-exempt writings that are distributed to a majority or all of the board members in advance of a meeting may be viewed at Beyond Baroque, 681 Venice Blvd; Venice Public Library, 501 S. Venice Blvd; and at our website by clicking on the following link: www.venicenc.org, or at the scheduled meeting. You can also receive our agendas via email by subscribing to L.A. City's Early Notification System at

www.lacity.org/your-government/government-information/subscribe-meetings-agendas-and-documents/neighborhood. In addition, if you would like a copy of any record related to an item on the agenda, please contact secretary@venicenc.org.

RECONSIDERATION AND GRIEVANCE PROCESS: For information on the VNC's process for board action reconsideration, stakeholder grievance policy, or any other procedural matters related to this Council, please consult the VNC Bylaws. The Bylaws are available at our Board meetings and our website www.venicenc.org.

DISABILITY POLICY: THE AMERICAN WITH DISABILITIES ACT - As a covered entity under Title II of the Americans with Disabilities Act, the City of Los Angeles does not discriminate on the basis of disability and, upon request, will provide reasonable accommodation to ensure equal access to its programs, services and activities. Sign language interpreters, assistive listening devices and other auxiliary aids and/or services, may be provided upon request. To ensure availability of services, please make your request at least 3 business days (72 hours) prior to the meeting you wish to attend by contacting Melissa Diner, Secretary at (310) 421-8627 or email secretary@venicenc.org. **PUBLIC ACCESS OF RECORDS:** In compliance with Government Code section 54957.5, non-exempt writings that are distributed to a majority or all of the Board in advance of a meeting may be viewed at our website: www.venicenc.org or at the scheduled meeting. In addition, if you would like a copy of any record related to an item on the agenda, please contact Melissa Diner, Secretary, at (310) 421-8627 or email secretary@venicenc.org.

ALL AGENDA TIMES ARE APPROXIMATE AND SUBJECT TO CHANGE ON THE NIGHT OF THE MEETING.

1. **Call to Order and Roll Call (7:00PM---1 minute)**
Meeting called to order with a moment of silence for those slain in the Tree of Life Congregation Synagogue in Pittsburgh, PA, Borderline Bar and Grill Thousand Oaks, CA and the California Fires.
2. **Pledge Of Allegiance (7:01PM -- 1 minute)**
3. **Approval of Outstanding Board minutes (7:02PM – 1 minute)**

9B Affordable Housing Accountability (George Francisco, vp@venicenc.org)

MOTION: The VNC Board will write a letter to Councilman Bonin, Supervisor Sheila Kuehl, the LAHSA, CDLA and the LA Dept of Planning, requesting a full and accurate accounting of the amount and location of ALL units of "affordable" housing including but NOT LIMITED TO all forms of covenanted, rent controlled, Section 8, Permanent Supportive, and all other types of housing generally referred to

Venice Neighborhood Council

PO Box 550, Venice, CA 90294 / www.VeniceNC.org
Email: info@VeniceNC.org / Phone or Fax: 310.606.2015

as "affordable" located within the boundaries of the Venice Neighborhood Council's borders AND within a mile of those borders.

Recommended by the Neighborhood Committed 7-0-1 on 10/24/18

- 9C Resolution Calling for the City's Street Tree Division to Replace Concrete Tree Well Covers in Venice with Decomposed Granite** (Mark Ryavec, President, Venice Stakeholders Association, and Urban Forester, TreePeople, VeniceStakeholders@ca.rr.com)

MOTION: Whereas, an extensive street tree planting campaign was undertaken in Venice with funding from CalTrans by the Venice Action Committee under the leadership of Jim Murez approximately 30 years ago; and

Whereas, several thousand trees were planted; and

Whereas, the City of Los Angeles required that concrete tree well covers be placed around the base of all of the trees to avoid the collection of trash and to present a surface level with the adjoining sidewalk; and

Whereas, the trees long ago outgrew the covers and are constricted in their growth by the covers, which are strangling the trees; and

Whereas, licensed landscape architects have advised that the "best practice" in this instance is to immediately remove the concrete covers and fill in the tree wells with decomposed granite,

Now, therefore be it resolved, the Venice Neighborhood Council shall send a letter to the City of Los Angeles' Street Tree Division calling for the immediate removal of all the concrete tree well covers installed by the Venice Action Committee and to replace them with decomposed granite.

- 10. LUPC (8:18PM – minutes)** (Matthew Royce on behalf of LUPC, Chair-lupc@VeniceNC.org)
(see project files for more detailed info at <http://www.venicenc.org/land-use-committee.php>)

- 10A Required in-depth feasibility study for Bridge Housing in CD11 (8:18PM -- 10 minute presentation, 30 minutes on item overall)** (James Murez, james.murez@venicenc.org)

MOTION: The VNC Board recommends the City of Los Angeles complete and publish an in-depth feasibility study for Bridge Housing in CD11 prior to making a final decision. The City shall make clear its evaluation methodology and the study shall include a comparison of the former Venice MTA bus yard with alternate sites within CD 11 including but not limited to:

1. West LA Municipal Center
2. Westchester Municipal Center
3. Daniel Freeman Hospital
4. LAPD Ahmanson Recruit Training Center
5. Various small scale interface stations within each neighborhood of CD11 focused on the specific needs of each

Hi Ruth -

This is the first i'm hearing of this location - do you have any pictures you might share? The allegation of drug use is something Vice should certainly investigate but the other notes about their behavior are a little more difficult to arrest or ticket individuals for. It isn't illegal to have personal property in the public right of way and while there is a possibility of issuing a littering ticket for dropping trash as you noted an officer would have to catch that in the act and make the determination that it warranted a ticket. If you could send a picture that would be helpful - the rules around property blocking a sidewalk are that at least 3' needs to be maintained and if it is not then it is a ticket able offense to refuse to move your belongings when requested (not exactly the ace people hope for sometimes). If the sidewalk is narrow that could effectively mean belongings aren't allowable but more likely than not the sidewalk is wide enough that people could come into compliance and that frankly there wouldn't be a lot for LAPD to do. As far as the bikes, while they may appear stolen and in fact could be stolen, LAPD needs to match a registration number to someone other than the person possessing the bike. It is far too common for me to get pictures of bikes all the same as what you sent but the circumstances are just not enough to arrest people and unfortunately people registering their bikes is rare - if anyone wanted to organize a registration event to help make the community more resilient then we would be very supportive. Send over some pictures when you are able and I will speak to what is possible for your municipal government to respond.

-Taylor

Hi Len,

Hope you and Mike both had a wonderful Thanksgiving holiday!

Please see the email chain below. I also separately sent Officer Ramirez an email about this several weeks ago. The police are responsive and helpful, but see that they can only do so much. A group of unhoused folks are becoming a consistent and persistent presence on both ends of Harrison Avenue between Lincoln and Van Buren. And unfortunately, they are engaging in unlawful activity: blocking the sidewalks so no one can get by (our neighbor's daughter uses a walker and they cannot get by – they have to walk in the street), using drugs out in the open, leaving needles and trash behind, storing/leaving their items (tents, shopping cart and quite a bit of gear) and storing and selling what appear to be stolen bikes on the street. Not sure what we can do about it. We are hoping the temporary/bridge housing helps, but in the interim, we would appreciate any thoughts or support the Council's office can provide in this regard. Thank you as always for your support.

Hello Officer Ramirez,

We met at CC's block meeting

It seems that we have a growing issue with more and more people camping and storing things on Harrison Ave. The sidewalk is blocked most of the day and impassable. The bushes are used as a toilet and I personally have seen guys smoking crack at the back of Gabbys Chicken Restaurant

On the other end guys are rebuilding and storing bikes.

When approached they are aggressive.

Any ideas or thoughts?

Please Help

Thanks

Brad

Joint VNC Board & Administrative Committee Meeting

Monday, December 10, 2018 at 7:00PM

Extra Space Storage, President's Row Room

658 South Venice Blvd, Venice, 90291

Note (i) The Administrative Committee does not address or consider the merits of proposed agenda items. Its function is to determine whether a proposed agenda item will be placed on the next Board meeting agenda, postponed, referred to a specific committee for review and recommendation, treated as an announcement, or considered and resolved as a non-Board administrative matter. (ii) The Administrative Committee has the discretion to reorder consideration of matters on the agenda to accommodate stakeholders or for other reasons.

BOARD MEETINGS: The Venice Neighborhood Council holds its regular meetings on the third Tuesday of the month and may also call any additional required special meetings in accordance with its Bylaws and the Brown Act. All are welcome to attend.

TRANSLATION Services: Si requiere servicios de traducción, favor de notificar a la oficina 3 días de trabajo (72 horas) antes del evento. Si necesita asistencia con esta notificación, por favor llame a nuestra oficina 213.473.5391.

PUBLIC ACCESS OF RECORDS: *In compliance with Government Code section 54957.5 the agenda and non-exempt writings that are distributed to a majority or all of the board members in advance of regular and special meetings may be viewed at Beyond Baroque (681 Venice Blvd), the Venice Library (501 S. Venice Blvd), and the VNC website (<http://www.venicenc.org>), or at the scheduled meeting. For a copy of any record related to an item on the agenda, please contact communications@venicenc.org. You can also receive our agendas via email by subscribing to L.A. City's Early Notification System at:*

www.lacity.org/your-government/government-information/subscribe-meetings-agendas-and-documents/neighborhood

PUBLIC INPUT AT NEIGHBORHOOD COUNCIL MEETINGS: The public is requested to fill out a "Speaker Card" to address the Neighborhood Committee on any agenda item before the Neighborhood Committee takes action on an item. Comments from the public on agenda items will be heard only when the respective item is being considered. Comments from the public on other matters not appearing on the agenda that are within the Neighborhood Committee jurisdiction will be heard during the General Public Comment period. Please note that under the Brown Act, the Neighborhood Committee is prevented from acting on a matter that you bring to its attention during the General Public Comment period; however, the issue raised by a member of the public may become the subject of a future Neighborhood Committee meeting. Public comment is limited to 1 minute per speaker, unless adjusted by the presiding officer.

POSTING: *In compliance with Government Code section 54957.5, non-exempt writings that are distributed to a majority or all of the board members in advance of a meeting may be viewed at Beyond Baroque, 681 Venice Blvd; Venice Public Library, 501 S. Venice Blvd; and at our website by clicking on the following link: www.venicenc.org, or at the scheduled meeting. You can also receive our agendas via email by subscribing to L.A. City's Early Notification System at*

www.lacity.org/your-government/government-information/subscribe-meetings-agendas-and-documents/neighborhood. In addition, if you would like a copy of any record related to an item on the agenda, please contact secretary@venicenc.org.

RECONSIDERATION AND GRIEVANCE PROCESS: For information on the VNC's process for board action reconsideration, stakeholder grievance policy, or any other procedural matters related to this Council, please consult the VNC Bylaws. The Bylaws are available at our Board meetings and our website www.venicenc.org.

DISABILITY POLICY: THE AMERICAN WITH DISABILITIES ACT - As a covered entity under Title II of the Americans with Disabilities Act, the City of Los Angeles does not discriminate on the basis of disability and, upon request, will provide reasonable accommodation to ensure equal access to its programs, services and activities. Sign language interpreters, assistive listening devices and other auxiliary aids and/or services, may be provided upon request. To ensure availability of services, please make your request at least 3 business days (72 hours) prior to the meeting you wish to attend by contacting Melissa Diner, Secretary, at (310) 421-8627 or email secretary@venicenc.org.

PUBLIC ACCESS OF RECORDS: *In compliance with Government Code section 54957.5, non-exempt writings that are distributed to a majority or all of the Board in advance of a meeting may be viewed at our website: www.venicenc.org or at the scheduled meeting. In addition, if you would like a copy of any record related to an item on the agenda, please contact Melissa Diner, Secretary, at (310) 421-8627 or email secretary@venicenc.org.*

Representative: Johnathan Lonner
Description: New mixed-use 35 Unit Permanent Supportive Housing and offices
MOTION: The VNC Board recommends approval of this project if the parking covenant for the Whole Foods parking lot can be legally validated.
Recommended by LUPC 7-2-0
Approved by the VNC Board 9-4-1 on November 20, 2018
IN FAVOR: Hugh Harrison, Justin Brezhnev, Sunny Bak, Brad Aarons, Cindy Chambers, Alex Neiman, Ilana Marosi, Holly Stenson, Michelle Meepos,
OPPOSED: George Francisco, Melissa Diner, Evan White, James Murez,
ABSTAIN: Ira Koslow

Addendums:

<https://drive.google.com/file/d/0B8IM2U0uPEPPRGNKc0I1N0FvaGE4OEFybnR0bkxkdktMEVJ/view?usp=sharing>

PARLIAMENTARIAN'S NOTE: The process for Reconsideration is as follows:

1. The Motion to Reconsider must be made at the very next meeting.
2. It must be made by a Board member who voted on the prevailing side when the motion was originally presented. Any Board member may second it.
3. There must have been no previous action taken (such as sending a letter).
4. The Motion to Reconsider requires a $\frac{2}{3}$ vote of the members present and voting to be approved.
5. If the reconsideration is approved, the original motion will be immediately placed on the agenda and taken up by the Board. It now becomes like any other Main Motion and action can be taken by a majority vote of the Board.

- 12. New Business (PM – minutes)**
[Discussion and possible action]

- 12A Traffic Officer Requested at intersection of Rose and Pacific (James Murez on behalf of the Parking and Transportation Committee)** (James Murez on behalf of the Parking and Transportation Committee) (james.murez@venicenc.org)
MOTION: Whereas: motorists regularly exceed the speed limit on Pacific Ave and frequently do not yield for the red light at the intersection of Rose and Pacific
The VNC requests that LAPD provide a traffic officer at or near the intersection of Rose Ave. and Pacific Ave. between the hours of 10:00 and 16:00 to enforce traffic laws.
Recommended by Parking and Transportation Committee 3-0-0 on 12-3-2018

Venice Neighborhood Council

PO Box 550, Venice, CA 90294 / www.VeniceNC.org
Email: info@VeniceNC.org / Phone or Fax: 310.606.2015

- 12B Widen the street width of Pacific Ave between North and South Venice Blvd.** (James Murez on behalf of the Parking and Transportation Committee) (james.murez@venicenc.org)
MOTION: Whereas: Traffic on North Venice Blvd (west bound) on holidays and throughout the summer months backs up as far east as Abbot Kinney and W
Whereas; during congestion times Venice Blvd contributes to grid lock at Pacific Ave., and
Whereas: electronic traffic signage could restrict traffic once beach lots at the end of Venice Blvd fill up to divert cars to utilize the U-turn, and
Whereas Venice Blvd south (east bound) does not typically have any congestion problems during holiday or summer peak periods. See attached drawings
Therefore the VNC Board shall send a letter to LADOT recommending the widening of the street width of Pacific Ave between North and South Venice Blvd. for the purpose of creating a dedicated U-turn lane.
Recommended by Parking and Transportation Committee 3-0-0 on 12-3-2018
Uploaded Documents: Download 1543942039.png
- 12C Proposal to construct a parking structure on the Venice Blvd median** (James Murez on behalf of the Parking and Transportation Committee) (James Murez on behalf of the Parking and Transportation Committee) (james.murez@venicenc.org)
MOTION: The VNC Board shall send a letter to LADOT recommending a proposal to construct a 43,000 SF per floor parking structure on Venice Blvd median parking lot 731 between Dell Av. and historic bridge at the Grand Canal. (see drawing) The proposed structure would be limited in height to 25 feet. The City should consider both a conventional ramp configuration and fully automated solution. Estimated capacity 600 standard cars. Outdoor area to east of structure for over height cars and ingress and egress from Dell. West of structure converted to pedestrian open space to accent the Grand Camel and boat launch area.
Uploaded Documents: Download 1543958773.pdf
Recommended by Parking and Transportation Committee 3-0-0 on 12-3-2018
- 12D Parking requirement for MTA Bus Yard** (James Murez on behalf of the Parking and Transportation Committee) (james.murez@venicenc.org)
MOTION: Whereas the City is conducting an on street and off street inventory of all parking as part of the updated Land Use Plan (LUP) and Community plan, and
Whereas the City has identified a shortage of parking due to historic buildings that were constructed prior to LAMC having a parking requirement; and
Whereas additional parking under this request shall be considered in addition to all LUP required spaces including BIZ parking requirements, and
Whereas parking lot rates shall not exceed County beach daily or monthly rates, and
Whereas said lot shall be subterranean.
The VNC shall send a letter to the LA Department of Planning and the California Coastal Commission recommending that any permanent development at the MTA Bus Yard (100 Sunset Av.) be conditioned to provide a public parking lot with a minimum stall count to offset the defense of parking as defined in the LA City parking inventory for North Venice and Oakwood subareas of the LUP.

Venice Neighborhood Council

PO Box 550, Venice, CA 90294 / www.VeniceNC.org
Email: info@VeniceNC.org / Phone or Fax: 310.606.2015

Recommended by Parking and Transportation Committee 3-0-0 on 12-3-2018

- 12E Affordable Housing Parking Standards** (James Murez on behalf of the Parking and Transportation Committee) (james.murez@venicenc.org)
MOTION: Whereas Venice suffers from a lack of visitor serving public parking; and
Whereas the City has documented many people are living in their vehicles on the streets of Venice; and
Whereas the LA Homeless Services Authority (LAHSA) has documented the people living on the streets in their vehicles qualify for affordable housing assistance, and
Whereas affordable housing residents living in a beach community such as Venice have visitors that need parking
Therefore the VNC Board shall send a letter to LA City Planning, LAHSA and the California Coastal Commission recommending the requirement that all affordable housing projects be held to the existing parking standards as described in the City prepared, State Coastal Commission Certified, Land Use Plan.

Recommended by Parking and Transportation Committee 3-0-0 on 12-3-2018

- 12F Traffic Lights at Pacific at Venice Blvd and Pacific Avenue** (James Murez on behalf of the Parking and Transportation Committee) (james.murez@venicenc.org)
MOTION: VNC to request LADOT reconfigure existing traffic light timing at the intersections on No and So Venice Blvd and Pacific Ave to allow six way pedestrian crossing (AKA scramble) and paint the street with diagonal crossing lines. Examples available on request
Recommended by Parking and Transportation Committee 3-0-0 on 12-3-2018

- 13. Board Member Comments on subject matters within the VNC jurisdiction (PM - 5 minutes)**

- 14. Adjourn (approx. PM)**

Recommended by LUPC 7-2-0

Approved by the VNC Board 9-4-1 on November 20, 2018

IN FAVOR: Hugh Harrison, Justin Brezhnev, Sunny Bak, Brad Aarons, Cindy Chambers, Alex Neiman, Ilana Marosi, Holly Stenson, Michelle Meepos,

OPPOSED: George Francisco, Melissa Diner, Evan White, James Murez,

ABSTAIN: Ira Koslow

Addendums:

<https://drive.google.com/file/d/0B8IM2U0uPEPPRGNKc0I1N0FvaGE4OEFybnR0bkxkdktMEVJ/view?usp=sharing>

PARLIAMENTARIAN'S NOTE: The process for Reconsideration is as follows:

1. The Motion to Reconsider must be made at the very next meeting.
2. It must be made by a Board member who voted on the prevailing side when the motion was originally presented. Any Board member may second it.
3. There must have been no previous action taken (such as sending a letter).

Venice Neighborhood Council

PO Box 550, Venice, CA 90294 / www.VeniceNC.org
Email: info@VeniceNC.org / Phone or Fax: 310.606.2015

4. The Motion to Reconsider requires a $\frac{2}{3}$ vote of the members present and voting to be approved.
5. If the reconsideration is approved, the original motion will be immediately placed on the agenda and taken up by the Board. It will become like any other Main Motion and action can be taken by a majority vote of the Board.
6. If voted by Board to reconsider, applicant's representative will be given 15 minutes to speak

14. New Business - Part Two (9:54PM – 2 hours)

[Discussion and possible action]

14A Traffic Officer Requested at intersection of Rose and Pacific (James Murez on behalf of the Parking and Transportation Committee) (James Murez on behalf of the Parking and Transportation Committee) (james.murez@venicenc.org) (20 minutes)

MOTION: Whereas: motorists regularly exceed the speed limit on Pacific Ave and frequently do not yield for the red light at the intersection of Rose and Pacific

The VNC requests that LAPD provide a traffic officer at or near the intersection of Rose Ave. and Pacific Ave. between the hours of 10:00 and 16:00 to enforce traffic laws.

Recommended by Parking and Transportation Committee 3-0-0 on 12-3-2018

14B Widen the street width of Pacific Ave between North and South Venice Blvd. (James Murez on behalf of the Parking and Transportation Committee) (james.murez@venicenc.org) (20 minutes)

MOTION: Whereas: Traffic on North Venice Blvd (west bound) on holidays and throughout the summer months backs up as far east as Abbot Kinney and W

Whereas; during congestion times Venice Blvd contributes to grid lock at Pacific Ave., and

Whereas: electronic traffic signage could restrict traffic once beach lots at the end of Venice Blvd fill up to divert cars to utilize the U-turn, and

Whereas Venice Blvd south (east bound) does not typically have any congestion problems during holiday or summer peak periods. See attached drawings

Therefore the VNC Board shall send a letter to LADOT recommending the widening of the street width of Pacific Ave between North and South Venice Blvd. for the purpose of creating a dedicated U-turn lane.

Recommended by Parking and Transportation Committee 3-0-0 on 12-3-2018

Uploaded Documents: Download 1543942039.png

14C Proposal to construct a parking structure on the Venice Blvd median (James Murez on behalf of the Parking and Transportation Committee) (James Murez on behalf of the Parking and Transportation Committee) (james.murez@venicenc.org) (20 minutes)

MOTION: The VNC Board shall send a letter to LADOT recommending a proposal to construct a 43,000 SF per floor parking structure on Venice Blvd median parking lot 731 between Dell Av. and historic bridge at the Grand Canal. (see drawing) The proposed structure would be limited in height to 25 feet. The City should consider both a conventional ramp configuration and fully automated solution. Estimated capacity 600 standard cars. Outdoor area to east of structure for over height cars

Venice Neighborhood Council

PO Box 550, Venice, CA 90294 / www.VeniceNC.org
Email: info@VeniceNC.org / Phone or Fax: 310.606.2015

and ingress and egress from Dell. West of structure converted to pedestrian open space to accent the Grand Camel and boat launch area.

Uploaded Documents: Download 1543958773.pdf

Recommended by Parking and Transportation Committee 3-0-0 on 12-3-2018

- 14D Parking requirement for MTA Bus Yard** (James Murez on behalf of the Parking and Transportation Committee) (james.murez@venicenc.org) (**20 minutes**)
MOTION: Whereas the City is conducting an on street and off street inventory of all parking as part of the updated Land Use Plan (LUP) and Community plan, and
Whereas the City has identified a shortage of parking due to historic buildings that were constructed prior to LAMC having a parking requirement; and
Whereas additional parking under this request shall be considered in addition to all LUP required spaces including BIZ parking requirements, and
Whereas parking lot rates shall not exceed County beach daily or monthly rates, and
Whereas said lot shall be subterranean.
The VNC shall send a letter to the LA Department of Planning and the California Coastal Commission recommending that any permanent development at the MTA Bus Yard (100 Sunset Av.) be conditioned to provide a public parking lot with a minimum stall count to offset the defense of parking as defined in the LA City parking inventory for North Venice and Oakwood subareas of the LUP.
Recommended by Parking and Transportation Committee 3-0-0 on 12-3-2018
- 14E Affordable Housing Parking Standards** (James Murez on behalf of the Parking and Transportation Committee) (james.murez@venicenc.org) (**20 minutes**)
MOTION: Whereas Venice suffers from a lack of visitor serving public parking; and
Whereas the City has documented many people are living in their vehicles on the streets of Venice; and
Whereas the LA Homeless Services Authority (LAHSA) has documented the people living on the streets in their vehicles qualify for affordable housing assistance, and
Whereas affordable housing residents living in a beach community such as Venice have visitors that need parking
Therefore the VNC Board shall send a letter to LA City Planning, LAHSA and the California Coastal Commission recommending the requirement that all affordable housing projects be held to the existing parking standards as described in the City prepared, State Coastal Commission Certified, Land Use Plan.
Recommended by Parking and Transportation Committee 3-0-0 on 12-3-2018
- 14F Traffic Lights at Pacific at Venice Blvd and Pacific Avenue** (James Murez on behalf of the Parking and Transportation Committee) (james.murez@venicenc.org) (**20 minutes**)
MOTION: VNC to request LADOT reconfigure existing traffic light timing at the intersections on No and So Venice Blvd and Pacific Ave to allow six way pedestrian crossing (AKA scramble) and paint the street with diagonal crossing lines. Examples available on request

PALMS NEIGHBORHOOD COUNCIL

Representative Assembly General Meeting Agenda Wednesday, September 5, 2018 – 7:00 p.m.

IMAN Center – 3376 Motor Avenue, Los Angeles, CA 90034 (onsite parking available)

The Neighborhood Council system enables meaningful civic participation for all Angelenos and serves as a voice for improving government responsiveness to local communities and their needs. We are an advisory body to the City of Los Angeles, comprised of stakeholder volunteers who are devoted to the mission of improving our communities.

- I. CALL TO ORDER & ROLL CALL**
 - a. Call to Order (Greif)
 - b. Roll Call (Jadulang)
- II. COMMUNITY & GOVERNMENT REPORTS** (15 minutes – 3 minutes each)
 - a. Office of Councilmember Paul Koretz
 - b. Office of Mayor Eric Garcetti
 - c. LA Police Department
 - d. Department of Neighborhood Empowerment
 - e. Other Government Departments and Community Organizations
- III. GENERAL PUBLIC COMMENT ON NON-AGENDA ITEMS & MULTIPLE AGENDA ITEM PUBLIC COMMENT** (10 minutes)
- IV. CONSENT AGENDA** (2 minutes)
 - a. **MOTION:** To approve minutes from 8/1/18 General Assembly meeting.
[<https://drive.google.com/open?id=1NZZaqZJAwa9SYJkQn2oU-u7HNwL6UH8v>]
 - b. **MOTION:** To appoint Carol Feucht as Vice-Chair of the Outreach and Communications committee.
 - c. **MOTION:** The Palms Neighborhood Council and the Green Committee support Heal the Bay's Annual Coastal Cleanup Day on Sept. 15th, the largest environmental volunteer day in the world. We encourage Palms residents to learn more and attend the event in and around Los Angeles. [See the Green Committee report for a flyer]
 - d. **MOTION:** The Palms Neighborhood Council supports SB 212 Medicine and Needle EPR, in line with its prior support for safe medical disposal, and is authorized to write a letter supporting SB 212 using language consistent with its previously approved letters.
 - e. **FUNDING MOTIONS:**

1. **MOTION:** To authorize the Palms Neighborhood Council to spend up to \$200.00 on a new timer / countdown clock for the administration of speaking times during public meetings. [e.x.
https://www.amazon.com/Multifunctional-Countdown-Digital-24-Hour-Stopwatch/dp/B01M0XWVJL/ref=sr_1_6?s=home-garden&ie=UTF8&qid=1535068851&sr=1-6&keywords=timer+clock+digital+buzzer]
2. **MOTION:** To authorize the Palms Neighborhood Council to spend up to \$225.00 per month on a larger storage unit (5ft x 10ft versus the current 5ft x 5ft) at Price Self Storage. Current unit is completely full and rented at \$168.00/mo. New unit would double the space and monthly rent is estimated at \$196.00/mo.
3. **MOTION:** To authorize the reimbursement of \$90.98 for board member Claire Jadulang for printing expenditures for the August General Assembly Meeting. Receipts viewable in the supplemental materials and detailed as follows:
 Staples - \$90.98
4. **MOTION:** To authorize the reimbursement of \$210.22 for board member Jenn Gers for food and refreshments for the approved Tilden Avenue Block Party sponsored by the Palms NC on August 25th. Receipts viewable in the supplemental materials and detailed as follows:
 Costco - \$46.42
 Smart & Final – \$163.80

V. EXECUTIVE BOARD & REPRESENTATIVE REPORTS (10 minutes – 2 minutes each)

- a. **President's Report** (Greif)
 - i. **NOTICE:** Board opening for Business Area 3.
- b. **Vice-President's Report** (*Vacant*)
- c. **Secretary's Report** (Jadulang)
- d. **Treasurer's Report** (Clarkin)
 - i. **MOTION:** To approve the July Monthly Expenditure Report (MER)
*[See supplemental materials for summary – full report available here:
<https://drive.google.com/open?id=1WtZpEZO5eJBimju9i9S1C3VJtPFLPB9>]*
- e. **Community-Based Organization Rep** (Regan)
- f. **Residential Rep. A** (Gers)
- g. **Residential Rep. B** (Graves)
- h. **Residential Rep. C** (Chase)
- i. **Residential Rep. D** (Seo)
- j. **Residential Rep. E** (Block)
- k. **Business Rep. 1** (Stanley)
- l. **Business Rep. 2** (Muñoz)
- m. **Business Rep. 3** (*Vacant*)

VI. COMMITTEE REPORTS

- a. **Commercial Corridor Activation** (Crane)
- b. **Communications & Outreach** (Saquilayan)
- c. **Green** (Block)
 - i. **FUNDING MOTION:** The Palms Neighborhood Council authorizes the Green Committee to spend up to \$800 for “Green Campaign” taking place in October.
[See the Green Committee report for an itemized budget and description]

- d. **Homelessness & Public Safety (Seo)**
 - i. **FUNDING MOTION:** To support a Neighborhood Purpose Grant (NPG) from the LAPD Pacific Division for its annual Winter Wonderland event and toy giveaway. *[See supplemental materials for NPG]*
- e. **Planning & Land Use (Regan)**

VII. OLD BUSINESS

DISCUSSION AND POSSIBLE ACTION: Reviewing the Palms NC Tap Card guidelines and discussing amendments to the eligibility criteria for receiving a Tap Card.
PNC Guidelines for Distribution of 2,400 limited edition pre-loaded Commemorative Palms Transit Access Pass (TAP) cards

1. Guidelines

- a. Limited to one per person.
- b. Persons must be 18 and above to claim.
- c. Children 5 years old and above may also receive one with parent or legal guardian present.
- d. Recipient of card must be a resident or stakeholder of Palms.
- e. Recipients must provide full name, home address, and/or email.

2. Distribution

- a. The Palms Neighborhood Council will distribute TAP cards at

monthly PNC General Assembly meetings, at least 60 minutes prior to start of official meeting.

b. The Palms Neighborhood Council will distribute TAP cards on Sunday's at the Motor Farmer's Market (pending PNC volunteer availability and partnership with MFM).

c. The Palms Neighborhood Council will distribute TAP cards at PNC Walk events (up to 30 per event).

d. The Palms Neighborhood Council will retain at least 1,000 TAP cards for use during 2019 election-related events and for all voters.

- a. **DISCUSSION AND POSSIBLE ACTION:** Reviewing rolling applications submitted thus far for PNC Utility Boxes. Utility Box Program:

<https://drive.google.com/open?id=0B11caRSINxp9OU0xSnE5WmwtUU0>

[See supplemental appendix for mockups]

- i. Application from Kirk Honda for a \$250 grant for the utility box at Motor and Venice.
- ii. Application from Greg Gould for a \$250 grant for the utility box at Overland and Palms.

VIII. NEW BUSINESS

IX. Adjournment (End time is approximately 9:00 p.m. or shortly thereafter)

Time allocations for agenda items are approximate and may be shortened or lengthened at the discretion of the President. Public comment will be taken for each motion as well as for any item in the consent agenda prior to Board action. The public is requested to fill out a "Speaker Card" to address the Assembly on any item of the agenda prior to the Assembly taking action on an item. Comments from the public on Agenda items will be heard only when the respective item is being considered. Comments from the public on other matters not appearing on the Agenda that is within the Assembly's subject matter jurisdiction will be heard during the Public Comment period. Public comment is limited to 1 to 2 minutes per speaker, at the discretion of or unless waived by the Assembly. In the interest of addressing all items on the agenda, time limits for individual comments and discussion may be set at the discretion of the President. All items on the consent agenda will be determined by a single Committee vote and without Committee discussion. Committee members may request that any item be removed from the consent agenda and considered individually at any time prior to that vote.

Per Board of Neighborhood Commissioners Policy #2014-01, agendas are posted for public review at: 1) Woodbine Park Kiosk, 3409 S. Vinton Ave.; 2) Palms Neighborhood Council website, www.palmsnc.la.

In compliance with Government Code section 54957.5, non-exempt writings that are distributed to a majority or all of the board in advance of a meeting may be viewed at Woodbine Park Kiosk, 3409 S. Vinton Ave, at our website: www.palmsnc.la or at the scheduled meeting. In addition, if you would like a copy of any record related to an item on the agenda, please contact the Secretary at secretary@palmsnc.la

Palms NC Board and Committee members abide by a code of civility (<http://empowerla.org/code-of-conduct/>). Any person who interferes with the conduct of a Neighborhood Council meeting by willfully interrupting and/or disrupting the meeting is subject to removal. A peace officer may be requested to assist with the removal should any person fail to comply with an order of removal by the Neighborhood Council. Any person who resists removal by a peace officer is subject to arrest and prosecution pursuant to California Penal Code Section 403.

As a covered entity under Title II of the Americans with Disabilities Act, the City of Los Angeles does not discriminate on the basis of disability and upon request, will provide reasonable accommodation to ensure equal access to its programs, services, and activities. Sign language interpreters, assistive listening devices, or other auxiliary aids and/or services may be provided upon request. To ensure availability of services, please make your request at least 3 business days (72 hours) prior to the meeting you wish to attend by contacting the Secretary at secretary@palmsnc.la

PALMS NEIGHBORHOOD COUNCIL

Planning and Land-Use Committee Meeting Agenda

Wednesday, September 12, 2018 – 7:00 p.m.

IMAN Center – 3376 Motor Avenue, Los Angeles, CA 90034 (onsite parking available)

The Neighborhood Council system enables meaningful civic participation for all Angelenos and serves as a voice for improving government responsiveness to local communities and their needs. We are an advisory body to the City of Los Angeles, comprised of stakeholder volunteers who are devoted to the mission of improving our communities.

I. CALL TO ORDER & ROLL CALL

- a. Call to Order
- b. Roll Call

II. COMMITTEE BUSINESS

- a. Updates on proposed development at 3664-3688 Overland/3667-3673 Keystone Ave.
- b. Presentation of survey of current service delivery regarding the City's infrastructure programs
- c. **Discussion and possible action** re Proposition 5, which would exempt adults 55 and over from certain property tax requirements

III. GENERAL PUBLIC COMMENT - Limited to non-agenda items – subjects related to planning and land-use committee issues (up to 2 minutes per speaker, time permitting)

IV. Adjourn

Time allocations for agenda items are approximate and may be shortened or lengthened at the discretion of the President. Public comment will be taken for each motion as well as for any item in the consent agenda prior to Board action. The public is requested to fill out a "Speaker Card" to address the Assembly on any item of the agenda prior to the Assembly taking action on an item. Comments from the public on Agenda items will be heard only when the respective item is being considered. Comments from the public on other matters not appearing on the Agenda that is within the Assembly's subject matter jurisdiction will be heard during the Public Comment period. Public comment is limited to 1 to 2 minutes per speaker, at the discretion or unless waived by the Assembly. In the interest of addressing all items on the agenda, time limits for individual comments and discussion may be set at the discretion of the President. All items on the consent agenda will be determined by a single Committee vote and without Committee discussion. Committee members may request that any item be removed from the consent agenda and considered individually at any time prior to that vote.

Per Board of Neighborhood Commissioners Policy #2014-01, agendas are posted for public review at: 1) Woodbine Park Kiosk, 3409 S. Vinton Ave.; 2) Palms Neighborhood Council website, www.palmsnc.la

In compliance with Government Code section 54957.5, non-exempt writings that are distributed to a majority or all of the board in advance of a meeting may be viewed at Woodbine Park Kiosk, 3409 S. Vinton Ave, at our website: www.palmsla.org or at the scheduled meeting. In addition, if you would like a copy of any record related to an item on the agenda, please contact the Secretary at secretary@palmsnc.la

Palms NC Board and Committee members abide by a code of civility (<http://empowerla.org/code-of-conduct/>). Any person who interferes with the conduct of a Neighborhood Council meeting by willfully interrupting and/or disrupting the meeting is subject to removal. RE: Blocking Sidewalks With Illegal Barrier Planters To Combat Homeless Encampments

Dear Councilman Bonin:

I previously wrote to you regarding this matter (copy enclosed) and, not unexpectedly, you have failed to respond in any way to my inquiry and complaint. After reviewing the matter I have revised my analysis and complaint, as follows:

1. The issuance of permits for these barrier planters are a violation of the "Jones Settlement," a settlement of which I am sure you are well aware. In a transparent subterfuge the City is violating that Settlement by simply making unavailable and unusable the "sidewalk space" that the homeless are entitled to use for shelter during the hours 9 pm to 6 am. The planters occupy that sidewalk space and make it unavailable as surely as if the City were directly preventing the homeless from using the same sidewalk space if the planters were not there.
2. After more closely reviewing the "Residential Parkway Landscaping Guidelines" dated June 22, 2015 I see that the planters are not being placed using the "exemption" specified in that document for at least two reasons: (1) the planters are not in "residential" areas, and (2) they are being "permitted." Nevertheless, and in addition to the fact that they violate the Jones Settlement, it is clear that their placement is not consistent with the implicit and explicit prohibition contained within that document that landscaping materials not interfere with the sidewalks.¹

I am interested in whether the City Attorney is aware of what is going on and has approved it. Accordingly I am sending these communications to the City Attorney and requesting him to respond.

Sincerely,

Gerald V. Selvo

¹§ VI.A: Parkway plant materials must be kept in a neat, trimmed manner away from adjacent paved surfaces at all times and shall not obstruct or infringe upon sidewalk areas, driveways, walkways, or curb areas. § VI.A(ix): Materials such as mulch or decomposed granite shall be maintained so that materials are kept off of the adjoining sidewalks, walkways, house walks, driveways, convenience strips, curbs or the roadway.

Hi Len,

I just had this great idea (and I know it's in CD 5). However, I am a CD11 resident.

What would would it to turn our Jasmine Project into affordable housing? What kind of City funding is there to support us in doing so? That is the key afterall to justify the future units lower rents.

Look forward to hearing from you.

Best,
Reza

Reza & Neda,

I have spoken to Palms NC Chair Nick Greif (also Legislative Director for Councilmember David E. Ryu). Nick said they would welcome an affordable project in Palms. City HCID has an Affordable Housing Managed Pipeline which creates affordable rental housing for low and very low income households by making long-term loans for new construction or for the rehabilitation of existing residential structures through an open competitive Call For Projects process.

You can find out more about it here: <http://hcid.la.lacity.org/Affordable-Housing-Trust-Fund-pipeline>

My only concern is that this pipeline appears to only cover low and very low income units.

Reza you indicated wanting to do moderate affordable.

For further questions about the Affordable Housing Managed Pipeline Program, email Yaneli Ruiz at Yaneli.Ruiz@lacity.org who I have also copied on the email. I've also copied Nick and Alison at Palms NC

Regards,
Len

Hi,

I live in the neighborhood of Palms within the boundaries covered by the Expo Line Transit Neighborhoods Plan and I am emailing today to join the Palms NC in its unanimous support for the TNP as approved by the City Planning Commission.

I support the plan as it helps meet our neighborhood's goals of new and affordable housing, street level neighborhood facing retail, and appropriate development near new mass transit investments.

The Palms NC has also published a letter outlining all of the reasons why this plan deserves your support and is an environment and social justice imperative. You can read that letter at www.palmsnc.la/expotnp

Thank you for your support!

Hi,

I live in the neighborhood of Palms within the boundaries covered by the Expo Line Transit Neighborhoods Plan and I am emailing today to join the Palms NC in its unanimous support for the TNP as approved by the City Planning Commission.

I support the plan as it helps meet our neighborhood's goals of new and affordable housing, street level neighborhood facing retail, and appropriate development near new mass transit investments.

The Palms NC has also published a letter outlining all of the reasons why this plan deserves your support and is an environment and social justice imperative. You can read that letter at www.palmsnc.la/expotnp

Thank you for your support!

Sincerely...

~Kelly P. Meyers~

Fri, May 18, 2018 at 3:57 PM

Alek Bartrosouf,

Time's up!

May 20, 2018 marks one year since the Great Streets - Venice Blvd pilot project was installed. I want you to stop imposing on the goodwill of the residents of Mar Vista, our neighbors in Venice, Del Rey, Culver City and Marina del Rey, and all the pedestrians, cyclists, commuters, emergency responders, businesses, beachgoers and tourists using Venice Boulevard.

Councilman Bonin, you said, "We can keep what we love, improve what we can and remove what we dislike."

I dislike this pilot project and I want you to return Venice Boulevard to its previous configuration. I want an end to the gridlock, cut-through traffic, increased collisions and injury collisions, negative impacts to our local small businesses, and all the other collateral effects.

Keep your word. It's time to restore Venice Boulevard now.

Sincerely,

Carol Reynes

Community Plan Updates

4 messages

Krista Kline <krista.kline@lacity.org>
To: Kevin Keller <kevin.keller@lacity.org>

Wed, Apr 4, 2018 at 12:10 PM

Hey there-

Any idea when we'll get a confirmation on which community plans will be updated in the next round? I've heard that Westchester/Playa; Venice; Mar Vista/Palms; and, West LA are all going forward, starting in July. Any chance you could confirm?

I ask, because we will be reaching out to communities in advance of any official kick-off so that we don't blindside them...and we need some time to gear up.

Much thanks!

-Krista

Hi Krista!

Yes, we have been working with your office and ramping up internally for the launch of our westside community planning team. And yes, it would be Westchester/Playa Del Rey, Venice, Palms/Mar Vista/Del Rey, and West LA. July 1st is our internal date and we will likely start working with you to lay some groundwork in June/July to talk about kick-offs and announcements and launches and the listening road show later in the summer.

We will be releasing our progress update report to Council this week and I will make sure we drop a copy off to you. It may be heard at PLUM soon - no action needed, it's a report and update.

I'll reach out to Craig Weber on our side who will be overseeing the program and I would love to join him and meet with you just to talk through the overall framework and start thinking about how best to shape and get the word out when the time is right. Jonathan Hershey will be the Westside Senior Planner... you may have already met him working on the Venice LCP.

We have a great team gearing up for the westside and we look forward to working with your office and the community to help craft great community plans that reflect everyone's input.

Are we having fun yet? Talk soon!!

Kevin

I chose to live in the corner of Palms near downtown Culver City and the Culver City Expo Line station specifically because of the walkability of the neighborhood and access to public transit. I love being able to head to the grocery store and buy a carton of milk in less than 10 minutes round-trip without ever getting in my car, going downtown for cultural attractions and sporting events without having to worry about where I'm going to park, and exploring the streets on foot and running across all kinds of interesting places. I hope these benefits can spread throughout our neighborhood, that we can add enough housing to keep rents affordable so we can continue to be as vibrant and diverse as we are today, and that we can be a model for the Westside and the rest of the city as a new way to live in LA.

Thank you for your support!

Subject: NEW LAWS

Town Hall Meeting with Chief of Police Moore

At last night's meeting we learned four important things: 1. The LAPD is assigning ten additional officers to patrol Venice. 2. The LAPD is conducting a study to determine deficiencies of manpower in the department and the study should be finished in 6 months. 3. LAPD officers are not in charge of cleaning the encampments – it is the LA Sanitation dept. LAPD will respond if there is crime that's taking place at the encampment, or if you suspect there is a criminal homeless person in the encampment. My follow-up question to Chief Moore was "Who is in charge when the encampments are blocking the sidewalks since they are not ADA compliant?" He didn't answer, and said I had spoken enough and others were waiting to speak. I insisted on an answer, but instead, Captain Roberts took me aside and gave me information and a phone number for follow-up. I will post this when I get this information. 4. AND LAST BUT NOT LEAST - Your private property is not really your private property (unless you do the following - see below). Let me clarify: that homeless person who jumped your fence or who you find sleeping on your front porch isn't really breaking the law - because you didn't have the required signs posted on your fence, or back gate or garage. So entering your property w/o permission is not yours to determine if it is trespassing or not. It is the purview of the LAPD rules. Sounds confusing, doesn't it, but an assistant city attorney was there to confirm the above statement. Here is the information you will

need to make your property "fully private" and the disallowing of uninvited "guests" with the backing of the LAPD: You must post signs that read: "No Trespassing, No Soliciting, No Loitering – Violators Will be Prosecuted – LAMC Sec. 41.24" . You must also file a required form and drop it off at the Pacific Division Police department letting them know that you are informing them that you are legally posting a "No Trespassing" sign and allowing them to prosecute if someone trespasses on your property (link to authorization form: <https://aagla.org/wp-content/uploads/2017/02/Trespass.pdf> or from <https://hcidla.lacity.org/trespass-arrest-authorization>. You drop off the authorization form at the Pacific Division Police Station on Culver Blvd. at Centinela. I left a message to see what the process is and am waiting for an officer to call me back. Example: Do we get a file or record number stamped and signed by the officer with a copy for our files? TBA unless someone else knows the answer. Also, the authorization form must be filled out once a year. Regarding the "No Trespassing" signs - they sell them at AAA printing for \$12.00 each. I called them just before closing. They are open M-F only, but I'm sure other printing companies also sell them. Home Depot does sell "No Trespassing" signs, but from my understanding, they do not have the legal info required. Also, for those of you with a garage or driveway that's being blocked, you must additionally have a sign that says "PRIVATE PARKING - Unauthorized Vehicles Will Be Towed Away at Vehicle Owner's Expense" along with the name of the Authorized Towing Company written on the sign, or the vehicle can not be towed – even if they are in fact blocking your driveway/ garage. Home Depot does sell these signs from my understanding. Those were my take-aways from the meeting along with the lamenting of those of us frustrated with lack of policing and lack of showing of true crime stats. Hopefully this will change with the additional ten police officers.

Sean McKinney

, North Venice Beach · 2d ago

That law needs to be changed yesterday.

Jonathan Landay

, Venice - Canals/Silver Triangle · 2d ago

That's some real red tape for what I had assumed was our rights as private property owners. I was unaware of this info, thank you Eva!

Thanh Tran

, Venice Walk Streets·2d ago

It was not explained very clearly, the signs are required when you are not home to allow the police to enter your property and arrest on your behalf. The police cannot enter private property without your authorization thus the red tape. If you're home and someone trespasses call 911. If you're home and someone blocks your driveway call parking enforcement.

Anna Stav

, Venice-Windward Circle·2d ago

Great to hear about the 10 additional officers in Venice. Thank you LAPD!!

Rob Mitchell

, Venice - Canals/Silver Triangle·2d ago

Thanks for writing all this up. One thing that wasn't clear to me, after talking about the No Trespassing signs, you said "You drop off the authorization form at the Pacific Division Police Station on Culver Blvd. at Centinela." Can you clarify what the authorization forms are about?

Eva Greene

, Venice - Canals/Silver Triangle·2d ago

@ Rob Michell I posted the link with the blank form that needs to be filled out. Once you fill out the form, you drop off the form which is pretty self explanatory. You must drop it off at the Pacific Division police department. Remember, the signs must be posted AND the LAPD must have the authorization form in their files as well. The Pacific Division Police Dept. is the police station for Venice located at Centinela and Culver Blvd Please read the form and remember, you must re-file every year.

Eva Greene

, Venice - Canals/Silver Triangle·2d ago

@ Thanh Tran Yes, the arrests apply for prosecution especially for when you are not there, but even when you are there when the signs are posted. If you do not have the signs posted, the police will ask the "uninvited guest" to leave, but they will not arrest them because you didn't have the sign posted as a warning to the "uninvited". That's from my research and how it was explained to me. If you want further clarification, please contact the police directly and post so that we have deeper information. Thank you.

Marie Hammond

, Venice-Oakwood·2d ago

I'm wondering why trespassing is considered an offense that warrants an arrest. Some of the crimes that are now just considered misdemeanors seem far more offensive.

Eva Greene

, Venice - Canals/Silver Triangle · 2d ago

@ Marie Hamond Good question. Important to ask the LAPD, but this was an assistant city attorney that explained the law. Yet with all the changes in criminal offenses due to AB 109, Pro 47, Prop 57 and SB10 coming next year, it does beg the question. But yet, your home and your security at home should be the place you feel the safest and most comfortable.

Krissy Sorensen

, Venice-Lincoln/Penmar · 1d ago

Where is AAA printing?

Sandra Wilson

, Venice - Canals/Silver Triangle · 1d ago

Eva, thank you for this valuable (if frustrating!) information. Do you know if you can make your own sign if it contains the required language or does it have to be formally printed?

Pam Giagni

, Venice-Lincoln/Penmar · 1d ago

Whoopee, ten extra cops to NOT enforce the law! What a joke.

Dara Lasky

, Venice-Lincoln/Penmar · 1d ago

Eva, thanks sooooo much for writing this all out. I also took notes, and got something different for #1- extra police. I heard him say: Venice got extra beach patrol for the beach ONLY which includes Venice all the way to Dockweiler-a 7 mile stretch. He said they are doing a long overdue study for the whole city which will come out in 6 months from now and re-evaluate how many police should be in each district. That was why I chose to get up and remind him about all the extra tax dollars Venice specifically brings in from being a major tourist destination, plus now that property here is more expensive per sq foot then even Bel Air, recent home sales are garnering \$25k-\$35k in annual property tax fees alone making Venice a big money maker. We are seriously in need of our own police station, with more police. No answer other then we saying we already get more. I also took away from the meeting that because there's not enough police, they can really only focus on violent crimes, assault, sex crimes, burglaries etc...so when you call about a stolen bike or vandalization, or a creepy person lurking, or someone putting trash everywhere, you basically get ignored. Lastly, I'd add given the

laws, they can't remove tents at night, but if they have the man power, they ask them to move during the day. However, they just come right back. And they have no way to confiscate and store anyone's personal property. When it comes to the grass on the boardwalk, they can't do anything. That's Parks & Recs. The no trespassing thing is both confusing and ridiculous!!

Eli and Mina

, Venice - Canals/Silver Triangle · 1d ago

Unbelievable! I was under the assumption that, if someone enters your property, and you tell them that they are trespassing, the burden is on them to show that they are not trespassing! Why should a person who owns property and pays taxes be forced to inconvenience themselves by having to fill out forms and drop them off at police departments in order to allow for arrest of intruders. The burden should be on the "uninvited guest"!

Sean McKinney

, North Venice Beach · 1d ago

You can't make your own sign. I remember her saying even the font had to be a certain way... unbelievable

Thanh Tran

, Venice Walk Streets · 1d ago

I'm pretty sure that they said the signs are when you are not there but the message got lost in the confusion. My neighbors call 911 on an intruder, the police came and asked if they wanted to press charges, they said not so they let him go. The police would have arrested him if they wanted to press charge. They didn't have any signs.

Thanh Tran

, Venice Walk Streets · 1d ago

I came home one day and my front door was wide open. The police came and told me to wait outside while they went through my house to make sure no one was inside. The point is you have to be there for the police to enter your property which makes sense to me.

Eva Greene

, Venice - Canals/Silver Triangle · 1d ago

@ Thanh Tran Hi, here's a link from the San Fernando Valley Bar Association regarding "Trespassing" and the rules for the violation. <https://sfvbareferral.com/trespassing-laws-california/> Here's a portion from that link: "If you live in LA, you can file a No Trespass Authorization Form with the LAPD. Without that form, they can't actually arrest a trespasser – they can only kick them off your property. You'll have to file a new form

every year. Also, note that in order for the form to be valid, you'll need to post signs that forbid trespassing, soliciting, and loitering. The sign should state that violators will be prosecuted and must include the relevant code section – LAMC § 41.24. Once you have your signs up and your form filed, the police will be able to arrest and charge trespassers on your property. You should never engage with a trespasser on your own unless it's absolutely necessary – it's always safer to let the police handle the matter."

Crystal Griffin

, Venice-Lincoln/Penmar · 1d ago

I'm trying to imagine the type of filing system that the police use to keep up with these paper forms.

Mike Bravo

, Venice-Oakwood · 1d ago

I don't think it's required per se but I think doing that protects them should anyone try to sue LAPD for taking actions on that property. Given all their lawsuits from being the most corrupt and murderous law enforcement agency in the nation it would make sense.

David Ruhoff

, Marina del Rey - Silver Strand · 1d ago

They have simple NO TRESPASSING signs at hardware stores, like Lincoln Hardware.
Do you have to cite the ordinance on your sign?

Black Kittens

Hi Mike,

It was nice to finally meet you at LA Baroque on Saturday. As promised, here are some pictures of the kittens that we have available for adoption-if your son is looking for one or anyone else. They are all fixed, de-wormed, de-fleaded and vaccinated. Feel free to call me anytime, I look forward to speaking with you.

Regards,

Thanh Tran

Hi Mike,
Do you have a list of all the proposed housing, shelter, and safe parking in CD11? There is a lot of vacant land around LAX, is anything being proposed there?
Thank you!
Thanh

[View this email in your browser](#)

Dear Thanh,

Yesterday, a federal court underscored why it is imperative for Los Angeles to approve bridge housing and supportive housing for people who are homeless.

In a unanimous ruling, the U.S. Ninth Circuit Court of Appeals said that it is cruel and unusual punishment for any city to prohibit sleeping on public property unless adequate shelter is available and accessible. This ruling applies to all of California and eight other states.

What this means for Los Angeles is that we are faced with a stark and binary choice --provide sufficient housing and shelter where those who are homeless can access it, or allow people to sleep on public property, such as sidewalks. Providing housing and shelter has always been the right thing to do — but this ruling makes it a clear requirement.

After decades of neglect and inaction, Los Angeles is finally starting to do the

right and necessary thing. This morning, Mayor Eric Garcetti and my colleague Councilman Jose Huizar opened the first bridge housing facility built through the Mayor's Bridge Home initiative ([make sure to check out their inspiring video about the project here](#)). This afternoon, the Homelessness & Poverty Committee is expected to approve bridge housing in Hollywood. The Department of Veterans Affairs is working with the city on bridge housing at its campus in

Brentwood. And the mayor and I have proposed bridge housing in Venice. In every council district, the city will be approving hundreds of units of long-term supportive housing, and the city is finally investing in quick and nimble solutions, like shared housing and reunification.

Whether you want to end the human misery that is our homelessness crisis, or whether you want to eliminate encampments in our neighborhoods, the course of action is the same. We need to say yes to bridge housing, supportive housing, crisis housing, shared housing, safe parking, and more.

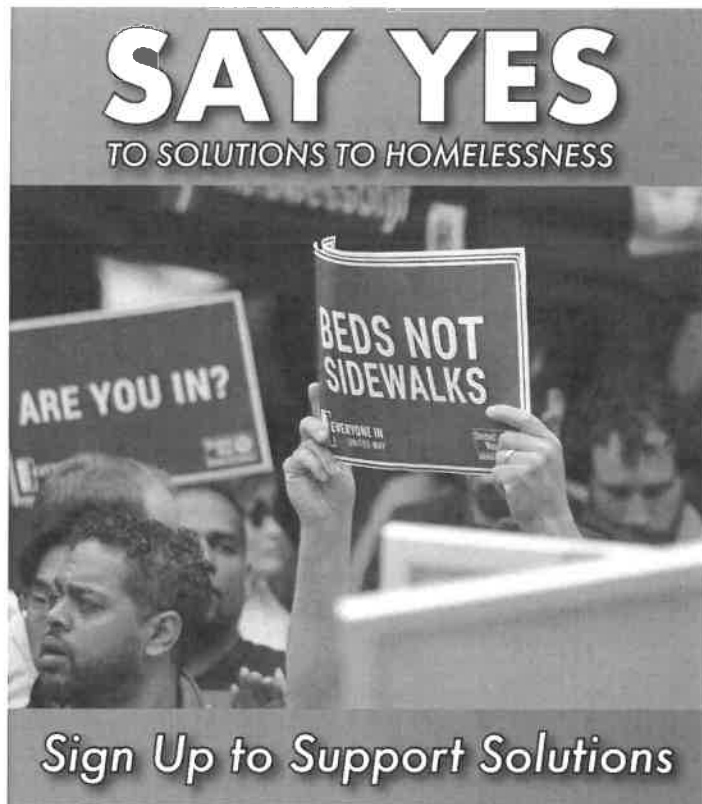

We need every community in Los Angeles to say yes to genuine solutions. If you are willing to support solutions where you live, [please click here to let us know](#). Working together, we can solve this problem.

Dear City:

I am a 22-year resident of Venice. I am not opposed to BH, but I am not for it at the moment since I have so many unanswered questions. I hope that the residents of Venice will have an opportunity to engage with the city to answer some of the questions regarding BH.

The main issue is trust, the Mayor and the Councilman paint a rosy picture of how BH is going to operate, but I don't believe that it's the reality. If you just listen to the horrible stories from people living near SJC, adding another facility is adding salt to the wound. On the other hand, there is a low income housing for battered women a few blocks from me, and no one even knows it's there. They have a jazz event and silent auction every summer.

So the question is who will be the residents of BH: families, seniors, people with jobs, the mentally ill, the drug addicts-the range is wide. According to the Bridge Home SRS which I'm attaching here, it states:

- 2.1. Bridge Housing (BH): Serves only the following homeless participants:
 - 2.1.1. High-acuity participants (scoring 3) that have been matched through CES to permanent housing
 - 2.1.2. High-acuity participants (scoring 3) that have not yet been matched to permanent housing.
 - 2.1.3. Mid-acuity participants (scoring 1 or 2) that have been matched through CES to rapid rehousing
 - 2.1.4. Participants exiting institutions, as defined in Section 4 and Appendix I. and II.

What is High-acuity? Does this mean that people with the most severe issues?

It's one thing to put functional people in a residential area (I don't think anyone can argue with that) but to house people with mental illness and drug addiction in a residential neighborhood is an awful idea. There's an elementary school near by, people with young children, would you want the children to hear people yelling and screaming profanities all day long? Security is not going to keep people from screaming. The boardwalk is a hotbed of drug activities and BH is going to consolidate the drug addicts in one location? Councilman Mike Bonin's answer is that "they are already here". While that is true but the solution is to concentrate them into a residential area? What's to keep them from going out, get high and come back? My friend's daughter was hooked on heroin, Venice would be the last place she would send her for rehab. They sent her to Georgia.

According to the SRS drug use is tolerated:

28. Contractor must NOT exit participant from Bridge Housing services for the following:

- 28.1. Active substance use
- 28.2. Active health issues
- 28.3. Failure to abide by personal budget

I'm including a story from a Rachel that lives behind St Joseph Center:

"I live 20 feet from the St. Joseph's Center homeless service center at Lincoln Bl and Flower Ave. I can share my experience.

"**Homeless Service Center (HSC)** serves as an access point for the Coordinated Entry System and provides case management aimed at helping homeless individuals obtain permanent housing; it also offers referrals for critical services such as substance abuse treatment and offers emergency services such as shelter placement assistance and showers." - SJC website

This is where their most severe clients are seen for services. I notice their most severe clients stay closer to the site, their higher functioning clients are able to venture out further.

We have been terrorized by their clients for the last 10 years, since they moved in. My family was there decades before they moved in.

There is a **constant** soundtrack of violent screaming, cursing and client's fighting. Its not just the usual fuck you and fuck off, shit, bullshit.... but their clients scream out words like **nigger, cunt and faggot**. It not only weighs heavy on the soul to hear these words screamed out **repeatedly** but I don't want my 21 month old child to learn these words.

My toddler daughter cannot play freely in our own yard because of the screaming and profanities, we can hear it inside the house as well. There is no escaping it.

When their clients are kicked out for bad behavior, they come over to my property. Their clients walk up to our fence and threaten to kill us, while we sit on our front porch minding our own business.

Another time, one of their clients was screaming their child had been kidnapped and was being strangled in our home. 6 police officers rushed my home and searched it with their guns drawn to look for this child and found nothing. The SJC denied any knowledge even though it was their client.

Another client of theirs set fire to the dispensary next door while trying to burn her trash. It was caught on on their cameras. There was damage to my property. Again, the SJC denied any knowledge of it.

That is their response to everything, to deny it all. Or, they say they cannot be responsible for their clients. Those are the only two responses we get.

I have asked for them to increase their security. Their Hampton Dr. headquarters has 24 hr security. At the HCS, where they service their most severe homeless, they actually now have less security now then before. Their response every time is they don't have the money in their budget, even though their net assets for 2017 was over 12 million.

Their front entrance on Lincoln Bl is locked with a sign directing every client and employee to the back entrance. This back entrance faces the residential community, and my home. They allow their clients to loiter in the alley instead of waiting in their waiting area inside. Their case managers conduct meeting with their clients in the alley and in front of my house. The case managers use my fence as a desk for their paperwork. This creates a huge stress on the families living on Flower Ave. I have asked them to utilize their front entrance and not allow their clients to loiter in the alley. They have refused my request.

I have reached out to the executive director many times in attempt to work with them. I wasted 2 years trying to work with Bonin's office for support, there was zero progress when trying to work with Taylor.

Back in the day, Councilman Rosendahl attempted to work with us, his office set up mediation between my family and the SJC. Their pro-bono attorneys showed up and demanded nothing be put in writing so there is no way to hold them accountable.

I have a document stating the SJC voluntarily agreed twice daily clean up of the alley from Flower and Sunset, they don't do it.

I have asked for reasonable changes to their daily operations to reduce the impact on the residential community and nothing changes. We have been fighting with them for years. They were bad neighbors when they were on Rose Ave, they continue to be terrible neighbors on Flower Ave and Hampton Dr. They wont be better if they manage the MTA lot.

I would be more than happy to address any other questions about living next to the SJC.

Rachel"

Would any of you be willing to trade places with Rachel?

We all want to solve the homeless problem, so please engage our community so we can come to a solution TOGETHER.

Respectfully,
Thanh Tran

Councilmember Bonin <councilmember.bonin@lacity.org>

Dear Mayor Garcetti, Councilman Bonin and City Attorney Feuer:

You have become known as the principal architects and advocates of the City's plan to address the homeless crisis through the development of large housing projects, so I wanted each of you to know how shocked I was to read in the Los Angeles Times (<http://www.latimes.com/local/lanow/la-me-ln-rising-hhh-costs-20180511-story.html>) last week that, at current rates of spending, you will **deliver fewer than 6,000 of the 10,000 supportive housing units** promised to Prop HHH voters in 2016 and that those units will cost an average of **\$475,000 each, excluding the cost of City land** (with units in two projects costing more than \$650,000 each).

Further, I see that despite your promises to promote "geographic equity" and roll back the disastrous containment policy that gave rise to Skid Row, you are moving forward with your plan to concentrate a disproportionate share of these housing projects in a handful of communities – like **Venice** and **Lincoln Heights** – that lack political power, while protecting your wealthy backers in uber-affluent enclaves like Brentwood and the Pacific Palisades and **using your new PSH Ordinance to shut down public comment and strip working families of the legal right to challenge oversized projects** in their communities.

- How can you possibly believe that giving away half-million dollar homes to a lucky few – representing a small fraction of LA's massive homeless population – is the answer?
- What does this say to working families fighting the good fight day in and day out to make rent and mortgage payments on less desirable properties – and to the thousands of people in need of shelter who will be left out in the cold because they did not draw a winning ticket in the Garcetti-Bonin-Feurer Lottery?
- And what gives you the right as elected officials to use laws to silence taxpayers and voters who disagree with your policies?

More and more, Prop HHH and the PSH Ordinance are starting to look less like measures to help the homeless and more like measures to line the pockets of LA's notorious real estate developers. And in any event, they are becoming emblematic of the wastefulness and poor judgment of LA's leadership.

Last week, two Venice groups – **Fight Back Venice** and the **Oxford Triangle Association** – brought lawsuits challenging the PSH Ordinance and seeking to preserve the public's right to weigh in on new projects in their communities.

They will no doubt be vilified as NIMBY's by you and others, but they did the right thing in standing up to profligacy and high-handedness in City Hall. For the sake of working families and the homeless alike, somebody has got to get this

runaway train back on track ... even if that means going to court.

Sincerely,

Thanh Tran

To: "Mike Bonin, City Councilman" <councilmember.bonin@lacity.org>

Dear Mike Bonin,

I just signed a petition addressed to you titled *Remove The Man Living In A Tent On Main Street & Dudley Court in Venice (directly across from the Google binoculars)*. So far, 37 people have signed the petition.

You can reach me directly by replying to this email. **Or, post a response for MoveOn.org to pass along to all petition signers by clicking here:** http://petitions.moveon.org/target_talkback.html?tt=tt-138436-custom-92675-20281204-1txDD6

The petition states:

"A homeless man who uses drugs constantly, screams at all hours, verbally assaults residents, urinates on our homes and uses our garbage cans has been living 24 hours a day in a tent directly in front of my home and my neighbors homes for over 6 weeks. He is dangerous. He is a threat to the people of the neighborhood. He is a 24 hour a day problem. We have called the police multiple times and they say they cannot do anything until a law or ordinance is passed to prohibit camping, tenting, loitering and living there (it is a small patch of dirt and plants next to the parking lot on Main Street and Dudley in Venice). This ordinance must pass and this man must be removed immediately before he does violence or worse to us or another tax paying citizen. Pass a law or ordinance to make Main Street between Rose Avenue and Brooks Avenue permit parking only and NO LOITERING OR CAMPING 24 HOURS A DAY. Thank you - The tax paying residents of Venice. "

My additional comments are:

We've had enough!

Dear Mayor Garcetti and Councilman Bonin:

I have just learned that registration for the October 17 "Town Hall" regarding the MTA Shelter in Venice has been "closed" and that, as a result, many Venice residents will be barred from the session and confined to an overflow area outside of the meeting hall.

I further understand that the invitation to the event was sent to all of Council District 11 (even though Venice is the only community that will be affected by the MTA Shelter) and that, as usual, activists are being brought in from other areas by the busload.

This is an outrage!

All Venice residents have a right to be front and center on this crucial issue – whether they have a "reservation" or not – and your armies of activists have no business drowning out local voices. Overflow areas don't cut it - if anything, we should get priority seating.

Please confirm immediately that every last Venice resident who wishes to attend will be admitted to the meeting hall at the October 17 event and that you will desist from disgusting, anti-democratic and downright insulting ploys like this in the future.

Venice is world famous for its big heart and open mind, but our patience with your games is wearing thin.

Sincerely,

Pamela and Daniel Giagni

Dear Members of the Venice Neighborhood Council:

I write to state my opposition to the Venice Community Housing Corporation's (VCHC) Rose Avenue Apartments project as proposed and to urge you to take this opportunity to stand up for working families in Venice.

The Rose Avenue Apartments project essentially doubles the Venice Local Coastal Specific Plan (VLCSP) height limit and provides just a tiny fraction of the parking typically required for a development of its size.

Further, I understand that VCHC submitted an invalid offsite parking affidavit to your Land Use and Planning Commission (LUPC) in an attempt to artificially inflate the number of parking spots provided by the project and has refused to conduct an environmental review -- even though the Rose Avenue Apartments project has insufficient parking, sits directly on the congested Rose Avenue corridor, and would be the only four-story building in the Oakwood subarea of the VLCSP.

Moreover, the Rose Avenue Apartments project is just one of many large projects now in the pipeline for Venice (in addition to our many existing homeless resources). In fact, VCHC alone currently has two other projects in process here - 102 Navy Street and the Reese-Davidson Community -- and has publicly stated that it wants to build at least four housing projects in Venice. If you cave on the Rose Avenue Apartments project, you will pave the way for VCHC to demand similar concessions on those projects as well. And with so many projects in development, there is no good reason for any of them to be oversized.

The bottom line is that we now find ourselves locked in a battle for the future of Venice. In fact, we understand that VCHC is recruiting activists from other areas to drown out local voices at the upcoming VNC meeting on this issue. I hope you will take this opportunity to enforce the letter and spirit of the VLCSP and show rank-and-file Venice residents like me that you are on our side.

Sincerely,

Carol Reynes

Hello...

I have several questions about this event:

1. Most importantly, will Venice residents be given priority to access to the auditorium BEFORE non-residents? This only seems fair...it is OUR community, after all.
2. Will Venice residents be given priority on asking questions? This is a no-brainer...it is OUR community, after all.
3. How will people in the "overflow" area be able to participate in the Town Hall? How will they view what's going on and how will they be able to ask questions?
4. What criteria is Alex and her producers using to select the questions? And, how can Venice residents be assured that questions will reflect the opinions and input of ALL Venetians, not just the ones that are in support of using the MTA lot for Bridge Housing? (this will be obvious in no time, and can assure you, it will be called out)
5. What mechanism is in place to let Venice residents state their opinions as per how Town Halls should be run?

Best regards,

Carol Reynes

Venice Resident for 23 years

Subject: Details About Wednesday's Town Hall

[View this email in your browser](#)

Dear Carol,

Thank you for your RSVP to Wednesday's Venice Bridge Home town hall meeting with Mayor Eric Garcetti and Councilmember Mike Bonin. As a reminder, the event will take place this Wednesday, October 17, at 6pm at Westminster Elementary, 1010 Abbot Kinney Boulevard in Venice.

We want the event to be as informative and productive as possible, so a few reminders:

1. **RSVP Required** - To attend, you must RSVP and check in at the registration table. We are not screening attendance, but trying to plan accordingly for a large crowd. The RSVP page is active and will continue accepting RSVPs until Wednesday afternoon.
2. **Overflow Area** - The venue is the largest available space in Venice with ample public parking, but RSVPs have outnumbered available seats, so there will be overflow area outside where guests will be able to hear the town hall and submit questions for the Mayor and the Councilmember.
3. **Arrive Promptly** - If attendance is as large as expected, sign-in and seating will take some time, and seats in the auditorium may fill up quickly.
4. **Signs and banners** - You are welcome to bring signs or banners and display them outside, but they could obscure people's views during the event, so they will not be permitted inside the event itself. Fliers, pamphlets, etc, are welcome.
5. **Bring your questions!** - Many people have submitted questions online, and they have been provided to the moderator. If you have a question you'd like to get to the moderator before the event starts, please feel free to complete the form here. You can also submit questions at the event itself, and the moderator will be asking people to ask their questions live at the event.
6. **Security** - A number of people have asked if security will be present at the event. Yes, as with all large city events, security will be on hand.

A note on the format: The Town Hall is being moderated by respected broadcast journalist Alex Cohen. Alex will facilitate a brief discussion with Mayor Garcetti and Councilmember Bonin, and then ask questions that have been submitted online, or call on audience members who have submitted their questions at the event. Alex and her producers will choose the questions and select the questioners, with no input from anyone else.

Prior to the event, if you would like learn more about the proposed design for the bridge housing, you can take a look here, and you can read our FAQ at www.BridgeHomeVenice.com.

Thank you very much for your RSVP. We look forward to seeing you on Wednesday.

Click the image above to watch a video and learn more about the draft design for the Bridge Home Venice facility.

Please post and share to make sure your neighbors hear about the town hall!

Hi Carol -

Here are some answers to those questions!

1. We don't have a process for checking residency set up. The event is open to the public up until we hit physical and legal limits on the building's capacity.
2. We are purposefully staying out of Alex Cohen's business of asking questions. Cards will be brought directly to her on stage and she will attempt to collect similar and frequently asked questions - the questions most of the public wants to ask.
3. There will be a screen projecting the townhall, speakers projecting the audio, and people can fill out cards all the same as those inside - staff will run those inside to Alex Cohen all the same as the ones inside.
4. Alex Cohen is maintaining journalistic independence; this sort of concern is the entire reason we asked a high profile and well respected journalist to do this for us. Like I said - it is my understanding she will look for questions that follow similar lines of thoughts or are asked repetitively which can satisfy the most people, and, she is independent on purpose so her individual criteria and thought process is a better question asked of her as a journalist.

5. This is an event we are organizing to answer questions for the public - this is not a public hearing. If Venetians wanted to organize an event with a different format or function I am sure I can guarantee some people who know answers to expected questions to show up and answer. I for example have never turned down attending a meeting to discuss this or any other topic and answer every question I know the answer.

-Taylor

Dear Mayor Garcetti and Councilman Bonin:

I have just learned that registration for the October 17 "Town Hall" regarding the MTA Shelter in Venice has been "closed" and that, as a result, many Venice residents will be barred from the session and confined to an overflow area outside of the meeting hall.

I further understand that the invitation to the event was sent to all of Council District 11 (even though Venice is the only community that will be affected by the MTA Shelter) and that, as usual, activists are being brought in from other areas by the busload.

This is an outrage!

All Venice residents have a right to be front and center on this crucial issue – whether they have a "reservation" or not – and your armies of activists have no business drowning out local voices. Overflow areas don't cut it - if anything, we

should get priority seating.

Please confirm immediately that every last Venice resident who wishes to attend will be admitted to the meeting hall at the October 17 event and that you will desist from disgusting, anti-democratic and downright insulting ploys like this in the future.

Venice is world famous for its big heart and open mind, but our patience with your games is wearing thin.

Sincerely,

Carol Reynes

Hi neighbors-

Please forgive me if you are no longer in the area. This is the only email address list I have.

I am sure you see how horrific the situation has become around Penmar golf course.

I have had several people email me as of late to see if I am still heading up an improvement campaign.

There are 2 VERY important things happening in the next couple of weeks that should absolutely get involved in.

1-Venice Bridge Housing Town Hall – hosted by Garcetti and Bonin (but who knows if Garcetti will show)

Date/Time: October 17 @ 6 pm

Location: Westminster Elementary School, 1010 Abbot Kinney

Details: we will be there with petitions, signs, and handing out T-shirts and protest signs to take into the meeting. Please arrive early if you can...I think there is going to be a mob and Bonin is well known for bussing "supporters" in from all over the city (because he doesn't have enough supporters in Venice, for sure!). Expect the message from Bonin and Garcetti for Bridge Housing as the start of a cure for Venice, but know that any housing that goes up in Venice isn't limited to Venetians only as it's against the state Housing Fairness Law and who's residency is only proven by stepping foot in Venice. Venice is currently home to the majority of homeless services for our district (CD11), which is a huge reason why Venice is 2nd only to skid row in homeless population. Garcetti and Bonin are purposely corralling homeless into Venice, which is now spilling over to SM and MDR, because it's easier to manage when it's contained in one small area. This is exactly how slums get their start.

Carol Reynes, East Venice · 11h ago

If you plan to go to the bridge housing Townhall on October 17 at 6 PM, be sure to RSVP so you can't be turned away at the door!

<https://docs.google.com/forms>

East Venice Neighborhood Council (EVNA)

Date/Time: October 18 at 7:30 pm

Location: Penmar Park Rec Center

Details: This is only their 3rd meeting and I've been out of town for the past two. I understand that Taylor has been at the last two so I'm thinking he'll be there again and we can talk with him about Penmar beautification project.

2-PLEASE get on this email chain listed below. There is a plan that has been approved by the city and will hopefully be going forward. You may not hear back immediately but you will get some updates soon.

West Penmar Golf Course/Frederick Beautification Project

A few neighbors have been working with Bonin's office to create a pocket park on the west side of Penmar Golf course. There is a plan in place with permits and all we need now are funds to make this a reality. Bonin's office may give us a grant but much more is needed so it's fundraising time! It's expensive but there are a lot of neighbors. If anyone is interested in contributing to or be the fiduciary for the beautification project please send me an email at penmarbeautification@gmail.com. GoFundMe is the last resort since they charge a 2.9% processing fee plus \$0.30 per donation.

Dear Mayor Garcetti, Councilman Bonin and City Attorney Feuer:

You have become known as the principal architects and advocates of the City's plan to address the homeless crisis through the development of large housing projects, so I wanted each of you to know how shocked I was to read in the Los Angeles Times (<http://www.latimes.com/local/lanow/la-me-ln-rising-hhh-costs-20180511-story.html>) last week that, at current rates of spending, you will **deliver fewer than 6,000 of the 10,000 supportive housing units** promised to Prop HHH voters in 2016 and that those units will cost an average of **\$475,000 each, excluding the cost of City land** (with units in two projects costing more than \$650,000 each).

Further, I see that despite your promises to promote "geographic equity" and roll back the disastrous containment policy that gave rise to Skid Row, you are moving forward with your plan to concentrate a disproportionate share of these housing projects in a handful of communities – like **Venice** and **Lincoln Heights** – that lack political power, while protecting your wealthy backers in uber-affluent enclaves like Brentwood and the Pacific Palisades and **using your new PSH Ordinance to shut down public comment and strip working families of the legal right to challenge oversized projects** in their communities.

- How can you possibly believe that giving away half-million dollar homes to a lucky few – representing a small fraction of LA's massive homeless population – is the answer?
- What does this say to working families fighting the good fight day in and day out to make rent and mortgage payments on less desirable properties – and to the thousands of people in need of shelter who will be left out in the cold because they did not draw a winning ticket in the Garcetti-Bonin-Feuer Lottery?
- And what gives you the right as elected officials to use laws to silence taxpayers and voters who disagree with your policies?

More and more, Prop HHH and the PSH Ordinance are starting to look less like measures to help the homeless and more like measures to line the pockets of LA's notorious real estate developers. And in any event, they are becoming emblematic of the wastefulness and poor judgment of LA's leadership.

Last week, two Venice groups – **Fight Back Venice** and the **Oxford Triangle Association** – brought lawsuits challenging the PSH Ordinance and seeking to preserve the public's right to weigh in on new projects in their communities.

They will no doubt be vilified as NIMBY's by you and others, but they did the right thing in standing up to profligacy and high-handedness in City Hall. For the sake of working families and the homeless alike, somebody has got to get this runaway train back on track ... even if that means going to court.

Sincerely,

Carol Reynes

To: councilmember.bonin@lacity.org

Mike Bonin 11th District,

Time's up!

May 20, 2018 marks one year since the Great Streets - Venice Blvd pilot project was installed. I want you to stop imposing on the goodwill of the residents of Mar Vista, our neighbors in Venice, Del Rey, Culver City and Marina del Rey, and all the pedestrians, cyclists, commuters, emergency responders, businesses, beachgoers and tourists using Venice Boulevard.

Councilman Bonin, you said, "We can keep what we love, improve what we can and remove what we dislike."

I dislike this pilot project and I want you to return Venice Boulevard to its previous configuration. I want an end to the gridlock, cut-through traffic, increased collisions and injury collisions, negative impacts to our local small businesses, and all the other collateral effects.

Keep your word. It's time to restore Venice Boulevard now.

Sincerely,

Carol Reynes

Re: Noise Implications of Bridge Housing in Venice and passing transients nearby.

Dear Members of the City Council,

I am writing to express my alarm at the city proposal to install a facility for 154 homeless individuals on the former MTA lot in Venice.

This will undoubtedly draw much more transients to camp out near the site and bring intolerable levels of noise to the many residents who live nearby on the tiny densely populated walk streets surrounding the MTA lot. Not to mention that we will also have to endure the added noise from the Bridge Housing transients who get kicked out for disturbing their tent mates, they will be outside on our walk streets adding to the already noisy transient traffic of going up and down to Ocean Front Walk where they gather.

I live on Paloma Ave which is a walk street 25 feet from the entrance to the MTA lot, and currently the closest walking street to get from Ocean Front Walk to the MTA lot and since Sunset Ave is a driving narrow street with one sidewalk most transients prefer not to take it and use Paloma Ave instead.

My family and I have to deal with screaming transients every single day of the week. This is not an exaggeration; we have a 5 months old baby that often gets woken up by the passing by transients trying to get to Ocean Front Walk from Main st.

Today, at around 530am, like clockwork the hooded white guy in his mid 20s, walks by on Pacific cussing at every car drives by and waking up half our walk street.

Almost every day at 9:50am (barter van shows up at 10am at OFW where transients go get food from a van and in a lot of cases barter it for drugs and alcohol) we will get at least 1, in some cases 2 transients banging at every gate and playing very loud music as they traverse Paloma Ave to get down to OFW.

2 or 3 times a week in the afternoons, we have the famous shaved head screaming young lady that absolutely terrorizes every individual that dares to walk on Paloma Ave, hurling insults, screaming at the top of her lungs at no one and everyone. Once in a while she will have a male companion who would engage her in very loud obscene dialogues

Last Saturday at around 920am as I am leaving my house I hear a loud scream, I turn around, it is a transient lady who we always see having loud conversations on her phone. She had smacked a cell phone out of a female tourist's hand and was running off with it...and the female tourist was screaming for help and started running towards a group of people I assume were her friends about a block away.

We already have the "Phoenix House" at the end of Paloma and OFW, we cannot take more noise on that street, it is truly becoming a street where families can no longer enjoy the simple things any other family in America enjoys. Enough is enough. I urge to look at Seattle and Sacramento as an example of what placing homeless individuals in large tents in a wet shelter with 24/7 access (similar to the proposed Venice Bridge Home) has done to the surrounding area of those housing facilities.

I thank you for your time and consideration

Sam Awad

Re: Noise Implications of Bridge Housing in Venice and Encampments that will form nearby.

Dear Members of the City Council,

I am writing to express my alarm at the city proposal to install a facility for 154 homeless individuals on the former MTA lot in Venice.

This will undoubtedly draw many more transients to camp out near the site and bring intolerable levels of noise to the many residents who live nearby. I myself am 150 feet south of the southern border of the MTA lot.

As it is now, the transients that find their way through our walk streets and alleys make an incredible amount of noise as they yell and scream at each other (or to themselves). They are angry and vulgar and can keep going on for hours. They threaten to burn my house down. They threaten anything that moves.

This is at least a weekly occurrence in my neighborhood. Naturally I am too afraid to ask them to keep the noise down. I have already been threatened by a transient with a knife. I have been chased by another transient as I was trying to get back to my home and had to hide around the corner until he couldn't see me as I didn't want him to know where I lived.

Additionally, instead of moving through the neighborhood, the chance that they will stay and create a new encampment where currently none exists is greatly magnified.

I should also mention that a dog kennel on the MTA lot would be a nuisance as the way the sound travels around the neighborhood from the proposed site would be very disruptive to the neighbors, especially at night.

Please do not support this proposal.

Sincerely,

Carmel Beaumont

Re: Noise Implications of Bridge Housing in Venice and passing transients nearby.

Dear Members of the City Council,

I am writing to express my alarm at the city proposal to install a facility for 154 homeless individuals on the former MTA lot in Venice.

This will undoubtedly draw many more transients and vagrants to camp out near the site and bring intolerable levels of noise to me and my neighbors who live across from the MTA. Not to mention that we will also have to endure the added noise from the Bridge Housing transients who will be outside drinking and doing drugs at all hours of the night.

I have to deal with screaming transients weekly and putting 154 of them, plus storage across the street from me will be a nightmare.

Today, at around 6 am, a white guy mid 20s, walks by on Main Street yelling at cars.

2 or 3 times a week in the afternoons, we have a shaved head woman screaming young lady that use main street to test how loudly she can scream.

We can't take any more drug and alcohol addicted or mentally ill homeless people screaming at us.

Re: Noise Implications of Bridge Housing in Venice and Encampments that will form nearby.

Dear Members of the City Council,

I am writing to express my alarm at the city proposal to install a facility for 154 homeless individuals on the former MTA lot in Venice. This will undoubtedly draw many more transients to camp out near the site and bring intolerable levels of noise to the many residents who live nearby.

I own several properties and reside in Venice and have for many years. On several occasions, I have experienced very disturbing and unfortunate encounters with the noise created by unruly homeless who have erected encampments nearby my place of residence.

On one occasion in Sept 2018, a loud belligerent homeless man broke thru my front door while I was cooking dinner and demanded that I give him drugs and alcohol.

Via an encampment west of Lincoln Blvd and close to the proposed MTA bridge housing lot, I have heard nonstop loud yelling, screaming and fighting of very violent nature at all hours of the night. Via this same encampment, I have asked the homeless to stop defecating on the sidewalk, and one man who 'resided there' told me he 'wanted to fight me and that he'd kick my ass' as he went into a fighting position like a boxer.

Just the other day while I was walking on the boardwalk, a belligerent homeless man came charging at me.

To condone this behavior by building these people bridge housing near our homes, businesses and schools is to completely disregard the well being of the youth and tax paying constituents who elected you to properly represent and protect us.

Respectfully,

Oliver Damavandi

Dear Councilmembers:

I am writing to express my alarm at the proposal to install a facility for 154 homeless individuals on the former MTA lot in Venice. This will undoubtedly draw many more transients to camp near the site and bring intolerable levels of noise to the many residents who live nearby. As we have seen currently in that proximity groups of people are forming camps based on the presence of RVs around Google.

This has caused great distress to myself and my family due to the multiple times we have had to call LAPD due to noise at all times of night. This includes screaming, breaking of objects, lighting of fires (causing LAFD) to come, breaking of our and neighbor's windows, throwing and smashing furniture, dumping and kicking over trashcans.

Both myself and my wife work, pay taxes and try to contribute to the betterment of people that are going through tough times. However, the result of this project will only worsen the constant middle-of-the-night terror we randomly experience. We have a lot of working families around our home and deserve a modicum of consideration before this project is passed. We matter too.

Sincerely,
Mark Knight

Re: Noise Implications of Bridge Housing in Venice and Encampments that will form nearby.

Dear Members of the City Council,

I am writing to express my alarm at the city proposal to install a facility for 154 homeless individuals on the former MTA lot in Venice. This will undoubtedly draw many more transients to camp out near the site and bring intolerable levels of noise to the many residents who live nearby.

I am a resident of the 3rd and Rose area, where we have a high concentration of homeless people who live on both sides of the sidewalk a block from our house.

On an almost nightly occasion, we are woken up by loud music, bottles breaking, yelling and domestic disputes. As you may be aware, many homeless residents also have dogs. Many of these dogs will bark through the night, which in return, keeps our dogs on high alert.

In the past, we used to call the police to come and assist, but more often than not, no one showed up. Our quality of life has diminished so much; we now have to go out of town to sleep.

Re: Noise Implications of Bridge Housing in Venice and Encampments that will form nearby.

Dear Members of the City Council,

I am writing to express my alarm at the city proposal to install a facility for 154 homeless individuals on the former MTA lot in Venice. This will undoubtedly draw many more transients to camp out near the site and bring intolerable levels of noise to the many residents who live nearby.

I live at 814 Flower Avenue in Venice, 20 feet away from the St. Joseph's Center Homeless Service Center on Lincoln Bl and Flower Ave. My family has been victimized by the St. Joseph's Center and their clients for the last 10+ years since the homeless service center moved to this location. Their clients loiter in the alley all day while waiting for services, this alley is right outside of my home. On a daily basis, their clients violently scream and yell obscenities, argue and fight with each other and with the SJC staff. All of this can be heard inside of my home. I have a two year old child who is also subject to this on a daily basis as she is home every day. We are no longer able to spend time in our park like yard due to the constant soundtrack of screaming that we hear multiple times a day. My child's development is what is important to me, she deserves to be able to go out into our own yard to play, run and explore. We are not able to do this. I also feel the need to clarify the language we are subjected to in our home from the homeless clients the SJC. Usual language are words like "fuck" and "shit" can be heard often, we are also subjected to screaming of words such as "fagot", "cunt", and "nigger" heard loud and clearly inside of our home. There have been times when we have been in our own yard and the SJC clients have come up to my gate to threaten to kill us. My rights as a homeowner and as a parent are violated on a daily basis due to this exposure of noise pollution and verbal abuse. There are operational measures the St. Joseph Center could adjust to lessen the impact on the neighborhood but they have reported to

me they would not consider them. The SJC refused to utilize their front door located on Lincoln Bl and direct all clients to the back alley, next to my home. While the SJC does have an indoor waiting area inside of their small building, clients prefer to loiter outside in the alley and in front of my home while waiting for their appointments. I have reached out to the CEO of the St. Joseph's Center, VaLecia Adams many, many times. She is unwilling to make any adjustments to their daily operations that would decrease the impact to my home and my neighbors. I have also reached out to Mike Bonin's office many times and they have refused to assist in any way. Homeless services should not be placed next to homes with families and children. The center is a magnet for homeless in the area, they also come when the center is closed, after hours, on weekends and holidays and the SJC does not provide adequate security during these hours. My family and I are then left to deal with the homeless screaming and having meltdown outside of my home when the service center is closed. It is not unusual for homeless to be screaming in the alley all hours of the night, just two nights ago, I was up at 3:30am due to a screaming homeless in this alley. There are no after-hours support available to us.

Please consider re-visiting the environmental exemption for the Bridge Shelter program in Venice. The MTA location is surrounded by homes and families. Please, consider alternative locations but any location absolutely needs to be studied for its impact to our community. No family should have to go through this.

Thank you for your consideration.

Re: Noise Implications of Bridge Housing in Venice and Encampments that will form nearby.

Dear Members of the City Council,

I am writing to express my alarm at the city proposal to install a facility for 154 homeless individuals on the former MTA lot in Venice. This will undoubtedly draw many more transients to camp out near the site and bring intolerable levels of noise to the many residents who live nearby.

We had an Encampment of Heroin addicts for a year in the corner of our Home, The encampment started building last february 2017 with two tents, by summer 2017 we had over 30 transients living in the corner of Harding ave. and Lincoln blvd. It devastated the neighborhood, people were afraid to walk to the corner store, business lost so much revenue.

These individuals took on the whole neighborhood hostage and they did not care about us residents at all. They were so disrespectful and dangerous to our community. That would party all night, yelling, fighting, cursing, breaking into peoples garages and stealing property, every morning on my way to work I would find a terrible trail of needles, trash, defecation, abandoned garment and bicycle parts all over the neighborhood.

They would sleep all morning and party w drugs at night.

They ran a Chop shop/ Hording station to maintain their addictions.

These are not your regular homeless folks, these runaways young addicts, choose this life. Is very unhealthy and dangerous situation to have them in the neighborhoods.

We do not wish this situation to anybody in the world, specially hard working tax payers that are paying big property taxes and high rents, we residents deserve much better then that, the city services that CD11 and the City of Los Angeles are providing fall way short, we need a much bigger Sanitation dept. and a City council that actually works for the people that contribute to society.

Is time to find another place for these individuals, somewhere more industrial or some abandoned mall, not in the middle of a neighborhood, it is a terrible idea.

Sincerely

Carlos A Torres

Re: Noise Implications of Bridge Housing in Venice

Dear Members of the City Council,

I am writing to express my alarm at the city proposal to install a facility for 154 homeless individuals on the former MTA lot in Venice.

This will undoubtedly draw many more transients to camp out near the site and bring intolerable levels of noise to the many residents who live nearby on the tiny, densely populated walk streets surrounding the MTA lot. Not to mention that we will also have to endure the added noise from the Bridge Housing residents who get kicked out for disturbing their tent mates, they will be outside on our walk streets adding to the already noisy transient traffic going up and down to Ocean Front Walk where they gather.

I live on Paloma Ave which is a walk street 25 feet from the entrance to the MTA lot, and currently the closest walking street to get from Ocean Front Walk to the MTA lot since Sunset Ave, the street bordering the lot, is too narrow for pedestrians to pass – essentially a one-lane one-way street with one sidewalk so most transients prefer not to take it and use Paloma Ave instead.

We have lived in Venice for 12 years. In the past 5 years we have seen a huge growth in the number of homeless. Three years ago, we purchased our home, which is one a block from the beach and one block from Main Street, both of which have large encampments. They have made our life miserable at times. We already encounter loud, rude disturbances throughout the day and night, which I hear in my home as well as walking in my neighborhood. Many of the transients that have outbursts appear to be on meth or mentally ill so it is not worth my life to address the situation – I have learned this lesson the hard way - and our police are overloaded and rarely respond to these calls so I have to cope with the noise until it moves along.

Fresh in my mind, last year I awoke to fire trucks, ambulances and police because a transient decided to light a Christmas tree on fire in an ally across the street from me. It threatened our homes and had us too worried to go back to sleep that night.

While working from home, I often hear loud yelling of obscenities and threatening remarks from transients to innocent passerbys too numerous to count. Last year, a fellow we refer to as Jesus started screaming and yelling while dumping his bag all over our walk street while he started destroying our neighbors' fence. I yelled out my window for him to stop damaging the fence and he started punching and kicking my fence. He started making threatening remarks. I was very scared as I was home alone. I called the police and then my neighbor. My neighbor kept a watch on me while I told the transient to move along,

During Summer, as I was walking down Speedway with my sisters, an older transient un-provoked started yelling at me and then spit in my face. On more than one occasion, I was awakened by a transient playing a loud stereo while walking down our walk street. Another night there was a transient repeatedly and intentionally setting off a car alarm of my neighbor's parked car on Pacific. It was set off four times in the same night as a joke.

Often in our neighborhood there is a young lady with a shaved-head that screams and often terrorizes tourists and locals walking down Paloma. In May, my contractor parked his car on the lot near Rose and Main to come to my house to pick-up his payment for painting our home. As he was returning to his car down Little Main, a homeless person that lives in a beige car and looks like Charles Manson started yelling at our contractor. My contractor ignored him at first but the transient continued to threaten him, so he chose to yell back. Then the guy said "I am going to mess you up", he popped his trunk and was digging for what my contractor feared was a weapon. My contractor was so scared for his life, he rushed back to his car.

A few weeks ago, I was on the Boardwalk and saw the crowd parting like the Red Sea. Out of the middle a homeless man was sauntering with a knife in his hand threatening locals and tourists. He was yelling, "how do you like Venice now?" and "I'm going to cut you if you stare at me wrong". No police around whatsoever to address the very scary situation.

We are tired of this state of lawlessness and the constant loud noise that prevents us from enjoying our home, getting a good night's sleep or walking peacefully in our neighborhood. Please do not exacerbate this intolerable situation by bringing 154 people with various challenges to live right next door on an unsecure site without any additional policing.

I thank you for your time and consideration,

Tori Knight

Re: Noise Implications of Bridge Housing in Venice and Encampments that
will form nearby.

Dear Members of the City Council:

I am writing to express my alarm at the city proposal to install a facility for 154 homeless individuals on the former MTA lot in Venice. This will undoubtedly draw many more transients to camp out near the site and bring intolerable levels of noise to the many residents who live nearby.

We live directly off of Rose Avenue which attracts transients to the Venice Family Clinic, Bread & Roses Café, The Rose & 7th Street encampments, and the 3rd Street Encampment. We have had to call the police several times when transients have started fights with each other, usually over missing drugs or alcohol, and several times over missing bicycles or bicycle parts. The shouting, threats, and profanity are so loud and menacing that we hide in our home afraid of what is happening outside. We have a 12 year old daughter who is terrified by the screaming and threats she has to witness simply by sitting at the dining room table doing her homework. The noise and danger affects everyone in Venice simply trying to live peacefully inside their homes.

The escalation of danger in our neighborhood is constant, intrusive, and intolerable. We have no extended periods of quiet in our home because of the constant flow of transients through our alley ways and in the encampments. A facility for 154 new transients to be situated in our neighborhood will bring even more danger, drug traffic, noise, and trash than we already are forced to tolerate.

Thank you for your consideration.

Celeste Chada

Last week, we left our home on Wednesday night to spend a long weekend in Lake Arrowhead. That night at mid-night, there was a young transient man that set up a tent in front of our home. We immediately called the police the next morning at 6:30AM. The operator gave us lip that it is "not a crime to be homeless". We called the police for two straight days with no action. On Friday morning, the young transient man finally woke up and left half of his belonging blocking the entrance to our home and in the middle of the sidewalk. Then crazy shaved head lady came and rummaged through all his bags, stole what she wanted and left a mess on our walk way. The police said they could not touch the belongings. My husband drove for two hours each way and got a neighbor to help. It took a solid hour to clean-up the mess left behind.

Just yesterday, I was walking home from getting my nails done talking on the phone with my mother. A tall transient man living on Little Main overheard my conversation and started approaching me. He started taunting me by repeating my conversation and laughing. When I ignored him he got loader and closer to me. It was very scary.

We are tired of tolerating this city of lawlessness. You cannot bring another free service to Venice with no rules. All of the food and laundry services will performed off site so it will be costly and not build any skills or accountability for those that stay there. The fact that they don't have to be sober or follow any rules is a crime. Bonin and Garcetti know this is going to have a severe impact to our small community that is why they are asking for an exception. This is the wrong location. You can't just put people in tents a block from the beach and allow them to continue consuming drugs.

I thank you for your time and consideration

Tori Knight

Re: Noise Implications of Bridge Housing in Venice and passing transients nearby.

Dear Members of the City Council,

I am writing to express my alarm at the city proposal to install a facility for 154 homeless individuals on the former MTA lot in Venice.

This will undoubtedly draw much more transients to camp out near the site and bring intolerable levels of noise to the many residents who live nearby.

Last week when I was walking my dog around the block, there was a loud homeless man that seemed intoxicated swaying down the street and yelling words I could not understand. It scared my dog so much he froze and couldn't move, which of course then scared me. I walk my dogs every night, and every time there is usually some kind of problem that scares me or my dog around this issue. The week before, I went the opposite route around the google binoculars and could barely pass a Van that camps outside in the same place and plays loud music and leaves food out on the sidewalk. The loud music and loud conversation spooks me and my dog every time, that now I won't take that route when I walk him. I shouldn't have to be scared of loud noises a block from where I live and because of this restricted to walk in certain areas. Inserting a shelter will only make this problem worse with people gathering outside the shelter.

On two separate occasions, I have been affected by homeless people yelling at night on Rose Ave around 7-9pm while walking to dinner. One night while heading to Café Gratitude, a shirtless man approached me and grabbed my ass yelling and then of course I ran away. Then other time a homeless man was yelling across the street at another couple walking down the street. I ran the other way because he seemed out of his mind.

Please don't put a shelter directly across the street from where I live. My safety will be compromised, the noise issue will increase, and ultimately it will make all of these problems worse. Thank you for your consideration.

Re: Noise Implications of Bridge Housing in Venice and Encampments that will form nearby.

Dear Members of the City Council,

I am writing to express my alarm at the City's proposal to install a facility for 154 homeless individuals at the former MTA lot in Venice. That lot is in a residential neighborhood, is two blocks from a cluster of schools where more than 150 elementary and pre-K children are being educated, and is two blocks from Venice Beach.

This is an inappropriate site for bridge housing. I am sorry to report that in this neighborhood it is not uncommon for homeless people to come storming down the walk streets screaming and swearing --- sometimes at passers-by, other times at some invisible enemy. Day and night!

Let me provide you with an example of what we, the residents of Venice, live with. . A couple of months ago when I was walking home from the Westminster Elementary School and walking next to the MTA lot, a homeless man came screaming and shouting down the street. He seemed to be a berserker. He was in a frenzy, and he had an improvised weapon – a long bamboo pole which he was waving about as he shouted his nonsensical words. It was clear that he was looking to do damage, looking for a fight.

I was able to cross the street, avoid his gaze, get away. But I think often about this episode. After all, this happened one block from Westminster Elementary and Westminster pre-school, and only two blocks from the two campuses of Ecole Claire Fontaine. I believe that adults might be able to tolerate the loud and threatening behaviour, but what about our children.? Do we place the most volatile people in near proximity to the most vulnerable? In my opinion, to place a homeless shelter near to elementary schools is more than inappropriate. It is reckless, plain and simple.

Please reconsider. Please do not place bridge housing at the MTA lot in Venice.

Respectfully,

Elissa Della Rocca, 48 years a resident of Venice CA

John A Henning Jr
Attorney at Law
125 N. Sweetzer Ave. Unit 202
Los Angeles, Ca. 90048

Dear Mr. Henning,

I live on Paloma Avenue, which runs parallel to Sunset, and is across that street from MTA Lot #6.

In the years since the bus yard ceased to be used by the MTA, it is frequently rented out for film crew parking, staging and catering. This consists of large trailers, semi trucks and numerous crew vehicles. All of this can be heard during the day, but when the lot is used at night, the sounds carry and it can be very loud with idling catering vans, voices and the slamming of car doors. The night a film crew was allowed to use the lot to stage a concert/disco complete with strobe lights is still memorable since it lasted until well after midnight. It was legally posted in the neighborhood, but nonetheless unusual even for the film industry and kept much of the neighborhood awake long past their normal sleep times.

MTA also rents out the lot currently for some parking. The construction site next door to me has a monthly rent deal for their workers and it's sometimes used as a holding area for materials delivery since Sunset is so narrow. LAPD horse patrol also uses it when they are required for beach duty. The sounds for all this are discernible from my house. While the lot is no longer busy every day, it's still used enough that sounds are noticeable.

Paloma is normally a very quiet walk street even during the day. Most buildings are old and many (like mine) have no air conditioning, or heat for that matter. Windows are open, and home owners and tenants alike are very mindful of the quiet atmosphere and work to maintain it. Once afternoon rush hour traffic has quieted on Pacific, you can hear a pin drop here most nights except for these temporary parking situations and the odd homeless encampment occupant screaming in distress on Main Street. The increased RV parking on Main Street by Google has now created yet another noise problem.

My block is surrounded by noise, and the idea the MTA lot could create even more isn't a pleasant thought.

Sincerely yours,

Vicki Halliday

Dear Mayor Garcetti and Councilman Bonin:

I have just learned that registration for the October 17 "Town Hall" regarding the MTA Shelter in Venice has been "closed" and that, as a result, many Venice residents will be barred from the session and confined to an overflow area outside of the meeting hall.

I further understand that the invitation to the event was sent to all of Council District 11 (even though Venice is the only community that will be affected by the MTA Shelter) and that, as usual, activists are being brought in from other areas by the busload.

This is an outrage!

All Venice residents have a right to be front and center on this crucial issue – whether they have a "reservation" or not – and your armies of activists have no business drowning out local voices. Overflow areas don't cut it - if anything, we should get priority seating.

Please confirm immediately that every last Venice resident who wishes to attend will be admitted to the meeting hall at the October 17 event and that you will desist from disgusting, anti-democratic and downright insulting ploys like this in the future.

Venice is world famous for its big heart and open mind, but our patience with your games is wearing thin.

Sincerely,

Rachel L. Plasencia

Dear Mayor Garcetti, Councilman Bonin and City Attorney Feuer:

You have become known as the principal architects and advocates of the City's plan to address the homeless crisis through the development of large housing projects, so I wanted each of you to know how shocked I was to read in the Los Angeles Times (<http://www.latimes.com/local/lanow/la-me-ln-rising-hhh-costs-20180511-story.html>) last week that, at current rates of spending, you will **deliver fewer than 6,000 of the 10,000 supportive housing units** promised to Prop HHH voters in 2016 and that those units will cost an average of **\$475,000 each, excluding the cost of City land** (with units in two projects costing more than \$650,000 each).

Further, I see that despite your promises to promote "geographic equity" and roll back the disastrous containment policy that gave rise to Skid Row, you are moving forward with your plan to concentrate a disproportionate share of these housing projects in a handful of communities – like **Venice** and **Lincoln Heights** – that lack political power, while protecting your wealthy backers in uber-affluent enclaves like Brentwood and the Pacific Palisades and **using your new PSH Ordinance to shut down public comment and strip working families of the legal right to challenge oversized projects** in their communities.

- How can you possibly believe that giving away half-million dollar homes to a lucky few – representing a small fraction of LA's massive homeless population – is the answer?
- What does this say to working families fighting the good fight day in and day out to make rent and mortgage payments on less desirable properties – and to the thousands of people in need of shelter who will be left out in the cold because they did not draw a winning ticket in the Garcetti-Bonin-Feuer Lottery?
- And what gives you the right as elected officials to use laws to silence taxpayers and voters who disagree with your policies?

More and more, Prop HHH and the PSH Ordinance are starting to look less like measures to help the homeless and more like measures to line the pockets of LA's notorious real estate developers. And in any event, they are becoming emblematic of the wastefulness and poor judgment of LA's leadership.

Last week, two Venice groups – **Fight Back Venice** and the **Oxford Triangle Association** – brought lawsuits challenging the PSH Ordinance and seeking to preserve the public's right to weigh in on new projects in their communities.

They will no doubt be vilified as NIMBY's by you and others, but they did the right thing in standing up to profligacy and high-handedness in City Hall. For the sake of working families and the homeless alike, somebody has got to get this runaway train back on track ... even if that means going to court.

Sincerely,

Rachel L. Plasencia

Dear Mayor Garcetti, Councilman Bonin and City Attorney Feuer:

You have become known as the principal architects and advocates of the City's plan to address the homeless crisis through the development of large housing projects, so I wanted each of you to know how shocked I was to read in the Los Angeles Times (<http://www.latimes.com/local/lanow/la-me-ln-rising-hhh-costs-20180511-story.html>) last week that, at current rates of spending, you will **deliver fewer than 6,000 of the 10,000 supportive housing units** promised to Prop HHH voters in 2016 and that those units will cost an average of **\$475,000 each, excluding the cost of City land** (with units in two projects costing more than \$650,000 each).

Further, I see that despite your promises to promote "geographic equity" and roll back the disastrous containment policy that gave rise to Skid Row, you are moving forward with your plan to concentrate a disproportionate share of these housing projects in a handful of communities – like **Venice** and **Lincoln Heights** – that lack political power, while protecting your wealthy backers in uber-affluent enclaves like Brentwood and the Pacific Palisades and **using your new PSH Ordinance to shut down public comment and strip working families of the legal right to challenge oversized projects** in their communities.

- How can you possibly believe that giving away half-million dollar homes to a lucky few – representing a small fraction of LA's massive homeless population – is the answer?
- What does this say to working families fighting the good fight day in and day out to make rent and mortgage payments on less desirable properties – and to the thousands of people in need of shelter who will be left out in the cold because they did not draw a winning ticket in the Garcetti-Bonin-Feuer Lottery?
- And what gives you the right as elected officials to use laws to silence taxpayers and voters who disagree with your policies?

More and more, Prop HHH and the PSH Ordinance are starting to look less like measures to help the homeless and more like measures to line the pockets of LA's notorious real estate developers. And in any event, they are becoming emblematic of the wastefulness and poor judgment of LA's leadership.

Last week, two Venice groups – **Fight Back Venice** and the **Oxford Triangle Association** – brought lawsuits challenging the PSH Ordinance and seeking to preserve the public's right to weigh in on new projects in their communities.

They will no doubt be vilified as NIMBY's by you and others, but they did the right thing in standing up to profligacy and high-handedness in City Hall. For the sake of working families and the homeless alike, somebody has got to get this runaway train back on track ... even if that means going to court.

Sincerely,

Rachel L. Plasencia

Planters in Venice

1 message

Adam Smith [REDACTED]

Fri, Dec 7, 2018 at 8:57 AM

To: councilmember.bonin@lacity.org

Hey Mr Bonin,

Wondering what your office's goal is for the community with those planters that we've spoke about. I can I uncynically appreciate your need as a city politician to walk a fine line around this stuff, but Mark Ryavec voicing his appreciation at last week's town hall for Taylor's help in circumventing the permitting process to install the 56 planters (that contain succulents and cactus, not food) around the Venice Post Office is problematic. It's one thing for housed residents to put a planter box with vegetables in front of their house, but it's quite another for that to be used as cover for others to do it just because they don't like unhoused folks camping in their neighborhood, especially if your office is helping facilitate that process.

Hope to talk soon.

-Adam from WP4BL

Ken,
Are you guys discussing this?

I assume that you remember that Eric Garcetti raised **\$3,891,321.10** in his last mayoral race and a presumably decent amount of that goes on KNX reminding listeners about his childhood and the possibility of a Carvel ice cream after a long day at the beach. Not to mention his weekly time...

But during the 2017 council district races, forty-three (43) candidates qualified for the ballot by getting 500 in-district signatures of support.

Only eleven (11) or 25% of those candidates received some of the **\$1,529,488** in public matching money.

\$673,456 (44%) went to six (6) incumbents.

\$747,795 (49%) went to four (4) players

Monica Rodriguez, Insider (CD7)

Karo Torossian of CD2 planning, (CD7)

Joseph Bray-Ali, Bicycle Activist (CD1)

Jesse Creed, Munger Tolles attorney (CD5)

\$108,000 went to activist candidates with access to funding:

Sylvie Shain, a tenant rights activist, **\$54,000** (CD13)

Mark Ryavec, resident of the Pacific Palisades, 90272 **\$54,000** (CD11)

By district (and see attached median income report that proves that the task is not the same in each district)

CD1

Cedillo raised **\$1,090,688.50** and got \$210,450.00 in public matching money and I/E's of \$615,735.44

Bray-Ali raised **\$135,434.91** and got \$198,204.00 in public matching money and I/E's of \$78,086.22

Giovany Hernandez raised **\$10,320.00**

Jesus Jesse Rosas

CD3

Blumenfield raised **\$217,798.77** against no competition.

CD5

Koretz raised **\$488,510.79** and got \$100,000.00 in public matching money and I/E's of \$314,274.08

Jesse Creed raised **\$318,591.30** got \$100,000.00 in public matching money and 0 I/E's

Mark Herd

CD7

Rodriguez raised **\$737,828.83** and got \$225,000.00 in public matching money and I/E's of \$548,109.72

Karo Torossian raised **\$459,797.00** and got \$224,591.00 in public matching money and I/E's of \$170,747.56

+18 candidates

CD9

Curren Price raised **\$502,044.73** got \$100,000.00 in public matching money and I/E's of \$230,145.62

Jorge Nuno raised **\$106,264.00** no public match..... I/E's of \$77,298.59

Adrian Cabrera raised **\$3,189.00**

CD11

Mike Bonin raised **\$468,676.92** got \$100,000.00 in public matching money and I/E's of \$88,406.62
Mark Ryavec raised **\$38,906.00** got \$54,200.00 in public matching money and I/E's of \$8,795.91
Robin Rudisill raised **\$26,040.00** no public match.....

CD13

Mitch O'farrell raised **\$425,771.86** and got \$100,000.00 in public matching money and I/E's of \$156,990.96
Sylvie Shain raised **\$34,268.00** and got \$54,037.00 in public matching money and 0 IE's
+4 candidates

CD15

Joe Buscaino raised **\$378,412.25** and got \$63,006.00 in public matching money and IE's of \$19,671.81.
Caney Arnold raised **\$13,645.00**
Noel Gould raised **\$9,695.00**

MAYOR:

Eleven (11) candidates qualified for the ballot by getting 500 in-district signatures of support.
Only one (1) Mitchell Schwartz or 9% of the candidates received \$299,072 in matching money.

Mayor Garcetti raised **\$3,891,321.10** no public match an Independent Expenditures on his behalf of \$57,177.51
Mitchell Schwartz raised **\$463,048.99** and took \$299,072.00 in public matching money on out of state contributions.
+ 9 mayoral candidates were unable to raise \$20,000, en toto.

City Attorney Mike Feuer raised **\$703,762.42** against no competition.

Controller Ron Galperin raised **\$458,023.88** against no competition.

Let's discuss making any **public matching money** be contingent on actually participating in **two debates in the primary and two debates in the general**. Studio City submitted a Community Impact Statement...

Regards,

Eric Preven

City hall should send in a coupla designated hitters, Bonin and Ryu... to debate the issues surrounding the self-helping-size-increases they're shoving past an unwitting public. I volunteer to speak on behalf of the tear down the wall/threshold POV.

Get Emily or David or Dakota in there.

This is zeitgeisty up and down the state.

Subject: Fwd: Matching Funds/Debates / City of LA / LA Times

This subject requires a debate or at least discussion. It is a totally incumbent-serving scheme and will result in incumbents like Huizar and Krekorian getting up to **\$340,000** of public money, while virtually none of the grassroots challengers will see a nickel.

And for the record... there is nearly \$20 million in the fund... and every month a shipment of over \$275,000 is deposited in there for their self-protective funding (that only they can access)...

Item 1 on Friday's agenda.

http://ens.lacity.org/clk/councilagendas/clkcouncilagendas3125217_10122018.html

This item could win an award for obfuscation. The opposite of Plain language. I would be happy to explain to Whomever why this is a heist by incumbents... and there is a mini-bandaid fix: nix the impossible to reach threshold, and turn it into a stipend for patriots who got 500 sigs in district (hard to do but demonstrates sufficient support to get \$25k) to have at least some materials, one mailer. Incumbents get a) tons for free and b) raise tons by ripping off the public to benefit donors.

This is important.

Council backs new funding rule

By David S. Gelles
The Los Angeles City Council on Tuesday approved a new rule that would require candidates for city office to agree to a public debate or face a public funding challenge.

The rule, which was passed by a 10-2 vote, would require candidates for city office to agree to a public debate or face a public funding challenge. The rule would also require candidates to agree to a public funding challenge if they do not agree to a public debate.

The rule was passed by a 10-2 vote. The council members who voted in favor of the rule were: Councilmembers Eric Garcetti, Antonio Villaraigosa, David Ryu, John Lee, and Paul Krekorian. The council members who voted against the rule were: Councilmembers Mitch O'Connell and John Housley.

The rule would require candidates for city office to agree to a public debate or face a public funding challenge. The rule would also require candidates to agree to a public funding challenge if they do not agree to a public debate.

Advocating change
Advocating change, the council has a debate with the public. The council has a debate with the public. The council has a debate with the public.

Public funding
Public funding, the council has a debate with the public. The council has a debate with the public. The council has a debate with the public.

Revising access to campaign funds

LA candidates would have to debate or face public funding challenge
By David S. Gelles

For decades, Los Angeles city candidates have avoided the big, ugly public money for their campaigns. Now they have to agree to debate their opponents.

But, actually, participating in a debate has never been required, according to the Ethics Commission.

Under the current rules, candidates could avoid the big, ugly public money for their campaigns by agreeing to a public debate. But, actually, participating in a debate has never been required, according to the Ethics Commission.

Under the current rules, candidates could avoid the big, ugly public money for their campaigns by agreeing to a public debate. But, actually, participating in a debate has never been required, according to the Ethics Commission.

COUNCILMAN Paul Krekorian got \$14,000 in public campaign funds in 2013 under a rule that requires candidates to agree to a debate in order to get the money. They don't, however, have to actually participate in one.

Morgan,

I am sending these photos of yet another Third World situation in Venice to SLO Kristan Delatori and Pacific Division Patrol Commander James Roberts.

I would ask them to request a clean up of the area by the Department of Sanitation posthaste and to send officers to stop these folks from camping on the alley, which is not legal, if only due to the risk it places them of being run-over (which we saw some months ago down by the Boardwalk on one of the walk streets; I was interviewed by KNBC reporter Patrick Healy about that incident - plus ca change, c'est la meme chose).

I am sorry I am not the Councilperson so I could actually help you more directly. This city truly is dysfunctional.

Mark

Thanks Captain Roberts

The encampment on Grand continues to grow daily
we need whatever help LAPD can give us asap

Last week Taylor from Councilman Bonin's office
posted to our list asking if the encampment on Grand is
still here?

This suggests that Councilman Bonin's office is not in
touch
with the reality of our situation on Grand....right now, as I
type
at 10:30 am multiple campers are still there & their dogs
are barking their heads off

more stolen bike parts than ever strewn everywhere
extreme ongoing sanitation problem

YES: Grand Blvd Encampment is STILL HERE (photos below)

As other neighbors are reporting, we are currently getting an influx
of new campers on Grand daily

Again, any help from LAPD, Bonin's office, Bureau of Sanitation
will be appreciated asap

We are working on signage/power washing/planters
with support from Venice PO
I will update progress next email

John

Subject: Re: {NeighborsOfGrand} Other encampments being moved along.

Thanks Mike

I just asked them to get up it's 9 clock. There tents are still up and my carriers should not have to walk in the street because they still want to sleep.

FYI. Currently happening on Rose and 3rd. Major clean up.
<image2.jpeg>
The encampment near Erewhon has been fenced off for a few days.

We have seen an influx of people at the encampment on Grand and I suspect this will bring more.

And then there is this tragedy.

Hi Neighbors + LAPD + LA City + PO

Update re: Measures discussed at our 3/29/18 NEIGHBORHOOD WATCH Meeting toward addressing our homeless encampment problem on Grand Blvd

As of 4/17/18 PO has given us permission to post prohibitive signage on PO fence starting with Grand Blvd side between Riviera & Windward Circle where encampment is

Our cool Postmaster Brittani was nice enough to walk by the encampment on Grand with me 4/17/18 to confirm where signage placement can be

Venice PO will be posting their own PRIVATE PROPERTY signs on PO fence (below) all away around the block (32 signs ordered) every other fence panel & we can post on fence panels between PO signs

Our neighbor Paul will get dimensions of signage at Rose & Third today toward getting details & cost of producing signs like that to post on Grand & today I will count the fence panels re: amount of signs

As soon as we get signage in place we can proceed with weekly (or twice weekly) power washing as we have discussed (with help from neighbors willing to cover cost of power

washing)

Also, we have a promise of backing from Grand Blvd new home developer Ralph to pay for beautification measures we discussed at 3/29/18 meeting (planters)

Thanks AGAIN to Venice Postmaster Brittani for your support!

Onward

Your neighbor, John

PO signage ordered x 32

Mike Bonin 11th District,

Dear Sirs and Madams,

Our organization, the Venice Stakeholders Association, is firmly opposed to the loss of lanes on Venice Blvd. and calls upon your agency to immediately return them to service.

I and many of my neighbors are highly inconvenienced by the loss of these two lanes and the resulting traffic congestion. Nothing was gained as there was already an adequate bike lane on each side of the boulevard. And much was lost, including commuter's valuable time and the safety of adjoining residential neighborhoods which now must contend with thousands of pass-through vehicles each day.

As a veteran cyclist I would advise you that "protected" or separated bike lanes are not appropriate for streets with intersections at every block - they are dangerous due to the lack of visibility for drivers. I frequently bike the coastal bike path to Redondo Beach and would invite you to view the separated bike lane in Redondo, which has few cross streets bisecting it. This is the type of location where such protected lanes make sense.

Please restore the lanes.

Sincerely yours,

Mark Ryavec, President
Venice Stakeholders Association

Thanks Captain Roberts

Yesterday was very amplified relentless speed metal, NOT unplugged
(I'm a recording artist 4 solo albums + work with the band VENICE 20 years
playing in bands since 70s, teaching guitar in LA since 1980)

Didn't see the power source but saw the amp & heard it
LOUDLY inside my place with all doors & windows shut
(as I mentioned, we had no power on Grand all day yesterday)

They also often play other LOUD amplified music over there
at the encampment, probably have a generator
or battery powered but NOT unplugged

So, Thanks Again Captain Roberts
loud music from across the street drives me crazy & as we have discussed
criminals with warrants gathering across the street is also a pisser

John

Hi Neighbors

Since our NEIGHBORHOOD WATCH Meeting, I sent photos of prohibitive signage posted at Rose & Third to our Venice Postmaster Brittani to follow through on getting permission from PO to post signage on PO fence at encampment site

I spoke with Brittani on Tues. 4/10/18 & she reported that she reached out to PO authorities re: signage & she learned that PO has their own signage & will send inspector(s) to assess the encampment re: signage

I asked Brittani re: time frame on this & she said she will get back to us later this week, I just tried calling her again, I'll go over in person again today

We have neighbors who are willing to pay for (twice) weekly power washing of the encampment site NOW, but we need signage in place to proceed

Thanks to Officer Delatori for getting back to us this week with info re: sidewalk beautification option contact info, Pamela, are you following through on that?

Meanwhile, in the last few days, number of campers on Grand has more than doubled & they are LOUD & belligerent, yesterday one of the campers cranked up & an electric guitar & amp directly across the street from our house, & proceeded to play very LOUD devil metal shit right at me for HOURS (noon -3) while I'm trying to work on quieter music, teach guitar.. can I call 911 about this, will LAPD respond? (we had no power all day yesterday)

I'm working toward proceeding with signage + power washing + sidewalk beautification ASAP

Your neighbor, John

P.S. Taylor, if it's true that Councilman Bonin's office is responsible for red curbing the NE corner of Grand & Riviera yesterday 4/12/18, thus taking away sorely needed street parking spaces, this does NOT help the homeless situation, just makes things worse for residents, WHY?!? (a row of homeless tents lined the new red curb last night)

NE corner of Grand + Riviera red curbed yesterday 4/12/18

Yes - THANK YOU - I will reach out to her this week.

On a separate note, you asked us to send you any TIPS for you guys to watch more closely...

I'm at 526 Grand and my house backs onto the alley between Grand and Venice Way. There's a "hot spot" for transients to hang out / live / party / clear etc behind my house, in the car open-air car park of the building behind me. It's been going on for over a year. The one parking space is for unit that is AirBnB and the actual residents are barely there - that space also has a water spout there. There have been several instances where police have been called Drugs, threats etc. A few weekends ago (think it was Sun 3/18?) police were called for a big yelling fight in the early morning and then midday someone "HELP CALL 911!!" Repeatedly and officers came and my understanding was three people were arrested (possibly a stabbing?). But they still continue hang out there...

I just took recycling out to the bin and there was a guy there with his pants down washing himself - broad daylight. He aggressively yelled "WHAT ARE YOU DOING?" To me just because I noticed him...

It would be great if you guys could swing by every once in awhile, as this is ON residential property and there have been a number of times when coming night and parking in garage, I've felt threatened and scared.

Any help or additional attention to the area would be greatly appreciated.

PB x

Feel free to call me with any questions

Hi all -

Just following up - Taylor, are you putting me in touch with the planter box non-profit?

Please send me the info so I can reach out to them.

Thanks so much -

Pamela

LAPD Captain Roberts, Officers Delatori & Hartman,
Taylor Bazley from Councilman Bonin's Office
Venice PO Postmaster Brittani Cephas & neighbors,

Thanks so much for attending our
Grand Blvd NEIGHBORHOOD WATCH meeting last night

It was great to get thoughtful, caring input from Captain Roberts,
Officers Delatori & Hartman, Taylor Bazley & Postmaster Brittani
toward finding a solution to our homeless encampment problem on Grand

Neighbors & I will do our best to follow through on the best courses of action
discussed last night asap

It was nice to meet you all in person, since until last night
many of us **have only met in emails**

Onward, Thanks Again

Your neighbor, John

P.S. We projected a follow up NEIGHBORHOOD WATCH Meeting
for late may to assess progress on plans discussed

Yes - THANK YOU - I will reach out to her this week.

On a separate note, you asked us to send you any TIPS for you guys to watch more closely...

I'm at 526 Grand and my house backs onto the alley between Grand and Venice Way. There's a "hot spot" for transients to hang out / live / party / clean themselves / fight etc behind my house, in the car open-air car park of the building behind me. It's been going on for over a year. The one parking space is for unit that is mostly used for AirBnB and the actual residents are barely there - that space also has a water spout there. There have been several instances where police have been called due to fights, drugs, threats etc. A few weekends ago (think it was Sun 3/18?) police were called for a big yelling fight in the early morning and then midday someone was yelling "HELP CALL 911!!" Repeatedly and officers came and my understanding was three people were arrested (possibly a stabbing?). But they still continue to set up beds / hang out there...

I just took recycling out to the bin and there was a guy there with his pants down washing himself - broad daylight. He aggressively yelled "WHAT ARE YOU LOOKING AT?" To me just because I noticed him...

It would be great if you guys could swing by every once in awhile, as this is ON residential property and there have been a number of times when coming home alone at night and parking in garage, I've felt threatened and scared.

Any help or additional attention to the area would be greatly appreciated.

PB x
Feel free to call me with any questions

Thank you Pamela that is great information! I will try to make contact with the homeowners and request that they put some sort of device to control that water spout it sounds like that might be one of the things drawing folks to that particular location. We always try to encourage property owners to limit access to water or electricity.
